REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Auditor General of the State of Arizona

The Board of Supervisors La Paz County, Arizona

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of La Paz County, Arizona as of and for the year ended June 30, 2006, which collectively comprise La Paz County, Arizona's basic financial statements and have issued our report thereon dated February 22, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered La Paz County, Arizona's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether La Paz County, Arizona's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Board of Supervisors, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Auditor General of the State of Arizona

The Board of Supervisors La Paz County, Arizona

Compliance

We have audited the compliance of La Paz County, Arizona with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. La Paz County, Arizona's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of La Paz County, Arizona's management. Our responsibility is to express an opinion on La Paz County, Arizona's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about La Paz County, Arizona's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of La Paz County, Arizona's compliance with those requirements.

In our opinion, La Paz County, Arizona complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 06-1 and 06-2.

Internal Control Over Compliance

The management of La Paz County, Arizona is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered La Paz County, Arizona's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect La Paz County, Arizona's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items 06-1 and 06-2.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that the reportable condition described above as 06-1 is a material weakness.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of La Paz County, Arizona as of and for the year ended June 30, 2006, and have issued our report thereon dated February 22, 2010. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise La Paz County, Arizona's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Board of Supervisors, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

CRITERIA

The Office of Management and Budget (OMB) Circular A-133, *Audit of States, Local Governments, and Non-Profit Organizations*, §320, requires that the single audit reporting package be submitted within nine months after the end of the audit period, unless a longer period is agreed to by the oversight agency.

CONDITION/CONTEXT

The County's fiscal year 2005-06 single audit reporting package was not submitted within nine months after the end of the audit period.

EFFECT

Due to the late submission of the County's single audit reporting package, the County has a internal control weakness and noncompliance with OMB Circular A-133 report submission requirements, which impacts all Federal programs administered by the County.

CAUSE

The County was unable to prepare the accounting records and financial statements in a timely manner.

RECOMMENDATION

To help ensure compliance with the OMB Circular A-133, the County should prepare accurate and complete financial statements in a timely manner to facilitate the submission of the single audit reporting package by the required deadline.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

The County has taken action to ensure compliance with the OMB Circular A-133 for upcoming audit submissions by procuring accounting services from a private firm and by seeking additional qualified staff.

CRITERIA

The County did not require employees to provide periodic certifications or monthly personnel activity reports for time spent on the federal program as required by Circular A-87. Audit procedures did not identify employees improperly paid from federal funds.

CONDITION/CONTEXT

According to Office of Management and Budget (OMB) Circular A-87, an employee paid from a single federal program must submit a semi-annual certification that indicates the employee worked solely for that federal program. An employee paid from more than one federal program or a federal program and non-federal funds must submit monthly activity reports, documenting time worked in each Federal program.

EFFECT

The County did not comply with OMB Circular A-87 for the operation of its federally funded programs.

CAUSE

The County did not implement a uniform process to incorporate the documentation of time distribution into employee activity logs.

RECOMMENDATION

Employees whose salaries are split between funds, including at least one federal fund, should submit monthly activity reports. Employees paid solely from one federal fund should complete semi-annual certifications of the duties performed.

VIEWS OF RESPONSIBLE OFFICIALS AND PLANNED CORRECTIVE ACTIONS

The Finance Director has provided County staff with forms and instructions to properly document time spent on federally funded programs.
