

Financial Audit Division

Single Audit

Navajo County Community College District

(Northland Pioneer College) Year Ended June 30, 2015

The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

The Auditor General's reports are available at:

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance with Government Auditing Standards

Members of the Arizona State Legislature

The Governing Board of Navajo County Community College District

We have audited the financial statements of the business-type activities and aggregate discretely presented component units of Navajo County Community College District as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 13, 2015. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the District's financial statements. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. However, the financial statements of the aggregate discretely presented component units were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the aggregate discretely presented component units.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2015-01, that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Navajo County Community College District's Response to Findings

Navajo County Community College District's response to the finding identified in our audit is presented on page 13. The District's response was not subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Jay Zsorey, CPA Financial Audit Director

DEBRA K. DAVENPORT, CPA AUDITOR GENERAL

STATE OF ARIZONA OFFICE OF THE AUDITOR GENERAL

MELANIE M. CHESNEY DEPUTY AUDITOR GENERAL

Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

Members of the Arizona State Legislature

The Governing Board of Navajo County Community College District

Report on Compliance for Each Major Federal Program

We have audited Navajo County Community College District's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015. The District's major federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, Navajo County Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the business-type activities and aggregate discretely presented component units of Navajo County Community College District as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 13, 2015, that contained unmodified opinions on those financial statements. Our report also included a reference to our reliance on other auditors. Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively

comprise the District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of the District's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Jay Zsorey, CPA Financial Audit Director

Navajo County Community College District (Northland Pioneer College) Schedule of Findings and Questioned Costs Year Ended June 30, 2015

Financial Statement Findings

2015-01

The District should improve procedures over capital assets reporting and stewardship

Criteria: The District should have effective internal controls over capital assets that are sufficient to control, safeguard, and accurately report capital assets.

Condition and context: The District reported equipment deletions of \$1.9 million in its notes to the financial statements. However, the District did not have effective internal controls over the disposal of equipment. Specifically, auditors tested ten equipment items deleted from the District's capital assets listing during the fiscal year and noted the following:

- The District did not complete a disposal authorization form for eight of the items.
- The District disposed of two of the items in a prior fiscal year; however, it did not remove the items from its capital assets listing in the fiscal year in which the disposal took place.
- The District did not maintain records of when it disposed of seven of the items. Consequently, auditors were unable to verify the deletions were reported in the correct fiscal year.

Effect: The two equipment items that should have been removed from the District's capital assets listing in previous years were fully depreciated; therefore, this did not affect capital assets balances on the financial statements at June 30, 2015. However, the District's July 1, 2014, equipment and related accumulated depreciation balances and current year equipment disposals and related accumulated depreciation were overstated by \$131,000 in the notes to the financial statements. Further, the District could not provide documentation that supported current year equipment disposals and related depreciation of \$286,000 and \$258,000, respectively. Also, the District's capital assets were exposed to theft or misuse.

Cause: The District's existing capital assets policies and procedures did not address equipment disposal, including the removal of disposed-of capital assets from its accounting records in the fiscal year in which the disposal takes place.

Recommendation: To help ensure that capital assets are properly controlled, safeguarded, and accurately reported in its financial statements and related note disclosures, the District should evaluate its existing capital assets policies and procedures to ensure they are sufficiently detailed to address the disposal of equipment and its subsequent removal from the accounting records in the fiscal year in which the disposal takes place.

The finding is similar to prior-year finding 2014-01.

Federal Award Findings and Questioned Costs

None reported.

November 9, 2015

Ms. Debra K. Davenport Auditor General 2910 North 44th Street, Suite 410 Phoenix, AZ 85018

Dear Ms. Davenport:

The accompanying Corrective Action Plan has been prepared as required by the standards applicable to financial audits contained in *Government Auditing Standards* and U.S. Office of Management and Budget Circular A-133. Specifically, we are providing you with the corrective action planned for the financial reporting finding and the names of the contact persons responsible for corrective action, the corrective action planned, and the anticipated completion date for each audit finding included in the current year's Schedule of Finding and Questioned Costs.

Sincerely,

V. Blaine Hatch Vice President for Administrative Services

Navajo County Community College District (Northland Pioneer College) Corrective Action Plan Year Ended June 30, 2015

Financial Statement Finding

2015-01

The District should have effective internal controls over capital assets that are sufficient to control, safeguard, and accurately report capital assets.

Amber Hill, Controller Anticipated completion date: June 30, 2016

Corrective Action Plan:

The District is aware of the issues related to the internal controls over capital assets and concurs with the finding and recommendation.

The District will make the necessary changes to improve procedures for disposition of equipment and maintain accurate and timely capital asset listings; specifically it will.

- Continue to enhance its Capital Asset Manual developed in April 2015, in response to the similar finding from the prior-year.
- Evaluate and modify the form used for disposition of equipment.
- Provide training to staff on how to properly use and complete the disposition of equipment form.
- Evaluate and enhance its policies and procedures on removal of assets from accounting records in the year of disposition.
