Jayson VowellFinance Director

We are Navajo County

December 17, 2020

To the Honorable Board of Supervisors and Citizens of Navajo County, Arizona:

We are pleased to provide you with the Comprehensive Annual Financial Report (CAFR) for fiscal year 2020. The CAFR provides in-depth information regarding the County's financial position. Navajo County presents the CAFR prepared in compliance with generally accepted accounting principles (GAAP) and audited by the Arizona Office of the Auditor General using generally accepted auditing standards and *Government Auditing Standards*.

This report consists of management's representations concerning the finances of Navajo County. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, County management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for preparation of the County's financial statements in conformity with generally accepted accounting principles. Because the cost of internal controls should not exceed the anticipated benefits, the objective of this framework is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Arizona Office of the Auditor General has audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements for fiscal year 2020 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for fiscal year 2020 are fairly presented in conformity with GAAP. The Independent Auditors' Report is presented at the beginning of the Financial Section of this report.

This report is prepared in accordance with generally accepted accounting principles, in conformity with standards of financial reporting established by the Governmental Accounting Standards Board (GASB), and using the guidelines established by the Government Finance Officers Association (GFOA) of the United States and Canada. GAAP requires that management provide an overview and analysis to accompany the basic financial statements called the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A immediately follows the Independent Auditors' Report in the Financial Section of this report.

NAVAJO COUNTY PROFILE

Navajo County was formed on March 21, 1895, and encompasses 9,953 square miles. Navajo County's diversity is evident not only in its population, but also in its landscape. Northern Navajo County is home to the Navajo and Hopi Tribes, and is known for scenic attractions such as Monument Valley. Historic Route 66 runs through central Navajo County which is now one of the most significant transportation corridors in the United States. Holbrook, in central Navajo County, became the county seat in 1871. Southern Navajo County is home to the White Mountain Apache Tribe and resort communities with many picturesque lakes and forests.

The 2020 population of the County was estimated to be 110,924. The principal industries are tourism, manufacturing, timber production, and ranching.

Navajo County's government consists of an elected Board of Supervisors. There are five districts with one supervisor representing each district. As required by statute, the Board of Supervisors is responsible for the overall management and approval of the departmental budgets and county tax rates. The Board appoints a County Manager and each department is managed by an elected official, appointed official, or a department director. Elected offices are statutorily mandated and include the assessor, clerk of the superior court, constables, county attorney, sheriff, recorder, superintendent of schools, treasurer, and the judiciary.

Navajo County provides a full range of services, including law enforcement and public safety, judicial and detention services, health services, highway construction and maintenance, education, and library services.

The financial reporting entity includes all the funds of the primary government and its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Additional information on Navajo County's blended component units can be found in the notes to the financial statements Note 1.

The Board of Supervisors and the County Manager use the financial policies and budget management policies to guide the overall development of the budget. On an annual basis, beginning in January, the finance department, under the County Manager's direction, meets with each elected official and department director to outline the Board's adopted budget

priorities. Each department must provide revenue and expenditure estimates for the remainder of the current fiscal year and planned revenues and expenditures for the following year. The budget team uses these estimates to help update the 5-year financial plan.

The Board of Supervisors must adopt the final budget on or before the third Monday in August. The tax rate and levy must also be set on or before the third Monday in August.

FACTORS AFFECTING NAVAJO COUNTY'S FINANCIAL CONDITION

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy – The major economic activities within Navajo County include tourism, manufacturing, timber production, and ranching. Some of the major employers in the County include Arizona Public Service (utilities), Burlington Northern Santa Fe (railway), Summit Healthcare (medical facility), Northland Pioneer College (post-secondary education), and the Fort Apache Timber Company (timber processing).

Over the past decade, Navajo County has redefined and restructured itself as an organization to meet the financial challenges of the Great Recession and increasing pension costs. Restructuring included many efficiencies and reductions in administrative overhead costs, cost savings in healthcare, as well as new innovations such as leveraging drone technology. Despite these achievements, though, overall staffing was reduced by 13% in fiscal years 2017 and 2018. Staffing levels and wages have remained stagnant, the latter of which has encouraged employee turnover rates to exceed 20% annually. Prolonged deference of capital replacement has resulted in an aging fleet with unsustainable maintenance costs and information technology (IT) infrastructure that is unable to consistently meet the demands of constituents and the minimal daily needs of staff.

As the national and state economies have improved, Navajo County has benefited from increased sales tax and some reductions in cost shifts from the State. In fiscal year 2020, these financial improvements allowed the County to make a larger than typical investment in IT to address some of our deficiencies. If not for the pending elimination of revenues from coal power generation, the County was in a position to achieve budget sustainability and continue to tackle other imbalances from the recession.

The elimination of coal power generation in Navajo County has caused a \$2.5 million reduction in sales tax and property tax beginning in fiscal year 2020. The Navajo Generating Station and Kayenta Mine were closed in December 2019 and per lawsuit settlement with the Environment Protection Agency, the Cholla Power Plant will completely close by 2025—if not sooner. The loss of private sector jobs from the closure of these facilities is also expected to have significant primary and secondary impacts to the County's economy, and further increase the County's unemployment rate.

Financial Outlook - Due to the reductions already implemented during the recession, the County could not absorb the loss of another \$2.5 million in revenues without significant staff terminations and service reductions. As an alternative, the County proposed the formation of a Jail District Tax as a potential tool to help balance the budget and maintain services. As allowed by the Legislature, a Jail District in Navajo County would help fund the cost of the County Jail and effectively replace the loss of coal revenues. The measure was approved by voters in August 2019 and allows the County to continue to provide current service levels with an efficient and lean workforce.

As the State economy has improved, the Legislature has taken back many of the cost shifts that had been imposed on counties during the recession. Removal of these cost shifts has been important because other costs outside of the County's control have increased, such as unfunded mandates and retirement costs. The County will continue their efforts to educate state legislators regarding the impact of unfunded state mandates.

Long-Term Financial Planning – The County's responsiveness to emerging economic challenges and its careful long-range planning have been key factors in Navajo County's fiscal health. Fiscal conservatism, a streamlined budget, and operating efficiencies have resulted in a solid financial position for the County at the close of FY 2019-2020.

Relevant financial principles include the following:

- Fiscal Conservatism: Ensure the County is always in a solid financial condition; current revenues will be enough to support current operating expenditures.
- Flexibility: Ensure the County can respond to changes in the economy or new service challenges without undue amounts of financial stress.
- Adherence to the Highest Accounting and Management Practices: Comply with the Government Finance Officers Association (GFOA) standards for reporting, the Governmental Accounting Standards Board (GASB) and State of Arizona reporting requirements.
- Maintain Reserve: The County will maintain a contingency for cash liquidity purposes in the County General Fund equal to at least 10% of its annual operating budget.

During FY 2019-2020 Navajo County continued to invest in basic government service programs and amenities. The planning parameters were Regional Leadership, Growth, Public Safety, Healthcare, Transportation, Jobs and Economic Development, and Accountability.

Increasing costs from State-controlled Pension systems are another concern for Navajo County's long-term financial outlook. Like other counties in Arizona, Navajo County has struggled to pay for required increases to the Public Safety Personnel Retirement System (PSPRS), Elected Officials Retirement Plan (EORP), and Corrections Officer Retirement Plan (CORP). The lack of sustainable solutions for these and other State-controlled Pension systems could further jeopardize the County's ability to meet even minimum service level requirements mandated by the State.

SIGNIFICANT FINANCIAL POLICIES

Navajo County has developed a set of fiscal management policies that guide the budget process. These policies consist of an Operating Budget Policy, Capital Budget Policy, Revenue

Policy, Reserve Policy, Debt Policy, and the Budget Management Policy.

AWARDS

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Navajo County,

Arizona for its comprehensive annual financial report for the fiscal year ended June 30, 2019.

This was the ninth consecutive year that Navajo County has received this prestigious award. In

order to be awarded a Certificate of Achievement, a government must publish an easily

readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A

Certificate of Achievement Award is valid for one year. We believe our current comprehensive

annual financial report will meet the Certificate of Achievement Program requirements and we

are submitting it to the GFOA to determine our eligibility for another certificate.

ACKNOWLEDGMENTS

Preparation of this report was accomplished through the coordinated efforts of the finance department, assistance from elected officials and department directors and their staff, and the

services provided by the Arizona Office of the Auditor General. We express appreciation to all

who have contributed to this report.

We wish to thank the Navajo County Board of Supervisors for their leadership and commitment

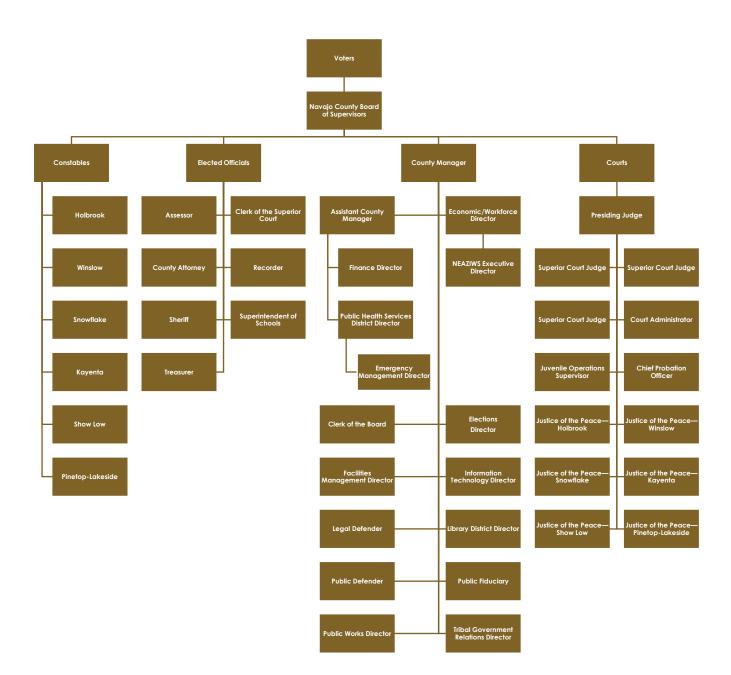

to Navajo County and our citizens.

Respectfully submitted,

Glenn Kephart County Manager Bryan Layton Assistant County Manager

Jayson Vowell Finance Director

DEPUTY AUDITOR GENERAL

Independent auditors' report

Members of the Arizona State Legislature

The Board of Supervisors of Navajo County, Arizona

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Navajo County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and aggregate remaining fund information of the County as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Other matters

Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 5 through 13, budgetary comparison schedules on pages 62 through 65, schedule of the County's proportionate share of the net pension liability—cost-sharing pension plans on page 68, schedule of changes in the County's net pension liability and related ratios—agent pension plans on pages 69 through 71, and schedule of County pension contributions on pages 72 through 73 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are management's responsibility and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to comply with the authorized transportation purposes, insofar as they relate to accounting matters, for Highway User Revenue Fund monies it received pursuant to Arizona Revised Statutes Title 28, Chapter 18,

Article 2, and any other dedicated State transportation revenues it received. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the authorized transportation purposes referred to above, insofar as they relate to accounting matters.

The communication related to compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Lindsey A. Perry, CPA, CFE Auditor General

December 17, 2020

As management of Navajo County, we offer readers of Navajo County's financial statements this narrative overview and analysis of the financial activities of Navajo County for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of the current fiscal year by \$53.9 million (net position). Of this amount, \$53.4 million is the net investment in capital assets (e.g., land, buildings, improvements, machinery and equipment, infrastructure and construction in progress, net of accumulated depreciation, less any outstanding liabilities incurred to acquire or construct the assets); \$38.5 million is restricted for specific purposes (restricted net position); and \$(38) million is the unrestricted net position deficit balance that is primarily a result of recognizing long-term liabilities related to pensions.
- At June 30, 2020, total assets were \$129.2 million, an increase of \$12.1 million or 10.4 percent in comparison with the prior fiscal year's balance of \$117.1 million.
- At June 30, 2020, total liabilities were \$78.5 million, an increase of \$2.6 million or 3.4 percent in comparison with the prior fiscal year's balance of \$75.9 million.
- At June 30, 2020, the County reported total deferred outflows of resources related to pensions/OPEB of \$10.0 million and deferred inflows of resources related to pensions/OPEB of \$6.9 million.
- At June 30, 2020, the governmental funds reported combined fund balances of \$58.7 million, an increase of \$11.3 million or 23.8 percent in comparison with the prior year's combined fund balances of \$47.4 million.
- At June 30, 2020, \$36.0 million or 61.3 percent of governmental fund balances were restricted, \$18.2 million or 31 percent were unassigned, \$3.1 million or 5.3 percent were assigned, and \$1.4 million or 2.4 percent were nonspendable. Restricted fund balances have externally imposed restrictions on their usage by creditors, such as through debt covenants, grantors, contributors, or laws and regulations; or by constitutional provisions or enabling legislation. The assigned and unassigned fund balances are considered unrestricted. The unrestricted fund balances are available for spending at the County's discretion. However, the assigned fund balances are designated by management. The nonspendable fund balances include amounts that cannot be spent because they are not in spendable form, such as inventory.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

- 1. Government-wide financial statements,
- 2. Fund financial statements, and
- 3. Notes to the financial statements.

This report also contains other required supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business.

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all nonfiduciary assets and liabilities using the accrual basis of accounting.

The *Statement of Net Position* presents information on all of the County's assets, deferred outflows and inflows of resources, and liabilities, with the difference between assets and deferred outflows and liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. In addition to this change, other nonfinancial factors will need to be considered.

The Statement of Activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation leave.

All of the County's basic services are considered to be governmental activities, including general government, public safety, highways and streets, health and welfare, culture and recreation, education and economic opportunity, environmental and conservation. Sales taxes, property taxes, intergovernmental revenues, and user fees finance most of these activities. *The government-wide financial statements can be found on pages 16 and 17 of this report.*

Fund financial statements

The fund financial statements provide detailed information about the most significant county funds—not the County as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by federal or state law, contractual provisions, or by bond covenants. However, the Board of Supervisors established many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other monies. All of the County's funds can be divided into two categories: *governmental and fiduciary*.

Governmental funds—Most of the County's basic services are reported in governmental funds, which focus on near-term inflows and outflows of spendable resources and the balances of spendable resources available at year-end. These funds are reported using an accounting method called the modified accrual basis of accounting, which measures cash and all other financial assets that can be

readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for the governmental activities in the government-wide financial statements. Reconciliations between governmental activities, as reported in the Statement of Net Position and the Statement of Activities, and the governmental funds, as reported in the fund financial statements, are provided to facilitate this comparison.

The County maintains numerous individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Public Works/HURF Fund, Jail District Fund, and CARES Act Fund, which are considered major funds. Data from the other governmental funds is combined into a single aggregated presentation. *The governmental fund financial statements can be found on pages 18 through 21 of this report.*

Fiduciary funds—Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The fiduciary funds financial statements can be found on pages 22 and 23 of this report.

Notes to the financial statements—The notes to the financial statements provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24 through 59 of this report.

Required supplementary information—In addition to the basic financial statements and accompanying notes, the report presents required supplementary information on the County's budgeting and budgetary control and the County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 62 through 75 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Position

Net position may serve over time as a useful indicator of a County's financial position. The following table reflects the condensed Statement of Net Position of the County as of June 30, 2020, compared to the prior year.

| | Governmental Activities | | |
|--------------------------------------|-------------------------|----------------------|--|
| | 2020 | 2019 | |
| Current and other assets | \$ 63,918,945 | \$ 50,660,337 | |
| Net pension/OPEB asset | 1,056,916 | 986,162 | |
| Capital assets | <u>64,255,033</u> | <u>65,429,301</u> | |
| Total assets | <u> 129,230,894</u> | <u> 117,075,800</u> | |
| Deferred outflows of resources | 0.000.057 | 0.022.524 | |
| Total deferred outflows of resources | 9,982,057 | 9,833,521 | |
| Current and other liabilities | 3,662,120 | 2,491,983 | |
| Long-term liabilities | <u>74,826,063</u> | 73,383,692 | |
| Total liabilities | 78,488,183 | 75,875,675 | |
| Deferred inflows of resources | | | |
| Total deferred inflows of resources | <u>\$ 6,857,696</u> | <u>\$ 14,604,911</u> | |
| Net Position: | | | |
| Net investment in capital assets | 53,427,360 | 53,322,786 | |
| Restricted | 38,510,287 | 31,085,279 | |
| Unrestricted (deficit) | <u>(38,070,575</u>) | <u>(47,979,330</u>) | |
| Total net position | <u>\$ 53,867,072</u> | <u>\$ 36,428,735</u> | |

Overall, total assets and deferred outflows of resources increased by \$12.3 million or 9.7 percent and total liabilities and deferred inflows of resources decreased by \$5.1 million or 5.7 percent in the current fiscal year. The following summarizes the significant changes in assets and deferred outflows/inflows of resources compared to the prior year.

- Current and other assets increased by \$13.3 million or 26.2 percent in the current year largely due to increases in cash and investments of \$7.9 million and due from other governments of \$5.9 million. The cash and investments increase was due to the following: an unspent new collected jail excise sales tax of \$2.1 million; additional cash of \$3.2 million accumulated in the Insurance Trust Fund from conservative spending; additional charges for services, property taxes and investment earnings of \$936,000 collected and their related receivables increased only \$48,000; and current liabilities increased \$1.2 million from the prior year. The due from other governments increase was primarily due to an increase in operating grants and contributions of \$5.3 million and additional Jail excise sales tax of \$901,000 accrued at year-end.
- As a result of an actuarial valuation of the total pension liability performed as of June 30, 2019 and a
 measurement date of June 30, 2019, deferred outflows and inflows of resources related to pensions
 and OPEB increased by \$148,536 and decreased by \$7.7 million, respectively.

A large portion of the County's net position, \$53.4 million, reflects its investment in capital assets net of accumulated depreciation and related debt. The County uses these assets to provide services to citizens and, therefore, they are not available for future spending.

The County's restricted net position of \$38.5 million is subject to external restrictions on how they may be used. Finally, the County's unrestricted (deficit) in net position of \$38.0 million decreased by \$9.9 million from the prior year primarily due to a decrease in deferred inflows of resources related to pensions and OPEB of \$7.7 million and an increase in pension/OPEB liability of \$2.9 million.

Changes in Net Position

The Statement of Activities presents information on how the County's net position changed during the most current fiscal year. The following table reflects the condensed Statement of Activities of the County for the fiscal year 2020 compared to the prior year.

| | Governmental Activities | | |
|------------------------------------|-------------------------|-------------------|--|
| | 2020 | 2010 | |

| Change in net position | 17,438,337 | 14,596,334 | |
| Net position, beginning | 36,428,735 | 21,832,401 | |
| Net position, ending | \$53,867,072 | \$36,428,735 | |

Overall total revenues increased by almost \$8 million or 10.8 percent and total program expenses increased by \$5.1 million or 8.6 percent from the prior year. The following summarizes the significant changes in revenues and expenses compared to the prior year.

- Program revenues increased by \$5.8 million or 17.5 percent largely due to a net increase of \$5.3 million in operating grants and contributions and \$577,000 in charges for services. Specifically, two new COVID related grants amounting to \$4.2 million were received in the current fiscal year. In addition, the Superintendent of Schools Fund received additional education federal grants of \$225,000 and State equalization of \$182,000. Further, the Public Health District, Sheriff's Office and WIOA received additional federal and state grants and contributions of \$684,000.
- General revenues increased by \$2.1 million or 5.2 percent primarily due to a new jail excise sales tax being approved by the County voters and collected in the current fiscal year.
- Public safety expenses increased by \$2.4 million or 15.9 percent due to increases in pension /OPEB expenses and additional grants and contributions received and spent in the current fiscal year.
- Health and welfare expenses increased by \$869,000 or 12.4 percent due to increases in pension/OPEB expenses and additional grants and contributions received and spent in the current fiscal year.
- Education and economic opportunity expenses increased by \$806,000 or 20.7 percent primarily due
 to additional state equalization and grants and contributions received and spent in the current fiscal
 year.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County reported four major funds for this fiscal year: the General Fund, Public Works/HURF Fund, Jail District Fund, and CARES Act Fund. At the end of the current fiscal year, the County's governmental funds reported combined fund balances of \$58.7 million, which is an increase of \$11.3 million or 23.8 percent in comparison with the prior year's combined fund balances of \$47.4 million. Of the total, \$21.3 million constitutes unrestricted fund balances.

For governmental funds, overall revenues increased \$6.4 million or 7.9 percent and expenditures increased \$1.6 million or 2.2 percent. Governmental fund revenues exceeded expenditures by \$11.7 million in the current fiscal year.

The General Fund is the County's primary operating fund. At the end of the current fiscal year, fund balances of the General Fund totaled \$28.1 million. Fund balances represent 65.1 percent of total General Fund expenditures. This ratio indicates a strong fund balance position in comparison to expenditures.

The General Fund includes the operation of the County's self-insured trust fund as presented below since its inception in fiscal year 2015.

| | FY 2015 | FY 2016 | FY 2017 | FY 2018 | FY 2019 | FY 2020 |

| Beginning fund balances | <u>1,462,455</u> | 2,304,644 | 2,649,008 | 372,396 | 1,968,238 | 3,827,488 |
| Ending fund balances | <u>\$2,304,644</u> | <u>\$2,649,008</u> | <u>\$ 372,396</u> | <u>\$1,968,238</u> | <u>\$3,827,488</u> | <u>\$7,011,535</u> |

Navajo County has been self-insured since fiscal year 2015, and has successfully achieved a lower than average trend on insurance premiums. Employees have not seen an increase in their premiums since January 2017, and the County has only seen moderate increases. Through implementing and refining our wellness program, claims analysis, provider partnerships and employee education and resources, Navajo County has been able to stay below national averages.

The following provides an explanation of major fund's activities that changed significantly over the prior year:

General Fund

- Cash and investments increased by \$6.1 million or 45.5 percent in the current year largely due to
 excess of total revenues collected over total expenditures spent in the current year.
- Due from other funds increased by \$1.5 million or 56.1 percent in the current year primarily due to a new COVID grant funding due from the CARES Act Fund that was recognized as revenue but not received until July 2020.
- Transfers in increased by \$2.9 million or 168.4 percent due to new COVID grant funding received from the CARES Act Fund.
- Transfers out increased \$2.9 million due to the following: the County's maintenance of effort obligation
 of \$774,000 transferred to the newly created Jail District; County's obligations of \$684,000 to meet
 the federal and state matching requirements and intergovernmental agreements for the Courts and
 County Attorney Funds; and additional transfers of \$1.4 million made to the Debt Service General
 Government Fund for the debt payments.

Public Works/HURF Fund

 Accounts payable increased by \$648,000 or 53.5 percent in the current year largely due to additional purchases of goods and services at year-end.

Jail District Fund

In August 2019, the County's voters authorized a Jail District excise sales tax for 20 years beginning
in the current fiscal year. At the end of the current fiscal year, the Fund recognized \$2.2 million of
excise sales tax and received \$774,000 of maintenance of effort funding from the General Fund.

Cares Act Fund

In March 2019, the CARES Act Fund was created to account for monies allocated to the county for
public health and public safety personnel expenditures due to the Coronavirus Disease (COVID-19)
public health emergency. At the end of the current fiscal year, the Fund recognized \$3.9 million in
grant funds received from the State of Arizona through the U.S. Department of the Treasury's
Coronavirus Relief Fund (CRF).

GENERAL FUND BUDGETARY HIGHLIGHTS

For the General Fund, actual revenues were more than the original and final budget amounts by almost \$2 million, while the actual expenditures were \$14.7 million less than the amount budgeted. The budget variance for revenues was largely due to the receipt of more revenues than anticipated in every category except for fines and forfeits and intergovernmental revenue. The budget variance for expenditures was primarily due to conservative budgeting practices and minimal spending.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The County's investment in capital assets as of June 30, 2020, totaled \$64.3 million (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, infrastructure, and machinery and equipment. The following provides the major changes in capital assets during the current fiscal year:

Machinery and equipment increased \$3.4 million of new purchases.

Additional information on capital assets can be found in Note 5 on page 34 of this report.

Debt Administration

At the end of the current fiscal year, the County had total long-term liabilities outstanding of \$74.8 million consisting of the following liabilities that were over \$1 million:

- Net pension/OPEB liability \$60.3 million
- Pledged revenue obligations payable \$11.0 million
- Compensated absences payable \$1.9 million
- Incurred but not reported healthcare claims payable \$1.1 million

There were no significant changes to the County's credit ratings or debt limitations during the current fiscal year. Additional information on long-term debt can be found in Note 6 on pages 35 through 37 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Due to the reductions already implemented during the recession, the County could not absorb the loss of another \$2.5M in revenues without significant staff terminations and service reductions. As an alternative, the County proposed the formation of a Jail District Tax as a potential tool to help balance the budget and maintain services. As allowed by the Legislature, a Jail District in Navajo County would help fund the cost of the County Jail and effectively replace the loss of coal revenues. The measure was approved by voters in August 2019 and will allow the County to continue to provide current service levels with an efficient and lean workforce.

Increasing costs from State-controlled Pension systems is another concern for Navajo County's long-term financial outlook. Like other counties in Arizona, Navajo County has struggled to pay for required increases to the Public Safety Personnel Retirement System (PSPRS), Elected Officials Retirement Plan (EORP), and Corrections Officer Retirement Plan (CORP). The lack of sustainable solutions for these and other State-controlled Pension systems could further jeopardize the County's ability to meet even minimum service level requirements mandated by the State.

The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses and communities. The extent to which COVID-19 impacts the County's operations and workforce will depend on future developments, which are highly uncertain and cannot be predicted with confidence.

The County continues to monitor the local, state and national economy in order to identify opportunities and threats to budgeted revenues. The County continues to place great emphasis on control over expenditures.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Navajo County Finance Department, P.O. Box 668, 100 Code Talker Drive, Holbrook, AZ 86025.

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Government-Wide Statement of Activities Year Ended June 30, 2020

| Net change in fund balances—total governmental funds | | \$ 11,782,019 |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------|-----------------------------------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlay Depreciation expense | \$ 3,521,344 (4,817,449) | (1,296,105) |
| In the statement of activities, only the gain/loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the book value of the capital assets sold. | | (3,644) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Capital contributions Special assessments | 125,480 643 | 020.095 |
| Intergovernmental revenues Collection of revenues in the governmental funds exceeded revenues reported in | 803,962 | 930,085 |
| the statement of activities. Property taxes Special assessments Intergovernmental revenues | (25,465) (2,224) (94,920) | (122,609) |
| County pension/OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the statement of net position because the reported net pension/OPEB liability is measured a year before the County's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the statement of activities. County pension/OPEB contributions Pension/OPEB expense | 5,246,248 (48,352) | 5,197,896 |
| Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities in the statement of net position. Principal repaid | | 1,298,229 |
| Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the statement of activities, however, which is presented on the accrual basis of accounting, expenses are reported regardless of when the financial resources are available. Increase in IBNR healthcare claim costs Decrease in compensated absences Increase in claims and judgments Decrease in landfill closure and post-closure care costs | (86,240) 299,674 (81,655) 1,150 | 132,929 |
| Some cash outlays, such as purchases of inventories, are reported as expenditures in the governmental funds when purchased. In the statement of activities, however, they are reported as expenses when consumed. | | (,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,, |
| Decrease in inventories Change in net position of governmental activities | | (480,463) \$ 17,438,337 |
| Change in het position of governmental activities | | ψ 17,430,337 |

Note 1 - Summary of Significant Accounting Policies

Navajo County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

A. Reporting Entity

The County is a general purpose local government that a separately elected board of supervisors governs. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended component unit discussed below has a June 30 year-end and the County has no discretely presented component units.

The following table describes the County's component units:

| Component Unit | Description; Criteria for Inclusion | Reporting Method | For Separate Financial Statements |
|--------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|-----------------------------------------|
| Navajo County Flood Control District | A tax-levying district that provides flood control systems; the County's Board of Supervisors serves as the board of directors and County management has operational responsibility for the component unit | Blended | Not available |
| Navajo County Jail District | A tax-levying district that provides and maintains the County jail operations; the County's Board of Supervisors serves as the board of directors and County management has operational responsibility for the component unit | Blended | Not available |
| Navajo County Library District | A tax-levying district that provides and maintains library services for the County's residents; the County's Board of Supervisors serves as the board of directors and County management has operational responsibility for the component unit | Blended | Not available |

| Component Unit | Description; Criteria for Inclusion | Reporting Method | For Separate Financial Statements |
|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|-----------------------------------------|
| Navajo County Public Health District | A tax-levying district that provides and maintains health services for the County's residents; the County's Board of Supervisors serves as the board of directors and County management has operational responsibility for the component unit | Blended | Not available |
| White Mountain Lake Recreation District | A tax-levying district that provides and improves recreational services for the White Mountain Lake Community; the County's Board of Supervisors serves as the board of directors and County management has operational responsibility for the component unit | Blended | Not available |
| Navajo County Special Assessment Districts | Legally separate entities that provide improvements to various properties within the County; the County's Board of Supervisors serves as the board of directors and there is either a financial benefit or burden relationship between the County and the component unit | Blended | Not available |

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

Government-wide statements—Provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary funds of the primary government and component units that are fiduciary in nature. Governmental activities generally are financed through taxes and intergovernmental revenues.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund financial statements—Provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental and fiduciary fund categories. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Public Works/HURF Fund* is used to account for road construction and maintenance of major and nonmajor regional roads, and is funded by highway user revenues and vehicle license taxes.

The Jail District Fund is used to account for all financial resources of the Jail District and is funded by excise taxes, maintenance of effort payments from the County's General Fund, and federal reimbursements.

The CARES Act Fund is used to account for monies allocated to the county for public health and public safety personnel expenditures due to the Coronavirus Disease (COVID-19) public health emergency. It is funded by grant funds received from the State of Arizona through the U.S. Department of the Treasury's Coronavirus Relief Fund (CRF).

The County also reports the following fiduciary fund types:

The *investment trust funds* account for pooled assets the County Treasurer holds and invests on behalf of other governmental entities.

The agency funds account for assets the County holds as an agent for the State, various local governments, individuals, and other parties. Fiduciary activities include the pooled assets the County Treasurer holds and invests on behalf of other governmental entities that

are not held in trust and the County Treasurer's receipt and distribution of taxes for other governmental entities.

C. Basis of Accounting

The government-wide and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities.

Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources that are susceptible to accrual are property taxes, special assessments, intergovernmental, charges for services, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, and landfill closure and postclosure care costs, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

Money market investments with a remaining maturity of 1 year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value.

E. Inventories

Inventories in the government-wide financial statements are recorded as assets when purchased and expensed when consumed. These inventories are stated at cost using the first-in, first-out method.

The County accounts for its inventories in the governmental funds using the purchase method. Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and as nonspendable fund balance to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method.

F. Prepaid Items

The County reports prepaid items as an asset in the period in which they are purchased and defers the recognition of the expenditure until the period in which the prepaid items are consumed. Prepaid items of the governmental funds primarily consist of prepaid rental expenditures and amounts at year-end are shown on the balance sheet as nonspendable fund balance to indicate that they do not constitute "available spendable resources."

G. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

H. Capital Assets

Capital assets are reported at actual cost or estimated historical cost if historical records are not available. Donated assets are valued at their acquisition value.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

| Capitalization Threshold | Depreciation Method | Estimated Useful Life |
|-----------------------------|-----------------------------|------------------------------------------------------------------------|
| \$10,000 | N/A | N/A |
| 10,000 | Straight-line | 15-40 years |
| 5,000 | Straight-line | 3-15 years |
| 10,000 | Straight-line | 35 years |
| | \$10,000 10,000 5,000 | Threshold Method \$10,000 N/A 10,000 Straight-line 5,000 Straight-line |

I. Deferred Outflows/Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources

represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a revenue in future periods.

J. Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

K. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations that the County's Board of Supervisors approved, which is the highest level of decision-making authority within the County. Only the Board can remove or change the constraints placed on committed fund balances. The County did not commit any fund balances at June 30, 2020.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. The Board of Supervisors has authorized the County's manager to assign resources for a specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures

incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, the County will use restricted fund balance first. The County will use committed amounts first when disbursing unrestricted fund balances, followed by assigned amounts, and lastly unassigned amounts.

L. Investment Earnings

Investment earnings is composed of interest, dividends, and net changes in the fair value of applicable investments.

M. Compensated Absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave employees earned based on services already rendered.

Employees may accumulate up to 280 hours of vacation depending on years of service, but they forfeit any unused vacation hours in excess of the maximum amount at calendar year-end. Upon terminating employment, the County pays all unused and unforfeited vacation benefits up to a maximum of 280 hours. Upon retirement, the County pays up to a maximum of 280 hours plus 75 percent of vacation hours earned in the employee's final year of employment. Accordingly, vacation benefits are accrued as a liability in the government-wide financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but employees forfeit them upon terminating employment. However, upon retirement or death, employees who have accumulated at least 500 hours of sick leave and at least 5 continuous service years receive some benefit payments. Benefit payments vary based on the number of continuous service years but cannot exceed \$5,000. Accordingly, sick leave benefits do vest and, therefore, are accrued as a liability in the government-wide financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee retirements and deaths by fiscal year-end.

N. Miscellaneous Disclosures

Pursuant to A.R.S. §35-391(B), the County shall disclose in its annual financial report the amount of any reward, discount, incentive, or other financial consideration received by the governmental entity resulting from credit card payments. The County received \$34,532 in credit card rebates during fiscal year 2020.

Note 2 - Stewardship, Compliance, and Accountability

Deficit fund balance—At June 30, 2020, the following nonmajor fund reported deficit in fund balance:

Governmental fund Special Revenue – Workforce Innovation & Opportunity Act \$210,321

Note 3 - Deposits and Investments

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk

Statutes have the following requirements for credit risk:

- 1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
- 2. Specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.
- 3. Fixed income securities must carry one of the two highest ratings by Moody's investors service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk

Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

Foreign currency risk

Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits—At June 30, 2020, the carrying amount of the County's deposits was \$6,942,741, and the bank balance was \$9,254,833. The County's formal policy is to follow collateralization requirements set forth in A.R.S. §35-323 as described above.

Investments—The County's investments at June 30, 2020, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

| | Amount | Fair value measur Quoted prices in active markets for identical assets (Level 1) | rement using Significant other observable inputs (Level 2) |
|--------------------------------------|---------------|-------------------------------------------------------------------------------------------------|------------------------------------------------------------|
| Investments by fair value level | | | |
| U.S. Treasury securities | \$ 62,616,532 | \$ 62,616,532 | |
| U.S. agency securities | 98,507,510 | | \$ 98,507,510 |
| Corporate bonds | 9,977,200 | | 9,977,200 |
| Corporate notes | 29,697,400 | | 29,697,400 |
| Government money market mutual funds | 40,306,348 | 40,306,348 | |
| | \$241,104,990 | \$102,922,880 | <u>\$138,182,110</u> |

Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. Investments categorized as Level 2 are valued using an automated method – IDC institutional bond pricing model.

Credit risk—The County's formal policy is to limit its portfolio to investments with the top rating issued by nationally recognized statistical rating organizations. As of June 30, 2020, credit risk for the County's investments was as follows:

| Investment Type | Rating | Rating Agency | Amount |
|--------------------------------------|---------|----------------|----------------------|
| U.S. agency securities | Aaa | Moody's | \$ 98,507,510 |
| Corporate bonds | A1 | Moody's | 9,977,200 |
| Corporate notes | Aa2 | Moody's | 19,865,000 |
| Corporate notes | A2 | Moody's | 9,832,400 |
| Government money market mutual funds | Unrated | Not Applicable | 40,306,348 |
| Total | | | <u>\$178,488,458</u> |

Custodial credit risk—For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the outside party's possession. The County's formal policy stipulates that securities that are held in a custody or safekeeping account must be held under the name of Navajo County or Navajo County Treasurer. At June 30, 2020, the County did not have investments exposed to custodial credit risk.

Concentration of credit risk—The County's formal policy stipulates that the County will diversify the investment portfolio by limiting investments to avoid over-concentration in securities from a specific issuer, excluding obligations issued or guaranteed by the United States or any of the senior debt of its agencies or sponsored agencies. The County had investments at June 30, 2020, of 5 percent or more in Federal Farm Credit Banks, Federal Home Loan Bank, and Federal National Mortgage Association. These investments were 18.95 percent, 13.48 percent and 6.33 percent, respectively, of the County's total investments.

Interest rate risk—The County's formal policy is to purchase a combination of short, medium-, and long-term investments such that maturities occur evenly over time as necessary to provide the cash flow needed for operations. At June 30, 2020, the County had the following investments in debt securities:

| Amount | Weighted Average Maturity (In Years) |
|----------------------|----------------------------------------------------------------------|
| \$ 98,507,510 | 1.073 |
| 62,616,532 | 0.562 |
| 9,977,200 | 1.914 |
| 29,697,400 | 2.423 |
| 40,306,348 | 0.082 |
| <u>\$241,104,990</u> | |
| | \$ 98,507,510 62,616,532 9,977,200 29,697,400 40,306,348 |

At June 30, 2020, \$19,865,000 of investments were in corporate notes floating rate securities and considered to be highly sensitive to interest rate changes. Of this amount, \$9,839,000 is callable and \$10,026,000 is non-callable. The coupon rate is tied to the Intercontinental Exchange plus a fixed basis point amount which resets quarterly. The issuer can call the security on a specified date, or if the security is not called, the interest rate is reset at a specified amount. Prevailing interest rates may increase faster than the increase in the coupon interest rate.

A reconciliation of cash, deposits, and investments to amounts shown on the Statements of Net Position follows:

Cash, deposits, and investments:

| Cash on hand | \$ | 7,975 |
|-----------------------|----------------|-----------------|
| Amount of deposits | 6,9 | 942,741 |

Depreciation expense was charged to functions as follows:

| Governmental activities: | |
|----------------------------------------------------|-------------|
| General government | \$ 677,224 |
| Public safety | 904,015 |
| Highways and streets | 2,973,188 |
| Health and welfare | 134,956 |
| Culture and recreation | 9,867 |
| Education and economic opportunity | 118,199 |
| Total governmental activities depreciation expense | \$4,817,449 |

Note 6 - Long-Term Liabilities

The following schedule details the County's long-term liability and obligation activity for the year ended June 30, 2020:

| Governmental activities | Balance July 1, 2019 | Additions | Reductions | Balance June 30, 2020 | Due within 1 year |
|-----------------------------------|-------------------------|-------------|----------------|--------------------------|----------------------|
| Pledged revenue obligations | | | | | |
| payable | \$12,230,000 | | \$1,255,000 | \$10,975,000 | \$1,290,000 |
| Capital leases payable | 5,317 | | 1,186 | 4,131 | 1,265 |
| Installment purchase contracts | | | | | |
| payable | 97,163 | | 32,043 | 65,120 | 33,924 |
| Net pension and other | | | | | |
| postemployment benefits liability | 57,419,379 | \$3,863,283 | 999,754 | 60,282,908 | 37,382 |
| Landfill closure and post- | | | | | |
| closure care costs payable | 243,351 | | 1,150 | 242,201 | 1,150 |
| Compensated absences payable | 2,237,082 | 1,335,332 | 1,635,006 | 1,937,408 | 1,240,339 |
| Incurred but not reported | | | | | |
| healthcare claims payable | 1,028,274 | 3,374,815 | 3,288,575 | 1,114,514 | 1,022,992 |
| Claims and judgments payable | 123,126 | 201,113 | <u>119,458</u> | 204,781 | <u>198,681</u> |
| Total | <u>\$73,383,692</u> | \$8,774,543 | \$7,332,172 | \$74,826,063 | \$3,825,733 |

Pledged revenue and pledged revenue refunding obligations—The County has issued pledged revenue obligations that are generally callable with interest payable semiannually. The Series 2013 pledged revenue and pledged revenue refunding obligations were originally issued for an amount of \$10,625,000 to be used for construction projects and refunding the Series 2008 Navajo County pledged revenue obligations. These obligations were allocated as follows: \$1,215,000 to complete the detention facilities, \$4,550,000 to construct a public works complex in Holbrook and \$4,860,000 to refund the outstanding principal balance of \$4,780,000 relating to the Series 2008 Navajo County pledged revenue obligations. The Series 2012A pledged revenue refunding obligations were originally issued for an amount of \$4,100,000 to refund the outstanding principal balance of \$4,345,000 relating to the Series 2000 Jail Facility certificates of participation. The Series 2012B pledged revenue obligations, originally issued in the amount of \$4,400,000, were issued to construct and remodel jail facilities.

Pledged revenue and pledged revenue refunding obligations outstanding at June 30, 2020, were as follows:

| Description | Original Amount Issued | Maturity Ranges | Interest Rates | Outstanding Principal |
|----------------------------------------------------------------|------------------------------|--------------------|-------------------|--------------------------|
| Navajo County Pledged Revenue and Pledged Revenue Refunding | | | | |
| Obligations, Series 2013 | \$10,625,000 | 2021 – 2024 | 2.17% | \$ 3,415,000 |
| Navajo County Pledged Revenue | | | | |
| Refunding Obligations, Series 2012A | 4,100,000 | 2021 – 2027 | 3.24% | 3,160,000 |
| Navajo County Pledged Revenue | | | | |
| Obligations, Series 2012B | 4,400,000 | 2021 – 2032 | 3.24% | 4,400,000 |
| | | Total | | \$10,975,000 |

The following schedule details debt service requirements to maturity for the County's pledged revenue obligations payable at June 30, 2020:

| | Governmental Activities | | | |
|---------------------|-------------------------|--------------------|--|--|
| | Principal | Interest | | |
| Year ending June 30 | | | | |
| 2021 | \$ 1,290,000 | \$ 316,133 | | |
| 2022 | 1,320,000 | 286,214 | | |
| 2023 | 1,355,000 | 255,483 | | |
| 2024 | 190,000 | 224,046 | | |
| 2025 | 785,000 | 208,251 | | |
| 2026-2030 | 4,190,000 | 643,626 | | |
| 2031-2032 | <u>1,845,000</u> | 60,183 | | |
| Total | <u>\$10,975,000</u> | <u>\$1,993,937</u> | | |

The County has pledged a portion of its general county and state sales tax revenues toward the payment of debt related to revenue obligations outstanding at June 30, 2020. At June 30, 2020, future pledged revenues through final maturity at July 1, 2031 totaled \$12,968,937, consisting of \$10,975,000 for principal and \$1,993,937 for interest. Future principal and interest payments are expected to require approximately 6 percent of pledged sales tax revenues. Total principal and interest paid for the current year and total current year pledged revenues were \$1,600,348 and \$20,820,524, respectively.

Compensated absences—Compensated absences are paid from various funds in the same proportion that those funds pay payroll costs. During fiscal year 2020, the County paid for compensated absences as follows: 64 percent from the General Fund, 13 percent from the Public Works/HURF Fund, and 23 percent from the Other Governmental Funds.

Incurred but not reported healthcare claims payable—On July 1, 2014, Navajo County implemented a self-insured health benefits program as described in Note 7. The liability for medical, dental and pharmacy claims is based on fiscal year 2019 actuarial report. Changes in incurred but not reported (IBNR) healthcare claims payable for the years ended June 30, 2019 and 2020 were as follows:

| | 2019 | 2020 |
|--------------------------------------------------|-------------|--------------------|
| IBNR healthcare claims payable beginning of year | \$1,183,688 | \$1,028,274 |
| Current-year claims and changes in estimates | 3,787,332 | 3,374,815 |
| Claim payments | 3,942,746 | 3,288,575 |
| IBNR healthcare claims payable, end of year | \$1,028,274 | \$1,114,514 |

Net pension and other postemployment benefits liability—During fiscal year 2020, the County paid for pension and other postemployment benefits from various funds as described in Note 10.

Line of Credit—At June 30, 2020, the County had an unused line of credit in the amount of \$5,000,000.

Note 7 - Risk Management

Public entity risk pools—The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For these risks of loss, the County joined and is covered by two public entity risk pools: the Arizona Counties Property and Casualty Pool and the Arizona Counties Workers' Compensation Pool, which are described below.

The Arizona Counties Property and Casualty Pool is a public entity risk pool currently composed of 13 member counties. The pool provides member counties catastrophic loss coverage for risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; cyber security; and natural disasters; and provides risk management services. Such coverage includes all defense costs as well as the amount of any judgment or settlement. The County is responsible for paying a premium based on its exposure in relation to the exposure of the other participants and a deductible of \$10,000 per occurrence for property claims and \$50,000 per occurrence for liability claims. The County is also responsible for any payments in excess of the maximum coverage of \$300 million per occurrence for property claims and \$15 million per occurrence for liability claims. However, lower limits apply to certain categories of losses. A county must participate in the pool at least 3 years after becoming a member; however, it may withdraw after the initial 3-year period.

The Arizona Counties Workers' Compensation Pool is a public entity risk pool currently composed of 12 member counties. The pool provides member counties with workers' compensation coverage, as law requires, and risk management services. The County is responsible for paying a premium based on an experience-rating formula that allocates pool expenditures and liabilities among the members.

The Arizona Counties Property and Casualty Pool and the Arizona Counties Workers' Compensation Pool receive independent audits annually and an audit by the Arizona Department of Insurance every 5 years. Both pools accrue liabilities for losses that have been incurred but not reported. These liabilities are determined annually based on an independent actuarial valuation. If a pool were to become insolvent, the County would be assessed an additional contribution.

Self-insured employee benefits program—On July 1, 2014, Navajo County implemented a self-insured health benefits program and offers one comprehensive medical plan. The uninsured risk of loss per individual is \$200,000 per plan year. Under the program, the County contracts directly with healthcare providers to deliver healthcare services to its eligible employees and their dependents. The County pays for the services using premiums it receives from employees and county contributions. Health benefits program expenditures are recorded in the General Fund and employee premiums and county contributions are recorded in the applicable governmental funds through payroll deductions and transferred to the General Fund. However, the county contributions are considered as internal activities, and therefore, are eliminated at the government-wide level of the financial statements. The liability for incurred but not reported healthcare claims payable at June 30, 2020, is actuarial valued and disclosed in Note 6.

Note 8 - Operating Lease

The County leases 25 percent of a public safety building from City of Show Low under the provisions of a long-term lease agreement classified as an operating lease for accounting purposes. The lease will allow for more efficient use of space and resources for jail, inmate holding facilities, regional dispatch, locker rooms, conference rooms and break rooms to save money for Navajo County and City of Show Low.

The noncancelable lease term is 20 years and may be extended for additional 5 years with any additions to the monthly rental rate to be negotiated between the parties at that time. The lease required the County to prepay four \$225,000 rental payments, totaling \$900,000, on or before June 30, 2017. The County moved into the leased property on August 16, 2017, and incurred \$45,000 of rental expenditures in fiscal year 2020. The remaining \$770,625 is reported in the General Fund as prepaid items at June 30, 2020. In addition, the lease requires the County to pay its proportionate share of 25 percent of the operational costs for the leased property including its parking lot. Operational costs include all utility and maintenance costs such as cleaning, insurance, snow removal and landscaping.

Note 9 - Fund Balance Classifications of the Governmental Funds

The fund balance classifications of the governmental funds as of June 30, 2020, were as follows:

| | General Fund | Public Works/ HURF Fund | Jail District Fund | Gover | ther nmental ınds | To | otal |
|------------------------------|-----------------|----------------------------------|--------------------------|-------|-------------------------|----|--------------------|
| Fund balances: Nonspendable: | | | | | | | |

Note 10 - Pensions and Other Postemployment Benefits

The County contributes to the pension plans described below. The plans are component units of the State of Arizona. The County also contributes to various other postemployment benefits (OPEB) plans. At June 30, 2020, the County reported the following aggregate amounts related to pension and OPEB for all plans to which it contributes:

| Statement of Net Position and Statement of Activities | Governmental Activities |
|------------------------------------------------------------|-------------------------|
| Net pension and OPEB asset | \$ 1,056,916 |
| Net pension and OPEB liability | 60,282,908 |
| Deferred outflows of resources related to pension and OPEB | 9,982,057 |
| Deferred inflows of resources related to pension and OPEB | 6,857,696 |
| Pension and OPEB expense | 48,352 |

The County's accrued payroll and employee benefits includes \$76,407 of outstanding pension and OPEB contribution amounts payable to all plans for the year ended June 30, 2020. Also, the County reported \$5,246,248 of pension and OPEB contributions as expenditures in the governmental funds related to all plans to which it contributes.

The pension plans are described below and the OPEB plans are not further disclosed because of their relative insignificance to the County's financial statements.

A. Arizona State Retirement System

Plan description—County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 2. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided—The ASRS provides retirement and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

| ASRS | Retirement Initial membership date: | | | |
|---------------------|-------------------------------------|---------------------------|--|--|
| | Before July 1, 2011 | On or after July 1, 2011 | | |
| Years of service | Sum of years and age equals 80 | 30 years, age 55 | | |
| and age required | 10 years, age 62 | 25 years, age 60 | | |
| to receive benefit | 5 years, age 50* | 10 years, age 62 | | |
| | any years, age 65 | 5 years, age 50* | | |
| | | any years, age 65 | | |
| Final average | Highest 36 consecutive months | Highest 60 consecutive | | |
| salary is based on | of last 120 months | months of last 120 months | | |
| Benefit percent | 2.1% to 2.3% | 2.1% to 2.3% | | |
| per year of service | | | | |

^{*}With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions—In accordance with State statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2020, statute required active ASRS members to contribute at the actuarially determined rate of 11.94 percent for retirement of the members' annual covered payroll, and statute required the County to contribute at the actuarially determined rate of 11.45 percent for retirement of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 10.29 percent for retirement of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2020, were \$2,136,505.

During fiscal year 2020, the County paid for ASRS pension contributions as follows: 54 percent from the General Fund, 17 percent from the Public Works/HURF Fund, and 29 percent from other governmental funds.

Pension liability—At June 30, 2020, the County reported a net pension liability of \$25,433,978 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2018, to the measurement date of June 30, 2019. The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2019. The County's proportion measured as of June 30, 2019, was 0.174790 percent, which was a decrease of 0.01440 from its proportion measured as of June 30, 2018.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2020, the County recognized pension expense for ASRS of \$787,982. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| ASRS | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---------------------------------------------------------|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience | \$ 459,471 | \$ 4,781 |
| Changes of assumptions or other inputs | 107,511 | 1,012,830 |
| Net difference between projected and actual earnings on | | |
| pension plan investments | | 571,668 |
| Changes in proportion and differences between county | | |
| contributions and proportionate share of contributions | 124,462 | 2,298,041 |
| County contributions subsequent to the measurement date | <u>2,136,505</u> | |
| Total | <u>\$2,827,949</u> | <u>\$3,887,320</u> |

The \$2,136,505 reported as deferred outflows of resources related to ASRS pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

| Year ending June 30 | |
|---------------------|---------------|
| 2021 | \$(1,897,350) |
| 2022 | (1,341,850) |
| 2023 | (109,785) |
| 2024 | 153,109 |

Actuarial Assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS

| Actuarial valuation date | June 30, 2018 |
|-----------------------------|-------------------|
| Actuarial roll forward date | June 30, 2019 |
| Actuarial cost method | Entry age normal |
| Investment rate of return | 7.5% |
| Projected salary increases | 2.7-7.2% |
| Inflation | 2.3% |
| Permanent benefit increase | Included |
| Montality rates | 2017 CDA Coole II |

Mortality rates 2017 SRA Scale U-MP

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| ASRS | | Long-Term |
|-------------------------------|----------------------|----------------------------------------|
| Asset Class | Target Allocation | Expected Geometric Real Rate of Return |
| Equity | 50% | 6.09% |
| Credit | 20% | 5.36% |
| Interest rate sensitive bonds | 10% | 1.62% |
| Real estate | 20% | 5.85% |
| Total | <u>100%</u> | |

Discount Rate—The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

| ASRS | Current | | |
|---------------------------------|--------------------|----------------------|-----------------------|
| | 1% Decrease (6.5%) | Discount Rate (7.5%) | 1% Increase (8.5%) |
| County's proportionate share of | | | |
| the net pension liability | \$36,198,443 | \$25,433,978 | \$16,437,657 |

Pension plan fiduciary net position—Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

Plan descriptions—County sheriff employees and county attorney investigators who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017,

participate in the agent plan, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plan (PSPRS Tier 3 Risk Pool) which is not further disclosed because of its relative insignificance to the County's financial statements.

County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP) or PSPDCRP. The CORP administers an agent multiple-employer defined benefit pension plan for county detention officers (agent plan), which was closed to new members as of July 1, 2018, and a cost-sharing multiple-employer defined benefit pension plan for AOC officers (cost-sharing plan). Employees who were CORP members before July 1, 2018, participate in CORP, and AOC probation and surveillance officers who became members on or after July 1, 2018, participate in CORP or PSPDCRP. Detention officers and juvenile detention officers who became members on or after July 1, 2018, participate in PSPDCRP. The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for PSPRS and CORP plans. The report is available on the PSPRS website at www.psprs.com.

Benefits provided—The PSPRS and CORP provide retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

| PSPRS | Initial membership date: | | |
|-------------------------------------|------------------------------------|---------------------------------|--|
| | | On or after January 1, 2012 | |
| | Before January 1, 2012 | and before July 1, 2017 | |
| Retirement and | | | |
| Disability | | | |
| Years of service | 20 years of service, any age | 25 years of service or 15 years | |
| and age required to receive benefit | 15 years of service, age 62 | of credit service, age 52.5 | |
| Final average | Highest 36 consecutive | Highest 60 consecutive | |
| salary is based on | months of last 20 years | months of last 20 years | |
| Benefit percent | | | |
| Normal Retirement | 50% less 2.0% for each year of | 1.5% to 2.5% per year of | |
| | credited service less than 20 | credited service, not to exceed | |
| | years OR plus 2.0% to 2.5% for | 80% | |
| | each year of credited service over | | |
| | 20 years, not to exceed 80% | | |
| Accidental Disability Retirement | 50% or normal retirement | nt, whichever is greater | |

| PSPRS | Initial memb Before January 1, 2012 | ership date: On or after January 1, 2012 and before July 1, 2017 |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| Catastrophic Disability Retirement | 90% for the first 60 months t or normal retirement, | |
| Ordinary Disability Retirement | Normal retirement calculated service or 20 years of credited multiplied by years of credited significant divided | service, whichever is greater, ervice (not to exceed 20 years) |
| Survivor Benefit | | |
| Retired Members | 80% to 100% of retired m | nember's pension benefit |

80% to 100% of accidental disability retirement benefit or 100%

of average monthly compensation if death was the result of injuries received on the job

CORP Initial membership date:

Active Members

| | Before January 1, 2012 | On or after January 1, 2012 and before July 1, 2018 | AOC probation and surveillance officers: On or after July 1, 2018 |
|------------------------------------------------------|----------------------------------------------------------------------------|--------------------------------------------------------------|-------------------------------------------------------------------------|
| Retirement and Disability | | | |
| Years of service and age required to receive benefit | Sum of years and age equals 80 20 years, any age 10 years, age 62 | 25 years, age 52.5 10 years, age 62 | 10 years, age 52.5* 10 or more years, age 55 |
| Final average salary is based on | Highest 36 consecutive months of last 10 years | • | tive months of last 10 ears |
| Benefit percent Normal Retirement | 2.0% to 2.5% per year of credited service, not to exceed 80% | 2.5% per year of credited service, not to exceed 80% | 1.25% to 2.25% per year of credited service, not to exceed 80% |
| Accidental Disability Retirement | 50% or normal retirement if more than 20 years of credited service | | ement if more than 25 edited service |

CORP Initial membership date:

On or after January 1, 2012

AOC probation and surveillance officers:

Before January 1, and before July 1, 2012 2018

On or after July 1, 2018

Total and

Permanent Disability

Retirement 50% or normal retirement if more than 25 years of credited service

Ordinary Disability

2.5% per year of credited service

Retirement

Survivor Benefit

Retired Members 80% of retired member's pension benefit

Active Members

40% of average monthly compensation or 100% of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees covered by benefit terms—At June 30, 2020, the following employees were covered by the agent pension plans' benefit terms:

| | PSPRS Sheriff | PSPRS Attorney Investigators | CORP |
|-----------------------------------------------------------------------------------------------------|------------------|------------------------------------|-----------|
| Inactive employees or beneficiaries currently receiving benefits Inactive employees entitled to but | 34 | 1 | 13 |
| not yet receiving benefits | 17 | | 44 |
| Active employees | <u>37</u> | _ | <u>32</u> |
| Total | <u>88</u> | <u>1</u> | <u>89</u> |

Contributions—State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with State statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30,

^{*}With actuarially reduced benefits.

2020, are indicated below. Rates are a percentage of active members' annual covered payroll.

| | Active member—pension | County—pension |
|---------------|-----------------------|----------------|
| PSPRS Sheriff | 7.65 – 11.65% | 56.88% |
| CORP | 8.41 | 11.34 |
| CORP AOC | 8.41 or 10.18 | 30.71 or 27.91 |

In addition, statute required the County to contribute at the actuarially determined rate of 45.43% of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the PSPRS would typically fill.

The County was required to contribute \$37,382 for the PSPRS Attorney Investigators pension plan based on the estimated actuarially required contribution for an inactive member.

The County's contributions to the pension plans for the year ended June 30, 2020, were:

| PSPRS Sheriff | \$1,369,168 |
|---------------|-------------|
| CORP | 134,564 |
| CORP AOC | 414,800 |

During fiscal year 2020, the County paid for PSPRS and CORP pension contributions as follows: 80 percent from the General Fund and 20 percent from the other governmental funds.

Pension liability—At June 30, 2020, the County reported the following net pension liabilities:

| | Net Pension Liability |
|-----------------------------------------|--------------------------|
| PSPRS Sheriff | \$13,495,659 |
| PSPRS Attorney Investigators | 439,207 |
| CORP | 1,531,696 |
| CORP AOC (County's proportionate share) | 4,673,477 |

The net pension liabilities were measured as of June 30, 2019, and the total liability used to calculate the net liability was determined by an actuarial valuation as of that date. The total liabilities as of June 30, 2019, reflect changes of actuarial assumptions to decrease the investment rate of return from 7.4 percent to 7.3 percent and update the mortality rates.

Pension actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS and **CORP—Pension**

Actuarial valuation date June 30, 2019 Actuarial cost method Entry age normal

Investment rate of return7.3%Wage inflation3.5%Price inflation2.5%Cost-of-living adjustment1.75%

Mortality rates PubS-2010 tables

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| PSPRS and CORP Asset Class | Target Allocation | Long-Term Expected Geometric Real Rate of Return |
|-------------------------------|----------------------|--------------------------------------------------|
| Short term investments | 2% | 0.25% |
| Risk parity | 4% | 4.01% |
| Fixed income | 5% | 3.00% |
| Real assets | 9% | 6.75% |
| GTS | 12% | 4.01% |
| Private credit | 16% | 5.36% |
| Real estate | 10% | 4.50% |
| Private equity | 12% | 8.40% |
| Non-U.S. equity | 14% | 5.00% |
| U.S. equity | <u>16%</u> | 4.75% |
| Total | <u>100%</u> | |

Pension discount rate—At June 30, 2019, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.3 percent, which was a decrease of 0.1 from the discount rate used as of June 30, 2018. The projection of cash flows used to determine the PSPRS and CORP discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

| PSPRS Sheriff | Increase (Decrease) | | e) |
|------------------------------------------------------------------------------|--------------------------------------|------------------------------------------|---------------------------------------|
| | Total Pension Liability (a) | Plan Fiduciary Net Position (b) | Net Pension Liability (a) – (b) |

| Balances at June 30, 2020 | <u>\$5,449,504</u> | <u>\$3,917,808</u> | <u>\$1,531,696</u> |

The County's proportion of the CORP AOC net pension liability was based on the County's actual contributions to the plan relative to the total of all participating counties' actual contributions for the year ended June 30, 2019. The County's proportion measured as of June 30, 2019, was 1.107615 percent, which was a decrease of 0.061263 from its proportion measured as of June 30, 2018.

Sensitivity of the County's net pension liability to changes in the discount rate—The following table presents the County's net pension liabilities calculated using the discount rate of 7.3 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.3 percent) or 1 percentage point higher (8.3 percent) than the current rate:

| | 1% Decrease (6.3%) | Current Discount Rate (7.3%) | 1% Increase (8.3%) |
|------------------------------------------------------------------|---------------------------|------------------------------------|-----------------------|
| PSPRS Sheriff Net pension liability PSPRS Attorney Investigators | \$16,037,083 | \$13,495,659 | \$11,426,281 |
| Net pension liability CORP | \$515,498 | \$439,207 | \$376,876 |
| Net pension liability CORP AOC | \$2,315,641 | \$1,531,696 | \$902,595 |
| County's proportionate share of the net pension liability | \$6,004,175 | \$4,673,477 | \$3,588,880 |

Pension plan fiduciary net position—Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

Pension expense—For the year ended June 30, 2020, the County recognized the following pension expense:

| | Pension Expense |
|-----------------------------------------|-----------------|
| PSPRS Sheriff | \$1,396,959 |
| PSPRS Attorney Investigators | 5,453 |
| CORP | 311,885 |
| CORP AOC (County's proportionate share) | 228,634 |

Pension deferred outflows/inflows of resources—At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| PSPRS Sheriff | Deferred Outflows of Resources | Deferred Inflows of Resources |
|----------------------------------------------------------------------|--------------------------------------|-------------------------------------|
| Differences between expected and actual | Ф 7 40.050 | Ф Г 40, 000 |
| experience | \$ 716,950 | \$543,336 |
| Changes of assumptions or other inputs | 685,529 | |
| Net difference between projected and actual earnings on pension plan | | |
| investments | 109,449 | |
| County contributions subsequent to the | 100,110 | |
| measurement date | 1,369,168 | |
| Total | <u>\$2,881,096</u> | <u>\$543,336</u> |
| PSPRS Attorney Investigators | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Net difference between projected and | | |
| actual earnings on pension plan | | |
| investments | <u>\$35</u> | |
| Total | <u>\$35</u> | <u>\$</u> _ |

| CORP | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience Changes of assumptions or other inputs Net difference between projected and | \$187,388 | \$209,535 |
| actual earnings on pension plan investments County contributions subsequent to the | 57,723 | |
| measurement date Total | <u>134,564</u> <u>\$379,675</u> | <u>\$209,535</u> |
| CORP AOC | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual experience | \$ 333,930 | \$ 132,914 |
| Changes of assumptions or other inputs Net difference between projected and actual earnings on pension plan | 299,601 | |
| investments Changes in proportion and differences between county contributions and | 87,866 | |
| proportionate share of contributions County contributions subsequent to the | 21,548 | 1,268,744 |
| measurement date Total | 414,800 <u>\$1,157,745</u> | <u>\$1,401,658</u> |

The amounts reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | PSPRS Sheriff | PSPRS Attorney Investigators | CORP | CORP AOC |
|---------------------|------------------|------------------------------------|-----------|-------------|
| Year ending June 30 | | _ | | |
| 2021 | \$189,700 | \$ (125) | \$ 42,654 | \$(231,086) |
| 2022 | 146,439 | (610) | (25,203) | (306,723) |
| 2023 | 211,450 | 334 | 3,587 | (222,696) |
| 2024 | 222,331 | 436 | 14,538 | 101,792 |
| 2025 | 198.672 | | | |

PSPDCRP plan—County sheriff employees, County attorney investigators, County detention officers, and AOC probation, surveillance, and juvenile detention officers who are

not members of PSPRS or CORP participate in the PSPDCRP. The PSPDCRP is a defined contribution pension plan. The PSPRS Board of Trustees governs the PSPDCRP according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.1. Benefit terms, including contribution requirements, are established by State statute.

For the year ended June 30, 2020, active PSPDCRP members were required by statute to contribute at least 9 percent (County sheriff employees and County attorney investigators) or 5 percent (County detention officers, and AOC probation, surveillance, and juvenile detention officers) of the members' annual covered payroll, and the County was required by statute to contribute 9 percent or 5 percent, respectively, of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the earnings on those contributions. Employees vest in a portion of the County's contributions each year as set forth in statute. The plan retains nonvested County contributions when forfeited because of employment terminations. For the year ended June 30, 2020, the County recognized pension expense of \$26,567.

C. Elected Officials Retirement Plan

Plan description—Elected officials and judges participate in the Elected Officials Retirement Plan (EORP), ASRS, or the Elected Officials Defined Contribution Retirement System (EODCRS). EORP administers a cost-sharing multiple-employer defined benefit pension plan for elected officials and judges who were members of the plan on December 31, 2013. This plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the EORP plans. The report is available on PSPRS's website at www.psprs.com.

Benefits provided—The EORP provides retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

| EORP | Initial membership date: | | |
|------------------------------|-------------------------------------------|-------------------------------------------|--|
| | Before January 1, 2012 | On or after January 1, 2012 | |
| Retirement and Disability | | | |
| Years of service | 20 years, any age | 10 years, age 62 | |
| and age required | 10 years, age 62 | 5 years, age 65 | |
| to receive benefit | 5 years, age 65 | any years and age if disabled | |
| | 5 years, any age* | | |
| | any years and age if disabled | | |
| Final average | Highest 36 consecutive | Highest 60 consecutive | |
| salary is based on | months of last 10 years | months of last 10 years | |
| Benefit percent | | | |
| Normal Retirement | 4% per year of service, not to exceed 80% | 3% per year of service, not to exceed 75% | |

| EORP | Initial membership date: | | |
|-----------------------------------------------------------|----------------------------------------------------------------------------|----------------------------------------------------------------------------|--|
| | Before January 1, 2012 | On or after January 1, 2012 | |
| Disability Retirement | 80% with 10 or more years of service | 75% with 10 or more years of service | |
| | 40% with 5 to 10 years of service 20% with less than 5 years of | 37.5% with 5 to 10 years of service | |
| | service | 18.75% with less than 5 years of service | |
| Survivor Benefit | | | |
| Retired Members Active Members and Other Inactive Members | 75% of retired member's benefit 75% of disability retirement benefit | 50% of retired member's benefit 50% of disability retirement benefit | |

^{*} With reduced benefits of 0.25% for each month early retirement precedes the member's normal retirement age, with a maximum reduction of 30%.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

Contributions—State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a portion of certain court fees for the EORP. For the year ended June 30, 2020, statute required active EORP members to contribute 7 or 13 percent of the members' annual covered payroll and the County to contribute at the actuarially determined rate of 61.43 percent of all active EORP members' annual covered payroll. Also, statute required the County to contribute 49.49 percent to EORP of the annual covered payroll of elected officials and judges who were ASRS members and 55.43 percent to EORP of the annual covered payroll of elected officials and judges who were EODCRS members, in addition to the County's required contributions to ASRS and EODCRS for these elected officials and judges. The County's contributions to the pension plan for the year ended June 30, 2020, were \$1,005,663.

During fiscal year 2020, the County paid for EORP pension contributions as follows: 100 percent from the General Fund.

Pension liability—At June 30, 2020, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

| County's proportionate share of the EORP net | |
|----------------------------------------------|--------------|
| pension liability | \$14,526,649 |
| State's proportionate share of the EORP net | |
| pension liability associated with the County | 1,365,355 |
| Total | \$15,892,004 |

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability as of June 30, 2019, reflect changes of actuarial assumptions to decrease the investment rate of return from 7.4 percent to 7.3 percent and update the mortality rates.

The County's proportion of the net pension liability was based on the County's required contributions to the plan relative to the total of all participating employers' required contributions for the year ended June 30, 2019. The County's proportion measured as of June 30, 2019, was 2.190463 percent, which was an increase of 0.17809 from its proportion measured as of June 30, 2018.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2020, the County recognized negative pension expense for EORP of \$2,646,725 and negative revenue of \$94,920 for the County's proportionate share of the State's appropriation to EORP and the designated court fees. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| EORP | Deferred Outflows of Resources | Deferred Inflows of Resources |
|-----------------------------------------------|--------------------------------------|-------------------------------------|
| Differences between expected and actual | | \$ 13,777 |
| experience | \$ 323,875 | |
| Changes of assumptions or other inputs | 45,669 | 412,810 |
| Net difference between projected and actual | | |
| earnings on pension plan investments | 98,831 | |
| Changes in proportion and differences between | | |
| county contributions and proportionate share | | |
| of contributions | 857,912 | |
| County contributions subsequent to the | | |
| measurement date | 1,005,663 | |
| Total | <u>\$2,331,950</u> | \$426,587 |

The \$1,005,663 reported as deferred outflows of resources related to EORP pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

| Year ending June 30 | |
|---------------------|-----------|
| 2021 | \$871,695 |
| 2022 | (25,203) |
| 2023 | 27,598 |
| 2024 | 25,610 |

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

| EORP |
|-------------|
|-------------|

Actuarial valuation date

Actuarial cost method

Investment rate of return

June 30, 2019

Entry age normal

7.3%

Wage inflation 3.75%
Price inflation 2.5%
Permanent benefit increase 1.75%

Mortality rates PubG-2010 tables

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on EORP pension plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| EORP | Target | Long-Term Expected Geometric Real Rate |
|------------------------|-------------|----------------------------------------|
| Asset Class | Allocation | of Return |
| Short term investments | 2% | 0.25% |
| Risk parity | 4% | 4.01% |
| Fixed income | 5% | 3.00% |
| Real assets | 9% | 6.75% |
| GTS | 12% | 4.01% |
| Private credit | 16% | 5.36% |
| Real estate | 10% | 4.50% |
| Private equity | 12% | 8.40% |
| Non-U.S. equity | 14% | 5.00% |
| U.S. equity | <u>16%</u> | 4.75% |
| Total | <u>100%</u> | |

Discount rate—At June 30 2019, the discount rate used to measure the EORP total pension liability was 7.3 percent, which was a decrease of 0.1 from the discount rate used as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the actuarially determined rates, and State contributions will be made as currently required by statute. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate—The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.3 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.3 percent) or 1 percentage point higher (8.3 percent) than the current rate:

| EORP | | Current | |
|---------------------------------|-----------------------|----------------------|-----------------------|
| | 1% Decrease (6.3%) | Discount Rate (7.3%) | 1% Increase (8.3%) |
| County's proportionate share of | | | |
| the net pension liability | \$16,635,199 | \$14,526,649 | \$12,730,733 |

Pension Plan Fiduciary Net Position—Detailed information about the pension plan's fiduciary net position is available in the separately issued EORP financial report.

EODCRS plan—Elected officials and judges that are not members of EORP or ASRS participate in the EODCRS. The EODCRS is a defined contribution pension plan. The PSPRS Board of Trustees governs the EODCRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 3.1. Benefit terms, including contribution requirements, are established by State statute.

For the year ended June 30, 2020, active EODCRS members were required by statute to contribute 8 percent of the members' annual covered payroll, and the County was required by statute to contribute 6 percent of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the County's contributions to the individual employee account and the earnings on those contributions. For the year ended June 30, 2020, the County recognized pension expense of \$18,536.

Note 11 - Interfund Balances and Activity

Interfund receivables and payables—Interfund balances at June 30, 2020, were as follows:

| | Payable to | | | |
|--------------------------|--------------------|----------------|------------------|--------------------|
| | Other | | | |
| | General | Public Works/ | Governmental | |
| | Fund | HURF Fund | Funds | Total |
| Payable from | | | | |
| General Fund | | \$9,236 | \$ 44,613 | \$ 53,849 |
| Public Works/HURF Fund | \$ 73,505 | | | 73,505 |
| Jail District Fund | 12,182 | | | 12,182 |
| CARES Act Fund | 3,298,585 | | 577,898 | 3,876,483 |
| Other Governmental Funds | 763,840 | | 101,745 | <u>865,585</u> |
| Total | <u>\$4,148,112</u> | <u>\$9,236</u> | <u>\$724,256</u> | <u>\$4,881,604</u> |

The interfund balances resulted from time lags between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund balances are expected to be paid in one year.

Interfund transfers—Interfund transfers for the year ended June 30, 2020, were as follows:

| | Transfers to | | | |
|-----------------------------------|--------------------------|--------------------------|--------------------------------|---------------------------------|
| | General Fund | Jail District Fund | Other Governmental Funds | Total |
| Transfers from | | | | |
| General Fund | | \$773,651 | \$2,380,438 | \$3,154,089 |
| Public Works/HURF Fund | | | 506,881 | 506,881 |
| CARES Act Fund | \$3,298,585 | | 577,898 | 3,876,483 |
| Other Governmental Funds Total | 1,338,239 \$4,636,824 | <u>\$773,651</u> | 268,715 \$3,733,932 | <u>1,606,954</u> \$9,144,407 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments are due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Note 12 - County Treasurer's Investment Pool

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County's monies under her stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested

for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments annually at June 30.

The County Treasurer's investment pool is not registered with the Securities and Exchange Commission as an investment company, and there is no regulatory oversight of its operations. The pool's structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments.

The Treasurer allocates interest earnings to each of the pool's participants.

The deposits and investments the County holds are included in the County Treasurer's investment pool, except for \$888,929 in deposits. Therefore, the deposit and investment risks of the Treasurer's investment pool are substantially the same as the County's deposit and investment risks. See Note 3 for disclosure of the County's deposit and investment risks.

Details of each major investment classification follow:

| | | Interest | | |
|--------------------------|--------------|---------------|---------------|--------------|
| Investment Type | Principal | Rates | Maturities | Amount |
| U.S. agency securities | \$96,400,000 | 1.50% - 3.00% | 07/20 - 08/22 | \$98,507,510 |
| U.S. Treasury securities | 61,900,000 | 1.50% - 2.75% | 07/20 - 04/22 | 62,616,532 |
| Corporate bonds | 10,000,000 | 1.50% | 05/22 - 06/22 | 9,977,200 |
| Corporate notes | 30,000,000 | Variable | 06/22 - 06/23 | 29,697,400 |
| Government money | | | | |
| market funds | 40,306,348 | N/A | N/A | 40,306,348 |

A condensed statement of the investment pool's net position and changes in net position follows:

Navajo County Required Supplementary Information Notes to Budgetary Comparison Schedules June 30, 2020

Note 1 - Budgeting and Budgetary Control

A.R.S. requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Essentially, the County prepares its budget on the same modified accrual basis of accounting used to record actual revenues and expenditures. In addition, the County budgets its expenditures by function.

The County has adopted budgets in accordance with A.R.S. requirements for the General Fund, Special Revenue Funds, Capital Project Funds, and Debt Service Funds, with the exception of the County School Superintendent's (CSS) Special Revenue Fund. In accordance with A.R.S. §15-301(C), the CSS is designated as a local education agency (LEA). Expenditures for the LEA for an accommodation school, juvenile detention education, special education services, and unorganized territory transportation are not included in the adopted budget of the County's Board of Supervisors. For fiscal year 2020, the County did not budget for the Jail District Fund because the District was created in August 2019 and its primary revenue source of jail excise sales tax was unknown. Also, the County did not budget for the CARES Act Fund and Housing Fund because their federal revenue sources were unknown and unanticipated during the budget process.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors' approval. With the exception of the General Fund, each fund includes only one department.

Note 2 - Budgetary Basis of Accounting

The County's budget is prepared on a basis consistent with generally accepted accounting principles, except for the indirect costs were budgeted in transfers in and out.

The following schedule reconciles the excess/(deficiency) of revenues over expenditures from the Statement of Revenues, Expenditures, and Changes in Fund Balances to the budgetary comparison schedules:

| | General Fund | Public Works/ HURF Fund |
|---------------------------------------------------|---------------------|----------------------------|
| Excess/(deficiency) of revenues over expenditures | | |
| from the Statement of Revenues, Expenditures, | | |
| and Changes in Fund Balances | \$ 5,989,041 | \$(237,108) |
| Indirect costs budgeted in transfers in/(out) | (1,727,646) | 830,695 |
| Excess of revenues over expenditures from the | | |
| Budgetary comparison schedules | <u>\$ 4,261,395</u> | <u>\$ 593,587</u> |

Navajo County Required Supplementary Information Notes to Budgetary Comparison Schedules June 30, 2020

Note 3 - Expenditures in Excess of Appropriations

For the year ended June 30, 2020, expenditures exceeded final budget amounts at the department level (the legal level of budgetary control) as follows:

| Fund/Department | Excess |
|------------------------|-----------|
| General Fund | |
| Contracts | \$250,244 |
| State Cost Shifts | 62,675 |
| Planning and Zoning | 16,912 |
| Voter Registration | 5,513 |
| Public Defender | 72,779 |
| Holbrook Justice Court | 2,811 |
| Snowflake Constable | 898 |
| Holbrook Constable | 106 |
| Winslow Constable | 160 |
| Juvenile Detention | 20,890 |

The excesses were primarily the result of unexpected expenditures or expenditures made as a result of unanticipated revenues, or both. When departments exceed their annual budget, the County closely monitors departmental spending and discusses the overage with the departments in subsequent budget meetings with the County Manager and Finance.

Specifically, the County experienced higher than anticipated costs in the Contracts Department, State Cost Shifts and Public Defender. The Contracts Department is primarily public defense contracts for cases that are assigned to outside legal counsel when there is a conflict in the Public Defender and Legal Defender's Offices. We experienced a higher than average number of cases that required outside public defense legal counsel which resulted in the Contracts Department exceeding its approved budget. The increase in State Cost Shifts is due to the continued outsourcing of behavioral health services to Jail detainees who do not meet the court's competency requirements and are therefore unable to stand trial. The county intended to hire a clinician to perform these services and reallocated the associated costs to the Juvenile Detention and Probation department budgets. The increase in the Public Defender department was due to outsourcing legal professional services. Due to increased caseloads, services for court appointed defense at the county Justice Courts were contracted to outside legal counsel instead of using county personnel causing the increase.

Navajo County Required Supplementary Information Schedule of the County's Proportionate Share of the Net Pension Liability Cost-Sharing Pension Plans June 30, 2020

| Arizona State Retirement System | Reporting Fiscal Year (Measurement Date) | | | | | | | | | |

Navajo County Required Supplementary Information Notes to Pension Plan Schedules June 30, 2020

Note 1 - Actuarially Determined Contribution Rates

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 2 years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method Entry age normal

Amortization method Level percent-of-pay, closed

Remaining amortization period as of the 2018 actuarial

valuation 19 years

Asset valuation method Actuarial assumptions:

Investment rate of return

7-year smoothed market value; 80%/120% market corridor

In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased

from 8.0% to 7.85%.

Projected salary increases In the 2017 actuarial valuation, projected salary increases

> were decreased from 4.0%-8.0% to 3.5%-7.5% for PSPRS and from 4.0%–7.25% to 3.5%–6.5% for CORP. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%-8.5% to 4.0%-8.0% for PSPRS and from 4.5%-7.75% to 4.0%-7.25% for CORP. In the 2013 actuarial valuation, projected salary increases

> were decreased from 5.0%-9.0% to 4.5%-8.5% for PSPRS and from 5.0%-8.25% to 4.5%-7.75% for CORP.

In the 2017 actuarial valuation, wage growth was Wage growth

decreased from 4% to 3.5% for PSPRS and CORP. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from

5.0% to 4.5% for PSPRS and CORP.

Retirement age Experience-based table of rates that is specific to the type

> of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006

- June 30, 2011.

Mortality In the 2017 actuarial valuation, changed to RP-2014

> tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for

both males and females)

Navajo County Required Supplementary Information Notes to Pension Plan Schedules June 30, 2020

Note 2 - Factors that affect trends

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS, CORP, CORP-AOC, and EORP changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS and EORP also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS-, CORP-, and CORP-AOC-required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the PSPRS-, CORP-, and CORP-AOC-required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. EORP-required contributions are not based on actuarial valuations, and therefore, these changes did not affect them. Also, the County refunded excess employee contributions to PSPRS and EORP members. PSPRS and EORP allowed the County to reduce its actual employer contributions for the refund amounts. As a result, the County's pension contributions were less than the actuarially or statutorily determined contributions for 2018 for both PSPRS and EORP and 2019 for only EORP.

The fiscal year 2019 (measurement date 2018) pension liabilities for EORP and CORP reflect the replacement of the permanent benefit increase (PBI) for retirees based on investment returns with a cost of living adjustment based on inflation. Also, the EORP liability and required pension contributions for fiscal year 2019 reflect a statutory change that requires the employer contribution rate to be actuarially determined. This change increased the discount rate used to calculate the liability thereby reducing the total pension liability.

Navajo County, Arizona Fiscal Year Ended June 30, 2020

Navajo County Nonmajor Governmental Funds June 30, 2020

Special Revenue Funds

Administration Accounts for administration of a variety of programs including the Assessor,

Recorder and Treasurer surcharges, election services and certain emergency service functions. Funding sources include service related surcharges, federal

and state grant funds, fees and local government contributions.

County Attorney Accounts for various programs administered by the County Attorney including

Victim's Rights, Assistance and Restitution, Child Support Enforcement, Anti-Racketeering, High-Intensity Drug Trafficking Area and Bad Check Enforcement. Funding sources include statutory fees and other surcharges related to criminal

prosecution, federal and state grants and other user fees.

Courts Accounts for the processing of criminal cases as well as court enhancement and

record retention improvement funds. Funding sources include statutory fees and

other surcharges related to the courts.

Environmental and Conservation Accounts for forest health and energy conservation programs. Funding is

provided by federal grants.

Flood Control District Accounts for flood control facilities and regulates floodplains and drainage to

prevent flooding of property in Navajo County. Funding is provided by secondary

property taxes.

Housing Accounts for housing and community development programs. Funding is provided

by federal Community Development Block Grants.

Library District Accounts for support services and materials provided to the County's community

libraries. Funding sources include federal and state grants and a secondary

property tax levy.

Probation Accounts for Adult and Juvenile Probation programs and services provided in

coordination with the State's Superior Court System. Funding sources include

state grants and fees paid by probationers.

Public Defense Accounts for the public defense of criminal cases including public defense

enhancement funds. Funding sources include statutory fees and other surcharges

related to public defense.

Public Health Accounts for a variety of health service and education programs including Bio-

Terrorism, Women, Infants and Children (WIC), Nutrition, Tobacco, Dental and infectious and contagious diseases. Funding sources include a secondary property tax levy, federal and state grants, appropriations, fees and private party

contributions.

Recreation District Accounts for operating costs of the White Mountain Lake Recreation District.

Funding sources are fees and secondary property taxes assessed the benefiting

property owners within the district boundaries.

Navajo County Nonmajor Governmental Funds June 30, 2020

Sheriff's Office Accounts for various jail and law enforcement programs including Jail

Enhancement, Drug Enforcement, Anti-Racketeering, High-Intensity Drug Trafficking Area and Boating Safety. Funding sources include federal and state

grants.

Hilltop Drive, Mountain View and North Whistle Stop Loop County Road

Improvement Districts. Funding sources are secondary property taxes assessed

the benefiting property owners within the district boundaries.

Superintendent of Schools Accounts for educational services and programs including the Navajo County

Accommodation District, juvenile detention Hope School, Special Services Consortium and unorganized school district territory. Funding sources include federal and state grants and charges for services from local school districts.

Workforce Innovation and Accounts for administration of the federal Workforce Innovation and Opportunity

Opportunity Act (WIOA) Act (WIOA) program. Funding is from federal grants.

Debt Service Funds

General Government Accounts for the accumulation of resources for payment of principal and interest

on the 2012 and 2013 Series Pledged Revenue Obligations for construction of the Public Works Complex in Holbrook and construction and remodel of jail

facilities.

Special Districts Accounts for the accumulation of resources for the payment of principal and

interest on bonds and other debt instruments of the Sutter Drive, Scott's Pine Tract A, Shumway Road and Bucking Horse Improvement Districts. Funding sources are secondary property taxes assessed the benefiting property owners

within the district boundaries.

⁽²⁾ Personal income was not available for 2020.

Navajo County Computation of Direct and Overlapping Debt Governmental Activities - Debt Outstanding June 30, 2020

| | Net Debt Outstanding | Percent Applicable to Navajo County | Amount Applicable to Navajo County |
|----------------------------------------------------------------------|-------------------------|----------------------------------------------|---------------------------------------------|
| Governmental Activities Navajo County – Pledged Revenue Obligations | \$10,975,000 | 100 | \$10,975,000 |
| Navajo County - Capital Leases & Installment Purchase Contracts | \$69,251 | 100 | \$69,251 |

NOTE: Overlapping governments are those that coincide with the geographic boundaries of the County. All overlapping governments are 100% within the County's boundaries. This schedule estimates the portion of the outstanding debt borne by the residents and businesses of Navajo County. When considering the County's ability to issue and repay long-term debt, the process should recognize the entire debt burden by the residents and businesses therein. However, this does not imply that every taxpayer is a resident of each government and therefore is responsible for the repayment of debt of each overlapping government.
