INTRODUCTORY SECTION

The purpose of the Introductory Section in a comprehensive annual financial report (CAFR) is to familiarize readers with the organizational structure of the government, the nature and scope of the services it provides, and the specifics of its legal operating environment.

COUNTY ADMINISTRATOR'S OFFICE

PIMA COUNTY GOVERNMENTAL CENTER
130 W. CONGRESS, FLOOR 10, TUCSON, AZ 85701-1317
(520) 724-8661 FAX (520) 724-8171

C.H. HUCKELBERRY
County Administrator

December 18, 2017

To the Honorable Board of Supervisors and Citizens of Pima County, Arizona:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of Pima County for the fiscal year ended June 30, 2017. This report presents comprehensive financial and operating information about the County's activities for the fiscal year.

We believe that the financial information, as presented, is accurate in all material aspects; that it is presented in a manner designed to openly disclose the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The State of Arizona Office of the Auditor General is required to audit financial transactions and accounts kept by counties. The Auditor General has issued an unmodified ("clean") opinion on the Pima County financial statements for the year ended June 30, 2017. The Auditor General's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The Comprehensive Annual Financial Report consists of three sections:

- The **INTRODUCTORY** section describes the organizational structure of the County, the nature and scope of its services, and the specifics of its legal operating environment.
- The **FINANCIAL** section includes the Auditor General's report, the MD&A, the audited basic financial statements, the notes to the statements, and required supplementary information necessary to fairly present the financial position and results of operations of the County in conformity with generally accepted accounting principles.
- The **STATISTICAL** section contains comprehensive statistical data on the County's financial, physical, economic, and demographic characteristics.

Pima County Profile

Covering an area of approximately 9,200 square miles, Pima County is one of the oldest continuously inhabited areas of the United States. It is situated in the southern part of Arizona with a portion of its southern boundary bordering Mexico. Created in 1864, Pima County includes a large portion of southern Arizona acquired from Mexico by the Gadsden Purchase of 1854. Pima County has purchased thousands of acres of open space and ranches to preserve and protect the stunning landscapes and historic and cultural sites. The County's population has grown from 395 in 1820 to an estimated population of 1,025,044 in 2017, according to the Arizona Department of Administration, Office of Employment and Population Statistics. The County has a vibrant multicultural diversity. A major commercial and academic hub, Pima County is home to Tucson, the second largest city in Arizona. Although the County has five incorporated cities and towns, more than a third of the population lives outside of any incorporated cities or towns.

A five-member Board of Supervisors is responsible for implementing the County's governmental and administrative affairs. Each member is elected from a designated district to serve a four-year term. The chairman is selected by the Board from among its members. The Board is responsible for establishing the policies of the County, which provide guidance to the various County constitutional officers and departments. The Board has the legal authority and responsibility to establish spending limits and approve the budgets of all County departments, and also sets the amount of taxes to be levied. The Board appoints a County Administrator who is responsible for the general administrative and overall operations of the various departments of the County. The County has several other elected officials including the Assessor, County Attorney, Recorder, Sheriff, Clerk of the Superior Court, the Constables, Superintendent of Schools, Treasurer, and Judges for the Superior Courts, Juvenile Courts, and Justice Courts.

Pima County includes in its financial statements all funds, agencies, boards, commissions, and authorities for which the Pima County Board of Supervisors is financially accountable. As the primary government, Pima County is financially accountable if it appoints a voting majority of an organization's governing body and either it is able to impose its will on that organization or a potential exists for that organization to provide specific benefits to, or impose specific financial burdens on, Pima County. Additionally, the County may be financially accountable if an organization is fiscally dependent on the County.

Pima County offers a wide variety of governmental services that are organized into the following functional areas:

- *General Government Services* primarily provides internal administrative and support services to County departments directly serving the public. The departments comprising this function include the Assessor; Board of Supervisors; Clerk of the Board; Communications and Graphic Services; County Administrator; Elections; Facilities Management; Finance and Risk Management; Fleet Services; General Government Services Administration; Human Resources; Information Technology; Non Departmental; Procurement; Recorder; and Treasurer.
- *Community Resources* provides educational, cultural, social, economic development and recreational programs to the public. The departments in this functional area are Attractions and Tourism; Community and Economic Development & Grants Data Office; Community Development and Neighborhood Conservation; Community Services, Employment and Training; County Free Library; Kino Sports Complex; Natural Resources, Parks and Recreation; Rocking K South Community Facilities District; School Superintendent; and the Stadium District.
- *Justice and Law* provides public safety, felony and misdemeanor investigation and prosecution, and services for victims, witnesses, and those needing fiduciary assistance. Services are also provided in the areas of indigent defense, civil representation, correctional housing, and juvenile detention. The departments within this area are the Clerk of the Superior Court; Constables; County Attorney; Medical Examiner; Justice Courts; Juvenile Court; Public Defense Services; Sheriff; and Superior Court.
- *Health Services* provides various public health, sanitation, and animal control services, as well as medical assistance to indigents. The component departments are Behavioral Health; Environmental Quality; Health;

Office of Emergency Management and Homeland Security, Pima Animal Care Center, and Wireless Integrated Network.

- *Public Works* provides construction, operations, and maintenance services related to the County's infrastructure and related planning and environmental issues. The departments within this area are Capital Projects; Development Services; Office of Sustainability and Conservation, Public Works Administration; Real Property; Regional Flood Control District; Regional Wastewater Reclamation; and Transportation.

Pima County is responsible for reporting the financial activities of its component units. These units are either discretely presented or blended. Although they are separate legal entities, blended component units are substantially a part of the County's financial activities and are combined with data for the County.

The County's component units include the following:

- The *Pima County Stadium District*, the *Regional Flood Control District*, the *Library District*, the *Rocking K South Community Facilities District*, and the *Street Lighting Districts* are reported as blended component units in special revenue funds in the accompanying financial statements.
- The *Southwestern Fair Commission* is reported as a separate component unit (discrete presentation) in the accompanying financial statements.

Additional information on the legally separate entities and the blended component units can be found in the notes to the financial statements (see Note 1).

The County also has various independently governed school districts, irrigation districts, fire districts, a health district (Ajo-Lukeville), and other entities for which the County is not financially accountable. These entities include the Industrial Development Authority, Pima Association of Governments, Pima Council on Aging, the Workforce Investment Board, Regional Transportation Authority, and Sun Corridor, Inc. The financial statements of such districts and entities are not included in the accompanying financial statements except to reflect amounts held in a fiduciary capacity by the County Treasurer.

Following receipt of the County Administrator's Recommended Budget and public discussion of the Recommended Budget, the Board of Supervisors historically adopts a budget in June. A budget must be adopted on or before the first Monday in August. The Adopted Budget sets a ceiling on expenditures that may be incurred for the County as a whole. This annual budget serves as the foundation for Pima County's financial planning and control. Pima County has implemented a program-oriented presentation of its budget. All departments are budgeted on a cost unit/object line item basis. Departments may modify line item amounts within their own budgets provided the total program budgeted amount remains unchanged. Changes to the adopted budget that require a transfer between funds are evaluated by the County Administrator prior to recommendation of approval to the Board of Supervisors. Should the County Administrator recommend the change to the Board of Supervisors, the recommendation will be considered at a regularly scheduled, open meeting of the Board.

On an annual basis, the County Administrator's office prepares a five-year Capital Improvement Plan and a one-year Capital Improvement Budget.

Economic Outlook

Pima County's major employers are the University of Arizona, Raytheon Missile Systems, State of Arizona, and Davis-Monthan Air Force Base. Major manufacturers include Ventana Medical Systems, IBM and several aerospace and aircraft companies including Raytheon Missile Systems, Bombardier Aerospace, and Honeywell Aerospace. Employment by industry is led by government; educational and health services; trade, transportation and utilities; professional and business services; and leisure and hospitality. The Pima County unemployment rate has continually declined on an annual basis to 5.0% in 2016, after reaching a peak of 9.4% in 2010. The decline in Pima County's unemployment rate has been slightly less than the decrease in the national unemployment rate, which was

9.6% in 2010 and had fallen to 4.9% in 2016. Nearly half of Pima County's population is in the prime working age range of 18 to 54.

A sunny, mild, dry climate with an average temperature of 71°F and a unique desert location help promote travel and tourism as a major industry in Pima County. Spending by visitors generates sales in lodging, food services, recreation, transportation, and retail businesses. These sales support jobs for Pima County residents and contribute tax revenues to local and state governments. According to recent research data released by the Arizona Office of Tourism, Pima County direct travel spending generated approximately \$2.70 billion (12.7% of Arizona direct travel spending) in 2016. This direct travel spending generated 24,700 direct jobs, \$693 million in direct earnings and \$197 million in local and state tax revenues. Unlike other industries, taxes generated by travel industry spending are paid by visitors rather than residents. These visitors bring new money into Pima County's economy and generate revenue in the County. Some of the best world-class attractions in Arizona are found in Pima County, such as the Arizona-Sonora Desert Museum and the Pima Air and Space Museum. There are several signature events which draw many tourists to the area and have a significant economic impact on the County, including the following:

- The area's largest annual event is the two-week Tucson Gem, Mineral and Fossil Showcase, the largest event of its kind in the world, which attracts an estimated 50,000 people to Tucson and has an estimated economic impact of \$120 million in direct spending and nearly \$11 million in sales, bed, and rental car tax revenues.
- The annual El Tour de Tucson is Southern Arizona's largest bicycling event, attracting more than 9,000 cyclists and 30,000 spectators. El Tour's annual economic impact is estimated to be \$17 to \$25 million on ride weekend alone and \$65 to \$175 million year-round.

Please refer to the MD&A beginning on page 15 for additional information regarding the County's economic outlook.

Long-term Financial Planning

Pima Prospers is Pima County's ten-year comprehensive plan establishing a vision and overarching principles for the County in areas such as land use, physical infrastructure, human infrastructure, and economic development. The County's annual budget, capital improvement plan, and debt management strategies are aligned with this comprehensive plan. Pima Prospers, including the planning for its financial impacts, can be found at www.pimaprospers.com.

Pima County's Economic Development Plan is a shorter term plan focusing on the County's future actions to help create new jobs, protect our existing jobs, improve transportation, promote tourism, and enhance relationships with our economic partners. Regional infrastructure investment is a significant component of the County's Economic Development Plan. Some of these economic development projects and financing can be seen in the Capital Improvement Plan and Debt Management sections below.

Capital Improvement Plan

The Adopted Budget for fiscal year 2017-2018 includes \$183 million for its Capital Improvement Plan (CIP). Under this plan, four departments comprise 94% of the total CIP budget as follows:

- Transportation, with a budget of \$70 million
- Regional Wastewater Reclamation, with a budget of \$49 million
- Facilities Management, with a budget of \$40 million
- Regional Flood Control District, with a budget of \$13 million

Transportation - The Department of Transportation projects are funded by highway user revenues, vehicle license tax revenues and from funding received from the Pima County Regional Transportation Authority, a taxing entity distinct from Pima County. Transportation has four major projects included in the fiscal year 2017-2018 budget:

- Local Roads – Pavement Repair & Rehabilitation is budgeted for \$19.5 million.
- Broadway Blvd., Euclid to Country Club is budgeted for \$10.0 million.
- Cortaro Farms Road, Camino de Oeste to Thornydale is budgeted for \$9.7 million.
- Valencia Road/Wade Road to Ajo Highway is budgeted for \$5.3 million.

Regional Wastewater Reclamation – The Regional Wastewater Reclamation Department (RWRD) projects are predominantly funded by Sewer Revenue Obligations. RWRD has a total fiscal year 2017-2018 budget of \$49 million with the following major projects included:

- Minor Rehabilitation Projects are budgeted for \$10.0 million.
- Southeast Interceptor Augmentation project is budgeted for \$6.9 million.
- Continental Ranch Regional Pump Station Modification project is budgeted for \$5.5 million.
- Tres Rios Wastewater Reclamation Facility Nutrient Recovery Project is budgeted for \$4.0 million.

Facilities Management –Facilities Management is budgeted for several ongoing projects. Three of the major projects included in the fiscal year 2017-2018 are the following:

- Pima Animal Care Center project is budgeted for \$13.6 million.
- Old Courthouse – Core & Shell is budgeted for \$6.9 million.
- Old Courthouse – Renovations & Tenant Improvements is budgeted for \$5.5 million.

Regional Flood Control District – The Regional Flood Control District has active projects with a total budget of \$13 million. Major projects include:

- Pantano Wash: Ft. Lowell Park to Tanque Verde Road project is budgeted for \$2.7 million.
- Santa Cruz River Maintenance is budgeted for \$2.5 million.

Debt Management

Bond ratings for Pima County, given by Fitch and Standard & Poor's, range from A+ to AAA. Pima County maintains a sound financial profile, with healthy operating reserves while its debt burden is manageable and debt repayment is rapid.

Pima County continues to utilize debt authorized by Pima County voters in elections from 1997, 2004, 2006 and 2014. At June 30, 2017, \$73.4 million from the November 4, 1997 election for Street and Highway Revenue is the only authorization that remains unissued. The County issues Certificates of Participation for building construction and Sewer Revenue Obligations to fund the construction and improvement of the County's wastewater conveyance systems and treatment facilities.

Bond sales and debt issuances anticipated for fiscal year 2017-2018 include \$45 million of Sewer Obligations, \$64 million of Certificates of Participation, and \$12 million of Street and Highway Revenue bonds.

The County's conservative debt management principles play a critical role in the decision regarding when to issue new debt. The County has set an aggressive debt repayment schedule, with 100 percent retired at or before 15 years.

The state constitution sets a cap on general obligation debt at 15 percent of the County's net secondary assessed valuation. In fiscal year 2016-2017, the constitutional debt limit was \$1.2 billion. The actual bonded indebtedness was \$321 million, far below the constitutional debt limit.

Please refer to the MD&A beginning on page 15 and Note 7 beginning on page 65 for specific details on debt issuances, defeasances, and refundings.

Expenditure Limitation

Pima County, like all counties and cities in Arizona, is subject to numerous budgetary and related legal requirements. Article 9, Section 20, of the Arizona Constitution sets limits on the County's legal budget capacity. In general, the Board of Supervisors, as the governing body of the County, cannot authorize expenditures from local revenues in excess of the expenditure limitation determined annually for Pima County by the Arizona Economic Estimates Commission. The expenditure limitation is determined each year by adjusting the amount of actual payments of local revenues received by the County during fiscal year 1979-1980 to reflect inflation and subsequent population growth for the County. Not subject to this limitation are items such as bond proceeds, related debt service, interest earnings, special voter approved districts, certain highway user revenue funds, federal grant and aid funds, monies received pursuant to intergovernmental agreements, and state grants which are to be used for specific purposes. As in previous years, the County's expenditures for fiscal year 2016-2017 are expected to be under the limit of \$550.1 million.

Single Audit

As a recipient of federal and state financial assistance, the County is required to ensure adequate internal controls are in place to comply with applicable laws and regulations related to administration of these programs. This internal control structure is subject to periodic evaluation by management of Pima County. An important part of management's periodic evaluation is having the County's federal financial assistance programs audited annually under the federal Single Audit Act.

As a part of the County's Single Audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs and whether the County has complied with applicable laws and regulations.

A complete Single Audit report for the fiscal year ended June 30, 2016 can be found at:

<http://www.pima.gov/finance/reports.shtml>

The Single Audit for Pima County for the fiscal year ended June 30, 2017 was not complete at the time of publication of this CAFR.

As demonstrated by the statements and schedules included in the financial section of this report, Pima County continues to meet its responsibility for sound financial management.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Pima County, Arizona, for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2016. Pima County has received this prestigious award for thirty years from fiscal years ended June 30, 1984 through 2016, except for fiscal years ended June 30, 1990 and June 30, 1999, due to missing the filing deadline. In order to be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable program requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Pima County also received the GFOA's Distinguished Budget Presentation Award for its fiscal year 2016-2017 budget document. This was the nineteenth consecutive year that Pima County has achieved this award. To qualify for the Distinguished Budget Presentation Award, Pima County's budget had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

Acknowledgments

The preparation of this report could not have been possible without the skill, effort, and dedication of the entire staff of the County's Finance and Risk Management Department. We wish to thank all government departments for their assistance in providing the data necessary to prepare this report. Credit is also due to the Board of Supervisors for its unfailing support for maintaining the highest standards of professionalism in the management of Pima County's finances.

Pima County, Arizona

Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain departments, one major fund, and the discretely presented component unit, which account for the following percentages of the assets and deferred outflows, liabilities and deferred inflows, revenues, and expenses or expenditures of the opinion units affected.

Opinion unit/department	Assets and deferred outflows	Liabilities and deferred inflows	Revenues	Expenses/ expenditures
<u>Government-wide statements</u>				
Governmental activities:				
Stadium District	1.57%	0.57%	0.53%	0.80%
School reserve fund	0.06%	0.16%	0.22%	0.26%
Wireless Integrated Network	0.08%	0.02%	0.34%	0.36%
Self-insurance trust	3.06%	2.60%	1.90%	1.17%
Health benefit trust	1.47%	0.62%	7.95%	7.71%
Business-type activities:				
Regional Wastewater Reclamation Department	98.14%	98.79%	94.44%	94.56%
Development Services	0.31%	1.11%	4.81%	4.02%
Discretely presented component unit:				
Southwestern Fair Commission	100.00%	100.00%	100.00%	100.00%
<u>Fund statements</u>				
Major fund:				
Regional Wastewater Reclamation Department				
Enterprise fund	100.00%	100.00%	100.00%	100.00%

Opinion unit/department	Assets and deferred outflows	Liabilities and deferred inflows	Revenues	Expenses/ expenditures
Aggregate remaining fund information:

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the other auditors' reports. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other matters

Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 15 through 33, budgetary comparison schedules on pages 99 and 100, schedule of the County's proportionate share of the net pension liability—cost-sharing pension plans on page 101, schedule of changes in the county's net pension liability and related ratios—agent pension plans on pages 102 and 103, schedule of county pension contributions on page 104, and schedule of agent OPEB plans' funding progress on page 106 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are management's responsibility and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to use highway user revenue fund monies the County received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues the County received solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the use of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Debbie Davenport
Auditor General

Management's Discussion and Analysis

Pima County, Arizona
Management's Discussion and Analysis
For the Year Ended June 30, 2017

Our discussion and analysis of the County's financial performance provides an overview of the County's financial activities for the year ended June 30, 2017. Please read it in conjunction with the transmittal letter, which begins on page 1 and the County's basic financial statements, which begin on page 35. All dollar amounts are expressed in thousands (000's) unless otherwise noted.

Financial Highlights

- The County's total net position increased \$73,129; a change of \$25,619 when compared to the prior year's increase of \$47,510. The change is primarily due to increases in charges for services revenues of \$9,405, property tax revenues of \$8,810, and State-shared tax revenues of \$5,415.
- The County issued \$147,750 in General Obligation bonds to finance a variety of voter-authorized projects (\$25,680), including the new Pima Animal Care Center and refund a portion of existing bonds (\$122,070). The County also issued \$28,315 in Transportation Revenue Bonds to refund a portion of existing bonds. In addition, the County issued \$256,595 in Sewer Revenue Obligations to finance the construction, expansion, and improvement of sewer treatment facilities and conveyance systems (\$45,000) and refund a portion of existing obligations (\$211,595). These debt refunding issuances resulted in a reduction in future debt service payments of \$29,347.
- The County's primary sources of revenue come from property taxes, charges for services, grants and contributions, and state shared taxes as displayed below:

- The County's total net position at June 30, 2017, is \$1,903,365. Composition of net position is illustrated in the following chart.

Composition of Net Position, as of June 30, 2017

- Governmental Activities total net position at June 30, 2017, is \$1,114,384, representing an increase of \$68,752 (6.6%) from the prior fiscal year, primarily due to increases of \$40,336 in net operating transfers, \$8,810 in property taxes, \$5,415 in State-shared taxes, \$4,952 in charges for services revenues, and a \$4,900 decrease in overall expenses. Business-type Activities total net position of \$788,981 increased by \$4,377 (0.6%) in the current fiscal year, primarily due to an increase of \$4,453 in Charges for services revenues.

Comparative Total Net Position

- The current fiscal year's General Fund unassigned fund balance of \$97,638 is an increase of \$20,088 (25.9%) from \$77,550 in the prior fiscal year, primarily due to an increase in intergovernmental revenues of \$8,357 from State-shared sales and vehicle registration taxes and also an increase in property tax revenues of \$4,764. The unassigned fund balance comprises 95.7% of the total fund balance of \$102,036.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: (1) Government-wide Statements, (2) Fund Statements, and (3) Notes to the Financial Statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide financial statements are designed to provide readers with a broad overview of County finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all County assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation or sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) in contrast to other functions that are intended to recover all or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and education and economic opportunity. The business-type activities of the County include: Regional Wastewater Reclamation (RWR), Development Services, and the County's downtown parking garages.

The Southwestern Fair Commission is presented as a discretely presented component unit and is included in the basic financial statements. The Commission, which operates the County Fairgrounds and annual Pima County Fair, is a legally separate entity for which the County is financially accountable.

The government-wide financial statements can be found on pages 35-37.

Fund financial statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance with applicable state statutes and Federal Office of Management and Budget budgeting guidelines. All of the funds can be divided into three categories: (1) *governmental funds*, (2) *proprietary funds*, and (3) *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances*

of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains sixteen individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General, Capital Projects, and Debt Service funds, which are reported as major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements.

The governmental fund financial statements can be found on pages 38-41. The combining statements for non-major governmental funds can be found on pages 108-111.

Proprietary funds are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type* activities in the government-wide financial statements. The County uses enterprise funds to account for sewer systems maintenance and operation, real estate-related development services, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for employee health and health related benefits, risk management, automotive fleet maintenance and operations, printing services, telecommunications, wireless, and information technology network infrastructure. Because these services predominantly benefit governmental rather than business-type functions, all of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of these services have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The RWR Enterprise Fund is considered to be a major fund of the County. Data from the other enterprise funds are combined into a single, aggregated presentation. Similarly, the County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the other enterprise and internal service funds are provided in the form of combining statements.

The proprietary fund financial statements can be found on pages 42-45. The combining statements for other enterprise and internal service funds can be found on pages 129-136.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

The fiduciary fund financial statements can be found on pages 46-47.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages **48-98**.

Required Supplementary Information (RSI) is presented concerning the County's General Fund budgetary schedule and the schedule of the County's Proportionate Share of the Net Pension Liability for Cost Sharing Plans, the Schedule of Changes in the County's Net Pension Liability and Related Ratios for Agent Pension Plans, the Schedule of County Pension Contributions, and the Schedule of Agent OPEB Plans' Funding Progress. Required supplementary information can be found on pages **99-106**.

Combining Statements and Other Schedules referred to earlier provide information for non-major governmental, enterprise, internal service, and fiduciary funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages **108-140**.

Government-Wide Financial Analysis

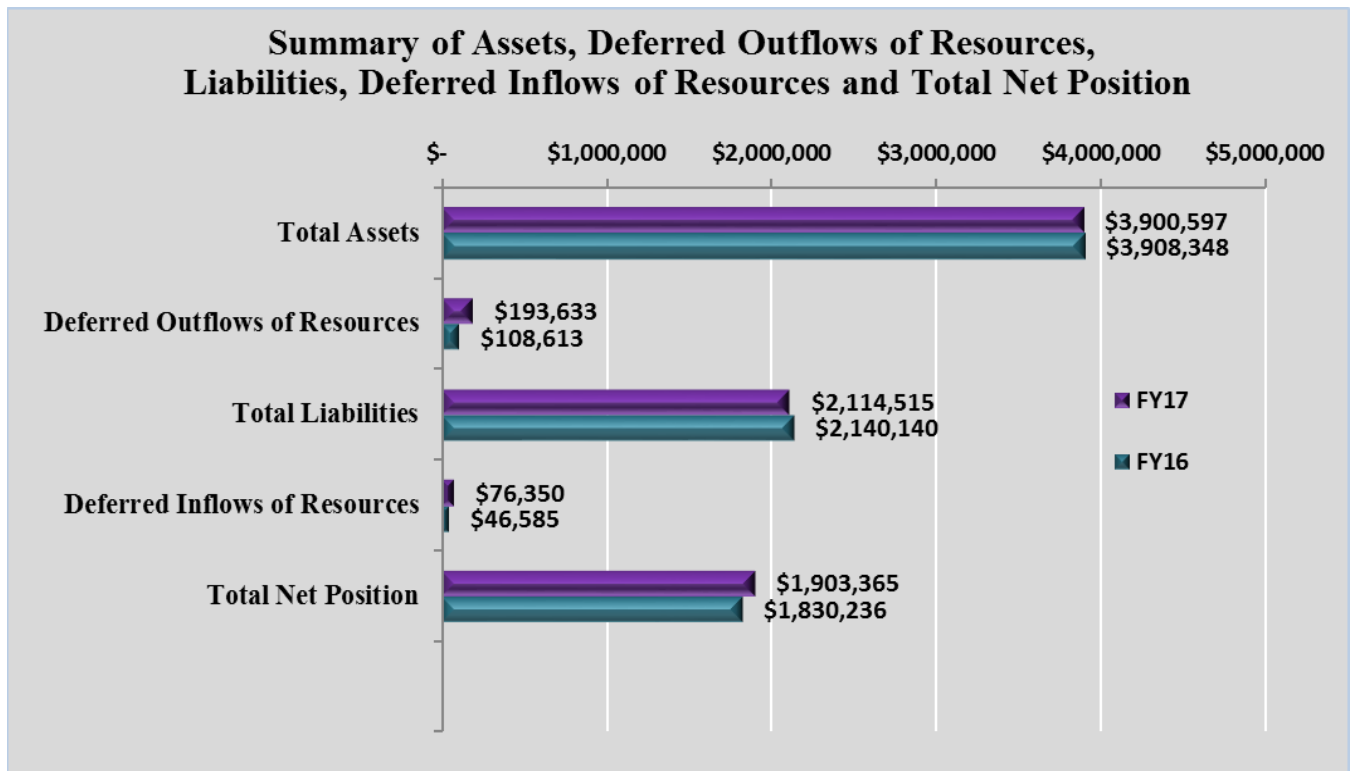

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. An analysis of the results of operations is also useful. The schedule below identifies variances in the results of operations.

Schedule of Results of Operations and Net Position For the Years Ended June 30, 2017 and 2016			
	2017	2016	Variance
Charges for services	\$ 247,714	\$ 238,309	\$ 9,405
Operating grants and contributions	130,049	127,571	2,478
Capital grants and contributions	42,621	52,876	(10,255)
Total program revenues	<u>420,384</u>	<u>418,756</u>	<u>1,628</u>
Total general revenues and transfers	<u>636,106</u>	<u>617,434</u>	<u>18,672</u>
Total program and general revenues	<u>1,056,490</u>	<u>1,036,190</u>	<u>20,300</u>
Total expenses	983,361	988,680	(5,319)
Change in net position	<u>\$ 73,129</u>	<u>\$ 47,510</u>	<u>\$ 25,619</u>

Total general revenues and transfers increased by \$18,672, mainly due to a \$8,810 increase in property tax revenues, and a \$5,415 in State-shared tax revenues within governmental activities. Total expenses decreased by \$5,319, primarily due to a decrease of \$15,575 in highways and streets expenses, partially offset by an increase of \$12,889 in public safety expenses within governmental activities. These variances resulted in a \$25,619 increase in the change in net position to \$73,129.

An explanation of each of these changes is discussed further in the following governmental and business-type activities sections.

The graph presented below illustrates at a summary level the changes in the elements of the Statement of Net Position for the County at June 30, 2017, and June 30, 2016.

A general discussion of significant variances between fiscal years follows. For a more detailed discussion, please see the governmental activities and business-type activities sections immediately following this section.

The total of County assets at June 30, 2017, was \$3,900,597, a decrease of \$7,751 (0.2%) from the prior year, while total liabilities decreased by \$25,625 (1.2%) from the prior year, ending at a balance of \$2,114,515. Deferred outflows of resources related to pensions increased by \$57,215 and deferred outflows of resources related to deferred charges on refunding increased by \$27,805, for a total increase in deferred outflows of resources of \$85,020 (78.3%) over the prior year. Deferred inflows of resources increased \$29,765 (63.9%) over the prior year, ending at a balance of \$76,350.

The result of these changes in assets, deferred outflows of resources, liabilities, and deferred inflows of resources was an increase in net position of \$73,129 (4.0%), to \$1,903,365 in the current fiscal year from \$1,830,236 in the prior fiscal year.

The largest portion of the County's net position is reflected in its net investment in capital assets (i.e., land, buildings, infrastructure, and equipment) less any related outstanding debt used to acquire those assets. At June 30, 2017, net investment in capital assets totaled \$2,083,775, an increase of \$70,645 (3.5%) from the prior year, primarily due to the increase of \$52,846 (3.8%) in net investment in capital assets for governmental activities. The County uses a portion of these capital assets to provide services to its citizens, with the other portion available to its citizens for use; consequently, these assets are *not* available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Resources subject to external restrictions on how they may be used comprise the restricted net position of \$248,790, which is an increase of \$26,195 (11.8%) from the prior year and approximately 13.1% of total net position.

The following schedule presents, on a comparative basis, both governmental activities and business-type activities within the Statement of Net Position.

Schedule of Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position At June 30, 2017 and 2016									
	Governmental Activities			Business-type Activities			Total		
	FY2017	FY2016	Variance	FY2017	FY2016	Variance	FY2017	FY2016	Variance

Total net position	<u>\$ 1,114,384</u>	<u>\$ 1,045,632</u>	<u>\$ 68,752</u>	<u>\$ 788,981</u>	<u>\$ 784,604</u>	<u>\$ 4,377</u>	<u>\$1,903,365</u>	<u>\$1,830,236</u>	<u>\$ 73,129</u>

Analysis of Net Position for Governmental activities

The current and other assets total of \$502,602 in the current fiscal year is an increase of \$16,691 (3.4%) over the prior year total of \$485,911. This increase is primarily due to a \$20,509 increase in the cash and cash equivalents mainly from the increased cash position in the General Fund and a \$4,714 increase in prepaid amounts attributed to additional hardware and software lease agreements in the internal service fund for the Information Technology Department. This increase was partially offset by the \$7,460 decrease in the due from other governments balance due to fewer outstanding receivables for Federal grant reimbursements compared to the prior year.

Total liabilities decreased \$16,251 (1.1%) to \$1,455,271 primarily due to a \$65,313 decrease in outstanding bonds and certificates of participation because of regular retirements and advance refundings, offset by a \$56,214 increase in the total net pension liability for the various retirement plans that the County contributes to for its employees.

The increase in deferred outflows of resources of \$62,280 (59.7%) and deferred inflows of resources of \$27,533 (65.4%) are due to changes in actuarial estimates related to the net pension liability for the various retirement plans that the County contributes to for its employees, in addition to the deferred charges on refunding resulting from the portions of debt that were refunded within governmental activities.

These changes resulted in an overall decrease of \$10,036 in unrestricted net position in the County's governmental activities, which ended at a deficit balance of \$504,431.

Analysis of Net Position for Business-type activities

The total assets of \$1,427,840 in the current fiscal year is a decrease of \$25,505 (1.8%) from the prior year total of \$1,453,345. This decrease is primarily due to a \$14,752 decrease in cash and cash equivalents, mainly from the accelerated repayment of the 2004 Wastewater Infrastructure Finance Authority loan in the Regional Wastewater Reclamation (RWR) enterprise fund, and a \$7,219 decrease in net capital assets resulting from additional depreciation on assets that were completed and capitalized at the end of the prior year.

Total liabilities decreased \$9,374 (1.4%) in the current year to \$659,244 primarily due to the decrease of \$6,048 in accounts payable as fewer construction invoices were outstanding for RWR at the end of the current fiscal year.

The increase of \$22,740 (519.4%) in deferred outflows of resources is due to \$19,131 in deferred charges on refunding resulting from the issuance of refunding debt, in addition to the \$3,609 increase in amounts related to pensions due to changes in actuarial estimates related to the net pension liability for the Arizona State Retirement System plan to which the County contributes for its employees within the business-type activities. The \$2,232 increase in deferred inflows of resources also increased due to the changes in the same actuarial estimates.

The changes in total assets, liabilities, deferred outflows and deferred inflows of resources results in a total net position increase of \$4,377 (0.6%), which ended at a balance of \$788,981.

Governmental activities

The following table shows details of the changes in net position for governmental activities:

Governmental Activities				
Schedule of Revenues, Expenses, and Changes in Net Position				
For the Years Ended June 30, 2017 and 2016				
	<u>FY2017</u>	<u>FY2016</u>	<u>Variance</u>	
			<u>Amount</u>	<u>Percent</u>
Program revenues:				
Charges for services	\$ 66,984	\$ 62,032	\$ 4,952	8.0%
Operating grants and contributions	130,049	127,536	2,513	2.0%
Capital grants and contributions	37,502	45,579	(8,077)	-17.7%
Total program revenues	234,535	235,147	(612)	-0.3%
General revenues:				
Property taxes	453,004	444,194	8,810	2.0%
State-shared taxes	139,683	134,268	5,415	4.0%
Investment earnings	3,297	3,268	29	0.9%
Other general revenues	37,260	33,735	3,525	10.4%
Total general revenues	633,244	615,465	17,779	2.9%
Total revenues	867,779	850,612	17,167	2.0%
Expenses:				
General government	260,251	267,658	(7,407)	-2.8%
Public safety	214,648	201,759	12,889	6.4%
Highways and streets	86,886	102,461	(15,575)	-15.2%
Sanitation	5,195	3,089	2,106	68.2%
Health	39,454	38,386	1,068	2.8%
Welfare	90,013	88,515	1,498	1.7%
Culture and recreation	68,350	65,770	2,580	3.9%
Education and economic opportunity	36,658	35,833	825	2.3%
Amortization	(9,348)	(6,862)	(2,486)	36.2%
Interest on long-term debt	27,066	27,464	(398)	-1.4%
Total expenses	819,173	824,073	(4,900)	-0.6%

Transfers out		(20,190)	20,190	100.0%
Change in net position	68,752	6,349	62,403	982.9%
Beginning net position	1,045,632	1,039,283	6,349	0.6%
Ending net position	\$ 1,114,384	\$ 1,045,632	\$ 68,752	6.6%

Revenues

Total revenues of \$867,779 increased \$17,167 (2.0%) from the prior year, primarily due to an increase of \$8,810 in property taxes that resulted from slightly higher property valuations, an increase of \$5,415 in State-shared taxes mainly attributable to a \$3,956 increase in the unrestricted share of state sales tax, and a \$4,952 increase in charges for services revenues primarily from increased highways and streets revenues from impact fees. These increases were offset by an \$8,077 decrease in capital grants and contributions revenues resulting from a reduction in Federal grant monies related to transportation projects.

The chart below presents general and program revenues, as a percentage to total revenues. The amount provided from each revenue source for governmental activities, as a percentage to total revenue for governmental activities, has not changed significantly from the prior fiscal year. Property taxes, operating grants, and state-shared taxes account for approximately 83.3% of the County's revenues.

General and Program Revenues - Governmental Activities

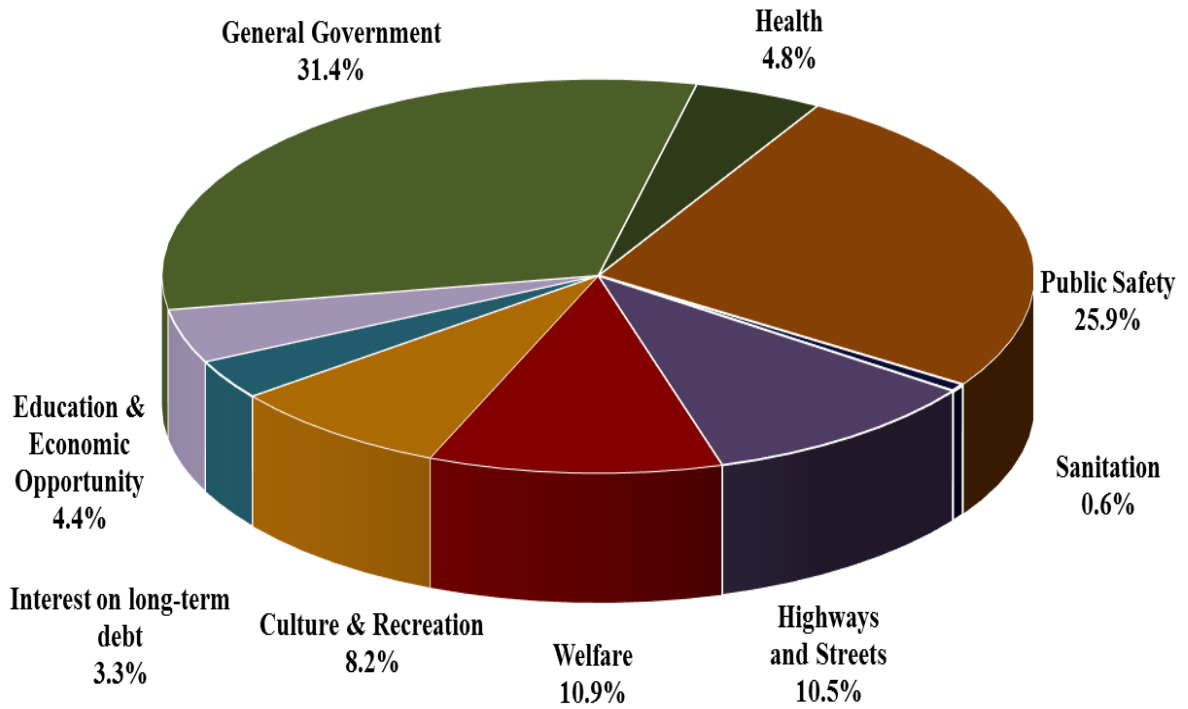

Expenses

Total expenses decreased \$4,900 (0.6%) from the prior year, primarily due to a \$15,575 (15.2%) decrease in highways and streets expenses and a \$7,407 (2.8%) decrease in general government expenses. These decreases were offset by a \$12,889 (6.4%) increase in public safety expenses and a \$2,580 (3.9%) increase in culture and recreation expenses. The explanations for these decreases and increases are as follows:

- The highways and streets decrease is primarily due to a reduction in spending of Federal grant monies on transportation projects, specifically from the Transportation Investment Generating Economic Recovery program, compared to the prior year.
- The general government decrease is primarily due to changes in actuarial estimates associated with unreported future losses for the Self Insurance Trust internal service fund.
- The increase in public safety is primarily due to continually increasing contributions to the Public Safety Personnel Retirement System as a result of pension reform changes instituted by the State legislature.
- The increase in culture and recreation is primarily due to an increase in operating expenses for the Library District.

The following chart presents expenses by function as a percentage to total expenses, excluding amortizations. The amount of each expense by function as a percentage to total expenses, excluding amortizations, has not changed significantly from the prior fiscal year. General government and public safety account for over half of the County's total expenses.

Expenses by Function - Governmental Activities

Business-type activities

Business-type activities, which are composed exclusively of enterprise funds, are intended to recover all or a significant portion of their costs through user fees and charges. The following schedule shows changes in the net position for business-type activities.

Business-type Activities				
Schedule of Revenues, Expenses, and Changes in Net Position				
For the Years Ended June 30, 2017 and 2016				
	<u>FY2017</u>	<u>FY2016</u>	<u>Variance</u>

Change in net position	4,377	41,161	(36,784)	-89.4%
Beginning net position	\$ 784,604	743,443	41,161	5.5%
Ending net position	\$ 788,981	\$ 784,604	\$ 4,377	0.6%

Revenues

Total revenues for business-type activities increased \$3,133 (1.7%) mainly due to an increase in charges for services of \$4,453 resulting from an increase in the RWR sewer user and connection fees and an increase in the Development Services permit fees.

Expenses

Total expenses for business-type activities decreased by \$419 (0.3%), primarily due to a decrease of \$489 in employee compensation within the Development Services enterprise fund.

Financial Analysis of the County's Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and generally accepted accounting principles (GAAP).

Governmental funds

The County's general government functions are accounted for in the General, Capital Projects, Debt Service, and Special Revenue funds. Included in these funds are special districts governed by the Board of Supervisors (i.e. Flood Control, Library, Stadium, and Rocking K South Community Facilities Districts) acting as the Board of Directors for each district. The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Major Governmental Funds

General Fund

The General Fund is the chief operating fund of the County.

Property taxes revenues for the General Fund increased \$4,764 as a result of higher property valuations. Intergovernmental revenues increased \$8,357 primarily due to increases in the state-shared sales tax and the state-shared vehicle license tax associated with the continued gradual recovery in the local economy. Charges for services increased \$2,607, mostly due to increased cost recovery of General Fund administrative services provided to other funds, and the increase in general government fees from the Recorder's administration of the general and other special elections. Overall, revenues for the General Fund increased \$17,279.

General Fund expenditures increased \$16,294 primarily due to:

- An increase of \$5,372 in general government expenditures for County-wide salary increases, other benefits costs, and increasing retirement contributions.
- An increase of \$4,773 in public safety expenditures for salary increases, overtime, and increasing required contributions to the Public Safety Personnel Retirement System.
- An increase of \$3,717 in debt service, mainly from the final payment on the installment note for the Stardust property.
- An increase of \$1,530 in welfare expenditures mainly associated with increased funding for indigent health care.

Transfers out increased \$4,427 compared to the prior year, primarily due to increased transfers to facilities management for capital improvements.

The \$17,279 increase in revenues, the \$16,294 increase in expenditures, and the increase of \$8,188 in other financing uses yielded a decrease of \$7,203 in net change in fund balance, which ended the year at \$102,036.

Budget to Actual Comparison for the General Fund

Overall, actual revenues were higher than budgeted revenues by \$8,139 due to greater than anticipated property tax and intergovernmental revenues.

Actual expenditures were less than budgeted expenditures by \$83,318 primarily because the County did not need to spend \$58,556 of the amount budgeted for contingencies within General government – County Administration.

No variances between the budget-to-actual amounts at the departmental level were significant enough to affect the County's ability to provide future services.

Capital Projects Fund

The County's Capital Projects Fund is used to account for financial resources that are restricted or assigned for capital outlays to acquire or construct capital assets.

Total revenues for the Capital Projects Fund decreased by \$5,600, primarily due to a decrease in State revenue for the Hughes Access Road Relocation project which was received in the prior year.

Expenditures increased \$3,449, primarily due to the Flood Control Santa Cruz River Maintenance Project and the Transportation Pavement Preservation Program 2017 project.

In the current year, the County issued General Obligation Bonds Series 2017 for \$25,680 to finance a variety of projects, including \$18,000 for the new Pima Animal Care Center and various other projects within voter-authorized purposes. This resulted in the \$25,680 face amount of long-term debt issued, which represents a decrease of \$8,615 when compared to the prior year. In the prior year, the County did not issue any general obligation or transportation revenue bonds, all proceeds received were from certificates of participation.

Transfers out decreased by \$39,815, mainly due to the decrease of \$37,230 in certificates of participation funding that was transferred to the RWR fund in the prior year for improvements to the sewer conveyance system.

The \$5,600 decrease in revenues, the \$3,449 increase in expenditures and an increase of \$23,367 in other financing sources yielded an increase of \$14,318 in net change in fund balance, which ended the year at \$96,437.

Debt Service Fund

This major fund accounts for the accumulation of resources for the payment of principal and interest of long-term debt.

Revenues for the Debt Service Fund increased \$1,952 primarily as a result of higher property valuations while the secondary property tax rate remained the same as the prior year.

Expenditures for the Debt Service Fund increased \$9,657 mainly from an increase in principal payments of \$10,930 offset by a decrease in interest payments of \$2,161. Please see Note 7 beginning on page 65 for more information on bond and certificate of participation details.

Premium on bonds increased to \$17,661 as the premium consisted of \$13,844 and \$3,817 from the issuance of General obligation refunding bonds (GO) Series 2016 and Transportation revenue refunding bonds (HURF) Series 2016, respectively.

Issuance of refunding debt increased to \$150,385 as the refunding consisted of \$122,070 and \$28,315 from GO refunding Series 2016 and HURF refunding Series 2016, respectively. Payments to escrow agent increased to \$166,816, including \$134,992 from GO refunding Series 2016 and \$31,824 from HURF refunding Series 2016. These payments were deposited into the trust account for the refunding.

The \$1,952 increase in revenues, the \$9,657 increase in expenditures and an increase of \$5,944 in other financing sources yielded a decrease of \$1,761 in net change in fund balance, which ended the year at \$3,127.

Major Proprietary Fund

The County’s Regional Wastewater Reclamation Enterprise (RWR) Fund is a major enterprise fund.

Significant changes in the Fund’s net position during the fiscal year include the issuance of Sewer Revenue Obligations Series 2017 for \$45,000 and a decrease in net transfers of \$40,022 compared to the prior fiscal year. The decrease in net transfers is primarily due to a decrease of transfers in of \$37,230 from the proceeds of certificates of participation in the prior year which were used for improvements to the sewer conveyance system.

The net position increased by \$3,930 in the current fiscal year, resulting in a total net position of \$769,996 at fiscal year-end.

Capital Assets and Debt Administration

Capital Assets

The County’s investment in capital assets consists of land, buildings and improvements, sewage conveyance systems, infrastructure, equipment, and construction in progress.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

Governmental and Business-type Activities									
Capital Assets									
As of June 30, 2017 and 2016									
	Governmental Activities			Business-type Activities			Total		
	FY2017	FY2016	Variance	FY2017	FY2016	Variance	FY2017	FY2016	Variance
Land	\$ 538,283	\$ 526,319	\$ 11,964	\$ 14,998	\$ 13,999	\$ 999	\$ 553,281	\$ 540,318	\$ 12,963
Construction in progress	57,280	33,327	23,953	70,705	39,135	31,570	127,985	72,462	55,523
Buildings and improvements	597,149	598,750	(1,601)	577,434	602,681	(25,247)	1,174,583	1,201,431	(26,848)
Infrastructure	670,024	694,519	(24,495)				670,024	694,519	(24,495)
Sewage conveyance systems				477,212	485,043	(7,831)	477,212	485,043	(7,831)
Equipment	107,419	116,177	(8,758)	90,544	97,254	(6,710)	197,963	213,431	(15,468)
Total	\$1,970,155	\$1,969,092	\$ 1,063	\$1,230,893	\$1,238,112	\$ (7,219)	\$3,201,048	\$3,207,204	\$ (6,156)

The County’s total capital assets decreased by \$6,156 (0.2%) in the current fiscal year.

Governmental activities

Capital assets of governmental activities increased by \$1,063 (0.1%) over the prior year, resulting from the increase in construction in progress shown above, in addition to an increase of \$11,964 (2.3%) in land assets. These increases are offset by the decreases in infrastructure and equipment shown above. The decrease in infrastructure is primarily due to the large volume of projects that were completed and capitalized in the prior year, resulting in higher depreciation expense in the current year. In the current year, new projects were undertaken but not completed, which is shown by the increase in construction in progress.

Significant increases in construction in progress in the current year were as follows:

- Phase 2 of a roadway improvement project for Wilmot Road north of Sahuarita Road totaling \$5,245.
- Aerospace industry building and grounds leased to World View Enterprises totaling \$4,463.
- Pantano Wash bank protection project from Ft. Lowell Park to Tanque Verde Road totaling \$4,327.
- Colossal Cave Road improvement project from Acacia Elementary School to Old Vail Middle School totaling \$3,999.
- Road improvements as part of the pavement preservation program totaling \$3,251.
- Santa Cruz River sediment removal project totaling \$2,408.
- Construction of the new Pima Animal Care Center totaling \$2,105.

Business-type activities

Capital assets of business-type activities decreased \$7,219 (0.6%), due to a decrease in building and improvements of \$25,247 (4.2%), sewage conveyance systems of \$7,831 (1.6%) and equipment of \$6,710 (6.9%) offset by an increase in construction in progress of \$31,570 (80.7%), all primarily within RWR.

The decrease in buildings and improvements is due to current year depreciation expense exceeding the amount of building and improvements additions. The decrease in sewage conveyance systems is due to current year depreciation expense exceeding the amount of sewage conveyance systems completed and capitalized during the year.

The increase in construction in progress is primarily due to the increase in the sewage conveyance systems rehabilitation program of \$20,215, and the sewage conveyance systems SE Interceptor Augmentation program of \$10,833.

Long-term Debt

Significant, comparative long-term debt entered into during the last two fiscal years is presented below:

Long-Term Debt		
For the Years Ended June 30, 2017 and 2016		
	<u>2017</u>	<u>2016</u>
Bonds issued (at face value):		
General Obligation	\$ 147,750	
Street and Highway Revenue	28,315	
Sewer System Revenue Obligations	256,595	
Certificates of Participation (COPs)		\$ 43,935
Capital leases		149
Installment note payable	1,700	
Total	\$ 434,360	\$ 44,084

During the year, the County issued General Obligation Bonds Series 2017 for \$25,680 to expand and improve the County's facilities for the care and safekeeping of animals and to fund other capital projects in the County. The County also issued General Obligation Refunding Bonds Series 2016 for \$122,070 to refund portions of General Obligations Bonds Series 2007, 2008, 2009, 2009A, and 2011. This refunding resulted in an economic gain of \$7,144 and a reduction in debt service payments of \$7,657.

The County also issued Street and Highway Revenue Refunding Bonds Series 2016 for \$28,315 to refund portions of Street and Highway Revenue Bonds Series 2007, 2008, and 2009. This refunding resulted in an economic gain of \$1,763 and a reduction in debt service payments of \$1,878.

In addition, the County issued Sewer Revenue Obligations Series 2017 for \$45,000 to expand and improve the County's sewer treatment facilities and conveyance systems. The County also issued Sewer Revenue Refunding Obligations Series 2016 for \$211,595 to refund portions of Sewer Revenue Bonds Series 2007, 2008, and 2009, and Sewer Revenue Obligations Series 2010 and 2011B. This refunding resulted in an economic gain of \$17,943 and a reduction in debt service payments of \$19,812.

During the year, the County acquired open space in the general area of Greasewood Road and West 36th Street under a contract agreement for a total installment purchase payable amount of \$1,700.

The most recent ratings for Pima County's bonds and COPs are:

Credit Ratings				
	Standard & Poor's		Fitch Ratings	
	Rating	Date	Rating	Date
Certificates of Participation (COPs)	A+	May-2016	AA-	May-2016
General Obligation	AA-	May-2016	AAA	August-2017
Street and Highway Revenue	AA	May-2016	AA	May-2016
Sewer Revenue Bonds	AA	May-2016	AA	May-2016
Sewer Revenue Obligations	AA	May-2016	AA-	May-2016

Pima County's efforts in maintaining a strong budget reserve over the past several years has contributed, in part, to the County earning a General Obligation Bond Rating from Fitch Ratings, a national bond ratings company that rates Pima County debt issuances, of AAA from its previous AA starting in August of 2017. This is the first time Pima County has earned AAA ratings on its bond indebtedness.

The State of Arizona Constitution limits the amount of general obligation debt a governmental entity may issue to 6.0% of its net assessed valuation without voter approval. However, Pima County has voter approval for general obligation debt up to 15.0%. The County's outstanding general obligation bonds amount of \$321,285 at the end of the current fiscal year is significantly below the current debt limitation of \$1,239,400.

Additional information regarding the County's debt can be found in Note 7 of the financial statements, on pages 65-75.

Economic Factors and Next Year's Budget

Pima County is still contending with a slow, and at times, uneven recovery from the Great Recession. Like all governments in Arizona, Pima County has necessarily adjusted to the reality of reduced revenues and increased service demands during this time. The current fiscal year 2017-18 budget is based largely on the County's response to a set of unique challenges from a variety of outside sources. Primary among these is the decision by the Arizona Legislature to balance the State Budget by continuing to transfer \$86 million of fiscal year 2017-18 state costs to Pima County. These additional costs imposed by the state continue to cause significant uncertainties in the development of the County budget and impact all of Pima County's existing service priorities and programs, including law enforcement, healthcare and economic development. Recognizing this, the budget that was adopted by the Board of Supervisors for fiscal year 2017-18 is primarily a "maintenance of effort" budget, which will sustain the County's existing service priorities. The following discussion identifies other significant activities that are expected to impact the County in fiscal year 2017-18.

State Budget Cost Shifts

In attempts to balance the State Budget, the Governor and Legislature continue to transfer significant amounts of state costs to the 15 counties throughout the state. The total of these cost transfers to Pima County is \$86 million for fiscal year 2017-18, or nearly 26% of Pima County's primary property tax levy.

Property Taxes

The Board of Supervisors enacted a new Transportation primary property road tax effective in fiscal year 2017-18. This property tax is separate and a subset of Pima County's primary property tax rate, but added to the County's primary property tax for purposes of collection, expenditure limitation calculation, and for State of Arizona's Truth in Taxation hearing requirements. The proceeds of this tax are to be used exclusively for preservation and repair of local streets and roads.

The fiscal year 2017-18 Adopted Budget includes the new Transportation property road tax set at \$0.2500. As partial offsets to this new tax, the budget includes a \$0.0800 decrease in the County's regular primary property tax rate for General Government from the fiscal year 2016-17 tax rate. The Regional Flood Control District secondary property tax rate decreases by \$0.0200. The Library District's secondary tax rate decreases by \$0.0100. The Debt Service secondary property tax rate remain unchanged from the fiscal year 2016-17 rate. The total property tax rate for Pima County (excluding the State mandated Fire District Assistance Tax) increased from \$5.8384 to \$5.9784 per \$100 of net taxable value, a net increase of \$0.1400.

State Shared Revenues

State shared sales tax revenue is projected to increase by \$3.1 million in fiscal year 2017-18. This increase reflects a gradual recovery in the local economy and continued statewide economic growth.

Employee Benefits Costs

Over the years, Pima County has continued to change and upgrade its benefits package for employees. Over time, the cost to provide these benefits has steadily increased. As a comparison, the actual cost to the County for employee benefits in fiscal year 2003-04 totaled \$65 million whereas the budgeted benefit costs in fiscal year 2017-18 totals \$149 million; resulting in an increase that is more than double the fiscal year 2003-04 amount. A significant portion of this increase is due to higher cost of Public Safety and other retirement contributions plus other benefit costs. Fiscal Year 2017-18 aggregate benefits will increase more than \$4 million over fiscal year 2016-17. The County will have to absorb these increases in the face of other budgetary challenges.

Employee Medical Insurance Benefits Costs

Prior to fiscal year 2013-14, Pima County purchased medical insurance for its employees from an independent provider. Over the five years prior to fiscal year 2013-14, the County's employee medical insurance premiums increased by an average of 15 to 20 percent yearly. In order to control the rate of increase of employee medical insurance costs, the County moved to a self-insured medical plan run by a third-party administrator starting in fiscal year 2013-14. Under this new model, year-to-year medical insurance costs have increased in the range of 5 to 7 percent annually. Also for the first time in several years, Pima County will not increase employer or employee medical premium costs in fiscal year 2017-18. It is anticipated that the rate of medical costs increases will continue the trend of being better controlled in future fiscal years.

Rainy Day Funds

Maintaining a budget reserve has given the County a favorable bond rating, which in turn has yielded substantial savings from lower interest payments on County bonds. The reserve has also enabled the County to minimize the negative fiscal impacts of a variety of unforeseen events over which the County has had little or no control. The General Fund Reserve for fiscal year 2017-18 totals \$50.3 million. This reserve represents 9.1% of projected revenues for fiscal year 2017-18. The reserve is in the middle of the range of reserves recommended by the Government Finance Officers Association. If this reserve is not spent, it will represent the base ending fund balance for fiscal year 2017-18.

Requests for Information

This financial report is designed to provide a general overview of the County's finances. Any questions concerning the information provided in this report or requests for additional financial information should be addressed to the Finance and Risk Management Department, 130 W. Congress, 6th Floor, Tucson, AZ, 85701.

See accompanying notes to financial statements

PIMA COUNTY, ARIZONA

Exhibit A - 6

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2017
(in thousands)

Net change in fund balances - total governmental funds \$ 17,666

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets	\$ 67,127	
Less current year depreciation	<u>(83,492)</u>	(16,365)

Debt proceeds provide current financial resources to governmental funds but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of the principal of debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Face amount of long-term debt issued	(25,680)	
Premium on bonds	(17,661)	
Proceeds from issuance of refunding bonds	(150,385)	
Debt service - principal payments	101,579	
Payments to escrow agent	166,816	
Installment note	(1,700)	
Amortization of premiums/discounts	9,348	
Amortization of deferred charge on refunding	<u>(3,146)</u>	79,171

Some revenues reported in the Statement of Activities do not represent the collection of current financial resources and therefore are not reported as revenues in the governmental funds. In addition, collections of some revenues in the governmental funds exceeded revenues reported in the Statement of Activities.

Donations of capital assets	17,657	
Intergovernmental	(7,063)	
Property tax revenues	(805)	
Other	<u>1,669</u>	11,458

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Change in compensated absences	(3,276)	
Change in landfill liability	797	
Pollution remediation liability	(525)	
Net book value of capital asset disposals	(3,283)	
Other	(4)	
Judgments and claims	<u>(6,410)</u>	(12,701)

County pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability is measured a year before the County's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions is reported in the Statement of Activities.

Pension contributions	47,815	
Pension expense	<u>(77,563)</u>	(29,748)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The incorporation of the external activities of these funds, and the elimination of profit/loss generated by primary government customers results in net revenue (expense) for governmental activities.

19,271

Change in net position of governmental activities \$ 68,752

Net cash provided by operating activities	<u>\$ 77,560</u>	<u>\$ 1,917</u>	<u>\$ 79,477</u>	<u>\$ 18,259</u>

Noncash investing, capital, and noncapital financing activities during the year ended June 30, 2017:

Regional Wastewater Reclamation Enterprise Fund received developer-built conveyance systems with an estimated fair value of \$5,141. These contributions were recorded as an increase in capital assets and capital contributions.

Regional Wastewater Reclamation Enterprise Fund disposed of capital assets with a net book value of \$5,049.

The County Board of Supervisors approved Connection Flow-Through Sewer Credit Agreements in the amount of \$22. This transaction was recorded as an increase to unearned revenue and a decrease in capital contributions.

Regional Wastewater Reclamation Enterprise Fund issued Sewer System Revenue Refunding Obligations Series 2016 for \$211,595 to refund portions of sewer revenue bonds and obligations for \$72,390 and \$156,495, respectively.

Other Enterprise Funds retired fully depreciated capital assets with an original cost of \$53 and transferred out assets with an original cost of \$24 to Fleet Services.

Internal Service Funds sold capital assets with a net book value of \$239, received capital contributions with a value of \$32 from General Government and received a transfer in of capital assets from Regional Wastewater Reclamation with a net book value of \$284.

Internal Service Funds received a transfer of capital assets with a net book value of \$1,037 from General Government and transferred out capital assets with a net book value of \$120 to General Government.

Other Enterprise Funds expensed prior year construction in progress totaling \$128.

Note 1: Summary of Significant Accounting Policies

Pima County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

A. Reporting Entity

The County is a general purpose local government that is governed by a separately elected board of supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the County. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end.

The following describes the County's component units:

The Pima County Stadium District, a legally separate entity, was created in 1991 when the Board of Supervisors adopted a resolution to create the Stadium District to manage Kino Sports Complex. The District is a tax-levying, public improvement district and political taxing subdivision of the state of Arizona. The Stadium District, in conjunction with Pima County government, maintains the fiscal resources of the entire complex including facilities, grounds, personnel and the various services provided at the venue. Kino Sports Complex, which covers 155 acres, is the largest professional sports and entertainment venue of its kind in Pima County. The facility hosts youth athletics, amateur and professional sports, concerts and community events on its fields. The County Board of Supervisors serves as the Board of Directors and has operational responsibility for the District. Acting in the capacity of the Board of Directors, the Pima County Board of Supervisors is able to impose its will on the District. The Board of Directors levies the car rental surcharge rates and the recreation vehicle (RV) park tax for the District. The District is reported as a special revenue fund (blended component unit) in these financial statements. Complete financial statements for the District can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

The Pima County Library District was established in 1986 when legislation allowed full taxing authority and the ability to enter into agreements with other jurisdictions for the provision of library services. The Library District provides and maintains library services for the County's residents. The Pima County Board of Supervisors is the Board of Directors and has operational responsibility for the District. The Library District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Regional Flood Control District was established in 1978. The District is responsible for floodplain management activities for the unincorporated areas of Pima County (except national forests, parks, monuments and Native American Nations), the City of South Tucson, and the Town of Sahuarita. The Pima County Board of Supervisors is the Board of Directors and has operational responsibility for the Flood Control District. The Regional Flood Control District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Street Lighting Districts (SLDs) operate and maintain street lighting for specific regions in areas outside local city jurisdictions. The Pima County Board of Supervisors serves as the Board of Directors and has operational responsibility for the Districts. SLDs are reported as a special revenue fund in these financial

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

statements and meet substantively the same criteria as blended component units. Separate financial statements for the SLDs are not available.

The Rocking K South Community Facilities District is a legally separate entity that is utilized to finance the design and construction of arterial and collector roadways, public sewer transmission mains, public regional parks and any other public infrastructure required for the planned Rocking K South community. The Pima County Board of Supervisors serves as its Board of Directors and has operational responsibility for the District. The Rocking K South Community Facilities District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Southwestern Fair Commission, Inc. (SFC) is a nonprofit corporation which manages and maintains the fairgrounds owned by the County and conducts annual fair and other events at the fairgrounds. The Commission's members are appointed and can be removed at any time by the Pima County Board of Supervisors. Based on these factors, and because SFC does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, SFC is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements for SFC can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

Related Organization:

The Industrial Authority of Pima County (Authority) is a legally separate entity that was created to promote economic development and the development of affordable housing. The Authority fulfills its function through the issuance of tax-exempt bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

Government-wide statements - Provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities except for fiduciary activities. The statements also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component units. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund financial statements - Provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are operating revenues. Other revenues result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues such as connection fees, intergovernmental revenues, along with investment earnings and revenues ancillary activities generate. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund revenues are primarily from property taxes and intergovernmental revenues.

The *Capital Projects Fund* accounts for financial resources to be used for the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. Capital Projects Fund revenues and other financing sources are primarily from intergovernmental, face amount of long-term debt and transfers in.

The *Debt Service Fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Revenues and other financing sources are primarily from property taxes, proceeds from refunding debt, and transfers in.

The County reports the following major enterprise fund:

Regional Wastewater Reclamation (RWR) accounts for the management and operation of wastewater treatment and water pollution control programs. Revenues are primarily from charges for services and connection fees.

The County also reports the following fund types:

Internal Service Funds account for fleet maintenance and operation, insurance, and telecommunications services provided to the County's departments or to other governments on a cost-reimbursement basis. The County transitioned to a medical self-insurance model on July 1, 2013 that is funded by employee and employer premium rates.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

Investment Trust Funds account for pooled assets and individual investment accounts the County Treasurer holds and invests on behalf of other governmental entities.

Agency Funds account for assets the County holds as an agent for the State, cities, towns, and other parties.

C. Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County recognizes property taxes to be available if collected within 30 days. In addition, other taxes that are reported as intergovernmental revenues, i.e. state shared sales tax, highway user revenues and vehicle license tax, recreational vehicle taxes, car rental surcharges, and hotel excise taxes are also recognized if collected within 30 days. Grant funded intergovernmental revenues are considered available if collected within 60 days after fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, pension, landfill closure and postclosure care costs, and pollution remediation obligations, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's Local Government Investment Pool, and only those highly liquid investments with a maturity of 3 months or less when purchased. All investments are stated at fair value.

E. Inventories and Prepaids

Inventories in the government-wide and proprietary funds' financial statements are recorded as assets when purchased and expensed when consumed.

The County accounts for its inventories in the Wireless Integrated Network Fund using the purchases method. Inventories of the Wireless Integrated Network Fund consist of spare parts for the fixed network equipment held for consumption and are recorded as expenditures at the time of purchase. These inventories are stated at cost using the

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

first-in, first-out method or average cost method.

Inventories of the Transportation Fund are recorded as assets when purchased and expensed when used. They are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of RWR, an enterprise fund, are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of Internal Service Funds are valued at lower of cost or market, cost being determined using the moving average method.

Prepaid expenses/expenditures are accounted for using the consumption method, except for the School Reserve Fund reported as an Other Governmental Fund, which uses the purchase method.

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost or estimated historical cost if historical records are not available. Donated assets are reported at acquisition value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land	All	N/A	N/A
Land improvements (Reported in buildings and improvements)	All	Straight Line	20 - 30 Years
Buildings and improvements	\$100	Straight Line	10 - 50 Years
Equipment	\$5	Straight Line	4 - 25 Years
Infrastructure/Sewer conveyance systems	\$100	Straight Line	10 - 50 Years
Intangible (Reported in land and infrastructure)	\$100	Straight Line	Varies
Software (Reported in equipment)	\$5,000	Straight Line	Varies

Discretely presented component unit:

The Southwestern Fair Commission, Inc. capital assets are reported at actual cost. Depreciation is calculated using the straight-line method over the assets' estimated useful life, which range from 3 to 40 years.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

H. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a revenue in future periods.

I. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations that the County's Board of Supervisors, the highest level of decision-making authority within the County, approved by formal action (ordinance). Only the Board can remove or change the constraints placed on committed fund balances. This approval must be given at a regular supervisory meeting by taking the same type of action it employed to previously commit those amounts.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The Board of Supervisors has authorized the County Administrator to make assignments of resources for a specific purpose. Modifications or rescissions of the constraints can also be removed by the same action that limited the funds.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the County's policy to use restricted fund balance first. For the disbursement of unrestricted fund balances, the County will use committed amounts first, followed by assigned amounts, and lastly unassigned amounts.

J. Investment Earnings

Investment earnings are composed of interest, dividends, and net changes in the fair value of applicable investments.

K. Compensated Absences

Compensated absences payable consist of annual leave and a calculated amount of sick leave earned by employees based on services already rendered.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

Employees may accumulate up to 240 hours of annual leave depending upon years of service, but they forfeit any annual leave hours in excess of the maximum amount that are unused at year-end. Upon termination of employment, all unused and unforfeited annual leave benefits are paid to employees. Accordingly, annual leave benefits are accrued as a liability in the government-wide and proprietary funds' financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

Employees may accumulate up to 1,920 hours of sick leave. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but most employees forfeit them upon terminating employment. However, employees who have accumulated greater than 240 hours of sick leave and are eligible to retire will receive some benefits. Employees who are eligible to retire from County service into the Arizona State Retirement System, Public Safety Personnel Retirement System, or Corrections Officer Retirement Plan may request sick leave to be converted to annual leave on a predetermined conversion basis. An estimate of those retirement payouts is accrued as a liability in the government-wide and proprietary funds' financial statements. A liability for these amounts is reported in the governmental funds' financial statements under Employee Compensation only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 3: Cash and Investments

Primary Government

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk—The State statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Corporate bonds, debentures, notes and other evidence of indebtedness that are denominated in United States dollars must be rated "A" or better by at least two nationally recognized rating agencies at the time of purchase.
3. Fixed income securities must carry one of the two highest ratings by Moody's Investors Service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk—Statutes require pooled collateral program for public deposits and a Statewide Collateral Pool Administrator (Administrator) in the State Treasurer's Office. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured with collateral of 102 percent of the public deposits, less any applicable deposit insurance. An eligible depository may not retain or accept any public deposit unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

Concentration of credit risk—Statutes do not include any requirements for concentration of credit risk.

Interest rate risk—Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk—Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits—At June 30, 2017, the carrying amount of the County's deposits was \$106,748, and the bank balance was \$98,566.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 3: Cash and Investments (continued)

Custodial credit risk—Custodial credit risk is the risk that the County will not be able to recover its deposits if a financial institution fails. The County does not have a formal policy with respect to custodial credit risk. As of June 30, 2017, \$3,016 of County's bank balance was exposed to custodial credit risk because it was uninsured and uncollateralized.

Investments—At June 30, 2017, the County's investments consisted of \$423,373 invested in marketable securities and \$343,728 invested in the State Treasurer's Investment Pool. Cash from the County and from externally legally separate governments are pooled to purchase the investments in marketable securities and the State Treasurer's Pool. The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments.

Credit risk—Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County does not have a formal investment policy with respect to credit risk.

At June 30, 2017, credit risk for the County's investments was as follows:

Investment Type	Fair Value	Not Rated	Standard & Poor's/Moody's Rating				
			AAA/Aaa	AA/Aa	A/A	BBB/Baa	BB/Ba
Corporate bonds	\$ 294,664		\$ 10,022	\$ 34,264	\$ 233,245	\$ 12,152	\$ 4,981
Municipal bonds	2,558	\$ 2,558					
Federal agency securities	94,964			94,964			
Money market mutual fund	31,187		31,187				
State Treasurer's Pool 5	113,433		113,433				
State Treasurer's Pool 500	140,681	140,681					
State Treasurer's Pool 7	89,614	89,614					
Total	\$ 767,101	\$ 232,853	\$ 154,642	\$ 129,228	\$ 233,245	\$ 12,152	\$ 4,981

Custodial credit risk—For an investment, custodial risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no formal policy with respect to custodial credit risk. Of the County's \$767,101 of investments, \$389,628, consisting of the corporate bonds, Federal Farm Credit Bank, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, and Federal National Mortgage Association is uninsured and held by a counterparty in the County's name in book entry form.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 3: Cash and Investments (continued)

Concentration of credit risk—The County has no formal policy with respect to limiting the amount the Treasurer may invest in any one issuer. The County had investments at June 30, 2017 of 5% or more in Federal Home Loan Mortgage Corporation. This investment is 7% of the County’s total investments.

Interest rate risk—Interest rate risk is the risk that changes in interest rates will adversely affect an investment’s fair value. The County does not have a formal investment policy with respect to interest rate risk.

As of June 30, 2017, the County had the following investments:

<u>Investment Type</u>	<u>Amount</u>	<u>Weighted Average Maturity</u> <u>(Years)</u>
State Treasurer Investment Pool 5	\$ 113,433	0.09
State Treasurer Investment Pool 500	140,681	3.63

Note 3: Cash and Investments (continued)

County Treasurer’s Investment Pool—Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The County Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The County Treasurer invests, on a pool basis, all monies not specifically invested for a fund or program. In addition, the County Treasurer determines the fair value of those pooled investments annually at June 30. The County Treasurer’s Investment Pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The structure of the Pool does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants’ investments. The County Treasurer allocates interest earnings to each of the Pool’s participants. Substantially, all deposits and investments of the County’s primary government are included in the County Treasurer’s investment pool. Therefore, the deposit and investment risks of the Treasurer’s investment pool are substantially the same as the County’s deposit and investment risks disclosed above.

The Pool’s assets consist of the following:

	<u>Principal</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Fair Value</u>
Corporate bonds	\$ 291,337	0.88-6.25%	07/17-03/20	\$ 294,664
Municipal bonds	2,385	0.95-1.50%	07/17	2,558
Federal Farm Credit Bank	15,000	1.20-1.50%	12/18-12/19	14,978
Federal Home Loan Bank	15,000	1.63-2.05%	6/19-12/21	15,024
Federal Home Loan Mortgage Corporation	55,000	0.80-1.80%	11/17-05/22	55,001
Federal National Mortgage Association	10,000	1.13-1.25%	10/18-11/19	9,961
State Treasurer Investment Pool 5	66,320	N/A	N/A	66,320
Deposits	73,900	N/A	N/A	73,900
Interest receivable	88	N/A	N/A	88
Total assets				<u>\$ 532,494</u>

A condensed statement of the investment pool’s net position and changes in net position follows:

Note 3: Cash and Investments (continued)

Fair Value Measurement—The County’s investments at June 30, 2017, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

<u>Investment by fair value level</u>	<u>Amount</u>	<u>Fair value measurement using</u>	
		<u>Quoted prices in active markets for identical assets (Level 1)</u>	<u>Significant other observable inputs (Level 2)</u>
Corporate bonds	\$ 294,664	\$ 237,280	\$ 57,384
Municipal bonds	2,558		2,558
Federal Farm Credit Bank	14,978		14,978
Federal Home Loan Bank	15,024	10,046	4,978
Federal Home Loan Mortgage Corporation	55,001		55,001
Federal National Mortgage Association	9,961		9,961
Money market mutual fund	31,187	31,187	
Total Investments by fair value level	423,373	\$ 278,513	\$ 144,860

External investment pools measured at fair value

State Treasurer’s investment pools	343,728
Total investment	\$ 767,101

The investments categorized as Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments.

The investments categorized as Level 2 of the fair value hierarchy are valued using prices quoted for those investments in markets that are not active.

Investments in the State Treasurer's investment pool are valued at the pool's share price multiplied by the number of shares the County held. The fair value of a participant's position in the pools approximates the value of that participant's pool shares. The State Board of Investment provides oversight for the State Treasurer's investment pools.

Note 6: Claims, Judgements and Risk Management

Self-Insurance Trust Fund (SIT Fund)

The SIT Fund, an internal service fund, accounts for the financing of the insured risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; environmental claims; and natural disasters. The SIT Fund is liable for any single general or automobile liability claim up to \$2,500 per occurrence, any workers' compensation claim up to \$1,000 per occurrence, and any single medical malpractice claim up to \$1,000 per occurrence or any medical malpractice claims in aggregate up to \$5,000 in any policy year. The County purchases commercial insurance for claims in excess of coverage provided by the SIT Fund. Settled claims have not exceeded insurance coverage in any of the last three fiscal years.

Payment of unemployment claims is fully self-funded. Payment of environmental claims is generally self-funded, although some claims filed could result in past insurers being liable for such losses.

All of the County's departments participate in the SIT Fund. With the exception of environmental and unemployment losses, charges are based on actuarial estimates of the amounts needed to pay prior- and current-year claims. Charges for environmental losses are based on historical experience. Charges for unemployment losses are based on actual claims paid.

Claims liabilities at June 30, 2017, for each insurable area are as follows:

Auto liability	\$	132
General liability		14,494
Workers' compensation		19,173
Medical malpractice		172
Environmental liability		1,500
		\$ 35,471

The above amounts, excluding the environmental liability, are reported at their present value using an expected future investment yield assumption of 2 percent.

Changes in the unpaid claims liability reported in the SIT Fund are as follows:

Year	Balance July 1	Current-Year Claims and Changes in Estimates	Claims Payments	Balance June 30
2015-16	\$ 27,177	\$ 18,553	\$ (4,606)	\$ 41,124
2016-17	41,124	626	(6,279)	35,471

Health Benefits Trust Fund (HBT Fund)

The County created the HBT Fund, an internal service fund, to account for the financing of the County's self-insured medical/pharmacy plan for employees and their dependents. The HBT Fund is responsible for collecting employer and employee premiums through payroll deductions and reimbursing Aetna, acting as a third-party administrator, for the payment of claims.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 6: Claims, Judgements and Risk Management (continued)

The plan consists of two plan options, a High Deductible Health Plan and a Preferred Provider Organization Plan. The County purchases commercial stop-loss insurance coverage for claims in excess of coverage provided by the HBT Fund. Settled claims have not exceeded insurance coverage during the past three fiscal years.

Claim liabilities are computed using a combination of two actuarial methods: the completion factor approach and the exposure approach. Accrued actuarial liabilities for the HBT Fund at June 30, 2017 for each plan option are as follows:

High-Deductible Health Plan:	
Medical	\$ 2,823
Pharmacy	1,219
Preferred Provider Organization Plan:	
Medical	134
Pharmacy	24
	\$ 4,200

Changes in the unpaid claims liabilities reported in the HBT Fund are as follows:

Year	Balance July 1	Current-Year Claims and Changes in Estimates	Claims Payments	Balance June 30
2015-16	\$ 4,200	\$ 49,285	\$ (48,885)	\$ 4,600
2016-17	4,600	51,353	(51,753)	4,200

Litigation

Pima County is a defendant in a number of court actions. In the opinion of County management, the final disposition of these actions, if unfavorable, will not have a material effect upon the County's financial statements.

Pollution Remediation

The County has estimated and reported an environmental liability of \$596 in the government-wide financial statements for governmental activities (in noncurrent liabilities). Remediation efforts are currently underway at one County site: El Camino del Cerro.

Remediation efforts continue at the El Camino del Cerro site which is approximately bordered by the Santa Cruz River on the west, Interstate 10 on the east and El Camino del Cerro Road on the south. The groundwater contamination is suggested to resonate from the municipal and solid waste landfill operated on the site from 1973 to 1977.

The estimated liability was calculated based upon the expected future outlays associated with the estimate of one pump-and-treat system for one year. There is potential for changes due to increased costs associated with sewage disposal costs, construction costs for extraction and injection wells, and/or changes in the estimated extent of contamination.

The County's debt consists of various issues of general obligation bonds, transportation revenue bonds, certificates of participation, sewer revenue bonds, loan, and obligations bonds that are generally callable with interest payable semiannually. Bond proceeds primarily pay for acquiring or constructing capital facilities. Bonds have also been issued to advance-refund previously issued bonds. The County repays general obligation bonds from voter-approved property taxes. Transportation revenue bonds are repaid from net highway user revenues in the Transportation fund. Certificates of participation are repaid from General fund and other various funds' revenues. Sewer revenue bonds, obligations, and loan are repaid from the charges for services in the Regional Wastewater Reclamation fund.

GENERAL OBLIGATION BONDS OUTSTANDING

Governmental Activities

(Payments made from property tax revenues of the Debt Service Fund)

General obligation bonds payable at June 30, 2017, consisted of the outstanding general obligation bonds presented below. As of June 30, 2017, the County has issued the total amounts originally authorized from the May 20, 1997, May 18, 2004, May 16, 2006, and November 4, 2014 bond elections.

On February 1, 2017, the County issued General Obligations Bonds Series 2017 for \$25,680 to finance a variety of projects including \$18,000 for the new Pima Animal Care Center and other projects within voter-authorized purposes.

During fiscal year 2016-17, the County issued General Obligation Refunding Bonds, Series 2016 for \$122,070 to defease \$28,475 of General Obligation Bonds, Series 2007, \$35,750 of Series 2008, \$22,185 of Series 2009, \$21,600 of Series 2009A, and \$17,380 of Series 2011. The 2016 Series General Obligation Refunding Bonds have an average life of 5.69 years and an average interest rate of 3.65%. This refunding transaction resulted in an economic gain of \$7,144 and a reduction in debt service between the refunding debt and the refunded debt of \$7,657. The proceeds of the new bonds were placed in an irrevocable trust to provide for future debt service payments of the refunded debt. Accordingly, the trust account assets and liability for the defeased bonds are not included in the County's financial statements.

Note 7: Long Term Liabilities (continued)

Pima County has pledged future street and highway revenues, to repay \$84,435 in transportation revenue bonds issued between 2008 and 2016. Proceeds from the bonds provide financing for construction of various highways and streets within Pima County. The bonds are payable from transportation revenues and are payable through 2028. Total principal and interest remaining to be paid on the bonds is \$97,530. It is expected that approximately 32 percent of revenues will be used to pay annual principal and interest on the bonds. Prior year street and highway revenues are required to be greater than two times the maximum annual debt service payment. Principal and interest paid for bonds in the current year, the maximum principal and interest to be paid in any one future year, and total street and highway revenues for the prior fiscal year were \$18,700, \$18,587 and \$56,006, respectively.

During fiscal year 2016-17, the County issued Transportation Bonds, Series 2016 for \$28,315 to defease \$9,965 of Transportation Bonds, Series 2007, \$8,605 of Series 2008, and \$11,385 of Series 2009. The 2016 Series Transportation Bonds have an average life of 5.33 years and an average interest rate of 3.97%. This refunding transaction resulted in an economic gain of \$1,763 and a reduction in debt service between the refunding debt and the refunded debt of \$1,878. The proceeds of the new bonds were placed in an irrevocable trust to provide for future debt service payments of the refunded debt. Accordingly, the trust account assets and liability for the defeased bonds are not included in the County's financial statements.

CERTIFICATES OF PARTICIPATION

Governmental Activities

(Payments made from General Fund revenues)

Certificates of Participation represent proportionate interests in semiannual lease payments. The County's obligation to make lease payments is subject to annual appropriations being made by the County for that purpose.

The following schedule details outstanding Certificates of Participation payable at June 30, 2017.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Call Date</u>	<u>Outstanding June 30, 2017</u>

Total	<u>\$ 134,205</u>	<u>\$ 24,931</u>

On May 1, 2007, the County issued Certificates of Participation Series 2007A for \$28,765 to finance the acquisition of and improvements to a 22-story office tower located in downtown Tucson and to acquire and construct replacement facilities for the Pima County Community Services Department.

On February 4, 2010, the County issued Certificates of Participation Series 2010 for \$20,000 to finance the replacement computer enterprise system composed of servers and other hardware, computer terminals, software and system training. The new enterprise system will serve the County with finance, budget, procurement, human resources, and material management systems.

On May 22, 2013, the County issued Certificates of Participation Series 2013A for \$80,175. The County intends to use \$60,000 of the proceeds from that issue for projects related to its sewer system. Although no sewer revenues are pledged for the repayment of the Certificates, the County intends to transfer available cash from the Regional Wastewater Reclamation Fund to repay that portion of the proceeds actually used for sewer projects. The County also issued \$12,705 of Refunding Certificates of Participation, Series 2013B. The Certificates were issued with a premium of \$1,260 and the proceeds were used to refund and redeem \$1,220 of Certificates of Participation, Series 1999, and \$12,335 of Series 2003, previously reported by the County as a jail capital lease.

On February 12, 2014, the County issued Certificates of Participation Series 2014 for \$52,160 to finance the costs of completing the Public Service Center and Office Tower. The County may also use a portion of the funds for other capital projects.

On April 15, 2015, the County issued Certificates of Participation Series 2015 for \$57,025 to expand and improve the County's existing sewer system facilities. The County may also use a portion of the funds for other capital projects.

Note 7: Long Term Liabilities (continued)

On April 14, 2016, the County issued Certificates of Participation Series 2016A for \$28,750, \$9,640 to refund a portion of Certificates of Participation Series 2007A, and \$19,110 of the proceeds to expand and improve the County's existing sewer system facilities. Although no specific sewer revenues are pledged for the repayment of the Certificates, the County anticipates using available cash from the Regional Wastewater Reclamation Fund to repay that portion of the proceeds actually used for sewer projects. In addition, the County issued Certificates of Participation Series 2016B for \$15,185 to develop, design, and construct a manufacturing and administrative headquarters to be used by World View Enterprises, Inc., which will lease the facility from the County over a 20-year period.

INSTALLMENT NOTE PAYABLE

Governmental Activities

In prior years, the County acquired Painted Hills property under contract agreements at a total purchase price of \$7,500. During fiscal year 2016-17, the County acquired the open space generally in the area of Greasewood Road and West 36th Street under contract agreements at a total purchase price of \$2,075 with a down payment of \$375. The following schedule details debt service requirements to maturity for the County's installment note payable at June 30, 2017.

The following schedule details sewer revenue bond debt service requirements to maturity at June 30, 2017.

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 9,285	\$ 810
2019	9,755	441
2020	1,465	55
Total	\$ 20,505	\$ 1,306

On June 17, 2010, Pima County issued Sewer Revenue Obligations Series 2010 for \$165,000 primarily to pay a portion of the capital project costs associated with the construction, expansion and improvement of sewer treatment facilities and conveyance systems for the county-wide sewer system, including the Agua Nueva (previously known as Roger Road) and Tres Rios (previously known as Ina Road) Wastewater Reclamation Facilities.

In December 2011, the County issued Sewer Revenue Obligations Series 2011B for \$189,160 to provide additional funding for the construction and improvements of the County's wastewater conveyance systems and treatment facilities.

In December 2012, the County issued Sewer Revenue Obligations Series 2012A for \$128,795. The net proceeds of the issuance were used primarily to pay a portion of the costs of the construction, expansion and improvement of sewer treatment facilities and conveyance systems for the System, including the Agua Nueva and Tres Rios Wastewater Reclamation Facilities.

Note 7: Long Term Liabilities (continued)

In February 2014, the County issued Sewer Revenue Obligations Series 2014 for \$48,500. The net proceeds of the issuance were used primarily to pay a portion of the costs of the construction, expansion and improvement of sewer treatment facilities and conveyance systems.

During fiscal year 2016-17, the County defeased Sewer Revenue Bonds of \$27,840 (Series 2007), \$37,825 (Series 2008) and \$6,725 (Series 2009), and Sewer Revenue Obligations of \$85,495 (Series 2010) and \$71,000 (Series 2011B) by issuing \$211,595 of Sewer Revenue Refunding Obligations Series 2016 with an average life of 7.26 years and an average interest rate of 5.00%. This refunding transaction resulted in an economic gain of \$17,943 and a reduction in debt service between the refunding debt and the refunded debt of \$19,812. The proceeds of the new obligations were placed in an irrevocable trust to provide for future debt service payments of the refunded debt. Accordingly, the trust account assets and liability for the defeased bonds and obligations are not included in the County's financial statements.

In February 2017, the County issued Sewer Revenue Obligations Series 2017 for \$45,000. The net proceeds of the issuance were used primarily to pay a portion of the costs of the construction, expansion and improvement of sewer treatment facilities and conveyance systems.

The following table presents amounts outstanding by issue.

Note 7: Long Term Liabilities (continued)

In October 2009 the County entered into a loan agreement for the funding of construction of wastewater treatment facilities. Interest is payable semiannually and is calculated based on the principal amount of the loan outstanding during such period.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rate</u>	<u>Maturities</u>	<u>Outstanding June 30, 2017</u>
2009 Loan payable	\$ 8,002	0.96%	2018-24	\$ 4,630
		Total loan payable		<u>\$ 4,630</u>

The following schedule details loan payable debt service requirements to maturity at June 30, 2017.

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 531	\$ 107
2019	544	94
2020	557	81
2021	571	67
2022	585	52
2023 - 2024	1,842	69
Total	<u>\$ 4,630</u>	<u>\$ 470</u>

Pima County has pledged future user charges, net of specified operating expenses, to repay \$20,505 in sewer revenue bonds issued between 2008 and 2009, \$513,430 in sewer revenue obligations issued between 2010 and 2017, and \$4,630 in sewer revenue loan issued in 2009. Proceeds from the bonds, obligations and loan provided financing for construction of various treatment facilities and sewer infrastructure within Pima County. The bonds, obligations and loan are payable from net sewer revenues and are payable through fiscal year 2031. It is expected that approximately 77 percent of net revenues will be used to pay annual principal and interest payments on the bonds and obligations and approximately 2 percent of net revenues will be used to pay annual principal and interest on the loan. Total principal and interest remaining to be paid on the bonds, obligations and loan are \$21,811, \$646,267 and \$5,100, respectively. Principal and interest paid in the current year on the bonds and obligations, and on the loan, and total customer net revenues were \$73,757, \$12,545, and \$91,459, respectively.

All sewer revenue bonds were issued and the loan agreements were executed with a first lien on the pledge of the RWR net revenues and have restrictive covenants, primarily related to minimum utility rates and limitations on future bond issues. The bond covenants also require the RWR to either maintain a surety bond guaranteeing the payment of annual debt service or to maintain in the Bond Reserve Account monies in amounts set by each debt issue. At June 30, 2017, the RWR met the requirements of the debt covenants. The County is also authorized to issue for the RWR additional parity bonds or revenue obligations if certain conditions are met, primarily that net revenues for parity bonds and pledged revenues for revenue obligations for the fiscal year immediately preceding issuance of the new debt exceed 120 percent of the maximum annual debt service requirements immediately after such issuance.

CONTRACTS AND NOTES

Business-type Activities

(Payments made from restricted assets in the RWR)

Contracts and notes consist of contract retentions for several construction projects. Generally, interest is not accrued and the timing of payments is based on completion of the related construction projects.

LEGAL DEBT MARGIN

County General Obligation Bonds

General obligation debt may not exceed 6 percent of the value of the County's taxable property as of the latest assessment. However, with voter approval, debt may be incurred up to 15 percent of the value of taxable property. Pima County has received voter approval for all general obligation debt. The legal debt margin at June 30, 2017, is as follows:

Net assessed valuation		\$ 8,262,665
<u>Debt limit (15% of net assessed valuation):</u>		<u>\$ 1,239,400</u>
<u>Less amount of debt applicable to debt limit:</u>		
General obligation bonds outstanding	\$ 321,285	
Less fund balance in debt service fund available for payment of general obligation bond principal	(2,793)	318,492
Legal debt margin available		<u>\$ 920,908</u>

Note 8: Landfill Liabilities

Solid Waste Landfill Closure and Post-Closure Care Costs:

State and Federal laws and regulations require the County to place a final cover on its solid waste landfill sites when these sites stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after their closure. Although closure and post-closure care costs will not be paid until near or after the date the landfills stop accepting waste, the County records a portion of these closure and post-closure care costs as a long-term liability in each period, based on landfill capacity used as of each balance sheet date. The \$9,787 reported as landfill closure and post-closure care long-term liability within the governmental activities represents the cumulative amount reported to date, based on the percentage used of each landfill's total estimated capacity. The County will recognize the remaining estimated cost of closure and post-closure care of \$4,116 as the remaining estimated capacities are used. These amounts are based on what it would cost to perform all closure and post-closure care in the fiscal year ended June 30, 2017; actual costs may change due to inflation, changes in technology, or changes in regulations.

<u>Landfill Site</u>	<u>Capacity Used June 30, 2017</u>	<u>Estimated Remaining Service Life</u>
Ajo	75%	34 Years
Sahuarita*	59%	25 Years
Tangerine	100%	Closed

*The Sahuarita Landfill stopped accepting waste from the public in February 2016 but remains open for internal County waste disposal needs.

The County plans to fund the estimated closure and post-closure care costs with General Fund monies.

According to State and Federal laws and regulations, the County must comply with the local government financial test requirements that ensure the County can meet the costs of landfill closure, post-closure, and corrective action when needed. The County is in compliance with these requirements. The Ina Road Landfill facility is closed to municipal solid waste and only receives green waste and construction debris. It is not subject to the closure and post-closure cost requirements referred to above. Pima County estimates that it will cost approximately \$11,403 when closure occurs and plans to fund the costs with General Fund monies. At this time, there is no closure date available.

On June 1, 2013 Tucson Recycling and Waste Services was contracted to operate the remaining open landfill and transfer stations on behalf of Pima County in an agency capacity. The closure and post closure costs remain the liability of Pima County.

Note 9: Operating Leases

The County leases land, buildings, parking spaces, machinery, and office equipment under the provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenditures under the terms of the operating leases were \$10,272 for the year ended June 30, 2017. These operating leases have remaining lease terms from one to thirty-eight years. Also, they provide renewal options and are contingent on budgetary appropriations each fiscal year. The future estimated maximum rental payments under these operating leases as of June 30, 2017, are as follows:

Year ending June 30	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2018	\$ 16,239	\$ 200
2019	14,682	200
2020	4,460	200
2021	1,040	200
2022	824	200
2023-27	982	1,000
2028-32	54	1,000
2033-37		1,000
2038-42		1,000
2043-47		1,000
2048-52		1,000
2053-55		550
Total minimum lease payments	<u>\$ 38,281</u>	<u>\$ 7,550</u>

Note 10 - Pensions and Other Postemployment Benefits

The County contributes to the Arizona State Retirement System (ASRS), the Corrections Officer Retirement Plan (CORP), the Corrections Officer Retirement Plan – Administrative Office of the Courts (CORP AOC), the Public Safety Personnel Retirement System (PSPRS), consisting of Pima County Sheriffs and Pima County - County Attorney Investigators, and the Elected Officials Retirement Plan (EORP), all component units of the State of Arizona.

At June 30, 2017, the County reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net pension liabilities	\$ 738,949	\$ 44,343	\$ 783,292
Deferred outflows of resources	155,707	7,987	163,694
Deferred inflows of resources	69,617	6,733	76,350
Pension expense	82,924	223	83,147

The County’s accrued payroll and employee benefits includes \$3,049 of outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2017. Also, the County reported \$47,815 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

The ASRS, CORP, CORP AOC, PSPRS - Pima County Sheriffs, and EORP plans are described below. The PSPRS, Pima County - County Attorney Investigators is not described due to its relative insignificance to the County's financial statements.

A. Arizona State Retirement System

Plan description—County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

Benefits provided—The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

ASRS	Retirement	
	Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions—In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2017, statute required active ASRS members to contribute at the actuarially determined rate of 11.48 percent (11.34 percent for retirement and 0.14 percent for long-term disability) of the members' annual covered payroll, and statute required the County to contribute at the actuarially determined rate of 11.48 percent (10.78 percent for retirement, 0.56 percent for health insurance premium benefit, and 0.14 percent for long-term disability) of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 9.47 percent (9.17 percent for retirement, 0.21 percent for health insurance premium benefit, and 0.09 percent for long-term disability) of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2017, were \$25,320. The County's OPEB contributions for the current and 2 preceding years for OPEB, all of which were equal to the required contributions, were as follows:

ASRS		
Year ended June 30	Health Benefit Supplement Fund	Long-Term Disability Fund
2017	\$ 1,306	\$ 328
2016	1,129	272
2015	1,363	277

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

During fiscal year 2017, the County paid for ASRS pension and OPEB contributions as follows: 60 percent from the General Fund, 10 percent from major funds, and 30 percent from other funds.

Pension liability—At June 30, 2017, the County reported a liability of \$393,174 for its proportionate share of the ASRS’ net pension liability. The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2015, to the measurement date of June 30, 2016. The total pension liability as of June 30, 2016, reflects a change in actuarial assumption for a decrease in loads for future potential permanent benefit increases.

The County’s proportion of the net pension liability was based on the County’s actual contributions to the plan relative to the total of all participating employers’ contributions for the year ended June 30, 2016. The County’s proportion measured as of June 30, 2016, was 2.44 percent, which was a decrease of 0.07 from its proportion measured as of June 30, 2015.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2017, the County recognized pension expense for ASRS of \$14,613. At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ASRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,389	\$ 27,047
Changes of assumptions or other inputs		20,802
Net difference between projected and actual earnings on pension plan investments	42,607	
Changes in proportion and differences between county contributions and proportionate share of contributions	568	12,011
County contributions subsequent to the measurement date	25,320	
Total	\$ 70,884	\$ 59,860

The \$25,320 reported as deferred outflows of resources related to ASRS pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

Year ending June 30	
2018	\$ (24,600)
2019	(18,196)
2020	16,554
2021	11,946

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

Actuarial Assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS	
Actuarial valuation date	June 30, 2015
Actuarial roll forward date	June 30, 2016
Actuarial cost method	Entry age normal
Investment rate of return	8%
Projected salary increases	3–6.75%
Inflation	3%
Permanent benefit increase	Included
Mortality rates	1994 GAM Scale BB

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.75 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ASRS	Target	Long-Term
Asset Class	Allocation	Expected
		Arithmetic Real
		Rate of Return
Equity	58%	6.73%
Fixed income	25%	3.70%
Real estate	10%	4.25%
Multi-asset	5%	3.41%
Commodities	<u>2%</u>	3.84%
Total	<u>100%</u>	

Discount Rate—The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

Sensitivity of the County’s proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the County’s proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the County’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate:

ASRS	1% Decrease (7%)	Current Discount Rate (8%)	1% Increase (9%)
County’s proportionate share of the net pension liability	\$ 501,326	\$ 393,174	\$ 306,460

Pension plan fiduciary net position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

Plan descriptions—County sheriff employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP). The CORP administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan for county detention officers (agent plans), and a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for AOC officers (cost-sharing plans). The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS and CORP issues a publicly available financial report that includes financial statements and required supplementary information for PSPRS and CORP plans. The report is available on the PSPRS website at www.psprs.com.

Benefits provided—The PSPRS and CORP provide retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years, any age 15 years, age 62	25 years, age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years

Normal Retirement	2.0% to 2.5% per year of credited service, not to exceed 80%	
Accidental Disability Retirement	50% or normal retirement if more than 20 years of credited service	50% or normal retirement if more than 25 years of credited service
Total and Permanent Disability Retirement	50% or normal retirement if more than 25 years of credited service	

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

CORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Ordinary Disability Retirement	2.5% per year of credited service	
Survivor Benefit		
Retired Members	80% of retired member's pension benefit	
Active Members	40% of average monthly compensation or 100% of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.	

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earnings. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees covered by benefit terms—At June 30, 2017, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Sheriff	CORP Detention
Inactive employees or beneficiaries currently receiving benefits	384	192
Inactive employees entitled to but not yet receiving benefits	120	139
Active employees	454	463
Total	958	794

Contributions and annual OPEB cost—State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension and health insurance premium benefits. As allowed by statute, the County contributed 3.65 percent of the PSPRS members' required contribution. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2017, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS Sheriff	CORP Detention	CORP AOC
Active members—Pension			
PSPRS members with an initial membership date on or before July 19, 2011			
July 2016 through March 2017	11.65%	n/a	n/a
April 2017 through June 2017	7.65%	n/a	n/a
PSPRS members with an initial membership Date after July 19, 2011, and all CORP	11.65%	8.41%	8.41%
County			
Pension	52.48%	22.58%	20.08%
Health insurance premium benefit	0.32%	0.12%	0.80%

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

In addition, statute required the County to contribute at the actuarially determined rate indicated below of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the PSPRS or CORP would typically fill.

	<u>PSPRS Sheriff</u>	<u>CORP Detention</u>	<u>CORP AOC</u>
Pension	39.66%	16.37%	13.68%
Health Insurance Premium Benefit	0.00%	0.00%	0.53%

For the agent plans, the County's contributions to the pension plan and annual OPEB cost and contributions for the health insurance premium benefit for the year ended June 30, 2017, were:

	<u>PSPRS Sheriff</u>	<u>CORP Detention</u>
Pension		
Contributions made	\$ 16,861	\$ 4,872
Health Insurance Premium Benefit		
Annual OPEB cost	103	26
Contributions made	103	26

Contributions to the CORP AOC pension plan for the year ended June 30, 2017, were \$2,691. The County's contributions for the current and 2 preceding years for the CORP AOC OPEB, all of which were equal to the required contributions, were as follows:

CORP AOC	Health Insurance Fund
Year ended June 30	<u> </u>
2017	\$ 107
2016	116
2015	172

During fiscal year 2017, the County paid for PSPRS and CORP pension and OPEB contributions as follows: 94 percent from the General Fund and 6 percent from other non-major funds.

Pension liability —At June 30, 2017, the County reported the following net pension liabilities:

	<u>Net Pension Liability</u>
PSPRS Sheriff	\$ 218,444
CORP Detention	59,730
CORP AOC (County's proportionate share)	35,046

The net pension liabilities were measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The total pension liabilities as of June 30, 2016, reflect the following changes of benefit terms and actuarial assumptions.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

- In May 2016 voters approved Proposition 124 that authorized certain statutory adjustments to PSPRS' automatic cost-of-living adjustments. The statutory adjustments changed the basis for future cost-of-living adjustments from excess investment earnings to the change in the consumer price index, limited to a maximum annual increase of 2 percent.
- Laws 2016, Chapter 2, changed the benefit formula and contribution requirements for members hired on or after July 1, 2017.
- The investment rate of return actuarial assumption was decreased from 7.85 percent to 7.50 percent for PSPRS and CORP plans.

The net pension liabilities measured as of June 30, 2017, will reflect changes of actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016. The change in the County's net pension liabilities as a result of these changes is not known.

Pension actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS and CORP—Pension

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Projected salary increases	4.0%–8.0% for PSPRS and 4.0%–7.25% for CORP
Inflation	4.0%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table (adjusted by 105% for both males and females)

Actuarial assumptions used in the June 30, 2016, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.50 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

PSPRS and CORP		
<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Arithmetic Real Rate of Return</u>
Short term investments	2%	0.75%
Absolute return	5%	4.11%
Risk parity	4%	5.13%
Fixed income	7%	2.92%
Real assets	8%	4.77%
GTAA	10%	4.38%
Private equity	11%	9.50%
Real estate	10%	4.48%
Credit opportunities	13%	7.08%
Non-U.S. equity	14%	8.25%
U.S. equity	<u>16%</u>	6.23%
Total	<u>100%</u>	

Pension discount rates— At June 30, 2016, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.50 percent, which was a decrease of 0.35 from the discount rate used as of June 30, 2015. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Net investment income		302	(302)
Benefit payments, including refunds of employee contributions	(6,013)	(6,013)	
Administrative expense		(43)	43
Other changes		(38)	38
Net changes	7,167	572	6,595
Balances at June 30, 2017	\$ 109,504	\$ 49,774	\$ 59,730

The County's proportion of the CORP AOC net pension liability was based on the County's actual contributions to the plan relative to the total of all participating counties' actual contributions for the year ended June 30, 2016. The County's proportion measured as of June 30, 2016, was 12.42 percent, which was a decrease of 0.03 from its proportion measured as of June 30, 2015.

Sensitivity of the County's net pension liability to changes in the discount rate—The following table presents the County's net pension liabilities calculated using the discount rate of 7.50 percent, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.50 percent) or 1 percentage point higher (8.50 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
PSPRS Sheriff			
Net pension liability	\$ 261,686	\$ 218,444	\$ 182,520
CORP Detention			
Net pension liability	\$ 73,722	\$ 59,730	\$ 48,176
CORP AOC			
County's proportionate share of the net pension liability	\$ 45,042	\$ 35,046	\$ 26,790

Pension plan fiduciary net position—Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

Pension expense—For the year ended June 30, 2017, the County recognized the following pension expense:

	Pension Expense
PSPRS Sheriff	\$ 34,370
CORP Detention	7,800
CORP AOC (County's proportionate share)	5,305

Pension deferred outflows/inflows of resources—At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
PSPRS – Sheriff		
Differences between expected and actual experience		\$ 9,533
Changes of assumptions or other inputs	\$ 26,892	
Net difference between projected and actual earnings on pension plan investments	8,616	
County contributions subsequent to the measurement date	16,861	
Total	\$ 52,369	\$ 9,533
CORP – Detention		
Differences between expected and actual experience		\$ 3,480
Changes of assumptions or other inputs	\$ 8,183	
Net difference between projected and actual earnings on pension plan investments	3,053	
County contributions subsequent to the measurement date	4,872	
Total	\$ 16,108	\$ 3,480
CORP – AOC		
Differences between expected and actual experience	\$ 745	\$ 1,765
Changes of assumptions or other inputs	4,757	
Net difference between projected and actual earnings on pension plan investments	2,647	
Changes in proportion and differences between county contributions and proportionate share of contributions	30	54
County contributions subsequent to the measurement date	2,691	
Total	\$ 10,870	\$ 1,819

Note 10 - Pensions and Other Postemployment Benefits (continued)

The amounts reported as deferred outflows of resources related to pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30	PSPRS Sheriff	CORP Detention	CORP AOC
2018	\$ 7,538	\$ 2,353	\$ 1,887
2019	7,538	2,353	1,887
2020	8,149	1,977	1,776
2021	2,268	889	778
2022	482	184	32
	<u>\$ 25,975</u>	<u>\$ 7,756</u>	<u>\$ 6,360</u>

Agent plan OPEB actuarial assumptions—The health insurance premium benefit contribution requirements for the year ended June 30, 2017, were established by the June 30, 2015, actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the reported amounts' value and assumptions about the probability of events in the future. Amounts determined regarding the plans' funded status and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress for the health insurance premium benefit presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on (1) the plans as the County and plans' members understand them and include the types of benefits in force at the valuation date, and (2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all PSPRS and CORP plans and related benefits (unless noted), and the following actuarial methods and assumptions were used to establish the fiscal year 2017 contribution requirements:

PSPRS and CORP—OPEB Contribution Requirements

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	21 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market corridor
Actuarial assumptions:	
Investment rate of return	7.85%
Projected salary increases	4%–8% for PSPRS and 4%–7.25% for CORP
Wage growth	4% for PSPRS and CORP

Note 10 - Pensions and Other Postemployment Benefits (continued)

Agent plan OPEB trend information—Annual OPEB cost information for the health insurance premium benefit for the current and 2 preceding years follows for each of the agent plans:

Year Ended June 30	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
PSPRS Sheriff			
2017	\$ 103	100%	
2016	85	100%	
2015	608	100%	
CORP Detention			
2017	\$ 26	100%	
2016	36	100%	
2015	264	100%	

Agent plan OPEB funded status—The health insurance premium benefit plans' funded status as of the most recent valuation date, June 30, 2016, along with the actuarial assumptions and methods used in those valuations follow.

	PSPRS Sheriff	CORP Detention
Actuarial value of assets: (a)	\$ 8,306	\$ 3,672
Actuarial accrued liability: (b)	7,865	3,167
Unfunded actuarial accrued liability (funding excess): (b) – (a)	\$ (441)	\$ (505)
Funded ratio: (a)/(b)	105.6%	115.9%
Annual covered payroll: (c)	\$ 30,384	\$ 20,263
Unfunded actuarial accrued liability (funding excess) as a percentage of covered payroll: (b) – (a) / (c)	(1.5)%	(2.5)%

The actuarial methods and assumptions used are the same for all the PSPRS and CORP health insurance premium benefit plans (unless noted), and for the most recent valuation date are as follows:

PSPRS and CORP—OPEB Funded Status

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	20 years for unfunded actuarial accrued liability, 20 years for excess

Note 10 - Pensions and Other Postemployment Benefits (continued)

C. Elected Officials Retirement Plan

Plan description—Elected officials and judges participate in the Elected Officials Retirement Plan (EORP) or ASRS. EORP administers a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for elected officials and judges who were members of the plan on December 31, 2013. This plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The PSPRS issues a publicly available financial report that includes its financial statements and required supplementary information for the EORP plans. The report is available on PSPRS’s website at www.psprs.com.

Benefits provided—The EORP provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

EORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years, any age 10 years, age 62 5 years, age 65 5 years, any age* any years and age if disabled	10 years, age 62 5 years, age 65 any years and age if disabled
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit percent		
Normal Retirement	4% per year of service, not to exceed 80%	3% per year of service, not to exceed 75%
Disability Retirement	80% with 10 or more years of service 40% with 5 to 10 years of service 20% with less than 5 years of service	75% with 10 or more years of service 37.5% with 5 to 10 years of service 18.75% with less than 5 years of service
Survivor Benefit		
Retired Members	75% of retired member’s benefit	50% of retired member’s benefit
Active Members and Other Inactive Members	75% of disability retirement benefit	50% of disability retirement benefit

* With reduced benefits of 0.25% for each month early retirement precedes the member’s normal retirement age, with a maximum reduction of 30%.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017

Note 10 - Pensions and Other Postemployment Benefits (continued)

Contributions— State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a portion of certain court fees for the EORP. For the year ended June 30, 2017, statute required active EORP members with an initial membership date on or before July 19, 2011, to contribute 13 percent of the members' annual covered payroll for July 2016 through March 2017 and 7 percent of the members' annual covered payroll for April 2017 through June 2017. Statute required active EORP members with an initial membership date after July 19, 2011, to contribute 13 percent of the members' annual covered payroll, and the County was required to contribute 23.5 percent of all active EORP members' annual covered payroll. Also, the County was required by statute to contribute 12.16 percent to EORP of the annual covered payroll of elected officials and judges who were ASRS members, in addition to the County's required contributions to ASRS for these elected officials and judges. In addition, statute required the County to contribute 23.5 percent of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the EORP would typically fill. The County's contributions to the pension plan for the year ended June 30, 2017, were \$1,566. No OPEB contributions were required or made for the years ended June 30, 2015, 2016, and 2017.

During fiscal year 2017, the County paid for EORP pension contributions entirely from the General Fund.

Pension liability—At June 30, 2017, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

County's proportionate share of the EORP net pension liability	\$ 74,615
State's proportionate share of the EORP net pension liability associated with the County	15,406
Total	\$ 90,021

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability as of June 30, 2016, reflects a decrease in the investment rate of return actuarial assumption from 7.85 percent to 7.50 percent.

The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' actual contributions for the year ended June 30, 2016. The County's proportion measured as of June 30, 2016 was 7.90 percent, which was an increase of 0.35 from its proportion measured as of June 30, 2015.

The collective net pension liability measured as of June 30, 2017, will reflect changes of actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016. The change in the County's proportionate share of the collective net pension liability as a result of these changes is not known.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2017, the County recognized pension expense for EORP of \$20,760 and revenue of \$4,111 for the County's proportionate share of the State's appropriation to EORP and the designated court fees. At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

EORP	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		\$ 1,403
Changes of assumptions or other inputs	\$ 8,377	
Net difference between projected and actual earnings on pension plan investments	1,728	
Changes in proportion and differences between county contributions and proportionate share of contributions	1,294	96
County contributions subsequent to the measurement date	1,566	
Total	<u>\$ 12,965</u>	<u>\$ 1,499</u>

The \$1,566 reported as deferred outflows of resources related to EORP pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

Year ending June 30	
2018	\$ 6,669
2019	2,257
2020	628
2021	346

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

EORP	
Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Investment rate of return	7.50%
Projected salary increases	4.25%
Inflation	4.00%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table projected to 2025 with projection scale AA

Actuarial assumptions used in the June 30, 2016, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2017
(in thousands)

Note 10 - Pensions and Other Postemployment Benefits (continued)

The long-term expected rate of return on EORP pension plan investments was determined to be 7.50 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

EORP		Long-Term Expected Arithmetic Real Rate of Return
Asset Class	Target Allocation	
Short-term investments	2%	0.75%
Absolute return	5%	4.11%
Risk parity	4%	5.13%
Fixed income	7%	2.92%
Real assets	8%	4.77%
GTAA	10%	4.38%
Private equity	11%	9.50%
Real estate	10%	4.48%
Credit opportunities	13%	7.08%
Non-U.S. equity	14%	8.25%
U.S. equity	<u>16%</u>	6.23%
Total	<u>100%</u>	

Discount rate—At June 30, 2016, the discount rate used to measure the EORP total pension liability was 3.68 percent, which was a decrease of 1.18 from the discount rate used as of June 30, 2015. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the statutorily set rates, and state contributions will be made as currently required by statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current plan members. Therefore, to determine the total pension liability for the plan, the long-term expected rate of return on pension plan investments of 7.50 percent was applied to periods of projected benefit payments through the year ended June 30, 2027. A municipal bond rate of 2.85 percent obtained from the 20-year Bond Buyer Index, as published by the Federal Reserve as of June 30, 2016, was applied to periods of projected benefit payments after June 30, 2027.

Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate—The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 3.68 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.68 percent) or 1 percentage point higher (4.68 percent) than the current rate:

EORP	1% Decrease (2.68%)	Current Discount Rate (3.68%)	1% Increase (4.68%)
County's proportionate share of the net pension liability	\$ 86,856	\$ 74,615	\$ 64,397

Pension Plan Fiduciary Net Position—Detailed information about the pension plan's fiduciary net position is available in the separately issued EORP financial report.

Note 12: Construction and Other Significant Commitments

At June 30, 2017, Pima County had the following major contractual commitments:

Community Development

The Community Development Department had construction contractual commitments of \$1,817 and other contractual commitment related to service contracts of \$3,613. Funding for these expenditures will be provided from reimbursements on intergovernmental grant awards, including federal and state entities, and general obligation bonds.

Community Services

The Community Services Department had contractual commitments related to service contracts of \$11,836. Funding for these expenditures will be provided from reimbursements on intergovernmental grant awards, including federal and state entities.

Facilities Management

The Facilities Management Department had construction contractual commitments of \$16,394 and other contractual commitment related to service contracts of \$7,889. Funding for these expenditures will be provided from general fund revenues and general obligation bonds.

General Government

The Office of Medical Services had commitments related to service contracts of \$47,285. Funding for these expenditures will be provided from general fund revenue, the Wireless Integrated Network special revenue fund and general obligation bonds.

Natural Resources, Parks and Recreation

The Natural Resources, Parks and Recreation Department had construction contractual commitments of \$10,696 and other contractual commitments related to service contracts of \$2,349. Funding for these expenditures will be provided from general fund revenues.

Regional Flood Control

The Regional Flood Control fund had construction contractual commitments of \$4,430 and other contractual commitments related to service contracts of \$1,765. Funding for these expenditures will be primarily from tax levy revenues.

Regional Wastewater Reclamation

The Regional Wastewater Reclamation enterprise fund had construction contractual commitments of \$17,498 and other contractual commitments related to services of \$1,480. Funding for these expenses will be primarily from the Sewer Revenue Bonds and sewer user fees.

Transportation

The Transportation Department had construction commitments of \$63,065 and other contractual commitments related to services of \$3,394. Funding for these expenditures will be primarily provided from Transportation Revenue bonds, federal grants funding and state Highway User Tax Revenue, which is the primary source of revenue for the Transportation Department.

Notes to Schedule of Revenues, Expenditures and Changes in
Fund Balance – Budget and Actual – General Fund
June 30, 2017
(in thousands)

Note 1- Budgeting and Budgetary Control

Arizona Revised Statutes (A.R.S.) requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors’ approval. With the exception of the General Fund, Other Special Revenue, and Other Special Revenue – Grants, each fund includes only one department.

Note 2 – Expenditures in Excess of Appropriations

For the year ended June 30, 2017, expenditures for the following departments in the General Fund exceeded final budget amounts at the department level (the legal level of budgetary control) as follows:

Function/Department	Excess
General government:	
Constables	\$ 11
Superior Court Mandated Services	5
Total general government:	<u>16</u>
Public safety:	
Sheriff	1,535
Total public safety	<u>1,535</u>
Debt Service:	
interest	57
Total debt service	<u>\$ 57</u>

These expenditures were funded by greater than anticipated revenues and unspent appropriations.

(in thousands)

Note 1 – Actuarially Determined Contribution Rates

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period as of the 2015 actuarial valuation	21 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80% / 120% market corridor
Actuarial assumptions:	
Investment rate of return	In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%
Projected salary increases	In the 2014 actuarial valuation, projected salary increases were decreased from 4.5%–8.5% to 4.0%–8.0% for PSPRS and from 4.5%–7.75% to 4.0%–7.25% for CORP. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%–9.0% to 4.5%–8.5% for PSPRS and from 5.0%–8.25% to 4.5%–7.75% for CORP.
Wage growth	In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS and CORP.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	RP-2000 mortality table (adjusted by 105% for both males and females)

Note 2 – Factors that affect trends

In February 2014, the Arizona Supreme Court affirmed a Superior Court ruling that a 2011 law that changed the mechanism for funding permanent benefit increases was unconstitutional. As a result, the PSPRS, CORP, and CORP-AOC changed benefit terms to reflect the prior mechanism for funding permanent benefit increases and revised actuarial assumptions to explicitly value future permanent benefit increases. These changes are included in the PSPRS' and CORP's changes in total pension liability for fiscal year 2015 (measurement date 2014) in the schedule of changes in the County's net pension liability and related ratios. These changes also increased the PSPRS, CORP, and CORP-AOC's required contributions beginning in fiscal year 2016 in the schedule of county pension contributions.

Combining Statements and Other Schedules

Other (Nonmajor) Governmental Funds

OTHER GOVERNMENTAL FUNDS (Nonmajor)

Transportation Fund - to account for administrative and operating costs, as well as resources transferred to the Capital Projects Fund for construction of highways and streets. Financing is provided primarily from the County share of gasoline and vehicle license taxes collected by the State.

Health Fund - to account for resources used to finance activities involved in the conservation and improvement of public health and animal care. Major sources of funding include Federal and State grants, charges for services provided, and operating transfers from the General Fund.

Regional Flood Control District Fund - to account for amounts expended to protect persons and property from floodwaters. Revenues are provided by secondary taxes on real property and government grants. The Regional Flood Control District is a blended component unit of Pima County.

Other Special Revenue Fund - to account for resources specifically identified to be expended for the various other programs of the County. These include various probation programs, consumer protection programs, family support, antiracketeering programs, law library, etc. Revenues are provided by fines, intergovernmental revenues, fees and forfeitures, and charges for services.

Other Special Revenue Grants Fund - to account for Federal and State grants received by the County not required to be accounted for in a separate fund. Each grant has a specific project objective and the grant funds must be used for a stated purpose.

Wireless Integrated Network Fund - to account for the design, procurement and deployment of a regional public safety voice communications network to serve public and non-profit entities responsible for providing public safety and emergency management services to the Pima County populace.

School Reserve Fund - to account for Federal and State grants received by the Superintendent of Schools. Each grant has a specific project objective and the grant funds must be used for a stated purpose.

Environmental Quality Fund - to account for resources specifically identified to be expended for protection of water, air, and land from pollutants. Revenues are provided by fines, fees and forfeitures, licenses, permits, and Federal and State grants.

Waste Tire Fund - to account for the state shared revenue tax for the tire recycling program.

Library District Fund - to account for the resources used for management and operation of the Library District. Revenues are provided primarily by secondary taxes on real property. The Library District is a blended component unit of Pima County.

Stadium District Fund - to account for resources specifically identified to be expended for the Stadium District. Revenues are provided by the car rental, hotel/motel bed and recreation vehicle park taxes, and charges for services provided. The Stadium District is a blended component unit of Pima County.

Street Lighting District (SLDs) Fund - to account for financial activity related to street lighting in unincorporated Pima County. The SLDs are a blended component unit of Pima County.

Rocking K South CFD Fund - to account for the purchase of eligible infrastructure of the Rocking K South master plan development through the issuance of bonds, and to fund the operation, maintenance and administration of the District through the levy of ad valorem tax on property in the District.

Noncash investing, capital, and noncapital financing activities during the year ended June 30, 2017:

Development Services Fund retired fully depreciated capital assets with an original cost of \$53 and transferred out assets with an original cost of \$24 to Fleet Services.

Parking Garages Fund expensed prior year construction in progress totaling \$128.

Combining Statements and Other Schedules

Internal Service Funds

Internal Service Funds

Self Insurance Trust Fund - to account for the risk management function of the County. The Fund provides self insurance coverage to the County for medical malpractice, workers' compensation, unemployment, general liability, environmental liability, and property damage as well as acquiring coverage for other risks.

Fleet Services - to account for the acquisition, operation, and maintenance of fleet services equipment provided to County departments.

Health Benefit Trust Fund - to account for health care and health-related benefits. The Fund is responsible for collecting employer and employee premiums through payroll deductions, and for the payment of claims. The premiums collected include amounts paid for medical, dental, vision, short-term disability and life insurance coverages.

Other Internal Service - to account for the provision of printing, technology infrastructure, telecommunication services, and procurement of software and hardware resources utilized by County departments.

PIMA COUNTY

Comprehensive Annual Financial Report

For the Fiscal Year Ended June 30, 2017

INTRODUCTORY SECTION

FINANCIAL SECTION

STATISTICAL SECTION

Financial Trends Information

Revenue Capacity Information

Debt Capacity Information

Demographic and Economic Information

Operating Information

STATISTICAL SECTION

FINANCIAL TRENDS:

The financial trends schedules are intended to provide users with information to assist them in understanding and assessing how a government's financial position has changed over time. Financial trends information is considered to be a primary source of the historical perspective that helps users comprehend the direction in which a government's economic condition is heading. It also serves the purpose of giving users a form of information that is among their most highly valued, comparative information over time.

STATISTICAL SECTION

REVENUE CAPACITY:

The revenue capacity information is intended to assist users to understand and assess the factors affecting a government's ability to generate its own-source revenues. The presentation here is not limited to property tax revenues, but certain other revenues are presented to comply with debt disclosure requirements, e.g., hotel taxes, car rental and RV taxes, and street and highway revenues.

Notes:

Property in Pima County is assessed annually with values being set by either the County Assessor or the Arizona Department of Revenue. The values are the basis for Primary Taxes and annual changes therein are restricted by the State Constitution. Assessment ratios are set by the legislature for individual property types. The taxable assessed value is arrived at by multiplying an assessment ratio that has varied from ten percent for residential property to twenty-five percent for commercial property. Tax rates are per \$100 of assessed value.

Notes:

Primary and secondary tax rates (per \$100 of net assessed value) are set by the County Board of Supervisors or the governing boards of other taxing jurisdictions. The Towns of Marana, Oro Valley and Sahuarita do not currently levy a property tax. The Tucson Business Improvement District levy (on a per-business basis) is not shown.

¹The Pima County Flood Control District tax levy applies only to real property.

²Irrigation Districts' tax rates shown are levied on a per acre basis.

³Mobile Home Relocation levy applies only to unsecured mobile homes.

STATISTICAL SECTION

DEBT CAPACITY:

The debt capacity information is intended to assist users to understand and assess a government's debt burden and ability to issue debt. Debt capacity information is cited as being very useful for assessing economic condition as frequently as revenue or tax capacity. Five of the schedules presented provide ten-year comparisons.

Certain schedules, for example, leases, lease-purchase installment notes payable, and purchase agreements, are provided to comply with debt disclosure requirements.

Notes:

Overlapping governments are those that coincide (at least in part), with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Pima County. When considering the County's ability to issue and repay long-term debt, the process should recognize the entire debt burden borne by the residents and businesses therein. However, this does not imply that every taxpayer is a resident and is responsible for the repayment of debt of each overlapping government.

¹Population statistics are based on calendar year.

²Debt per Capita is shown in actual dollars and not in thousands.

STATISTICAL SECTION

DEMOGRAPHIC AND ECONOMIC INFORMATION:

The dual objectives of the demographic and economic information are to assist users in understanding certain aspects of the environment in which a government operates and to provide information that facilitates the comparisons of financial statement data over time and across governments.

Information of this type can help readers assess a government's condition by providing information about community expansion, average age increases or decreases and changes in personal income and unemployment. This type of data is important to readers in assessing economic condition.

STATISTICAL SECTION

OPERATING INFORMATION:

The objective of the operating information is to provide contextual information about a government's operations and resources to assist users in using financial information to understand and assess a government's economic condition. Two types of information are considered important:

1. Basic information about infrastructure assets, utilities, and public works; in essence, the capital resources at the government's disposal. Examples include miles of streets and sewers and wastewater treatment volume.
2. Descriptive service information, which would help to evaluate the size of the government. This would include types of services, the related demand and volume, and the non-financial resources employed to provide the services.

Notes:

¹Annexation by other jurisdictions resulted in a decrease of Transportation (Streets and Highways).

²Pothole repair figures were unavailable in FY 2009-10.

³No soil cement bank protection projects in 2012 and 2013.

⁴Regional Flood Control District maintained acreage only.

⁵On Jan. 3, 2012 capacity was reduced when the Town of Marana obtained ownership of the Marana Wastewater Treatment Facility.

⁶On July 1, 2006, the Pima County Library District assumed control of the operations of all County libraries.
