

A REPORT
TO THE
ARIZONA LEGISLATURE

Financial Audit Division

Report on Internal Control and Compliance

Pima County Community College District

Year Ended June 30, 2011

Debra K. Davenport
Auditor General

The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

Copies of the Auditor General's reports are free.

DEPUTY AUDITOR GENERAL

**Independent Auditors' Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Basic Financial Statements
Performed in Accordance with *Government Auditing Standards***

Members of the Arizona State Legislature

The Governing Board of
Pima County Community College District

We have audited the financial statements of the business-type activities and discretely presented component unit of Pima County Community College District as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 14, 2011. Our report was modified to include a reference to our reliance on other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Pima Community College Foundation, Inc., the discretely presented component unit, as described in our report on the District's financial statements. The financial statements of the Pima Community College Foundation, Inc. were not audited by the other auditors in accordance with *Government Auditing Standards*. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the report of the other auditors.

Internal Control over Financial Reporting

The District's management is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We and the other auditors did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests and those of the other auditors disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Governing Board, management, others within the District, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Jay Zsorey, CPA
Financial Audit Director
