PIMA HEALTH CARE SYSTEM Report on Audit of Financial Statements June 30, 2004

DEBRA K. DAVENPORT, CPA AUDITOR GENERAL WILLIAM THOMSON DEPUTY AUDITOR GENERAL

Independent Auditors' Report

Members of the Arizona State Legislature

The Board of Supervisors of Pima County, Arizona

We have audited the accompanying financial statements of the Pima Health Care System as of and for the year ended June 30, 2004, as listed in the table of contents. These financial statements are the responsibility of the Pima Health Care System's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, Pima Health Care System's financial statements are intended to present the financial position, and the changes in financial position and cash flows, of only that portion of the business-type activities and major funds of the County that is attributable to the Pima Health Care System Fund. They do not purport to, and do not, present fairly the financial position of the County, and the changes in financial position and cash flows, in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pima Health Care System as of June 30, 2004, and the changes in financial position and cash flows, for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Pima Health Care System. The accompanying financial information listed as supplementary schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Debbie Davenport Auditor General

See accompanying notes to financial statements.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the Pima Health Care System (PHCS) have been prepared in a format that complies with the *Health Care Organizations Audit and Accounting Guide* of the American Institute of Certified Public Accountants and the regulatory reporting requirements of the State of Arizo na. The accounting policies of PHCS conform to U.S. generally accepted accounting principles applicable to governmental units as promulgated by the Governmental Accounting Standards Board (GASB). A summary of PHCS' more significant accounting policies follows.

A. Reporting Entity

PHCS has been administered through its two service entities, Pima Health System and Services (PHS&S) and, through June 15, 2004, Kino Community Hospital. PHS&S is responsible for overseeing the operations of Pima Health System (the AHCCCS contracts), Posada Del Sol Nursing Home, the Grants and Community Services System, and other Pima County programs. Kino Community Hospital (Hospital) was an acute care facility.

PHCS is accounted for as an enterprise fund of Pima County, Arizona and the ultimate financial accountability for PHCS remains with Pima County. The financial statements present only PHCS and are not intended to present the balances and activity of Pima County or its business-type activities and enterprise funds. PHCS is a contractor with the Arizona Health Care Cost Containment System (AHCCCS) Administration to provide health care services to eligible enrollees of the AHCCCS Ambulatory and Arizona Long-Term Care System (ALTCS) programs. The Ambulatory program provides both inpatient and outpatient medical and nursing services to eligible enrollees of the Ambulatory program. The ALTCS program provides inpatient and outpatient medical and nursing services in addition to managed institutional and home- and community-based long-term care services to eligible enrollees of the ALTCS program. PHCS receives monthly premiums from AHCCCS for all eligible enrollees under the respective Ambulatory and ALTCS programs. During fiscal year 2004, PHCS provided both inpatient and outpatient medical and nursing services to the general public, indigent patients of Pima County, and eligible enrollees of AHCCCS through Kino Community Hospital and Posada Del Sol Nursing Home. The County discontinued its operations of Kino Hospital on June 15, 2004. Portions of the hospital's assets were sold, and its remaining assets and liabilities at that date were transferred to other County funds. Therefore, the financial statements include only the Hospital's financial activities and cash flows through June 15, 2004.

B. Fund Accounting

PHCS' accounts are maintained in accordance with the principles of fund accounting to ensure that limitations and restrictions on PHCS' available resources are observed. The principles of fund accounting require that the resources be classified for accounting and reporting purposes into funds in accordance with the activities or objectives specified for those resources. Each fund is considered a separate accounting entity, and its operations are

accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, net assets, revenues, and expenses. PHCS' financial transactions are recorded and reported as an enterprise fund since its operations are financed and operated in a manner similar to private business enterprises, in which the intent of the County Board of Supervisors is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The measurement focus of the fund is on the flow of economic resources. With this measurement focus, all assets and all liabilities associated with the operation of the PHCS are included on the statement of net assets. Net assets are segregated into invested in capital assets, restricted for health care, and unrestricted. The operating statement presents increases, such as revenues, and decreases, such as expenses, in net total assets.

PHCS follows Financial Accounting Standards Board Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. PHCS has chosen the option not to follow FASB Statements and Interpretations issued after November 30, 1989.

C. Basis of Accounting

Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied and determines when revenues and expenses are recognized in the accounts and reported in the financial statements. The financial statements of PHCS are presented on the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. PHCS funds certain programs with restricted and unrestricted resources. When both are available, PHCS applies restricted resources first.

Interfund transactions with other Pima County funds are recorded in the appropriate revenue or expense account. Intrafund transactions within PHCS are eliminated for the consolidated financial statement presentation.

D. Basis of Presentation

The financial statements include a statement of net assets; a statement of revenues, expenses, and changes in net assets; and a statement of cash flows. A statement of net assets provides information about the assets, liabilities, and net assets of PHCS at the end of the year. Assets and liabilities are classified as either current or noncurrent. Net assets are classified according to external donor restrictions or availability of assets to satisfy PHCS' obligations. Invested in capital assets represents the net value of capital assets. Restricted net assets represent grants, contracts, and other resources that have been externally restricted for specific purposes. Unrestricted net assets include all other net assets, including those that have been designated by management to be used for other than general operating purposes.

A statement of revenues, expenses, and changes in net assets provides information about PHCS' financial activities during the year. Revenues and expenses are classified as either operating or nonoperating, and all changes in net assets are reported, including capital contributions and transfers. Generally, patient service, capitation, and other charges generated by PHCS for providing health care are considered to be operating revenues. Other revenues used for health care, such as grants and interest earnings, are not generated from operations and are considered to be monoperating revenues. Operating expenses include the costs of providing health care services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, AHCCCS premium taxes, and loss on disposal of capital assets, are considered to be nonoperating expenses.

A statement of cash flows provides information about PHCS' sources and uses of cash and cash equivalents during the year. Increases and decreases in cash and cash equivalents are classified as operating, noncapital financing, capital financing, or investing.

E. Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents consist of cash on hand and cash and investments held by the Pima County Treasurer. All investments are stated at fair value.

F. Due from Other Governments

Due from other governments consists of amounts due from AHCCCS based on contractual agreement provisions of the Ambulatory and ALTCS programs.

G. Inventory of Supplies

Inventories are recorded as assets when purchased and expensed when consumed. These inventories are stated at cost using the first-in, first-out method.

H. Capital Assets

Capital assets are capitalized at cost. Donated assets are capitalized at their estimated fair market value on the date received. PHCS capitalizes all land and buildings regardless of cost and all other capital assets valued at \$5,000 and above. Depreciation of assets is charged as an expense against operations. Assets are depreciated over their estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Leasehold improvements 7 to 10 years Machinery and equipment 5 to 15 years

I. Compensated Absences

Compensated absences consist of annual leave and a calculated amount of sick leave earned by employees based on services already rendered. Employees may accumulate up to 240 hours of annual leave, but any annual leave hours in excess of the maximum amount that are unused at the end of the employee's anniversary year are forfeited. Upon termination of employment, all unused and unforfeited annual leave benefits are paid to employees. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, for employees who retire with 20 or more years of service, some accumulated sick leave benefits do vest based on various criteria and, therefore, are accrued.

J. Patient Service Revenues

Patient service revenues, including services provided to indigent patients of Pima County, were recorded at established rates regardless of whether collection in full was expected. Provisions for uncollectible accounts and contractual and administrative adjustments were recorded as deductions from patient service revenues.

The Hospital provided services to patients under a contractual agreement with the Medicare program. Amounts received from Medicare were determined based on a mix of prospectively determined payments and reimbursement of allowable expenses for patient service costs, capital costs, and medical education costs.

The Hospital provided services to patients under agreements with AHCCCS and various Pima County departments. Payments for services under those agreements were based on discounted amounts from established rates for outpatient services or tiered per diem rates for inpatient services.

K. Charity Care

Since the Hospital was owned and operated by Pima County, it was prohibited by Arizona Revised Statutes from providing care to patients without charging them for such services. Accordingly, there was no charity care recognized for the year ended June 30, 2004. However, the Hospital, as a provider of care to indigent as well as nonindigent patients, did provide care to patients who may not have been able to pay. Consequently, the charges (presented in revenues) for the unreimbursed care provided to these patients were included in the provision for doubtful accounts.

L. Grant Revenues

Grants and assistance awards made on the basis of entitlement periods are recorded as grants receivable and revenues when entitlement occurs. Reimbursement grants are recorded as grants receivable and revenues as soon as all eligibility requirements have been met.

Note 2 - Cash and Cash Equivalents

Cash and cash equivalents on the statement of net assets consist of \$2,500 of cash on hand and \$23,652,560 of cash and investments held by the Pima County Treasurer in its investment pool.

PHCS' cash and investments held by the Pima County Treasurer represent a portion of the County Treasurer's investment pool portfolios. The fair value of a participant's position in the pool approximates the value of that participant's pool shares. Those shares are not identified with specific investments and are not subject to custodial credit risk.

Note 3 - Receivables

A. Accounts Receivable

Accounts receivable include amounts due from third-party payors for health care services provided to patients. The accounts receivable balance is based on management's evaluation of the collectibility of such accounts.

B. Reinsurance Claims Receivable

Reinsurance claims receivable and revenues result from additional payments from the AHCCCS Administration to PHCS for certain enrollees whose medical expenses paid by PHCS during the year ended June 30, 2004, were in excess of specified deductible limits.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2004, was as follows:

_	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciate Land	d: \$ 250,000		\$ (250,000)	
Capital assets being depreciated: Buildings and improvements Accumulated depreciation	28,484,178 (20,482,437)	\$ 15,575 (518,973)	(28,499,753) 21,001,410	
Leasehold improvements Accumulated depreciation Net leasehold improvements	904,198 (452,737)	212,059 (96,784)		\$ 1,116,257 (549,521) 566,736
Machinery and equipment Accumulated depreciation Net machinery and equipment	9,896,425 (7,705,282)	1,179,828 (617,089)	(9,794,183) 7,687,477	1,282,070 (634,894) 647,176
Total capital assets being depreciated, net Total capital assets, net				1,213,912 \$ 1,213,912

Note 5 - Medical and Health Care Claims

Medical and health care claims payable consists of estimates of \$13,734,256 incurred but not reported claims and \$8,015,653 reported but unpaid claims in the AHCCCS Ambulatory and ALTCS programs and the Grants and Community Service System.

Note 6 - Due to Other Pima County Funds

Due to other Pima County funds represents unpaid transfers out or advances received from other County funds to eliminate cash overdrafts in the following PHCS' programs.

Ambulatory Contracts	\$3,000,000
Long-Term Care Contracts	500,000
Grants/Community Services System	1,785,094
Other Pima County Programs	859,640
Total	\$6,144,734

Note 7 - Interfund Transfers

Interfund transfers are reported as either capital contributions, transfers in, or transfers out. Capital contributions are capital assets purchased by Pima County Capital Projects Fund general obligation bond monies and transferred to Kino Hospital. Transfers in are cash transfers from Pima County's General Fund to cover short-term cash deficits and to help defray the cost of providing medical services to patients that are uninsured or underinsured. Transfers out include cash transfers to Pima County's General Fund to pay part of the County's share of the total nonfederal part of Arizona's health care system. Transfers out also include all of Kino Hospital's remaining asset and liability balances after its closure.

Note 8 - Capitation

Capitation revenues comprise the following amounts.

ALTCS long-term care	\$117,923,396
AHCCCS acute care	65,564,889
ALTCS ventilator dependent	4,637,603
Pima County Residual	34,720
Total	<u>\$188,160,608</u>

Note 9 - Related Party Trans actions

During the course of its operations, PHCS had numerous transactions with other Pima County funds to finance operations and provide services. During the year ended June 30, 2004, patient service revenues included \$3,445,014 from Pima County departments for services provided to County patients. In addition, PHCS received interest income totaling \$339,616 from the Pima County Treasurer. PHCS incurred expenses totaling \$3,713,622 from Pima County for the allocation of overhead, insurance premiums, interest, and other miscellaneous supplies and services.

Note 10 - Risk Management

PHCS is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; and natural disasters. PHCS is a participant in Pima County's self-insurance program, and in the opinion of PHCS' management, that self-insurance program would cover any unfavorable outcomes from these risks. Accordingly, PHCS has no risk of loss beyond adjustments to future years' premium payments to Pima County's self-insurance program. All estimated losses for unsettled claims and actions of PHCS are determined on an actuarial basis and are included in the *Pima County Comprehensive Annual Financial Report*.

PHCS has obtained modified claims-made insurance policies to cover medical malpractice claims. Deductibles are the responsibility of Pima County through Risk Management and are \$1,000,000 per claim with an annual deductible aggregate of \$3,000,000. Medical malpractice coverage started on October 1, 1991, for operations at Kino Hospital and on October 1, 1993, for other PHCS entities. Claims occurring before these dates were Pima County's responsibility through Risk Management. Settled claims have not exceeded insurance coverage in any of the prior three fiscal years.

Note 11 - Retirement Plan

Plan Description—PHCS contributes to a cost-sharing multiple-employer defined benefit pension plan administered by the Arizona State Retirement System (ASRS). Benefits are established by State statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The ASRS issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report may be obtained by writing the ASRS, 3300 North Central Avenue, PO Box 33910, Phoenix, Arizona 85067-3910, or by calling (602) 240-2000 or (800) 621-3778.

Funding Policy—The Arizona State Legislature establishes and may amend active plan members' and PHCS' contribution rate. For the year ended June 30, 2004, active plan members and PHCS were each required by statute to contribute at the actuarially determined rate of 5.70 percent (5.20 percent retirement and 0.50 percent long-term disability) of the members' annual covered payroll. PHCS' contributions to the ASRS for the years ended June 30, 2004, 2003, and 2002, were \$2,159,438, \$1,152,974, and \$1,079,029 respectively, which were equal to the required contributions for the year.

Note 12 - Significant Event

Lease of Property and Closure of Kino Community Hospital

On February 4, 2004, University Physicians, Inc. (UPI) began managing the daily operations of Kino Community Hospital pursuant to a contract with the Pima County Board of Supervisors. During the period February 4, 2004 through June 15, 2004, Pima County paid UPI approximately \$3,000,000 for general and administrative, daily hospital, and ancillary services.

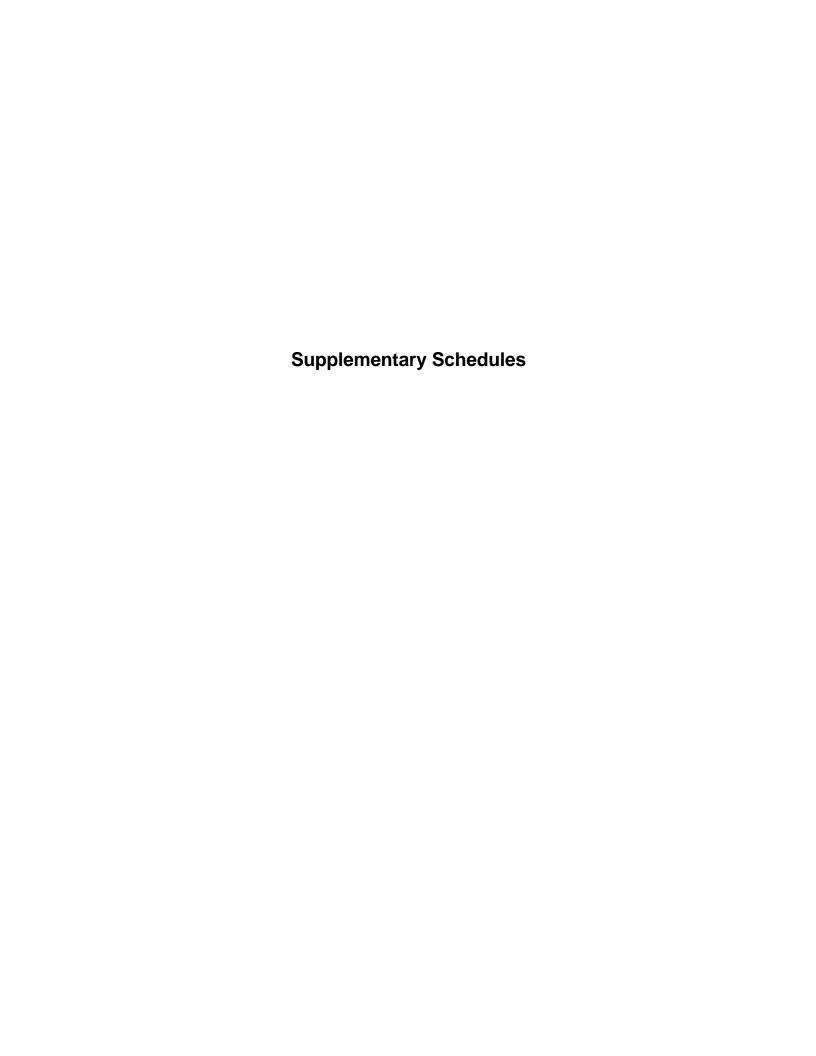

On June 15, 2004, the Pima County Board of Supervisors entered into another contract with UPI. This contract was effective June 16, 2004. The contract contained an operating lease of the hospital's buildings, improvements, and land to UPI for 25 years for \$10 per year. UPI may terminate the lease after 5 years subject to certain conditions. In addition, the contract contained provisions to sell specific capital assets and inventories to UPI in exchange for a

note receivable. The net present value of the note is \$1,923,086, and the payment period is 10 years. This resulted in a net loss of \$139,294 calculated as follows:

Capital assets	\$ 1,377,838
Inventories	684,542
Total assets	2,062,380
Less: note receivable	(1,923,086)
Net loss	<u>\$ 139,294</u>

The remaining assets and liabilities were transferred to Pima County. They consisted of the following:

PIMA HEALTH CARE SYSTEM AHCCCS Schedule 6 Summary Financial Data (11) Year Ended June 30, 2004

Per Member

	Total Per Member Per Month
Capitation revenues Reinsurance claims revenue Other income Medical claims expense (1) Net medical claims expense (2) Expenses other than medical claims (10) Net income	\$ 65,564,889 \$ 238.60 5,443,047 19.81 396,694 1.44 64,345,836 234.16 58,902,789 214.35 4,682,898 17.04 2,571,572 9.36
	Total Per Enrollee
Cash and cash equivalents Total assets Accrued medical and health care claims (3) Non-medical payables Net assets	\$ 15,155,251 \$ 596.59 18,290,222 720.00 10,960,331 431.46 3,319,578 130.68 4,010,313 157.87
	Ratio
Medical claims expense to total revenue Net medical claims expense to capitation revenue Expenses other than medical claims to total revenue Expenses other than medical claims to capitation revenue Net income to capitation revenues Current assets to current liabilities (working capital ratio) Cash and cash equivalents to accrued medical and health care claims	.90 to 1.00 .90 to 1.00 .07 to 1.00 .07 to 1.00 .04 to 1.00 1.28 to 1.00 1.38 to 1.00
	<u>Percent</u>
Operating margin (4) Return on capitation revenues (5) Return on equity (6) Return on total assets (7)	10.16 3.92 64.12 14.06
	Days
Received but unpaid claims days outstanding (8) Accrued medical and health care claims days outstanding (9)	23 47

- (1) Medical claims expense includes \$1,029,869 in subcapitation expense.
- (2) Net medical claims expense represents medical claims expense net of reinsurance claims revenues.
- (3) Accrued medical and health care claims plus due to other programs. This amount includes \$5,435,250 in reported but unpaid claims.
- (4) Capitation revenues less net medical claims expense divided by capitation revenues.
- (5) Net income divided by capitation revenues.
- (6) Net income divided by net assets.
- (7) Net income divided by total assets.
- 8) Reported but unpaid claims divided by the average daily medical claims expense net of subcapitation expense for the fourth quarter of fiscal year 2004. This metric usually utilizes the average daily medical claims expense computed for the entire fiscal year. However, with the rapid membership growth since October 2003, the average daily medical expense has increased significantly. When utilizing the average daily medical claims expense for the entire fiscal year, this metric totals 31 days. However, PHS believes that utilizing only the most recent quarter's medical expenses to compute average daily medical claims expense is more appropriate. At no point during the first three quarters of fiscal year 2004 was the Received but unpaid claims outstanding ratio over 27 using the traditional year to date computation method.
- (9) Accrued medical and health care claims divided by average daily medical expense net of subcapitation expense.
- (10) Expenses other than medical claims include \$1,157,793 of premium taxes.
- (11) This schedule is presented for purposes of additional analysis and is not a required part of the annual supplementary schedules prescribed by the AHCCCS Reporting Guide.

	Percent	
Operating margin (4)	2.61	
Return on capitation revenues (5)	(6.76)	
Return on equity (6)	596,934.75	
Return on total assets (7)	(59.24)	
	Days	
Received but unpaid claims days outstanding (8)	7	
Accrued medical and health care claims days outstanding (9)	30	

- (1) Medical claims expense includes \$631,652 in subcapitation expense.
- (2) Net medical claims expense represents medical claims expense net of reinsurance claims, TPL, and HIV Supplement revenues.
- (3) Accrued medical and health care claims plus due to other programs less intrafund payables. This amount includes \$2,580,404 in reported but unpaid claims.
- (4) Capitation revenues less net medical claims expense divided by capitation revenues.
- (5) Net income divided by capitation revenues.
- (6) Net income divided by net assets.
- (7) Net income divided by total assets.
- (8) Reported but unpaid claims divided by average daily medical claims expense net of subcapitation expense.
- (9) Accrued medical and health care claims divided by average daily medical expense net of subcapitation expense.
- (10) Capitation revenues include \$83,307 attributable to the SOC Reconciliation.
- (11) Expenses other than medical claims include \$2,002,223 of premium taxes.
- (12) This schedule is presented for purposes of additional analysis and is not a required part of the annual supplementary schedules prescribed by the *ALTCS Reporting Guide*.
