INTRODUCTORY SECTION

The purpose of the Introductory Section in a comprehensive annual financial report (CAFR) is to familiarize readers with the organizational structure of the government, the nature and scope of the services it provides and the specifics of its legal operating environment.

COUNTY ADMINISTRATOR'S OFFICE

PIMA COUNTY GOVERNMENTAL CENTER
130 W. CONGRESS, TUCSON, AZ 85701-1317
(520) 740-8661 FAX (520) 740-8171

C.H. HUCKELBERRY
County Administrator

December 21, 2009

The Honorable Board of Supervisors
Pima County, Arizona

We are pleased to submit, in accordance with state statutes, the Comprehensive Annual Financial Report (CAFR) of Pima County, prepared by the Department of Finance and Risk Management for the fiscal year ended June 30, 2009. This report presents comprehensive financial and operating information about the County's activities for the fiscal year that is useful to its property owners, businesses, and other resource providers. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County.

This report is prepared in accordance with generally accepted accounting principles (GAAP) and in conformance with standards of financial reporting as established by the Governmental Accounting Standards Board (GASB) using the guidelines as recommended by the Government Finance Officers Association of the United States and Canada (GFOA). GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditors' report.

We believe that the financial information, as presented, is accurate in all material aspects; that it is presented in a manner designed to openly disclose the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

The CAFR consists of three sections:

- The **INTRODUCTORY** section, which familiarizes the reader with the organizational structure of the County, the nature and scope of the services it provides, and the specifics of its legal operating environment.
- The **FINANCIAL** section, which includes the independent auditors' report, MD&A, audited basic financial statements, notes to the statements, and required supplementary information necessary to fairly present the financial position and results of operations of the County in conformity with GAAP. This section also includes supporting statements and schedules necessary to produce a CAFR.

- The ***STATISTICAL*** section, which contains comprehensive statistical data on the County's financial, physical, economic, and demographic characteristics.

Pima County and County Services

Pima County is situated in the southern part of Arizona with a portion of its southern boundary bordering Mexico. The County was organized in 1864 under the Arizona Territorial Legislature as one of the State's four original counties.

A five-member Board of Supervisors is responsible for implementing the County's governmental and administrative affairs. Each member of the Board is elected from a designated district to serve a four-year term. The Chair is selected by the Board from among its members. The Board is also responsible for establishing the policies of the County, which provide guidance to the various County constitutional officers and departments. The Board appoints a County Administrator who is responsible for the general administrative and overall operations of the various departments of the County.

Pima County includes in its financial statements all funds, agencies, boards, commissions, and authorities for which the Pima County Board of Supervisors is financially accountable. As the primary government, Pima County is financially accountable if it appoints a voting majority of an organization's governing body and either it is able to impose its will on that organization or a potential exists for that organization to provide specific benefits to, or impose specific financial burdens on, the primary government. Additionally, the primary government may be financially accountable if an organization is fiscally dependent on the primary government.

Pima County offers a wide variety of governmental services, including:

- *Justice and Law Enforcement:* Clerk of the Superior Court, Constables, County Attorney, Superior Court, Juvenile Court, Justice Court, Sheriff, Indigent Defense, and Public Fiduciary
- *Medical Services:* Pima Health System & Services (including Posada del Sol), Institutional Health, Public Health (including Animal Control), and Forensic Science Center
- *Community and Economic Development:* Superintendent of Schools, Community Development and Neighborhood Conservation, Economic Development and Tourism, Community Services, Employment and Training, Community Resources, County Free Library District, Southwestern Fair Commission, and Stadium District
- *Public Works:* Regional Flood Control District, Development Services (including Planning & Zoning), Transportation, Regional Wastewater Reclamation, Solid Waste, Environmental Quality, Capital Improvement Program, Fleet Services, Natural Resources, and Parks and Recreation
- *County Administration:* Board of Supervisors, County Administrator, Assessor, Clerk of the Board, Elections, Finance and Risk Management, Human Resources, Information Technology, Procurement, Recorder, Treasurer, Facilities Management, Communications, Parking Garages, and Graphics Services

Pima County is responsible for reporting the financial activities of its component units. These units are either discretely presented or blended. Although they are separate legal entities, blended component units are substantially a part of the County's financial activities and are combined with data for the County.

Blended and discrete component units include:

- *Southwestern Fair Commission.* Activities of the Commission are reported as a discrete component unit of the County in the accompanying financial statements. During the fiscal year, the Pima County Board of Supervisors approved the creation of an additional discrete component unit, the Pima County Sports and Tourism Authority. The financial statements of this component unit are not included in the CAFR due to highly immaterial amounts reported in their financial statements.
- *Pima County Stadium District, Regional Flood Control District, and Library District.* Activities are reported in special revenue funds as blended component units in the accompanying financial statements.
- *Special Districts.* Pima County includes the financial activities of various improvement districts in its financial statements. Improvement districts are established to pay for the construction or maintenance of specific public works projects that benefit citizens of a limited geographical area. The County's currently active improvement districts include La Cholla Boulevard, Hayhook Ranch Road, and Camino Ojo De Agua.

The County also has various independently governed school, irrigation, fire, street lighting districts, and a health district and other entities for which the County is not financially accountable. These entities include the Industrial Development Authority, Pima Association of Governments, Pima Council on Aging, the Workforce Investment Board, Regional Transportation Authority and the Tucson Regional Economic Opportunity, Inc. The financial statements of such districts and entities are not included in the accompanying financial statements except to reflect amounts held in a fiduciary capacity by the County Treasurer.

Economic Outlook

Pima County and other Arizona counties are significantly affected by the State of Arizona deficit. The State deficit is estimated between \$2 to \$3 billion and has resulted in decreases in several revenue streams, specifically State shared sales tax revenues, affecting many services previously funded by the State. As funding for the State deficit remains unresolved, Pima County's adopted budget for fiscal year 2009-10 is continually monitored to identify potential and necessary cost saving measures.

The MD&A beginning on page 11 provides for a general and specific discussion regarding the County's economic outlook

Expenditure Limitation

Arizona voters approved a proposition in 1980 amending the state constitution that established expenditure limitations for local governments, including Pima County. While the County has not exceeded the limitation, the rapid growth of expenses from the County's sewer and conveyance system is significantly impacting expenditures subject to the limitation.

Major Program Initiatives and Developments

Some of the major developments that occurred in Pima County during the fiscal year ended June 30, 2009, include:

Debt Management

The County's debt program remained highly active in fiscal year 2008-09 and will remain so in the following fiscal year. Multiple bond sales consisting of General Obligation, Sewer Revenue bonds and Certificates of Participation occurred in April, May and June, respectively.

In November 2009, General Obligation and Transportation Revenue bonds were sold, including advance refundings issued subsequent to year end on various bond obligations, resulting in savings to the County of \$1.3 million (net present value). The County has additional debt issues planned for the first quarter of calendar year 2010.

Please refer to the MD&A beginning on page 11 for specific details on debt issuances and refundings.

Capital Improvement Program

Several ongoing projects were completed in the fiscal year primarily consisting of roadway projects, land acquisitions, and improvements to the sewage conveyance system within the County.

Significant expenditures spent on roadway projects during the year include the Houghton Road and Sahuarita Road intersection at \$4.1 million and La Canada from Ina Road to Calle Concordia at \$5.2 million.

Significant land acquisitions include the Marley Ranch for \$20.1 million and Clyne Ranch for \$21.2 million.

Major sewage improvement projects include the expansion of the Avra Valley BNROD facility to 4 million gallons per day (mgd), at a cost of \$55.9 million and the sewage improvement project of the Santa Cruz interceptor from Prince to Franklin for \$25.8 million. Both of these significant projects were completed this fiscal year.

Major bond-funded projects still underway include the Psychiatric Hospital and Urgent Care facility located at the Kino campus and the Regional Public Safety Communication System.

Please refer to the MD&A beginning on page 11 for details on these and other significant projects.

Other Post Employment Benefits (OPEB)

The County is not reporting any OPEB liability for fiscal year 2008-09 because, to the degree GASB 45 might apply, if at all, the County has determined any OPEB liability would not be material. The County will continue to re-evaluate the propriety and materiality of the OPEB liability.

American Recovery and Reinvestment Act (ARRA)

The County has been awarded various ARRA grants towards infrastructure, workforce training, public safety and neighborhood stabilization program. As of November 2009, the County has requested another \$52 million of ARRA grants.

Financial Information

Accounting System and Budgetary Control

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal control procedures. Internal controls for accounting purposes are designed to provide reasonable, but not absolute, assurance regarding: (1) safeguarding of assets against loss from unauthorized use or disposition and (2) reliability of financial records for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that the costs of implementing controls should not exceed their likely derived benefits and the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the County's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary control is maintained at the elected official or department level with each department budgeted on a cost center/account line item basis. Each year, the budget is presented emphasizing the programmatic components of County services by identifying the costs and funding of those programs.

Cash Management

Most cash, other than imprest accounts, is on deposit with the County Treasurer or the State Treasurer. Amounts temporarily available during the course of the fiscal year are invested by the County Treasurer according to statutory guidelines. To address cash flow needs in the short term, the County maintains a revolving line-of-credit with Bank of America, N.A. For short term needs within the County, the County has instituted internal borrowings among funds that were recorded in its accounting records.

Risk Management

Pima County has established a Self Insurance Trust Fund to account for the risk management function of the County. The Fund has an appointed Board of Trustees and provides self-insured coverage to the County for medical malpractice, workers' compensation, unemployment, general liability, property damage, environmental damage, and employee dental benefits, as well as obtaining coverage for other risks. The Fund is financed by charges to other County funds.

Other Information

Independent Audit

Arizona Revised Statutes require an annual audit of the financial statements. The County is fully compliant with this legal requirement. An independent auditors' report is included in this CAFR.

Single Audit

As a recipient of federal and state financial assistance, the County is required to ensure adequate internal controls are in place to comply with applicable laws and regulations related to administration of these programs. This internal control structure is subject to periodic evaluation by management of Pima County.

As a part of the County's Single Audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs and whether the County has complied with applicable laws and regulations.

The Schedule of Federal Awards for fiscal year 2007-08 reported \$43.6 million in federal expenditures, covering 187 grants.

The results of the County's Single Audit for the fiscal year ended June 30, 2008 cited two reportable conditions on two grants. Specifically, the audit identified inadequate controls over income eligibility resulting in improper documentation within the State's Women, Infants, and Children (WIC) certification system of the U.S. Department of Agriculture grant. Additionally, the Investigations and Technical Assistance grant program from the Department of Health and Human Services reported a finding pertaining to allowable costs/cost principles.

The Single Audit for Pima County for the fiscal year ended June 30, 2009, was not complete at the time of publication of this CAFR.

As demonstrated by the statements and schedules included in the financial section of this report, Pima County continues to meet its responsibility for sound financial management.

Certificate of Achievement

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to Pima County, Arizona, for its CAFR for 22 years from fiscal years ended June 30, 1984 through 2008, except for fiscal years ended June 30, 1990 and June 30, 1999, due to missing the filing deadline.

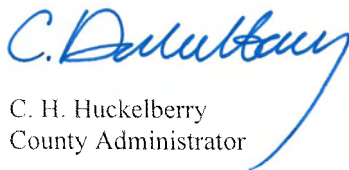

In order to receive a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR with contents that conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

In addition, Pima County also received GFOA's Distinguished Budget Presentation Award for its annual budget for fiscal year ending June 30, 2010. In order to qualify for the Distinguished Budget Presentation Award, the government's budget had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device. This is the twelfth consecutive year the County's budget has been so recognized.

Acknowledgements

Preparation of this report could not be accomplished without the efficient and dedicated service of the staff of the County's Finance and Risk Management Department. We also wish to thank the Board of Supervisors for its continued support in planning and conducting the County's financial operations in a responsible fiduciary manner.

Respectfully submitted,

C. H. Huckelberry
County Administrator

Tom Burke
Director, Finance and Risk Management

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Pima County
Arizona

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2008

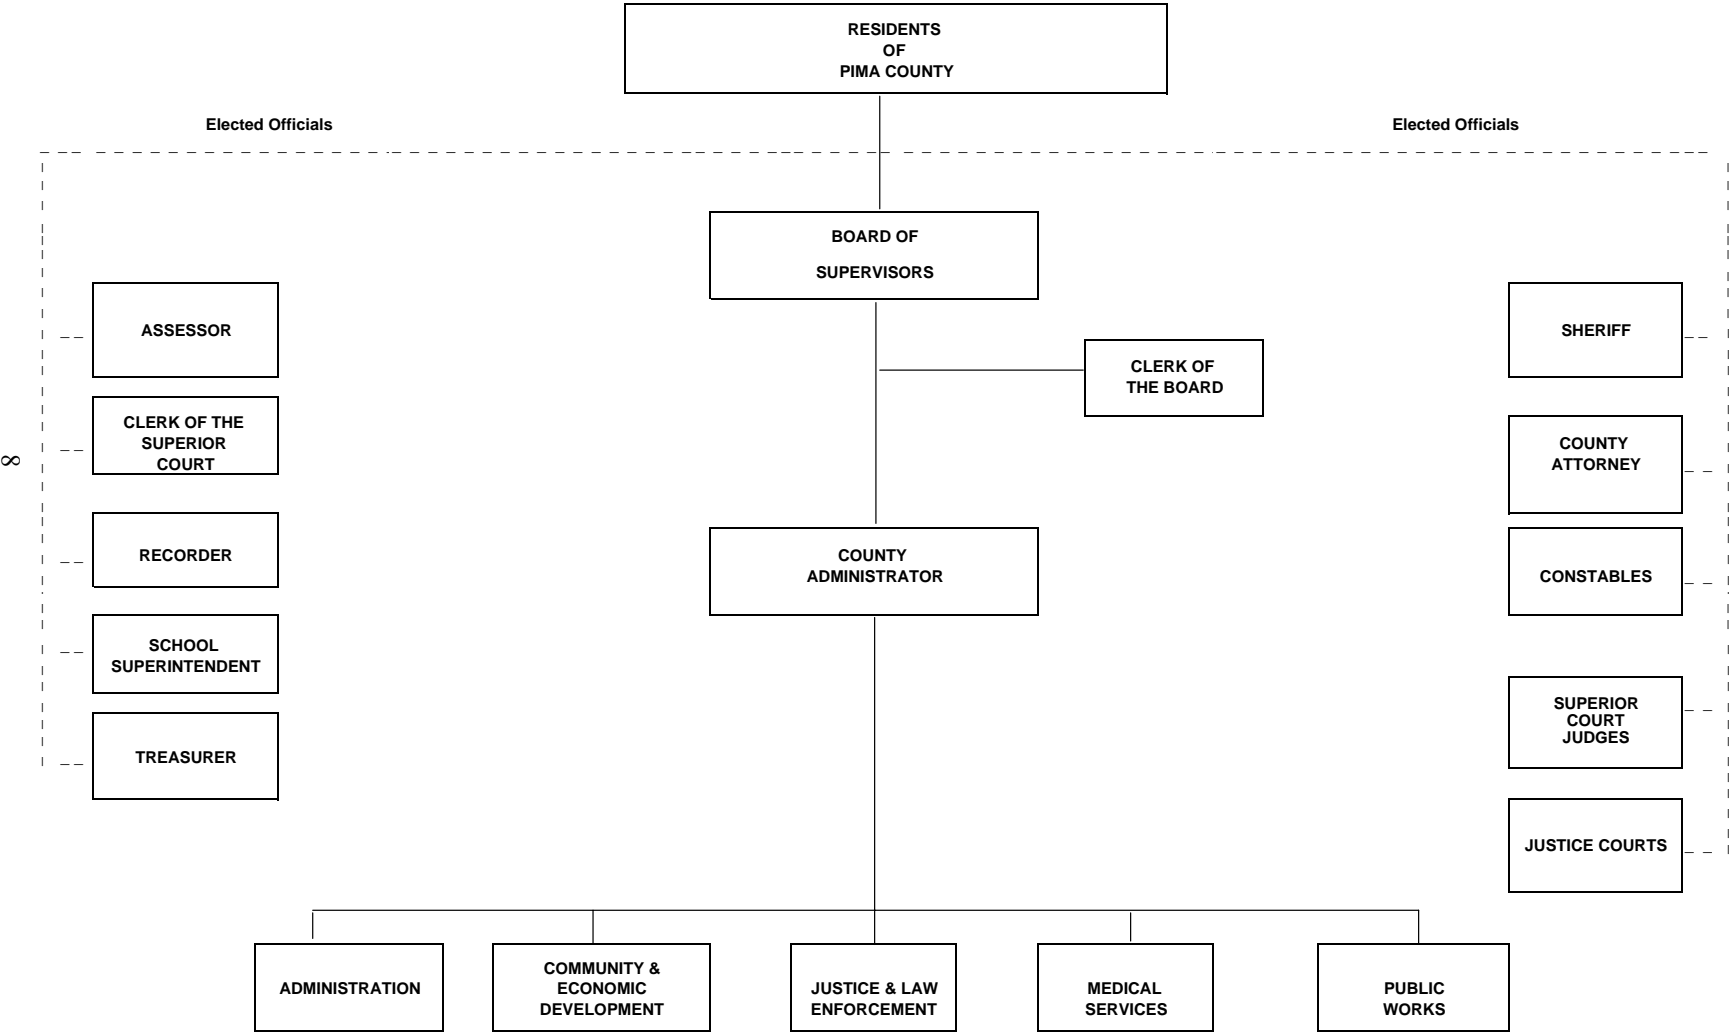

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

DEBRA K. DAVENPORT, CPA
AUDITOR GENERAL

STATE OF ARIZONA
OFFICE OF THE
AUDITOR GENERAL

WILLIAM THOMSON
DEPUTY AUDITOR GENERAL

Independent Auditors' Report

Members of the Arizona State Legislature

The Board of Supervisors of
Pima County, Arizona

We have audited the accompanying financial statements of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain departments, one major fund, and the component unit, which account for the following percentages of the assets, liabilities, revenues, and expenses or expenditures of the opinion units affected:

Opinion Unit/Department	Assets	Liabilities	Revenues	Expenses/ Expenditures
<u>Government-Wide Statements</u>				
Governmental Activities:				
Stadium District	0.26%	0.05%	0.93%	0.47%
School Reserve Fund	0.11%	0.03%	0.48%	0.59%
Self Insurance Trust	2.40%	4.88%	0.07%	0.27%
Business-Type Activities:				
Regional Wastewater Reclamation Department	94.91%	91.44%	30.17%	30.90%
Development Services	0.43%	0.25%	1.70%	2.95%
Self Insurance Trust	0.00%	0.00%	0.00%	0.18%
Component Unit—Southwestern Fair Commission	100.00%	100.00%	100.00%	100.00%
<u>Fund Statements</u>				
Major Fund:				
Regional Wastewater Reclamation Department	100.00%	100.00%	100.00%	100.00%
Aggregate Remaining Fund Information:				
Stadium District	0.93%	0.28%	2.63%	1.36%
School Reserve Fund	0.40%	0.15%	1.36%	1.74%
Development Services	0.70%	0.57%	2.09%	4.04%
Self Insurance Trust	8.55%	27.95%	6.37%	8.26%

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and aggregate remaining fund information of Pima County as of June 30, 2009, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The Management's Discussion and Analysis on pages 11 through 28, the Budgetary Comparison Schedule on pages 75 and 76, and the Schedule of Retirement Plans' Funding Progress on page 77 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Debbie Davenport
Auditor General

December 21, 2009

Management's Discussion and Analysis

Management's Discussion & Analysis

This section of Pima County's comprehensive annual financial report presents a discussion and analysis of the County's financial performance during the year ended June 30, 2009, and should be read in conjunction with the County's basic financial statements in the following sections. All dollar amounts are expressed in thousands (000's) unless otherwise noted.

FINANCIAL HIGHLIGHTS

- At June 30, 2009, the assets of the County exceeded its liabilities (*net assets*) by \$1,815,529, an increase of 5.7% from the prior year. Of this amount, \$69,327 is available for general government expenditures (*unrestricted net assets*), \$234,138 is restricted for specific purposes (*restricted net assets*), and \$1,512,064 is invested in capital assets, net of related debt and accumulated depreciation. The chart below presents the composition of net assets for the current and prior years:

- Unrestricted net assets for the County dropped \$40,848 (or 37.1%), from \$110,175 to \$69,327 this fiscal year. Of this amount, \$35,803 is unreserved and undesignated in the General Fund. This balance represents approximately 7.7% of the County's General Fund expenditures and 3.9% of total governmental funds expenditures.
- County revenues dropped 7.7% (or \$97,224), from \$1,266,195 last year to \$1,168,971 in fiscal year 2008-09. The loss of the Ambulatory contract with the Arizona Health Care Cost Containment System (AHCCCS) comprised 78% of the lost revenue. In addition, the state-shared sales taxes have dropped 14% this fiscal year because of the continuing downturn in the economy.
- To offset the shortfalls in the revenues and ensure that the budget remains balanced at the close of the fiscal year, the County initiated several cost cutting measures during the year including mid-year budget expenditure reductions.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of four components: (1) Government-wide financial statements, (2) Fund financial statements, and (3) Notes to the basic financial statements. Required supplementary information (4) is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation or sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and education and economic opportunity. The business-type activities of the County include Pima Health System & Services, Regional Wastewater Reclamation Department, Development Services and the County's downtown parking garages.

A discretely presented component unit is included in the basic financial statements and consists of a legally separate entity for which the County is financially accountable. The County reports the Southwestern Fair Commission, which operates the County Fairgrounds and the annual Pima County Fair, as a discretely presented component unit.

The government-wide financial statements can be found on pages 29-31 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance with applicable State statutes and federal Office of Management and Budget budgeting guidelines. All of the funds can be divided into three categories: (1) *governmental funds*, (2) *proprietary funds*, and (3) *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains fifteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Capital Projects and Debt Service funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 32-35 of this report.

Proprietary funds are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type* activities in the government-wide financial statements. The County uses enterprise funds to account for certain health care services, including medical and long-term health care, sewer systems maintenance and operation, real estate-related development services, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for risk management, automotive fleet maintenance and operations, printing services, telecommunications, wireless and IT network infrastructure. Because these services predominantly benefit governmental rather than business-type functions, most of the assets and liabilities of these services have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Regional Wastewater Reclamation Department and Pima Health System & Services operations are considered to be major funds of the County. Data from the other enterprise funds are combined into a single, aggregated presentation. Similarly, the County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the other enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The proprietary fund financial statements can be found on pages 36-39 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

The fiduciary fund financial statements can be found on pages 40-41 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 42-73 of this report.

Required Supplementary Information (RSI) is presented concerning the County's General fund budgetary schedule and the schedule of retirement plans' funding progress. Required supplementary information can be found on pages 75-77 of this report.

Combining Statements and Other Schedules referred to earlier provide information for non-major governmental, enterprise, internal service and fiduciary funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 80-110 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position over time. County assets exceeded liabilities by \$1,815,529 at June 30, 2009. The following table shows condensed information for the Schedule of Assets, Liabilities, and Net Assets:

Table 1

Schedule of Assets, Liabilities, and Net Assets At June 30, 2009 and 2008						
	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Current and other assets	\$452,751	\$460,995	\$133,963	\$189,217	\$586,714	\$650,212
Capital assets (net):						
Land, buildings, equipment, infrastructure & other assets	1,526,774	1,413,881	773,117	714,548	2,299,891	2,128,429
Total assets	1,979,525	1,874,876	907,080	903,765	2,886,605	2,778,641
Current and other liabilities	86,278	87,975	48,328	63,919	134,606	151,894
Long-term liabilities	682,111	667,157	254,359	242,223	936,470	909,380
Total liabilities	768,389	755,132	302,687	306,142	1,071,076	1,061,274
Net assets :						
Invested in capital assets, net of related debt	972,346	882,424	539,718	482,822	1,512,064	1,365,246
Restricted	203,940	183,542	30,198	58,404	234,138	241,946
Unrestricted	34,850	53,778	34,477	56,397	69,327	110,175
Total net assets	\$1,211,136	\$1,119,744	\$604,393	\$597,623	\$1,815,529	\$1,717,367

The largest portion of the County's net assets reflects its investment in capital assets (i.e. land, buildings, infrastructure and equipment), less any related outstanding debt used to acquire those assets. As of June 30, 2009, investment in capital assets totaled \$1,512,064, comprising approximately 83.3% of total net assets. The County uses a portion of these capital assets to provide services to its citizens, with the other portion available to its citizens for use; consequently, these assets are *not* available for future spending. The \$146,818 increase in capital assets, net of related debt, is primarily due to the significant amount of capital project activity. Although the County's investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net assets represent resources that are subject to external restrictions on how they may be used. As of June 30, 2009, restricted net assets totaled \$234,138 and comprised approximately 12.9% of total net assets. This represents a \$7,808 decrease in restricted net assets from the \$241,946 balance of the prior fiscal year.

The remaining balance of the County's net assets represents *unrestricted net assets*, which may be used to meet the County's ongoing obligations to citizens and creditors. As of June 30, 2009, unrestricted net assets totaled \$69,327 and comprised approximately 3.8% of total net assets.

Governmental activities

The change in net assets for governmental activities was \$91,392, an increase of \$47,681 from the prior year. The following table shows details of the changes in net assets for governmental activities:

Table 2

Governmental Activities Schedule of Changes in Net Assets For the Years Ended June 30, 2009 and 2008				
	<u>2009</u>	<u>2008</u>	<u>Variance</u> <u>Amount</u>	<u>Percent</u>
Program revenues:				
Charges for services	\$ 59,886	\$ 64,010	\$ (4,124)	-6.4%
Operating grants and contributions	131,361	144,479	(13,118)	-9.1%
Capital grants and contributions	68,535	48,672	19,863	40.8%
Total program revenues	259,782	257,161	2,621	1.0%
General revenues:				
Property taxes	393,255	377,809	15,446	4.1%
State-shared taxes	115,046	130,337	(15,291)	-11.7%
Investment earnings	5,875	16,326	(10,451)	-64.0%
Other general revenues	42,452	39,657	2,795	7.0%
Total general revenues	556,628	564,129	(7,501)	-1.3%
Total revenues	816,410	821,290	(4,880)	-0.6%
Expenses:				
General government	212,196	239,398	(27,202)	-11.4%
Public safety	149,253	165,715	(16,462)	-9.9%
Highways and streets	79,251	88,488	(9,237)	-10.4%
Sanitation	7,434	9,658	(2,224)	-23.0%
Health	31,541	36,977	(5,436)	-14.7%
Welfare	115,513	106,546	8,967	8.4%
Culture and recreation	60,520	60,616	(96)	-0.2%
Education and economic opportunity	46,770	47,296	(526)	-1.1%
Amortization	(235)	138	(373)	-270.3%
Interest on long-term debt	26,780	22,860	3,920	17.1%
Total expenses	729,023	777,692	(48,669)	-6.3%
Excess before contributions and transfers	87,387	43,598	43,789	100.4%
Transfers in	4,005	113	3,892	3444.2%
Change in net assets	91,392	43,711	47,681	109.1%
Ending net assets	\$ 1,211,136	\$ 1,119,744	\$ 91,392	8.2%

Factors affecting the \$4,880 decrease in revenues from governmental activities:

- Decrease in operating grants of \$13,118 is due primarily to various state revenues that were cut by the State due to its budgetary constraints. This includes \$1,091 decrease in Vehicle License Taxes, \$2,851 decrease in HURF, \$3,800 funding cut for the County Hold Harmless program, and \$1,807 in Juvenile Court state grants. A \$2,000 final payment from the City of Tucson for the transfer of the City libraries and a \$1,500 one time grant from the US Department of Homeland Security (USDHS) for the purchase of a Sheriff helicopter were both received last fiscal year.
- Revenue from capital grants and contributions increased by \$19,863 primarily due to a \$10,279 increase in the Regional Transportation Authority (RTA) funding and a \$2,439 state grant for the acquisition of Tumamoc Hill. Additionally, several donations were received by the County including the \$4,100 library facility on Wilmot Road from the City of Tucson and other donations from developer for roadway projects.

- Property taxes increased \$15,446 as a result of an increase in property valuations for primary and secondary taxes that was partially offset by a decrease in the primary tax rate.
- Decrease in state-shared taxes is a reflection of the current downturn in the economy. State sales tax has recorded a 13.6% drop or \$13,994 and the unrestricted share of the VLT decreased by \$1,297 as compared to last fiscal year.
- Decrease in investment income is due primarily from the 54.8% or 2 points dropped in the interest rate, from 4.2% average down to 1.9% this fiscal year, the lowest recorded average rate since fiscal year 2004-05. Additionally, losses from State Treasurer investments with Lehman Brothers for \$2,260 were written off during the fiscal year.

The charts below present the Revenue by program and Expenses by function for governmental activities:

Total expenses of governmental activities were \$729,023, down \$6.3% or \$48,669 compared to the previous year's total of \$777,692. Factors contributing to the decrease in expenses:

- Public Safety expenses decreased \$16,462, a 9.9% drop compared to last fiscal year. This is due primarily to a decrease of \$8,448 in capital projects which were mainly flood control projects and another \$4,119 in Flood Control District expenditures. In addition, the Counter Narcotics Alliance (CNA) antiracketeering expenditures last year for \$2,623 which was previously processed by the Sheriff department have been transferred to the City of Tucson.
- Highways and Streets expenses decreased 10.4%, or \$9,237 due primarily to the county-wide reductions in spending implemented within the fiscal year.
- Welfare expenses increased 8.4% or \$8,967 primarily due to the mandated payments to AHCCCS. These include the \$3,794 mandated contribution to the budget neutrality compliance fund and \$1,828 for clinical teaching program. In addition there was increased spending in healthcare services for the adult detention center (\$1,900) and for outside hospitals and psychiatrics clinics (\$2,200).

Business-type activities

Business-type activities, which is composed exclusively of enterprise funds, are intended to recover all or a significant portion of their costs through user fees and charges. Change in net assets for business-type activities added \$6,770, or 6.9%, to the County's \$98,162 change in total net assets for the year ended June 30, 2009. The following table shows changes in net assets for business-type activities:

Table 3

Business-type Activities Schedule of Changes in Net Assets For the Years Ended June 30, 2009 and 2008				
	<u>2009</u>	<u>2008</u>	<u>Variance</u>	
			<u>Amount</u>	<u>Percent</u>
Program revenues:				
Charges for services	\$ 328,600	\$ 409,140	\$ (80,540)	-19.7%
Operating grants and contributions	4,626	4,806	(180)	-3.7%
Capital grants and contributions	14,916	22,952	(8,036)	-35.0%
Total program revenues	348,142	436,898	(88,756)	-20.3%
General revenues:				
Investment earnings	2,025	6,721	(4,696)	-69.9%
Other general revenues	2,394	1,286	1,108	86.2%
Total general revenues	4,419	8,007	(3,588)	-44.8%
Total revenues	352,561	444,905	(92,344)	-20.8%
Expenses:				
Regional Wastewater Reclamation	105,139	106,803	(1,664)	-1.6%
Pima Health System & Services	224,959	295,494	(70,535)	-23.9%
Development Services	9,992	14,750	(4,758)	-32.3%
Parking Garages	1,696	1,877	(181)	-9.6%
Total expenses	341,786	418,924	(77,138)	-18.4%
Excess before contributions and transfers	10,775	25,981	(15,206)	-58.5%
Transfers in (out)	(4,005)	(113)	(3,892)	3444.2%
Change in net assets	6,770	25,868	(19,098)	-73.8%
Beginning net assets	597,623	571,755	25,868	4.5%
Ending net assets	\$ 604,393	\$ 597,623	\$ 6,770	1.1%

Key elements of the change in net assets from business-type activities include:

- The Regional Wastewater Reclamation fund has reported a \$15,160 increase in net assets, down 41% from last year's \$25,700. Although the economic slowdown resulted in a 41.1% drop (or \$12,753) in sewer connection service fees, this was offset by the 9% rate increase in sewer user fee for a total increase of \$12,129 or 16.2%. Another revenue stream affected by the downturn in the economy is the capital grants and contribution which dropped \$7,922 (or 34.7%) as compared to last year.
- Pima Health Systems and Services (PHS&S) reported a \$4,620 decrease in net assets, down 203.5% from last year's net asset increase of \$4,465. Of the total decrease in charges for services revenues in business-type activities, \$75,665 is reported within PHS&S due to the loss of the Ambulatory contract with the AHCCCS. PHS&S retained approximately 2,700 ambulatory members under a capped agreement contract that were either dual-eligible (Medicaid and Medicare) or family members of PHS&S ALTCS members. As a result, expenses related to medical claims decreased \$69,403 or 23.9% compared to fiscal year 2007-08.
- Development Services reported a decrease in net assets of \$4,101, compared to the \$5,236 decrease in net assets last fiscal year. Charges for services for Development Services dropped \$3,338 due to the continuing downturn in the residential construction market.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The County's general government functions are accounted for in the General, Special Revenue, Debt Service, and Capital Project funds. Included in these funds are special districts governed by the Board of Supervisors (i.e. Flood Control, Library and Stadium Districts). The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Major Governmental Funds

General Fund

The General Fund is the chief operating fund of the County. At June 30, 2009, unreserved, undesignated fund balance of the General Fund was \$35,803 while total fund balance was \$40,166. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved, undesignated fund balance and total fund balance to total fund expenditures. Unreserved, undesignated fund balance represents 7.7% of total General Fund expenditures, while total fund balance represents 8.7% of that same amount.

Total fund balance for the General Fund decreased \$30,223 compared to the prior fiscal year. Revenues decreased by \$3,911 and reflect the following changes:

- An increase of \$13,256 for property taxes was primarily due to higher assessed property valuations that were partially offset by lower tax rates.
- Intergovernmental revenue dropped 10.9% or \$16,192 primarily as a result of the \$13,501 decrease in State Sales Tax and a \$3,818 funding cut by the State to the Proposition 204 County Hold Harmless program.

A slight increase in expenditures of \$1,739 was reported within the General Fund for the fiscal year as a result of the following changes:

- \$8,979 increase in welfare expenditures is primarily attributed to the \$5,622 contribution to the AHCCCS. In addition, increases in mandated hospital care and adult detention healthcare expenditures were \$2,191, and \$1,950, respectively.
- The above increases were offset by the \$8,405 decrease in general government expenditures as a result of cost-cutting measures implemented during the year. In the prior year, expenditures included a one-time settlement of \$1,822 from the state-wide tax lawsuit filed by Qwest.

The excess of revenues over expenditures was \$2,419, which is further decreased by net operating transfers out of \$33,013. During fiscal year 2008-09, funds to be used for the repayment of the COPS Series 2008 were transferred out to the Debt Service Fund.

Budget to Actual Comparison for the General Fund

Overall, actual revenues were less than budgeted revenues by \$16,639 and actual expenditures were less than budgeted expenditures by \$39,137. No variances between the budget to actual amounts were significant enough to affect the County's ability to provide future services.

Capital Projects Fund

Total fund balance for the Capital Projects Fund decreased \$25,780 compared to the prior fiscal year. Revenue decreased by \$3,072 and is due to the \$5,187 drop in charges for services, \$3,054 in investment earnings, and \$2,844 in miscellaneous revenues offset by an increase of \$8,013 in intergovernmental revenues. Significant factors affecting revenue changes:

- Intergovernmental revenue increased by \$8,013 due primarily to the construction of RTA-funded roadway projects and a State grant for the acquisition of Tumamoc Hill in the Cultural Resources projects.
- Charges for services revenue is predominately a reflection of developer fees collected for a number of benefit areas. Fiscal year 2008-09 revenues decreased 58.7% or \$5,187. This would be the third straight year that this revenue source has declined, as home construction activity continues to be depressed. Benefit areas of Canada del Oro, San Xavier and Santa Cruz Valley have major decreases at a rate of 34%, 17%, and 14%, respectively.

Capital project expenditures increased by \$6,795 in fiscal year 2008-09 compared to the prior year. The 5% increase came from the acquisition of Marley ranch for \$20,106 offset by the reduced spending this fiscal year as several projects reached their completion.

The fund reported a \$115,565 deficiency of revenues under expenditures. The issuance of bonds for \$109,400 and the net transfer out amounting to \$19,615 further decreased the net change in the fund balance to \$25,780 for the Capital Projects Fund.

Debt Service Fund

The fund accounts for the accumulation of resources for and the payment of principal and interest of the general long-term debt. It is considered a major fund this year due to an increased cash balance at year end and structured financing to meet the County's current fiscal requirements. At June 30, 2009, the fund balance increased by \$21,449, up 173.1% compared to last fiscal year. This increase resulted from departmental transfers for the repayment of Certificate of Participation (COPS) Series 2008 and, due to a change in business practice within the payment processor, certain general obligation and street and highway revenue bonds had debt service payments that changed from a funding date of June 30th to July 1st. The change in funding dates provided the debt service fund with a significant amount of cash on June 30th. The County will return to a June 30th funding date in fiscal year 2009-10.

Revenue increased by \$566, mainly from the tax levy and due to the growth in property valuations. Expenditures increased \$44,549 from last year as a result of the \$40,000 principal payment to the 2008 COPS. The payment is comprised of \$20,000 current year's loan maturity and another \$20,000 to defease next year's payment in order to maximize collateral requirements.

Overview of all governmental funds

At June 30, 2009, the County's governmental funds reported combined fund balances of \$292,247, a decrease of \$25,330 from the prior year. Approximately 83% of the combined fund balances, or \$243,820, constitutes unreserved and undesignated fund balance, which is available to meet the County's current and future needs.

The remainder of fund balance is reserved to indicate that it is not available for new spending because it has been committed to the following: \$33,870 for debt service on various bond and other debt instruments; \$5,605 to reflect

inventories and prepaid amount; \$2,851 for specified programs; \$1,078 to reflect a loan receivable; \$98 for capital repairs and refurbishments; and \$4,925 for the Stadium District.

Revenues for governmental functions totaled approximately \$785,285 in fiscal year 2008-09, which represents a decrease of \$18,817 (2.3%) from the previous year. The following table presents the amount of revenues from various sources and increases or (decreases) from the prior year.

Table 4

Governmental Funds Revenues Classified by Source For the Years Ended June 30, 2009 and 2008						
	2009		2008		Variance	
	Amount	Percent	Amount	Percent	Amount	Percent
Taxes	\$ 396,241	50.4%	\$ 381,862	47.5%	\$ 14,379	3.8%
Special assessments	441	0.1%	556	0.1%	(115)	-20.7%
Licenses and permits	6,989	0.9%	7,710	0.9%	(721)	-9.4%
Intergovernmental	292,236	37.2%	312,634	38.9%	(20,398)	-6.5%
Charges for services	55,346	7.0%	58,890	7.3%	(3,544)	-6.0%
Fines and forfeits	6,283	0.8%	6,480	0.8%	(197)	-3.0%
Interest	5,335	0.7%	14,218	1.8%	(8,883)	-62.5%
Miscellaneous	22,414	2.9%	21,752	2.7%	662	3.0%
Total revenues	<u>\$ 785,285</u>	<u>100.0%</u>	<u>\$ 804,102</u>	<u>100.0%</u>	<u>\$ (18,817)</u>	<u>-2.3%</u>

The following provides an explanation of revenues by source that changed significantly over the prior year:

- Taxes - Revenues from property taxes increased \$14,379 reflecting higher primary tax revenues of \$13,256 and secondary tax revenues of \$1,123. Increased property tax revenue resulted from higher property valuations that were partially offset by a decrease in the primary tax rate. The County is expecting a decrease or flattening of property tax valuations in the future.
- Intergovernmental - The \$20,398 decrease in intergovernmental revenue was due primarily to a \$13,501 decrease in the State shared sales tax attributable to the decline in consumer spending. Other intergovernmental revenue decreases include: \$2,851 in Highway User Revenue; \$2,387 in Vehicle License tax; \$4,583 in state grant funding; \$3,800 funding cut for the County Hold Harmless program; offset by a \$5,947 increase in Regional Transportation Authority (RTA) funded projects and a \$2,439 increase in grants funding for the Tumamoc Hill open space acquisition within the Capital Projects Fund. Additionally, the final payment from the City of Tucson for the transition of the Library System declined by \$2,000 from last year's amount.
- Interest – The \$8,883 decrease in interest revenue is mainly due to the decline in the interest rates and losses from investments with Lehman Brothers, as discussed previously.

The following table presents expenditures by function compared to prior year amounts:

Table 5

Governmental Funds Expenditures by Function For the Years Ended June 30, 2009 and 2008						
Government Function	2009		2008		Variance	
	Amount	Percent	Amount	Percent	Amount	Percent
General government	\$ 222,309	24.0%	\$ 237,640	26.6%	\$ (15,331)	-6.5%
Public safety	144,617	15.6%	149,475	16.7%	(4,858)	-3.3%
Highways and streets	38,132	4.1%	43,741	4.9%	(5,609)	-12.8%
Sanitation	6,666	0.7%	8,310	0.9%	(1,644)	-19.8%
Health	31,626	3.4%	34,352	3.8%	(2,726)	-7.9%

<u>Debt service:</u>						
- Principal	100,384	10.8%	59,719	6.7%	40,665	68.1%
- Interest	26,849	2.9%	22,639	2.5%	4,210	18.6%
- Miscellaneous	24	0.0%	330	0.0%	(306)	-92.7%
Total expenditures	<u>\$ 926,378</u>	<u>100.0%</u>	<u>\$ 895,147</u>	<u>100.0%</u>	<u>\$ 31,231</u>	<u>3.5%</u>

Total expenditures in governmental funds increased during fiscal year 2008-09 by \$31,231 due primarily from the retirement and defeasance of the COPS Series 2008 in the amount of \$40,000. Other major changes in the governmental funds:

- General government expenditures decreased by \$15,331. Of this amount, \$8,405 (or 54.8%) occurred within the General Fund, which has been previously discussed. In addition, several projects have been completed within the Other Special Revenue funds contributing \$4,765 and a \$1,367 decline in the state funding for the Juvenile Courts' safe schools program. Lastly, there was a 2.5% budget expenditure reduction implemented in the second half of the fiscal year.
- Welfare expenditures increased by \$8,874 due to mandated contributions to AHCCCS and other healthcare related services as previously discussed under the General Fund section.
- Capital outlay expenditures decreased by \$6,795 as previously discussed under the Capital Projects Fund section.
- Debt service principal and interest costs increased \$40,665 and \$4,210, respectively. The significant increase in principal expenditures was the result of the \$40,000 repayment of the 2008 COPS; \$20,000 scheduled for the current year and another \$20,000 to defease next year's payment. Accordingly, \$3,214 of the increase in the interest cost was for the 2008 COPS.

Proprietary funds

The County's proprietary fund functions are contained in the enterprise and internal service funds. The enterprise funds of the County are PHS&S, Regional Wastewater Reclamation, Development Services and Parking Garages. These business-type activities are accounted for in a similar fashion to private-sector businesses, and the costs for services provided are expected to be covered either fully or in part by current revenues generated, which include fees charged to external users.

The following table presents a comparison of this year's enterprise fund activities with the prior year:

Table 6 Enterprise Funds Schedule of Revenues, Expenses and Changes in Net Assets For the Years Ended June 30, 2009 and 2008				
	<u>2009</u>	<u>2008</u>	<u>Variance</u> <u>Amount</u>	<u>Percent</u>
Operating revenues:

Total nonoperating revenues	<u>13,918</u>	<u>30,157</u>	<u>(16,239)</u>	<u>-53.8%</u>
Income (loss) before contributions and transfers	(4,549)	2,076	(6,625)	-319.1%
Capital contributions	14,916	23,510	(8,594)	-36.6%
Transfers in	25,570	9,545	16,025	167.9%
Transfers (out)	(29,575)	(10,259)	(19,316)	188.3%
Change in net assets	<u>\$ 6,362</u>	<u>\$ 24,872</u>	<u>\$ (18,510)</u>	<u>-74.4%</u>

The net operating revenues for the County's Enterprise Funds decreased 17.4% or \$66,013 with a corresponding 18.6% or \$75,627 decrease in operating expenses. This resulted in an operating loss of \$18,467. Of this amount, \$12,104 was reported in Regional Wastewater Reclamation, \$2,144 in the PHS&S, \$4,209 in Development Services, and \$10 for Parking Garages.

The chart below presents the revenues and expenses for business-type activities:

Key activities within the enterprise funds for fiscal year 2008-09 include the following:

- Net patient services revenues decreased by \$75,665 from fiscal year 2007-08. The loss of the Ambulatory contract with the state, effective October 2008, resulted in an \$80,127 drop in this particular revenue stream. The County retained approximately 2,700 ambulatory members under a capped enrollment contract that were dual-eligible (Medicaid and Medicare) or family members of PHS&S ALTCS members.
- Employee compensation expenses decreased by \$12,617 primarily as a result of these significant changes: \$8,230 due to the loss of the Ambulatory contract with AHCCCS and \$3,792 due to the persistent downturn in construction and permitting activities.
- Medical claims expense decreased by \$60,642 due to the loss of the Ambulatory contract with AHCCCS as discussed previously.
- Investment earnings dropped 70.1% due to declining interest rates and decreasing cash balances which dropped 55% and 36%, respectively. In addition, losses from investments with Lehman Brothers amounting to \$998 were written off this year.
- Sewer connection revenues dropped 41.1%, or \$12,753 as the current economic slowdown continues to affect the construction activities. In addition to fewer permits issued this year, the square footage per home being built has also decreased which resulted in a lower number of fixture units and reduced connection revenues.
- Increase in transfers out represents the \$3,400 equity transfer from PHS&S into the General Fund. The difference of transfers in and out reflects the movement of 2008 COPS funding for the Regional Wastewater Reclamation Fund.

Capital Assets and Debt Administration

Capital Assets

The County's total investment in capital assets as of June 30, 2009 amounted to \$2,299,891 (net of accumulated depreciation), an increase of 8.1% (or \$171,462). Of this amount, \$112,893 (65.8%) came from governmental activities and \$58,569 (34.2%) came from business-type activities. The County's investment in capital assets consists of land, buildings, sewage conveyance systems, infrastructure, equipment and construction in progress.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

Table 7

Governmental and Business-type Activities Capital Assets For the Years Ended June 30, 2009 and 2008						
	Governmental Activities		Business-type Activities		Total	
	2009	2008	2009	2008	2009	2008
Land	\$ 384,368	\$ 303,646	\$ 13,595	\$ 10,596	\$ 397,963	\$ 314,242
Construction in progress	103,106	90,098	43,208	72,060	146,314	162,158
Buildings and improvements	380,798	366,370	228,198	234,142	608,996	600,512
Infrastructure	614,951	609,112	399,094	369,514	1,014,045	978,626
Equipment	43,551	44,655	89,022	28,236	132,573	72,891
Total	\$ 1,526,774	\$ 1,413,881	\$ 773,117	\$ 714,548	\$ 2,299,891	\$ 2,128,429

Major capital asset events during the current fiscal year included the following:

Governmental activities

- Land increased by \$80,722 due primarily to the purchases of open spaces under the Conservation Acquisition Program. Open spaces acquisition consisted of: \$20,106 for Marley ranch; \$21,024 for Clyne ranch properties; \$10,295 partial purchase for Sopori ranch east of Arivaca; and \$4,541 for Tumamoc Hill. In addition, several land parcels were donated to the County for \$15,847 towards roadway projects, \$900 for the library at Wilmot Road and \$3,380 towards the Camino del Cerro Road.
- Construction in progress increased \$13,008 (or 14.4%) compared to last fiscal year. Current cost of major projects still in progress includes the \$5,653 for Justice Court/Municipal Court building complex, the \$2,820 towards the animal care center and various transportation roadways projects including the \$5,178 La Cañada Drive from Ina Road to Calle Concordia projects.
- Building and improvement activities increased by \$14,428 mainly due to the completion of these projects: \$5,090 Southern Arizona Children's Advocacy Center; the \$1,333 Jackson employment center at 400 E. 26th street; the \$4,250 Green Valley Multi-media Performing Arts Center; and the \$4,889 improvement to the Rillito River Linear Park from Alvernon to Craycroft road.

Business-type activities

- Construction in progress decreased by \$28,852 mainly within the Regional Wastewater Reclamation fund. The decrease is due primarily to the capitalization of the \$56 million expansion project of the Avra Valley Biological Nutrient Reduction Oxidation Ditch (BNROD) which posted \$26,011 in expenses last fiscal year.
- Infrastructure increased by \$29,580 due to the \$25,616 rehabilitation and replacement of the Santa Cruz Sewer Interceptor project from Prince to Franklin and various contributions of developer-built sewer conveyance systems.
- Facilities and equipment increased by \$60,786 from the completion of two sewer treatment facilities; the Avra Valley BNROD expansion project (\$48,258) and the new Marana BNROD expansion project (\$8,532).

The County's infrastructure assets are recorded at historical cost and estimated historical cost in the government-wide financial statements. Additional information regarding the County's capital assets can be found in Note 4 of the financial statements on pages 53-54 of this report.

Long-term Debt

Significant, comparative long-term debt entered into during the last two fiscal years is presented below:

Table 8

Long-Term Debt For the Years Ended June 30, 2009 and 2008		
	2009	2008
Bonds issued (at face value):		
General obligation	\$ 75,000	\$ 100,000
Street and highway revenue		25,000
Sewer revenue	18,940	75,000
Certificate of Participation (COPs)	34,400	50,000
Capital leases		312
Total	\$ 128,340	\$ 250,312

During the fiscal year, the county received \$75,000 in proceeds from the sale of general obligation bonds and \$18,940 from the sale of sewer revenue bonds. As of June 30, 2009, remaining unspent bond proceeds from the general obligation (GO) bonds, transportation revenue (HURF) bond and sewer revenue bonds were \$50,301, \$6,173, and \$7,519, respectively. The majority of the general obligation bonds were spent on projects for Facilities Management, Flood Control District, open space and parks and recreational facilities, while proceeds from transportation revenue bonds were allocated to various roadway projects.

In addition, during the fiscal year, the County sold \$34,400 in certificates of participation (COPS) Series 2009 to finance capital costs for public infrastructure as well as the expansion and upgrade to the County's sewer treatment system.

The most recent ratings for Pima County's bonds and COPs are:

Table 9

Credit Ratings						
	Moody's Investors Service		Standard & Poor's		Fitch Ratings	
	Rating	Date	Rating	Date	Rating	Date
Certificate of Participation (COPs)	A1	May-2009	A+	Oct-2009	A+	Nov-2009
General obligation	Aa3	Mar-2009	AA-	Oct-2009	AA-	Nov-2009
Street and highway revenue	A1	Feb-2008	AA	Oct-2009	AA-	Nov-2009
Sewer revenue	A2	Apr-2009	A+	Mar-2009	n/a	n/a

The State constitution limits the amount of general obligation debt a governmental entity may issue to 6% of its net assessed valuation without voter approval. However, Pima County has voter approval for general obligation debt up to 15%. The current debt limitation for Pima County is \$1,439,229, which is significantly in excess of Pima County's outstanding general obligation debt.

Additional information regarding the County's debt can be found in Note 6 of the financial statements on pages 57-65 of this report.

Economic Factors and Next Year's Budget

The State of Arizona had anticipated a budget deficit for fiscal year 2009-10 estimated at \$2 to \$3 billion because of lower than expected revenues. Although the State has not yet adopted specific proposals to address the entire deficit for fiscal year 2009-10, in past years when the State was facing budget difficulties, the State has shifted some of its costs to local jurisdictions either by charging cities, towns and counties additional mandatory payments or by reducing the share of state-shared revenues distributed to the cities, towns and counties.

The County's revenues for fiscal year 2009-10 are expected to be less than the budgeted or forecasted amounts largely due to lower revenues from residential building permits and state-shared tax revenues. The County is required by statute to adopt a balanced budget each year and has implemented cost-cutting measures to address the anticipated reduction in state-shared revenues and any potential increased cost shifting from the State.

General Fund

General government revenues, excluding property tax revenues, are budgeted in fiscal year 2009-10 at \$140.6 million, approximately \$21.4 million less than the amount budgeted for fiscal year 2008-09. The General Fund property tax revenues for fiscal year 2009-10 are projected to be \$286,321 based upon the adopted tax levy of \$297,724 and a collection rate of 96.17%. The primary tax rate dropped from \$3.3913 to \$3.3133 per \$100 of assessed valuation. Another \$14.7 million is projected to be collected from delinquent property taxes and associated interest and penalties.

Total state-shared sales tax and vehicle license tax revenues were budgeted at \$113.7 million. The most current projections of state-shared and vehicle license taxes for fiscal year 2009-10 indicate \$8.5 million less is expected to be received.

The adopted budget for fiscal year 2009-10 has expenditures for the General Fund decreasing by approximately \$6.6 million primarily due to: the \$5.3 million decrease from a 2.5% across-the-board base budget reduction; \$0.7 million net reduction for cost of fuel for estimated motor pool charges; and \$1.1 million decrease in state mandated contributions to the various state retirement systems.

In 2004, the County closed the County-operated Kino Community Hospital and leased the hospital ground and buildings to University Physicians Healthcare (UPH), a private nonprofit corporation, which opened a privately owned and operated hospital on the site. The original lease agreement between the County and UPH required \$127 million of fees to be paid to UPH by the County over the first 10 years of the lease, in decreasing amounts, for the transition to a new hospital. At the request of UPH, the County amended its contract with UPH to accelerate, but not increase, the payments required by the lease. UPH is continuing efforts to make the hospital financially self sufficient. To date, the County has paid UPH \$120.5 million of the total \$127 million pledged and is scheduled to pay \$6.5 million in fiscal year 2010-11. UPH has requested the County to provide additional long-term funding for its operations and has requested an additional \$30 million in funding per year. In the County's fiscal year 2009-10 budget, the County has set aside \$15 million, in addition to the \$10 million already paid for this fiscal year, for a total of \$25 million should the County Board decide to increase funding. The County Board has not taken action on this matter. Any future decision by the County to alter the agreement with UPH would be made with full consideration of the impact it would have on other operations of the County and the need for the County to continue to maintain a balanced budget.

Transportation

By the end of October 2009, the County is projecting that the Vehicle License Tax (VLT) revenues received for fiscal year 2009-10 will decrease by \$2.4 million below the adopted amount. In an effort to reduce expenditures to deal with the revenue shortfall, the County has initiated cost saving measures within the Transportation department. Additionally, revenues from impact fees are substantially lower than budgeted for fiscal year 2009-10.

Development Services

Consistent with the slowdown in the housing industry for the last two fiscal years, the fiscal year 2009-10 budget for the Development Services department has been reduced to \$6,074 from last year's budget of \$10,934. By the end of October 2009, the County is projecting about \$1,900 decrease in actual revenues. Part of the decrease is the

slowdown in commercial activity. The economic situation is not expected to improve in the near future. The County has therefore initiated cost saving measures within the Development Services department to reduce expenses.

Debt Management

In November 2009, the County issued \$23.5 million in Series 2009 General Obligations (G.O.) Refunding Bonds to advance refund various G.O. bond obligations. The refunding component saved the County \$1.3 million on a net present value basis or 5.6% when expressed as a percentage of the bonds that were refunded.

American Recovery and Reinvestment Act (ARRA)

Since signing of the American Recovery and Reinvestment Act on February 17, 2009, the County has been awarded 28 ARRA grants. Significant grants awarded to the County include \$8.64 million towards transportation, \$5.97 million towards workforce training, \$4.47 million for criminal justice and public safety, and \$3.37 million for emergency food and shelter/community services. Several County departments are still awaiting a final decision on another \$52 million in outstanding ARRA grant requests.

Request for Information

This financial report is designed to provide a general overview of the County's finances. Any questions concerning the information provided in this report or requests for additional financial information should be addressed to the Finance and Risk Management Department, 130 W. Congress, 6th Floor, Tucson, AZ, 85701.

PIMA COUNTY, ARIZONA
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Assets
June 30, 2009
(in thousands)

Exhibit A - 4

Fund balances - total governmental funds		\$ 292,247
Amounts reported for governmental activities in the Statement of Net Assets are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds		
Governmental capital assets	\$ 2,197,709	
Less accumulated depreciation	<u>(690,498)</u>	1,507,211
Some long term debt liabilities and their associated issuance costs are not due and payable in the current period and therefore are not reported in the governmental funds		
Bonds payable	(519,270)	
Certificates of participation payable	(74,554)	
Loans and leases payable	(21,327)	
Unamortized deferred issuance costs reported as other assets	<u>1,740</u>	(613,411)
Some compensated absences are not due and payable shortly after June 30, 2009, and therefore are not reported in the governmental funds		
Employee compensation		(27,938)
Some liabilities are not due and payable shortly after June 30, 2009, and therefore are not reported in the governmental funds		
Landfill liability	(19,329)	
Pollution remediation liability	<u>(1,467)</u>	(20,796)
Deferred revenue in governmental funds is susceptible to full accrual on the government-wide statements		27,243
Internal service funds are used by management to charge the costs of certain activities to individual funds. Most assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets		46,580
Net assets of governmental activities		<u><u>\$ 1,211,136</u></u>

See accompanying notes to financial statements

PIMA COUNTY, ARIZONA
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2009
(in thousands)

Exhibit A - 6

Net change in fund balances - total governmental funds \$ (25,275)

Amounts reported for governmental activities in the statement of activities
are different because:

Governmental funds report capital outlays as expenditures. However,
in the statement of activities, the cost of those assets is depreciated
over their estimated useful lives and reported as depreciation expense

Expenditures for capital assets	\$ 125,341	
Less current year depreciation	<u>(54,596)</u>	70,745

Transfers of capital assets between governmental activities and
proprietary funds are not reported in the governmental funds but
are recognized in the statement of activities

93

The issuance of long-term debt (e.g., bonds, leases) provides current financial
resources to governmental funds but increases long-term liabilities in the statement
of net assets. Repayment of the principal of debt is an expenditure in the governmental
funds, but the repayment reduces long-term liabilities in the statement of net assets.
Also, governmental funds report the effect of issuance costs, premiums, discounts and
similar items when debt is first issued, whereas these amounts are deferred and amortized
in the statement of activities. This amount is the net effect of these differences in the
treatment of long-term debt and related items

Face amount of long-term debt	(109,400)	
Premium on bonds	(675)	
Debt service - principal payments	100,384	
Deferred issuance costs	251	
Amortization expense	<u>235</u>	(9,205)

Some revenues reported in the statement of activities do not represent
the collection of current financial resources and therefore are not reported as
revenues in the governmental funds. Likewise, some revenues reported in the
governmental funds are collections of current financial resources that related to
other periods and therefore are not reported as revenues in the statement of activities.

Donations of capital assets	42,396	
Property tax revenues	3,137	
Other	<u>(2,024)</u>	43,509

Some expenses reported in the statement of activities do not require the use of
current financial resources and therefore are not reported as expenditures in the
governmental funds. Likewise, some expenditures and changes in fund balances reported
in the governmental funds are uses of current financial resources that related to other
periods and therefore are not reported as expenses in the statement of activities.

Changes in payroll liabilities	7,799	
Change in landfill liability	(910)	
Change in pollution remediation liability	317	
Net book value of capital asset disposals	(303)	
Change in reservation of fund balances	<u>(55)</u>	6,848

Internal service funds are used by management to charge the costs of certain
activities to individual funds. A portion of the net activity of the internal service funds is
reported with governmental activities

4,677

Change in net assets of governmental activities	\$ 91,392

Noncash investing, capital and noncapital financing activities during the year ended June 30, 2009:

Pima Health System & Services retired equipment with a net book value of \$1.

Regional Wastewater Reclamation disposed of capital assets with a net book value of \$327.

Regional Wastewater Reclamation received contributed developer-built conveyance systems with estimated fair values totaling \$15,381. These contributions were recorded as an increase in capital assets and capital contributions.

Regional Wastewater Reclamation recorded a Board of Supervisor approved connection fee credit agreement of \$466. This credit was recorded as an increase to deferred revenue and a decrease to capital contributions.

Regional Wastewater Reclamation retired expired Sewer Credit Agreements totaling \$1. This transaction was recorded as a decrease to deferred revenue and an increase in capital contributions.

Other Enterprise Funds disposed of capital assets with an original cost of \$54 and accumulated depreciation of \$43, resulting in a loss on disposal of \$11.

Other Enterprise Funds transferred land with a book value of \$93 to the County's general government.

Other Enterprise Funds retired capital assets with a book value of \$18.

Internal Service Funds retired assets with a net book value of \$6.

Internal Service Funds transferred in capital assets with a net book value of \$1 from the County's general government.

Internal Service Funds transferred out capital assets with a net book value of \$3 to the County's general government.

Note 1: Summary of Significant Accounting Policies

The accounting policies of Pima County (County) conform to U.S. generally accepted accounting principles (GAAP) applicable to governmental units as promulgated by the Governmental Accounting Standards Board (GASB) and the regulatory requirements of the State of Arizona. A summary of the County's significant accounting policies follows.

During the year ended June 30, 2009, the County adopted early implementation of GASB Statement No. 51. The provisions for GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, require that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. Historically, Pima County has reported intangible assets, primarily consisting of rights of way, easements and software. The County's implementation of GASB 51 generated a change of the policy for capitalization to specifically include intangible assets. The County's policy is to prospectively capitalize all intangible assets costing \$100,000 or more. No restatement was necessary for intangible assets that were reported using a different capitalization threshold.

A. Reporting Entity

The County is a general-purpose local government that is governed by a separately elected board of supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered financially accountable. Blended component units, although legally separate entities, are in substance, part of the County's operations. Therefore, data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end.

The Pima County Stadium District, a legally separate entity, was formed to promote and establish major league baseball spring training in Pima County. The County Board of Supervisors is the Board of Directors of the District. Acting in the capacity of the Board of Directors, the Pima County Board of Supervisors is able to impose its will on the District. The Board of Directors levies the car rental surcharge rates and the recreation vehicle (RV) park tax for the District. The District is reported as a special revenue fund (blended component unit) in these financial statements. Complete financial statements for the District can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

The Pima County Library District was established in 1986 when legislation allowed full taxing authority and the ability to enter into agreements with other jurisdictions for the provision of library services. The Pima County Board of Supervisors is the Board of Directors of the District. The Library District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Regional Flood Control District was established in 1978. The District is responsible for floodplain management activities for the unincorporated areas of Pima County (except national forests, parks, monuments and Native American Nations), the City of South Tucson, and the Town of Sahuarita. The Pima County Board of Supervisors is the Board of Directors for the Regional Flood Control District. The Regional Flood Control District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

PIMA COUNTY, ARIZONA

Note 1: Summary of Significant Accounting Policies (continued)

The Southwestern Fair Commission, Inc. (SFC) is a nonprofit corporation, which manages and maintains the fairgrounds owned by the County and conducts an annual fair and other events at the fairgrounds. The Commission's members are appointed and can be removed at any time by the Pima County Board of Supervisors. Based on these factors, and because SFC does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, SFC is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements for SFC can be obtained from the Pima County Department of Finance and Risk Management located at 130 West Congress Street, Tucson, Arizona 85701.

Related Organization:

The Industrial Authority of Pima County (Authority) is a legally separate entity that was created to promote economic development and the development of affordable housing. The Authority fulfills its function through the issuance of tax-exempt bonds. The County Board of Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

B. Basis of Accounting

Primary government:

The government-wide, proprietary funds and fiduciary funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting with the exception of agency funds, which have no measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds in the fund-based financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the government funds to be available if the revenues are collected within 30 days after year-end. Revenues that are collected after 30 days are reported as deferred revenues. The County's major revenue sources that are susceptible to accrual are property taxes, intergovernmental and charges for services. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

The County's business-type activities and enterprise funds follow FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The County has chosen the option not to follow FASB statements and interpretations issued after November 30, 1989.

Discretely presented component unit:

SFC's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The Commission's policy is to apply all FASB pronouncements issued after November 30, 1989.

C. Basis of Presentation

The basic financial statements include both government-wide statements and fund-based financial statements. The government-wide statements focus on the County as a whole, while the fund-based financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements provide information about the primary government and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component unit. Governmental activities are financed primarily through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

- Charges for services (fines and forfeitures, licenses and permits, and special assessments)
- Operating grants and contributions
- Capital grants and contributions

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues. The net effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities.

Fund-based financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund-based financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary funds are financed mainly by fees and charges received from users of the services provided by the funds' operations. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Capital Projects Fund** accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

The **Debt Service Fund** accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The County reports the following major enterprise funds:

Pima Health System and Services (PHS&S) provides payment for health care services including inpatient hospital care and outpatient clinical care for medical and psychiatric problems, indigent health care under the Arizona Health Care Cost Containment System (AHCCCS), an alternative to Medicaid, home health services and long-term nursing care.

Regional Wastewater Reclamation (RWR) accounts for the management and operation of wastewater treatment and water pollution control programs.

The County reports the following fund types:

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. These funds account for fleet maintenance and operation, insurance, graphic services and telecommunications services.

Investment Trust Funds account for assets held by the County Treasurer in an external investment pool and individual investment accounts for the benefit of outside jurisdictions.

Agency Funds account for the assets, held by the County as an agent, for individuals, private organizations or other governmental units. The agency fund is custodial in nature and does not present results of operations.

D. Cash and Investments

Primary government:

For purposes of its statements of cash flows, the County considers only those highly liquid investments, with a maturity period of 3 months or less when purchased, to be cash equivalents. All investments are stated at fair value.

If an individual fund has a deficit balance in the amount on deposit with the County Treasurer at year-end, that balance is reclassified as an amount due to other funds.

Discretely presented component unit:

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

SFC's cash and cash equivalents consist of short-term, highly liquid investments with original maturities of three months or less.

E. Inventories and Prepays

The County accounts for its inventories in the Health and Animal Care Fund using the purchase method. Inventories of the Health and Animal Care Fund consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method or average cost method.

Inventories of the Transportation Department are recorded as assets when purchased and expensed when used. Amounts on hand at year-end are shown on the balance sheet as an asset and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources". Inventories in Transportation are valued at lower of cost or market, cost being determined using the moving average method.

Inventories in the government-wide and proprietary funds' financial statements are recorded as assets when purchased and expensed when consumed.

Inventories of Pima Health System and Services, an enterprise fund, are valued at the lower of cost or market, cost being determined on the first-in, first-out method.

Inventories of RWR, an enterprise fund, are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of the Internal Service Funds, are valued at lower of cost or market, cost being determined using the moving average method.

Prepaid expenses/expenditures are accounted for using the consumption method, except for the School Reserve Fund reported as an Other Governmental Fund, which uses the purchase method.

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost, or estimated historical cost if historical records are not available. Donated assets are reported at estimated fair value at the time received.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 1: Summary of Significant Accounting Policies (continued)

Capitalization thresholds, depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows (excluding component units):

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Land	All	N/A	N/A
Land improvements (Reported in buildings and building improvements)	All	Straight Line	20 - 30 Years
Buildings and building improvements	\$100	Straight Line	10 - 50 Years
Equipment	\$5	Straight Line	4 - 25 Years
Fleet service vehicles (Reported in equipment)	\$5	Units of Production based on number of hours or miles	5 - 15 Years
Infrastructure/Sewer conveyance systems	\$100	Straight Line	10 - 50 Years
Intangible (Reported in land, equipment and infrastructure)	\$100	Straight Line	Varies

Discretely presented component unit:

SFC capital assets are reported at actual cost. Depreciation is provided by the straight-line method over the assets' estimated useful life, which range from 3 to 40 years.

H. Investment Earnings

Investment earnings are composed of interest, dividends, and net changes in the fair value of applicable investments.

I. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered.

Employees may accumulate up to 240 hours of vacation depending upon years of service, but any vacation hours in excess of the maximum amount that are unused at their year-end are forfeited. Upon termination of employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements in Employee Compensation.

Employees may accumulate up to 1920 hours of sick leave. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Sick leave benefits do not vest with employees; however employees who are eligible to retire from County service into the Arizona State Retirement System, Public Safety Personnel Retirement System, or Corrections Officer Retirement Plan may request sick leave be converted to annual leave, on a predetermined conversion basis. An estimate of those retirement payouts is accrued as a liability in the government-wide and proprietary financial statements in Employee Compensation.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 2: Cash and Investments

Primary Government

The County's cash and investment policies are governed by State statutes and by bond covenants. The County Treasurer is authorized to invest public monies in the State Treasurer's Investment Pool; interest bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations issued or guaranteed by the United States government or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds; specified commercial paper, bonds, debentures, and notes issued by corporations organized and doing business in the United States; and bonds or other evidences of indebtedness of the State of Arizona or any of its counties, cities, towns, or school districts as specified by statute. In addition, the County Treasurer may invest trust funds in fixed income securities of corporations doing business in the United States.

Credit risk—The State statutes have the following requirements for credit risk:

1. Commercial paper must be rated P1 by Moody's Investors Service or A1 or better by Standard and Poor's rating service.
2. Corporate bonds, debentures and notes must be rated A or better by Moody's Investors Service or Standard and Poor's rating service.
3. Fixed income securities must carry one of the two highest ratings by Moody's Investors Service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk—Statutes require collateral for demand deposits, certificates of deposit and repurchase agreements at 101 percent of all deposits not covered by federal depository insurance.

Concentration of credit risk—Statutes do not include any requirements for concentration of credit risk.

Interest rate risk—Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years and that public operating fund monies invested in securities and deposits have a maximum duration of 3 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk—Statutes do not allow foreign investments.

Deposits—At June 30, 2009, the carrying amount of the County's deposits was \$77,499 and the bank balance was \$77,784.

Custodial credit risk—Custodial credit risk is the risk that the County will not be able to recover its deposits if a financial institution fails. The County does not have a formal policy with respect to custodial credit risk. As of June 30, 2009, \$2,446 of the County's bank balance was exposed to custodial credit risk because it was uninsured and uncollateralized.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 2: Cash and Investments (continued)

Investments—At June 30, 2009, the County's investments consisted of \$268,901 invested in marketable securities and \$472,996 invested in the State Treasurer's Investment Pool. Cash from the County and from external legally separate governments are pooled to purchase the investments in marketable securities and the State Treasurer's Pool. The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments.

Credit risk—Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The County does not have a formal investment policy with respect to credit risk.

At June 30, 2009, credit risk for the County's investments was as follows:

Investment Type	Rating	Rating Agency	Amount
Commercial paper	A1/P1	S&P / Moody's	\$ 39,037
Corporate bonds	A/A1	S&P / Moody's	77,727
Federal Farm Credit Bank	AAA/Aaa	S&P / Moody's	18,936
Federal Home Loan Bank	AAA/Aaa	S&P / Moody's	21,024
Fannie Mae (Federal National Mortgage Association)	AAA/Aaa	S&P / Moody's	27,901
Freddie Mac (Federal Home Loan Mortgage Corp)	AAA/Aaa	S&P / Moody's	20,195
Money market mutual fund	AAA/Aaa	S&P / Moody's	1,959
State Treasurer Investment Pool 5	AAAf/S1+	S&P	343,284
State Treasurer Investment Pool 7	Unrated		129,712
Total			<u>\$ 679,775</u>

Custodial credit risk—For an investment, custodial risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no formal policy with respect to custodial credit risk. Of the County's \$741,897 of investments, \$266,942, consisting of the commercial paper, corporate bonds, Federal Farm Credit Bank, Federal Home Loan Bank, Fannie Mae and Freddie Mac discount notes and U.S. Treasury notes, are uninsured and held by a counterparty in the County's name in book form.

Concentration of credit risk—The County has no formal policy with respect to limiting the amount the Treasurer may invest in any one issuer. The County's exposure as of June 30, 2009 is less than 5% per issuer.

Interest rate risk—Interest rate risk is the risk that changes in interest rates will adversely affect an investment's fair value. The County does not have a formal investment policy with respect to interest rate risk.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 2: Cash and Investments (continued)

As of June 30, 2009, the County had the following investments:

<u>Investment Type</u>	<u>Amount</u>	<u>Weighted Average Maturity (Years)</u>
State Treasurer Investment Pool 5	\$ 343,284	0.12
State Treasurer Investment Pool 7	129,712	0.03
Commercial paper	39,037	0.13
Corporate bonds	77,727	2.11
Federal Farm Credit Bank	18,936	1.61
Federal Home Loan Bank	21,024	1.05
Fannie Mae (Federal National Mortgage Association)	27,901	1.05
Freddie Mac (Federal Home Loan Mortgage Corp)	20,195	1.41
U.S. Treasury	62,122	2.52
Money market mutual fund	1,959	0.13
Total	<u>\$ 741,897</u>	

A reconciliation of cash, deposits, and investments to amounts shown on the Statements of Net Assets follows:

	<u>Cash on Hand</u>	<u>Amount of Deposits</u>	<u>Amount of Investments</u>	<u>Total</u>
Cash, deposits and investments:	\$ 53	\$ 77,499	\$ 741,897	\$ 819,449

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Investment Trust Funds</u>	<u>Agency Funds</u>	<u>Totals</u>
Statement of Net Assets:					
Cash and cash equivalents	\$ 375,479	\$ 102,879	\$ 271,397	\$ 66,626	\$ 816,381
Restricted cash and cash equivalents	777	2,291			3,068
Total	<u>\$ 376,256</u>	<u>\$ 105,170</u>	<u>\$ 271,397</u>	<u>\$ 66,626</u>	<u>\$ 819,449</u>

County Treasurer's Investment Pool (Pool)—Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The County Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The County Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the County Treasurer determines the fair value of those pooled investments annually at June 30. The County Treasurer's Investment Pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The structure of the Pool does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments. The County Treasurer allocates interest earnings to each of the Pool's participants.

Note 5: Claims, Judgments and Risk Management

Risk Management and Claims Liability

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; environmental claims; and natural disasters. Claims against the County are accounted for in the Self Insurance Trust Fund (the Fund), an internal service fund. Annually, an actuarial evaluation is performed to determine the County's anticipated losses except for environmental, unemployment and dental losses. Environmental losses are based on reported claims and the County risk manager's knowledge and experience. Unemployment and dental losses are based on claims that have been submitted but not yet paid by the Fund. Losses accounted for include reported and paid, reported but unpaid, and incurred but not reported. All liabilities of the Fund except for environmental, unemployment and dental losses are reported at their present value using an expected future investment yield assumption of four percent.

The Fund is liable for any single general or automobile liability claim up to \$2,000,000 per occurrence, any workers' compensation claim up to \$750,000 per occurrence or any medical malpractice claims in aggregate up to \$5,000,000 in any policy year. The County purchases commercial insurance for claims in excess of coverage provided by the Fund and for some other risks of loss. Settled claims have not exceeded insurance coverage in any of the last three fiscal years.

Payment of unemployment and dental claims is fully self-funded. Payment of environmental claims is generally self-funded, although some claims filed could result in past insurers being liable for such losses.

All of the County's departments participate in the Fund. With the exception of environmental, dental and unemployment losses, charges are based on actuarial estimates of the amounts needed to pay prior- and current-year claims. Charges for environmental losses are based on historical experience. Charges for dental and unemployment losses are based on actual claims paid.

The claims liability of \$36,994 reported in the Fund at June 30, 2009, is based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The ultimate cost of claims includes incremental claim adjustment expenses that have been allocated to specific claims, as well as salvage and subrogation. No other claim adjustment expenses have been included.

	<u>2009</u>	<u>2008</u>
Claims liability - beginning	\$ 31,205	\$ 32,857
Current-year claims and changes in estimates	12,600	10,227
Claims payment	<u>(6,811)</u>	<u>(11,879)</u>
Claims liability - ending	<u>\$ 36,994</u>	<u>\$ 31,205</u>

Litigation

Pima County is a defendant in a number of court actions. In the opinion of County management, the final disposition of these actions, if unfavorable, will not have a material effect upon the County's financial statements.

Note 5: Claims, Judgments and Risk Management (continued)

Pollution Remediation - El Camino del Cerro Site

The County has estimated and reported an environmental liability of \$1,467 in the government-wide financial statements for governmental activities (in noncurrent liabilities). Remediation efforts are currently underway at the El Camino del Cerro site which is approximately bordered by the Santa Cruz River on the west, Interstate 10 on the east and north of El Camino del Cerro Road. The groundwater contamination is suggested to resonate from the municipal and solid waste landfill operated on the site from 1973 to 1977.

In communication with the Arizona Department of Environmental Quality, the County has begun remediation efforts that will include a groundwater pump-and-treat system.

The estimated liability was calculated based upon the expected future outlays associated with the estimate of one pump-and-treat system for one year.

There is potential for changes due to increased costs associated with sewage disposal costs, construction costs for extraction wells, and/or changes in the estimated extent of contamination.

There are no estimated recoveries at this time.

Note 6: Long-Term Liabilities (continued)

** The U.S. Government has launched various economic stabilization programs, one of which was the Transaction Account Guarantee Program (TAGP). As a result of this initiative, the FDIC is assessing a 10 basis point surcharge to participating banks that carry a quarterly ending balance for noninterest-bearing transaction accounts. These charges will be passed down to customers with such accounts at these institutions. In order to avoid these surcharges, Pima County has chosen to submit debt service payments on the day they are due and not the day before, as has been customary. These debt issuances were paid on July 1, 2009 and not June 30th. The amount outstanding, therefore, has not changed for fiscal year 2008-09.*

The following schedule details general obligation bond debt service requirements to maturity at June 30, 2009.

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>

2020 - 2022	20,230	1,330
Total	<u>\$ 139,565</u>	<u>\$ 35,259</u>

Pima County has pledged future highway user revenues, net of specified operating expenses, to repay \$139,565 in transportation revenue bonds issued between 2002 and 2008. Proceeds from the bonds provide financing for construction of various highways and streets within Pima County. The bonds are payable from net highway user revenues and are payable through 2022. Annual principal and interest payments on the bonds are expected to require approximately 93 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$174,824. Principal and interest paid for bonds and loans in the current year and total highway user revenues were \$15,686, \$1,061 and \$20,808, respectively.

CERTIFICATES OF PARTICIPATION
Governmental Activities
(Payments made from General Fund revenues)

Certificates of Participation represent proportionate interests in semiannual lease payments. The County's obligation to make lease payments is subject to annual appropriations being made by the County for that purpose. On May 1, 2007, the County issued Certificates of Participation Series 2007-A for \$28,765 to finance the acquisition of and improvements to a 22-story office tower located in downtown Tucson. On June 26, 2008, the County issued Certificates of Participation Series 2008 for \$50,000 to finance capital costs for public infrastructure of the County, including expansion and upgrades to the County's sewer treatment system and major road corridors. On June 10, 2009, the County issued Certificates of Participation Series 2009 for \$34,400 to finance capital costs for public infrastructure of the County, including expansion and upgrades to the County's sewer treatment system.

The following schedule details outstanding Certificates of Participation payable at June 30, 2009.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Outstanding June 30, 2009</u>

	<u>\$ 71,930</u>	<u>\$ 12,688</u>

CAPITAL LEASES
Governmental Activities

On February 1, 1997, the County entered into an agreement to sell certain jail facilities and then lease them back for a 15-year term. The jail facilities were sold for \$34,500, and the proceeds were used to finance the construction of the baseball stadium. On September 1, 1999 and October 1, 2003, Pima County amended the capital lease agreement between U.S. Bank Trust National Association and Pima

Note 6: Long-Term Liabilities (continued)

County. The amendments extended the lease term to 2014 and 2018 respectively, increased the range of interest rates and increased the County's obligation under the lease agreement. The County has also entered into capital leases for computer equipment. The outstanding balance as of June 30, 2009, for these leases totaled \$143. The net book value of assets acquired through capital leases consists of \$18,000 of buildings and \$63 of equipment.

The following schedule details capital lease debt service requirements to maturity at June 30, 2009.

Governmental Activities:

<u>Year Ending June 30,</u>	<u>Buildings</u>		<u>Equipment</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>

SEWER REVENUE BONDS AND LOANS

Business-type Activities

(Payments made from user charges received in the Regional Wastewater Reclamation Enterprise Fund)

Pima County sewer revenue bonds, as presented below, were issued to provide monies to construct improvements to the County's Regional Wastewater Reclamation system. Of the total amount originally authorized, \$10,003 from the May 18, 2004 bond election remain unissued.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Outstanding June 30, 2009</u>
*Series of 1998	\$ 29,185	4.00 - 4.50%	2009-15	\$ 13,355
*Series of 2001 Refunding	19,440	4.25 - 5.38%	2009-15	12,655

				<u>183,880</u>
				Less unamortized deferred amount: (491)
				<u>\$ 183,389</u>

* The U.S. Government has launched various economic stabilization programs, one of which was the Transaction Account Guarantee Program (TAGP). As a result of this initiative, the FDIC is assessing a 10 basis point surcharge to participating banks that carry a quarterly ending balance for noninterest-bearing transaction accounts. These charges will be passed down to customers with such accounts at these institutions. In order to avoid these surcharges, Pima County has chosen to submit debt service payments on the day they are due and not the day before, as has been customary. These debt issuances were paid on July 1, 2009 and not June 30th. The amount outstanding, therefore, has not changed for fiscal year 2008-09.

(in thousands)

Note 6: Long-Term Liabilities (continued)

between 1996 and 2004. Proceeds from the bonds and loans provided financing for construction of various treatment facilities and sewer infrastructure within Pima County. The bonds and loans are payable from net sewer revenues and are payable through fiscal year 2026-27. Annual principal and interest payments on the bonds are expected to require approximately 28 percent of net revenues. The annual principal and interest payments on the loans are expected to require approximately 19 percent of net revenues. Total principal and interest remaining to be paid on the bonds is \$252,193. Total principal and interest remaining to be paid on the loans is \$76,493. Principal and interest paid for bonds and loans in the current year and total customer net revenues were \$3,588, \$8,377 and \$34,445, respectively.

CONTRACTS AND NOTES

Business-type Activities

(Payments made from restricted assets in the Regional Wastewater Reclamation Department Enterprise Fund)

Contracts and notes consist of contract retentions for several construction projects. Generally, interest is not accrued and the timing of payments is based on completion of the related construction projects.

LEGAL DEBT MARGIN

County General Obligation Bonds

General obligation debt may not exceed 6 percent of the value of the County's taxable property as of the latest assessment. However, with voter approval, debt may be incurred up to 15 percent of the value of taxable property. Pima County has received voter approval for all general obligation debt. The legal debt margin at June 30, 2009, is as follows:

Net assessed valuation		\$ 9,594,862
<u>Debt Limit (15% of net assessed valuation):</u>		1,439,229
<u>Less amount of debt applicable to debt limit:</u>		
General obligation bonds outstanding	\$ 386,845	
Less net assets in debt service fund available for payment of general obligation bond principal	<u>(10,523)</u>	376,322
Legal debt margin available		<u><u>\$ 1,062,907</u></u>

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 6: Long-Term Liabilities (continued)

Flood Control General Obligation Bonds

Flood Control general obligation debt may not exceed 5 percent of the value of the Flood Control District's taxable property as of the latest assessment. Legal debt margin at June 30, 2009, is as follows:

Net assessed valuation		\$ 8,684,572
<u>Debt Limit (5% of net assessed valuation):</u>		434,229
<u>Less amount of debt applicable to debt limit:</u>		
Flood Control obligation bonds outstanding	\$ 725	
Less net assets in debt service fund available for payment of flood control bond principal	<u>(49)</u>	676
Legal debt margin available		<u><u>\$ 433,553</u></u>

Note 7: Short-term Debt

Line of Credit

The County maintains a revolving line of credit with Bank of America National Trust and Savings Association to meet its short-term cash needs. At June 30, 2009, the County had an outstanding balance of \$0. Advances on the line of credit are payable on demand. The credit line is secured by the County's general taxing authority.

	July 1, 2008			June 30, 2009
	<u>Balance</u>	<u>Draws</u>	<u>Repayments</u>	<u>Balance</u>
Line of credit	\$0	\$ 18,300	\$ 18,300	\$0

Note 8: Landfill Liabilities

SOLID WASTE LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS:

State and federal laws and regulations require the County to place a final cover on its solid waste landfill sites when these sites stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after their closure. Although closure and post-closure care costs will not be paid until near or after the date the landfills stop accepting waste, the County records a portion of these closure and post-closure care costs as a long-term liability in each period, based on landfill capacity used as of each balance sheet date. The \$19,329 reported as landfill closure and post-closure care long-term liability within the governmental activities represents the cumulative amount reported to date, based on the percentage used of each landfill's total estimated capacity. The County will recognize the remaining estimated cost of closure and post-closure care of \$5,437 as the remaining estimated capacities are used. These amounts are based on what it would cost to perform all closure and post-closure care in the fiscal year ended June 30, 2009; actual costs may change due to inflation, changes in technology, or changes in regulations.

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 8: Landfill Liabilities (continued)

<u>Landfill Site</u>	<u>Capacity Used June 30, 2009</u>	<u>Estimated Remaining Service Life</u>
Ajo *	100%	0 Year
Sahuarita **	45%	41 Years
Tangerine ***	91%	12 Years

*Life extending facility development options are presently being considered for the Ajo Landfill, including vertical and/or horizontal expansion. A Type IV Modification application has been submitted to Arizona Department of Environmental Quality to increase capacity.

** Sahuarita's facility has incurred a decrease in annual solid waste tipping. This decrease has resulted in an increase in the expected life of the landfill.

*** Tangerine's facility has increased expected life due to decreased disposal activity and revised annual airspace consumption.

The County plans to fund the estimated closure and post-closure care costs with proceeds of general obligation bonds and with solid waste tipping fees.

According to state and federal laws and regulations, the County must comply with the local government financial test requirements that ensure the County can meet the costs of landfill closure, post-closure, and corrective action when needed. The County is in compliance with these requirements. The Ina Road Landfill facility is closed to municipal solid waste and only receives green waste and construction debris. It is not subject to the closure and post-closure cost requirements referred to above. Pima County estimates that it will cost approximately \$9,727 when closure occurs and plans to fund the costs with proceeds of general obligation bonds and with solid waste tipping fees. At this time, there is no closure date available.

Note 9: Retirement Plans

Pension Plan Descriptions

The County contributes to the Arizona State Retirement System (**ASRS**), the Corrections Officer Retirement Plan (**CORP**), the Public Safety Personnel Retirement System (**PSPRS**), consisting of Pima County Sheriffs and Pima County - County Attorney Investigators, and the Elected Officials Retirement Plan (**EORP**). The **EORP** and the **PSPRS** - Pima County, County Attorney Investigators, are not described due to their relative insignificance to the County's financial statements. Benefits are established by state statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees' average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee's monthly compensation. Health insurance premium benefits are generally paid as a fixed dollar amount per month towards the retiree's healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The **ASRS** administers a cost-sharing multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium plan; and a cost-sharing multiple-employer defined benefit long-term disability plan that covers employees of the State of Arizona and employees of participating political subdivisions, including general employees of the County, and school districts. The **ASRS** is governed by the Arizona State Retirement System Board according to the provisions of A.R.S.

(in thousands)

Note 9: Retirement Plans (continued)

Title 38, Chapter 5, Article 2.

The **PSPRS** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers Pima County Sheriff's public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona or one of its political subdivisions. The **PSPRS**, acting as a common investment and administrative agent, is governed by a five-member board, known as The Fund Manager, and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The **CORP** administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers certain employees of the State of Arizona's Departments of Corrections and Juvenile Corrections, and County employees whose primary duties require direct inmate contact. The **CORP** is governed by the Fund Manager of **PSPRS** and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

Each plan issues a publicly available financial report that includes its financial statements and required supplementary information. A report may be obtained by contacting the applicable plan.

Funding Policy

The Arizona State Legislature establishes and may amend active plan members' and the County's contribution rates for **ASRS**, **PSPRS** and **CORP**.

Cost-sharing plans

For the year ended June 30, 2009, active **ASRS** members were required by statute to contribute at the actuarially determined rate of 9.45 percent (8.95 percent for retirement and 0.50 percent for long-term disability) of the members' annual covered payroll. The County was required by statute to contribute at the actuarially determined rate of 9.45 percent (7.99 percent for retirement, .96 percent for health insurance premium, and 0.50 percent for long-term disability) of the members' annual covered payroll.

	ASRS Retirement Fund	Health Benefit Supplement Fund	Long-term Disability Fund
Year ended June 30,			
2009	\$ 20,127	\$ 2,418	\$ 1,259
2008	20,981	2,737	1,303
2007	19,169	2,666	1,270

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 9: Retirement Plans (continued)

Agent plans

For the year ended June 30, 2009, active **PSPRS** members were required by statute to contribute 7.65 percent of the members' annual covered payroll, and the County was required to contribute at the actuarially determined rate of 23.89 percent, the aggregate of which is the actuarially required amount. As allowed by statute, the County contributed 3.65 percent of the members' required contribution, with the members contributing 4.00 percent. The health insurance premium portion of the contribution was set at 1.93 percent of covered payroll. Active **CORP** members were required by statute to contribute 7.96 percent of the members' annual covered payroll, except that, beginning in October 2008, all non-dispatcher members were required to contribute 8.41 percent, and the County was required to contribute at the actuarially determined rate of 9.42 percent, the aggregate of which is the actuarially required amount. The health insurance premium portion of the contribution rate was actuarially set at 1.10 percent of covered payroll.

Actuarial methods and assumptions

The contribution requirements for the year ended June 30, 2009 were established by the June 30, 2007 actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on 1) the plans as understood by the County and plans' members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all plans and related benefits (unless noted), and the actuarial methods and assumptions used to establish the fiscal year 2009 contribution requirements, are as follows:

	PSPRS	CORP
Actuarial valuation date	June 30, 2007	June 30, 2007
Actuarial cost method	Projected unit credit	Projected unit credit
Actuarial Assumptions:		
Investment rate of return	8.50%	8.50%
Projected salary increases	5.50% - 8.50%	5.50% - 8.50%
includes inflation at	5.00%	5.00%

Note 11: Construction and Other Significant Commitments

At June 30, 2009, Pima County had the following major contractual commitments related to Facilities Management, General Government, Natural Resources, Parks & Recreation, Pima Health Systems & Services, Regional Flood Control District, Regional Wastewater Reclamation and Transportation.

Facilities Management

At June 30, 2009, the Pima County Facilities Management Department had contractual commitments related to service contracts of \$7,876. Funding for these expenditures will be provided from general fund revenues.

General Government

At June 30, 2009, Pima County had contractual commitments related to service contracts for Fleet Services of \$3,733, Human Resources of \$39,062, Institutional Health of \$28,718 and Sheriff of \$815. Funding for these expenditures will be provided from General Fund revenues. Real Property had contractual

PIMA COUNTY, ARIZONA
Notes to Financial Statements
June 30, 2009
(in thousands)

Note 11: Construction and Other Significant Commitments (continued)

commitments related to land acquisitions of \$23,511, for which the funding of these expenditures will be provided by general obligation bonds.

Natural Resources, Parks and Recreation

At June 30, 2009, Pima County had contractual commitments related to construction contracts for Natural Resources, Parks and Recreation of \$11,141. Funding for these expenditures will be provided from general obligation bonds.

Pima Health Systems & Services

At June 30, 2009, Pima County had contractual commitments related to service contracts for Pima Health Systems & Services of \$58,407. Funding for these expenditures will be primarily provided from federal and state funding sources.

Regional Flood Control District

At June 30, 2009, the Pima County Regional Flood Control District had construction contractual commitments of \$3,719. Funding for these expenditures will be provided from tax levy revenues.

Regional Wastewater Reclamation

At June 30, 2009, the Regional Wastewater Reclamation Enterprise Fund had construction contractual commitments of \$44,508 and other contractual commitments related to service contracts of \$7,245. Funding for these expenditures will be primarily from Sewer Revenue Bonds and related fees.

Transportation

At June 30, 2009, the Pima County Transportation Department had construction contractual commitments of \$33,639 and other contractual commitments related to service contracts of \$1,420. Funding for these expenditures will be primarily provided from Transportation Revenue Bonds and Highway User Tax Revenue, the primary source of revenue for the Transportation Department.

Note 12: Stewardship, Compliance, and Accountability (Deficit Fund Balances)

The Special Districts Fund (non-major governmental fund) had a deficit fund balance at June 30, 2009, of \$952. This deficit can be eliminated in the future through normal operations.

Note 13: Subsequent Events

On October 9, 2009 the Regional Wastewater Reclamation Enterprise Fund entered into a loan agreement with the Water Infrastructure Financing Authority (WIFA) in the amount of \$10,002 to provide funds for the construction of approximately 5 miles of system improvements to interconnect the Roger Road and the Ina Road treatment facilities to one another, as approved by Pima County Board of Supervisors' Resolution No 2009-58 on April 14, 2009.

Interest is payable semiannually beginning January 1, 2010 and is calculated based on the principal amount of the loan outstanding during such period. Principal payments to maturity are subject to change based upon total amounts drawn down. Payments will be made from user charges received in the Regional Wastewater Reclamation Enterprise Fund.

Note 13: Subsequent Events (continued)

On November 17, 2009, the County issued \$23,535 in Series 2009 Refunding Bonds. The net proceeds of the refunding bonds issuance were placed in an irrevocable trust account with U. S. Bank to advance refund various General Obligation bonds as follows:

Series 1998	\$	7,120
Series 2000		12,000
Series 2002		4,000
		<hr/>
	\$	23,120
		<hr/>

The interest rate on the bonds range from 2.00% to 3.50%, and the maturity dates range from July 1, 2010 to 2016. Interest is payable semiannually beginning July 1, 2010.

On November 17, 2009, the County issued \$90,000, Series 2009A G. O. Bonds, to fund various County capital projects. Interest rates on the bonds range from 2.00% to 4.00%, and the maturity date ranges from July 1, 2010 to 2024. Interest is payable semiannually beginning July 1, 2010.

On November 17, 2009, the County issued \$8,400, Series 2009 Transportation Refunding Bonds to advance refund \$8,300 of Series 2002 Transportation Bonds. The net proceeds were placed in an irrevocable trust with U. S. Bank. Interest rates on the bonds range from 3.00% to 4.00%, and maturity date ranges from July 1, 2013 to 2024. Interest is payable semiannually beginning July 1, 2010. Payments will be made from the revenues received by the County from highway user taxes.

On November 17, 2009, the County issued \$15,020 in Series 2009 Transportation Bonds to provide funds for road construction. Interest rates on the bonds range from 3.00% to 4.00% and maturity dates range from July 1, 2013 to 2024. Interest is payable semiannually beginning on July 1, 2010. Payments will be made from the revenues received from highway user taxes.

On December 3, 2009, the County defeased \$20,000 in Series 2009 Certificates of Participation, payable June 1, 2010, with an interest rate of 3.00%. These funds will be placed in irrevocable trust with U.S. Bank.

PIMA COUNTY, ARIZONA
Notes to Schedule of Revenues, Expenditures and Changes in
Fund Balance - Budget and Actual - General Fund
June 30, 2009
(in thousands)

Note 1: Budgetary Basis of Accounting

Arizona Revised Statutes (ARS § 42-17101) requires that on or before the third Monday in July of each year, the Board of Supervisors adopt a tentative budget for the fiscal year. A public hearing and special board meeting is scheduled at which time the final budget is adopted.

The County adopts, on a modified accrual basis, budgets for all governmental fund types (General, Special Revenue, Debt Service and Capital Projects Fund). Operating plans for all Enterprise Funds are also adopted as part of the budget document. Per ARS § 42-17106, expenditures may not be in excess of the amounts specified for each purpose in the budget, except as provided by law. Each Special Revenue Fund maintains budgetary control at the fund or sub-fund level where applicable. Budgetary control for the Capital Projects Fund and the Debt Service Fund are at the fund level.

Adopted budgets provide that the beginning unreserved fund balance plus revenues and other financing sources equal expenditures and other uses. ARS § 42-17106 requires that amendments to the budget, including transfers of appropriations between departments or funds are not permissible unless the Board of Supervisors determines that it is in the public interest and it is based on a demonstrated need.

Note 2: Excess of Expenditures Over Appropriations

For the year ended June 30, 2009, expenditures exceeded appropriations in the following General Fund departments (the legal level of budgetary control) by the following amounts: Sheriff, \$3,638; Institutional Health, \$3,294; Justice & Law Enforcement, \$1,735; and Superior Court Mandated Services, \$173. These expenditures were funded by unspent appropriations by the County Administrator.

Combining Statements and Other Schedules

Other (Nonmajor) Governmental Funds

OTHER GOVERNMENTAL FUNDS (Nonmajor)

Transportation Fund - to account for administrative and operating costs, as well as resources transferred to the Capital Projects Fund for construction of highways and streets. Financing is provided primarily from the County share of gasoline and vehicle license taxes collected by the State.

Health and Animal Care Fund - to account for resources used to finance activities involved in the conservation and improvement of public health. Major sources of funding include Federal and State grants, charges for services provided and operating transfers from the General Fund.

Regional Flood Control District Fund - to account for amounts expended to protect persons and property from floodwaters. Revenues are provided by secondary taxes on real property and government grants. The Regional Flood Control District is a blended component unit of Pima County.

Employment and Training Fund - to account for resources controlled by the County as a prime sponsor under the Workforce Investment Act. Financing is provided by the Federal Government.

Other Special Revenue Fund - to account for resources specifically identified to be expended for the various other programs of the County. These include various probation programs, consumer protection programs, family support, antiracketeering programs, law library, etc. Revenues are provided by fines, intergovernmental revenues, fees and forfeitures and charges for services.

Other Special Revenue Grants Fund - to account for Federal and State grants received by the County not required to be accounted for in a separate fund. Each grant has a specific project objective and the grant funds must be used for a stated purpose.

School Reserve Fund - to account for Federal and State grants received by the Superintendent of Schools. Each grant has a specific project objective and the grant funds must be used for a stated purpose.

Environmental Quality Fund - to account for resources specifically identified to be expended for protection of water, air and land from pollutants. Revenues are provided by fines, fees and forfeitures, licenses, permits and Federal and State grants.

Special Districts Fund - to account for financial activity related to Improvement Districts, which are legally separate districts not accounted for elsewhere.

Solid Waste Fund - to account for the resources used to finance the operations of the County's landfills and transfer stations and to account for the state shared revenue tax for the tire recycling program.

Library District Fund - to account for the resources used for management and operation of the Library District. Revenues are provided primarily by secondary taxes on real property. The Library District is a blended component unit of Pima County.

Stadium District Fund - to account for resources specifically identified to be expended for the Stadium District. Revenues are provided by the car rental, hotel/motel bed and recreation vehicle park taxes and charges for services provided. The Stadium District is a blended component unit of Pima County.

STATISTICAL SECTION

FINANCIAL TRENDS:

The financial trends schedules are intended to provide users with information to assist them in understanding and assessing how a government's financial position has changed over time. Financial trends information is considered to be a primary source of the historical perspective that helps users comprehend the direction in which a government's economic condition is heading. It also serves the purpose of giving users a form of information that is among their most highly valued, comparative information over time.

STATISTICAL SECTION

REVENUE CAPACITY:

The revenue capacity information is intended to assist users to understand and assess the factors affecting a government's ability to generate its own-source revenues. The presentation here is not limited to property tax revenues, but certain other revenues are presented to comply with debt disclosure requirements, e.g., hotel taxes, car rental and RV taxes and street and highway revenues.

Source: Pima County Assessor's Office.

Notes: Property in Pima County is assessed annually with values being set by either the County Assessor or the Arizona Department of Revenue. The values are the basis for Primary Taxes and annual changes therein are restricted by the State Constitution. Assessment ratios are set by the legislature for individual property types. The taxable assessed value is arrived at by multiplying an assessment ratio that has varied from ten percent for residential property, to twenty-five percent for commercial property. Tax rates are per \$100 of assessed value.

(1) The Pima County Flood Control District tax levy applies only to real property.

(2) Irrigation Districts' tax rates shown are levied on a per acre basis.

(3) Mobile Home Relocation levy applies only to unsecured mobile homes (not presented after 2001-02).

Notes:

Primary and secondary tax rates (per \$100 of net assessed value) are set by the County Board of Supervisors or the governing boards of other taxing jurisdictions.

(A) The Towns of Marana, Oro Valley and Sahuarita do not currently levy a property tax.

(B) The Tucson Business Improvement District levy (on a per-business basis) is not shown.

2008-09	5,628	1,389	159

- (1) Tax increased from 1% to 2% January 1, 1997; the additional 1% can only be used for County sports facilities.
In January of 2006, the tax increased from 2% to 6%, of which only 34% can be used for sports facilities.
- (2) Car rental surcharges increased from \$2.50 to \$3.50 per rental contract July 1, 1996. Usage is restricted to County sports facilities.
- (3) Recreational vehicle taxes apply at the rate of \$0.50 per vehicle per night and became effective July 1, 1997. Usage of this tax is limited to Spring Training activities.

STATISTICAL SECTION

DEBT CAPACITY:

The debt capacity information is intended to assist users to understand and assess a government's debt burden and ability to issue debt. Debt capacity information is cited as being very useful for assessing economic condition as frequently as revenue or tax capacity. Five of the schedules presented provide ten-year comparisons.

Certain schedules, for example; leases, lease-purchase and purchase agreements, are provided to comply with debt disclosure requirements.

2008-09	1,213,050	9,594,862	12.64%	1,048,796	1,157

* The Debt per Capita is shown in actual dollars and not in thousands.

Note: Overlapping governments are those that coincide (at least in part), with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Pima County. When considering the County's ability to issue and repay long-term debt, the process should recognize the entire debt burden borne by the residents and businesses therein. However, this does not imply that every taxpayer is a resident and is responsible for the repayment of debt of each overlapping government.

PIMA COUNTY, ARIZONA

STATISTICAL SECTION

DEMOGRAPHIC AND ECONOMIC INFORMATION:

The dual objectives of the demographic and economic information are to assist users in understanding certain aspects of the environment in which a government operates and to provide information that facilitates the comparisons of financial statement data over time and across governments.

Information of this type can help readers assess a government's condition by providing information about community expansion, average age increases or decreases and changes in personal income and unemployment. This type of data is important to readers in assessing economic condition.

STATISTICAL SECTION

OPERATING INFORMATION:

The objective of the operating information is to provide contextual information about a government's operations and resources to assist users in using financial information to understand and assess a government's economic condition. Two types of information are considered important:

1. Basic information about infrastructure assets, utilities and public works; in essence, the capital resources at the government's disposal. Examples include miles of streets and sewers and wastewater treatment volume.
2. Descriptive service information, which would help to evaluate the size of the government. This would include types of services, the related demand and volume, and the non-financial resources employed to provide the services.

Total	6,839	6,527	6,820	7,250	6,855	7,093	6,644

Note:

Internal service funds FTEs were added to the General Government function in FY 2004-2005.

Variances can be noted in the Governmental Activities categories due to a change in classification criteria in fiscal year 2005.

Variances can be noted in the Governmental Activities categories due to employees being added to the Library District from the City of Tucson on July 1, 2006.

Variances can also be noted in the Business Activities categories due to the closure of Kino Hospital which resulted in the absorption of some Kino employees into Pima Health System & Services.

In fiscal year 2005-2006 Wastewater Management-Solid Waste was classified as a governmental fund. It now appears under the category "Sanitation".

* Previously known as Wastewater Management - Liquid Waste.
