

A REPORT to the **ARIZONA LEGISLATURE** 

**Financial Audit Division** 

Single Audit

# Pinal County Community College District

(Central Arizona College) Year Ended June 30, 2013

Debra K. Davenport Auditor General The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

Copies of the Auditor General's reports are free. You may request them by contacting us at:

#### Office of the Auditor General 2910 N. 44th Street, Suite 410 • Phoenix, AZ 85018 • (602) 553-0333

Additionally, many of our reports can be found in electronic format at: **www.azauditor.gov**

DEBRA K. DAVENPORT, CPA AUDITOR GENERAL

#### STATE OF ARIZONA OFFICE OF THE AUDITOR GENERAL

MELANIE M. CHESNEY DEPUTY AUDITOR GENERAL

#### Independent Auditors' Report

Members of the Arizona State Legislature

The Governing Board of Pinal County Community College District

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the Pinal County Community College District as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based solely on the report of the other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the discretely presented component unit were not audited by the other auditors in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal

control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of Pinal County Community College District as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

#### Other Matters

#### Required Supplementary Information

U.S. generally accepted accounting principles require that the Management's Discussion and Analysis on pages i through viii be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information—Schedule of Expenditures of Federal Awards

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Debbie Davenport Auditor General

November 27, 2013

Our discussion and analysis of the Pinal County Community College District's (District) financial performance provides an overview of the District's financial activities for the year ended June 30, 2013. Please read it in conjunction with the District's financial statements, which immediately follow.

#### **Basic Financial Statements**

The District's annual financial statements are presented in accordance with the Government Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*. These statements allow for the presentation in a consolidated, single-column, entity-wide format. This format is similar to the type of financial statements typical of a business enterprise. In accordance with GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, the District reports as a component unit those organizations that raise and hold economic resources for the District's direct benefit. Based on GASB Statement No. 39, the District has one component unit, the Central Arizona College Foundation, Inc. (Foundation). The Foundation is audited separately from the District, and its financial activity is presented in conjunction with the District's financial statements.

Information on the component unit can be found in the report in the component unit's Statement of Financial Position and Statement of Activities, as well as Note 9. Management's Discussion and Analysis focuses only on the District and does not address the component unit.

The Statement of Net Position reflects the financial position of the District at June 30, 2013. The statement shows the District's assets, deferred outflows and inflows of resources, liabilities, and net position. Net position reflects the institutional equity in the District's total assets.

The Statement of Revenues, Expenses, and Changes in Net Position reflects the results of operations and changes for the fiscal year ended June 30, 2013. This statement reports revenues and expenses, categorized as operating and nonoperating, special and extraordinary items, and the changes in net position for the year.

The Statement of Cash Flows reflects the cash and cash equivalent inflows and outflows for the year ended June 30, 2013. It shows cash flows from operating activities, noncapital financing activities, capital and related financing activities, and investing activities. It also provides for a reconciliation of beginning and ending cash and cash equivalent balances for the year and a reconciliation of the cash flows from operating activities to the operating loss as reported on the Statement of Revenues, Expenses, and Changes in Net Position.

### Condensed Financial Information

Unrestricted	35,463,703	72,733,072
Total net position	<u>\$ 99,967,308</u>	<u>\$ 97,176,535</u>

### Financial Highlights and Analysis

Total assets decreased by \$7.8 million in the fiscal year ending June 30, 2013, largely due to spending down all bond proceeds and some reserves for new construction and renovation of existing buildings throughout the District. Total liabilities decreased by \$10.6 million primarily due to a decrease in liabilities associated with new construction and renovation and the reduction of current-year debt service payments. Total net position increased by \$2.8 million (2.9 percent) in fiscal year 2013 compared with an increase of \$4.9 million (5.3 percent) in fiscal year 2012 over the previous year. Total current assets and unrestricted net position decreased by \$31.8 million and \$37.3 million, respectively, mainly because of budgeted expenditure of reserves for new construction and renovation of existing buildings, including furniture and start-up supplies.

Changes in Net Position—Primary Government		
	Year Ended June 30, 2013	Year Ended <u>June 30, 2012</u>
Operating revenues	\$ 7,330,131	\$ 6,746,468
Operating expenses	63,505,946	61,463,297
Operating loss	(56,175,815)	(54,716,829)
Nonoperating revenues less expenses	58,940,589	59,579,067
Income before other revenues, expenses, gains, or losses	2,764,774	4,862,238
Capital gifts and grants	25,999	
Increase in net position	2,790,773	4,862,238
Net assets, beginning of year	97,176,535	92,314,297
Net assets, end of year	<u>\$ 99,967,308</u>	<u>\$ 97,176,535</u>

During fiscal year 2013, there was an increase in total revenues of \$263,000 when compared with the prior year. Property tax revenues increased by \$552,000 due to an increase in the primary and secondary property tax rates of 0.005 percent and 0.002 percent, respectively, as well as the projected additional 0.3 percent decline in primary assessed values and a 2 percent decline in secondary assessed values for fiscal year 2013. Operating revenues increased by \$584,000 mainly due to increases in tuition and fees, and room and board rates. Government grants and contracts decreased \$550,000 primarily because of a \$250,000 decrease in award amounts expended for student programs in U.S. Department of Education grant funds and a \$172,000 decrease in expenditures in U.S. Department of Labor grant funds.

State appropriations remained fairly consistent from the prior year as predicted. Investment income decreased by 32 percent because reserve cash balances were used after the remaining balance of the 2012 general obligation bond proceeds were used.

Total expenses increased by 4 percent as compared with the prior year due primarily to an increase in depreciation expense, an increase in interest paid on debt, as well as overall increases in the operation and maintenance of plant and institutional support functions. The college also had decreases in the scholarships and academic support functions. The increase in depreciation expense is due to construction projects being completed and beginning the deprecation of these projects. The increase in the operation and maintenance of plant function was primarily due to the college investing in additional space at existing campuses and the opening of the new Maricopa campus. The increase in the institutional support function was due to budgeted increases in various administrative support functions. Scholarship expenses decreased due to less funding available from the Central Arizona College Foundation and academic support decreased primarily due to open positions that were not filled during the fiscal year and other various budgeted.

The following is a summary of revenues for fiscal years ended June 30, 2013 and June 30, 2012:

	Year Enc <u>June 30, 2</u>		Year End June 30, J	
Operating revenues:	Ф <u>г 007 010</u>	0.50/	ф <u>г 700 000</u>	0.00/

Total expenses	<u>\$68,013,492</u>	<u>100%</u>	<u>\$65,652,839</u>	<u>100%</u>

## Expenses by Function—2013

#### Capital Assets and Debt Administration

As of June 30, 2013, the District's capital assets, net of accumulated depreciation, totaled \$162.8 million, an increase of \$43 million from the prior year. Capital assets include land, equipment, buildings, improvements other than buildings, library books, intangibles, and construction in progress. Additional information on capital assets can be found in Note 3 to the District's financial statements.

The District issued \$40 million Series A general obligation bonds in fiscal year 2010 as a part of the \$99 million capital project initiative approved by the voters in 2008. The District issued the remaining \$59 million Series B general obligation bonds in fiscal year 2012. The District used these proceeds to fund the Superstition Mountain Campus expansion, purchase land for the new Maricopa Campus, construct the first phase of the new Maricopa Campus, purchase land for the new San Tan Campus, construct the first phase of the new San Tan Campus, and renovate selected buildings on the Signal Peak and Aravaipa Campuses. Both bond issues have been rated Aa2 by Moody's Investment Services and AA- by Standard and Poor's. Additional information on the District's long-term debt is discussed in Note 4 to the District's financial statements.

### Current Factors having Probable Future Financial Significance

For fiscal year 2013, the primary assessed value for property in Pinal County (County) decreased by only 0.3 percent and the secondary assessed value for property decrease by only 2 percent. With the continued local economic downturn, the County projected an additional 7.6 percent decline in primary assessed values and an 8 percent decline in secondary assessed values for fiscal year 2014. To offset the decline in assessed values it was necessary for the District to increase the tax rates for fiscal years 2013 and 2014. The District is still well below the primary tax levy limit prescribed by state statute. The District is continuing to develop budgetary strategies to fund its commitment to expand access to postsecondary education for county residents.

#### Requests for Information

This discussion and analysis is designed to provide a general overview of the Pinal County Community College District's finances for all those with an interest in such matters. Written requests for additional financial information should be addressed to the Office of the Vice President of Finance and Administration, Pinal County Community College District, 8470 N. Overfield Rd., Coolidge, AZ 85128.

#### Note 1 - Summary of Significant Accounting Policies

Pinal County Community College District's accounting policies conform to generally accepted accounting principles applicable to public institutions engaged only in business-type activities by the Governmental Accounting Standards Board (GASB).

#### A. Reporting Entity

The District is a special-purpose government that is governed by a separately elected governing body. It is legally separate and fiscally independent of other state and local governments. The accompanying financial statements present the activities of the District (the primary government) and its discretely presented component unit, the Central Arizona College Foundation (Foundation).

The Foundation is a legally separate, tax-exempt organization. It acts primarily as a fund-raising organization that receives gifts and bequests, administers those resources, and disburses payments to or on behalf of the District for scholarships and college development activities. Although the District does not control the timing or amount of receipts from the Foundation, the Foundation's restricted resources can only be used by, or for the benefit of, the District or its constituents. Consequently, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

For financial reporting purposes, the Foundation follows the Financial Accounting Standards Board statements for not-for-profit organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information included in the District's financial report. Accordingly, those financial statements have been reported on separate pages following the District's respective counterpart financial statements. For financial reporting purposes, only the Foundation's statements of financial position and activities are included in the District's financial statements as required by generally accepted accounting principles for public colleges and universities. The Foundation has a June 30 year-end.

During the year ended June 30, 2013, the Foundation distributed \$290,132 to the District for restricted purposes. Complete financial statements for the Foundation can be obtained from the Central Arizona College Foundation, 8470 N. Overfield Rd., Coolidge, AZ 85128.

#### B. Basis of Presentation and Accounting

The financial statements include a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows.

A statement of net position provides information about the assets, deferred outflows of resources, deferred inflow of resources, liabilities, and net position of the District at the end of the year. Assets and liabilities are classified as either current or noncurrent. Net position is classified according to external donor restrictions or availability of assets to satisfy the District's obligations. Net investment in capital assets represents the value of capital assets, net of accumulated depreciation, less any outstanding debt incurred to acquire or construct the assets. Expendable restricted net position represents grants, contracts, gifts, and other resources that have been externally restricted for specific purposes. Unrestricted net position consists of all other resources, including those that have been designated by management to be used for other than general operating purposes.

A statement of revenues, expenses, and changes in net position provides information about the District's financial activities during the year. Revenues and expenses are classified as either operating or nonoperating, and all changes in net position are reported, including capital contributions and additions to endowments. Operating revenues and expenses generally result from exchange transactions. Accordingly, revenues, such as tuition and dormitory charges, are considered to be operating revenues. Other revenues, such as property taxes, state appropriations, and government grants, are not generated from exchange transactions and are considered to be nonoperating revenues. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense on debt, are considered to be nonoperating expenses.

A statement of cash flows provides information about the District's sources and uses of cash and cash equivalents during the year. Increases and decreases in cash and cash equivalents are classified as either operating, noncapital financing, capital financing, or investing.

The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized in the year for which they are levied. State appropriations are recognized as revenue in the year in which the appropriation is first made available for use. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. It is the District's policy to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

Internal transactions and activities, such as transfers between funds, revenues and expenses recorded for internal service activities, and certain internal revenues and expenses recorded for grant activity, have been eliminated for financial statement purposes.

#### C. Cash and Investments

For the statement of cash flows, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, and highly liquid investments. All investments are stated at fair value.

#### D. Capital Assets

Capital assets are reported at actual cost, or estimated historical cost if historical records are not available. Donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the financial statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	All	N/A	N/A
Buildings	\$5,000	Straight-line	40 years
Modular buildings	5,000	Straight-line	20 years
Improvements other than buildings	5,000	Straight-line	15 years
Equipment	5,000	Straight-line	5 years
Intangibles			
Water rights	5,000	Straight-line	100 years
Software	5,000	Straight-line	5 years
Library books	All	Straight-line	10 years

Depreciation is accounted for using a half-year convention. Buildings and improvements other than buildings that are classified as construction in progress are not depreciated until completed. Upon completion, these capital assets are reclassified and reported as buildings and improvements other than buildings.

#### E. Investment Earnings

Investment earnings is composed of interest, dividends, and net changes in the fair value of applicable investments.

#### F. Compensated Absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered.

Employees may accumulate up to 320 hours of vacation, but any vacation hours in excess of the maximum amount that are unused at fiscal year-end are forfeited. Beginning in fiscal year 2009, employees could elect to sell back a portion of unused vacation leave under the District's Vacation and Sick Leave Sell-Back program. For fiscal year 2013, employees must maintain a minimum of 20 days of vacation to participate in the sell-back program. An employee may sell back vacation hours accrued in excess of 20 days at the employee's current hourly rate at the time of sell-back. Also, upon terminating employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Generally, sick leave benefits provide for ordinary sick pay and are cumulative but do not vest with the employees. Therefore, a liability for sick leave benefits is not accrued in the financial statements. However, for employees who have 5 or more years of service, 50 percent of the unused sick leave benefits do vest at employee termination. Beginning in fiscal year 2009, employees could elect to sell back a portion of unused sick leave under the District's Vacation and Sick Leave Sell-Back program. For fiscal year 2013, employees must maintain a minimum of 60 days of sick leave to participate in the sell-back program. An employee may sell back sick leave hours in excess of 60 days at the employee's current hourly rate at the time of sell-back. Sick leave benefits are accrued to the extent it is probable that the District will compensate employees through cash payments upon termination. Those amounts are accrued as a liability in the financial statements.

As of July 1, 2013, the District's Vacation and Sick Leave Sell-Back Program was terminated.

#### G. Scholarship Allowances

A scholarship allowance is the difference between the stated charge for goods and services the District provides and the amount that is paid by the student or third parties making payments on the student's behalf. Accordingly, some types of student financial aid, such as Pell grants and scholarships awarded by the District, are considered to be scholarship allowances. These allowances are netted against tuition and fees revenues in the statement of revenues, expenses, and changes in net position.

#### Note 2 - Deposits and Investments

Arizona Revised Statutes (A.R.S.) requires the District to deposit special tax levies for the District's maintenance or capital outlay with the County Treasurer. Although not statutorily required, the District has also chosen to deposit other public monies in its custody with the County Treasurer. The statutes do not include any requirements for credit risk, custodial credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the District's investments.

**Deposits**—At June 30, 2013, the carrying amount of the District's deposits was \$12,264,414 and the bank balance was \$16,137,236. The District does not have a policy with respect to custodial credit risk. At June 30, 2013, \$15,637,236 of the District's bank balance was exposed to custodial credit risk as it was uninsured with collateral held by the pledging financial institution.

**Investments**—The District's investments at June 30, 2013, were as follows:

Investment Type	Amount
County Treasurer's investment pool	\$26,316,894
Mutual funds—U.S. Treasury securities	1,905,294
Total	<u>\$28,222,188</u>

The District's investment in the County Treasurer's investment pool represents a proportionate interest in that pool's portfolios; however, the District's portion is not identified with specific investments and is not subject to custodial credit risk. The County Treasurer's investment pool is not subject to oversight, and that pool's structure does not provide for shares.

*Credit risk*—The District does not have a formal policy with respect to credit risk. At June 30, 2013, credit risk for the District's investments was as follows:

Investment Type	Rating	Rating Agency	Amount
County Treasurer's investment pool	Unrated	Not applicable	\$26,316,894
Mutual funds—U.S. Treasury securities	Aaa	Moody's	1,905,294
Total			<u>\$28,222,188</u>

*Custodial credit risk*—For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the District will not be able to recover the value of its investments or collateral securities that are in an outside party's possession. The District does not have a formal policy with respect to custodial credit risk. At June 30, 2013, the District had \$1,905,294 of Mutual Funds—U.S. Treasury securities that were uninsured and held by the counterparty's trust department or agent not in the District's name.

*Interest rate risk*—The District does not have a formal policy for interest rate risk. At June 30, 2013, the District had the following investments in debt securities:

		weighted
Investment Type	Amount	Average Maturity
County Treasurer's investment pool	\$26,316,894	23.4 months
Mutual funds—U.S. Treasury securities	1,905,294	1.7 months
Total	<u>\$28,222,188</u>

Capital assets, net	<u>\$119,451,187</u>	<u>\$79,688,948</u>	<u>\$36,331,297</u>	<u>\$162,808,838</u>

As of June 30, 2013, the District completed the construction projects for the expansion and renovation of the Superstition Mountain Campus, Aravaipa Campus, and the Signal Peak Campus. The district had ongoing construction projects at the Maricopa Campus and San Tan Campus. The District spent a total of approximately \$46 million on these projects during the year and had estimated remaining contractual commitments of \$5.4 million at June 30, 2013, as follows: Maricopa Campus—\$55,000, and San Tan Campus—\$5.4 million. These projects will be funded with reserve funds.

#### Note 4 - Long-Term Liabilities

The following schedule details the District's long-term liability and obligation activity for the year ended June 30, 2013:

	Balance July 1, 2012	Additions	Reductions	Balance June 30, 2013	Due within 1 year
Compensated absences payable Bonds payable:	<u>\$ 1,697,469</u>	<u>\$1,406,015</u>	<u>\$1,336,798</u>	<u>\$ 1,766,686</u>	<u>\$1,043,482</u>
General obligation bonds	\$ 93,930,000		\$2,590,000	\$ 91,340,000	\$2,660,000
Premium	2,103,512		87,646	2,015,866	87,646
Revenue bonds	5,625,000		705,000	4,920,000	735,000
Pledged revenue obligations					
payable	7,135,000		910,000	6,225,000	940,000
Total bonds payable	108,793,512		4,292,646	104,500,866	4,422,646
Capital leases payable	4,114,812		293,977	3,820,835	307,839
Total long-term debt	<u>\$112,908,324</u>		\$4,586,623	<u>\$108,321,701</u>	<u>\$4,730,485</u>

**Bonds**—The District's bonded debt consists of general obligation bonds and revenue bonds that are generally callable with interest payable semiannually. Bond proceeds primarily pay for acquiring or constructing capital facilities. In fiscal year 2010, the District issued general obligation bonds totaling \$40 million to fund the purchase of land, the construction of new facilities, the renovation of existing facilities, and the purchase of equipment. In fiscal year 2012, the District issued the remaining \$59 million of voter-approved general obligation bonds to fund the remaining costs associated with these projects. In addition, the District issued revenue bonds in fiscal year 2004, a portion of which were used to advance-refund previously issued bonds. The District repays general obligation bonds from voter-approved property taxes. Revenue bonds are repaid from tuition and fees and dormitory rentals and fees. Bonds outstanding at June 30, 2013, were as follows:

	Original			
	Amount	Maturity	Interest	Outstanding
Description	Issued	Ranges	Rates	Principal
General Obligation Bonds—Series 2012B	\$58,975,000	7/1/13-36	2.0-4.5%	\$55,140,000
General Obligation Bonds—Series 2009A	40,000,000	7/1/13-34	4.0-5.25%	36,200,000
Revenue Bonds—Series 2004	10,500,000	7/1/13-18	4.125-4.5%	4,920,000

The following schedule details debt service requirements to maturity for the District's bonds payable at June 30, 2013:

	Revenue Bonds		General Oblig	gation Bonds
	Principal	Interest	Principal	Interest
Year ending June 30,				
2014	\$ 735,000	\$196,175	\$ 2,660,000	\$ 3,890,118
2015	765,000	162,425	2,740,000	3,816,018
2016	800,000	127,212	2,810,000	3,739,418
2017	840,000	91,887	2,905,000	3,643,818
2018	870,000	56,619	3,010,000	3,544,918
2019-23	910,000	19,338	16,775,000	15,984,240
2024-28			20,865,000	11,910,640
2029-33			26,475,000	6,518,486
2034-37			13,100,000	982,626
Total	<u>\$4,920,000</u>	<u>\$653,656</u>	<u>\$91,340,000</u>	<u>\$54,030,282</u>

**Pledged revenue obligations**—The District's pledged revenue obligations were issued to provide monies to construct a student services building, shipping and receiving facility, dormitory, and a computer commons facility. The obligations are secured by tuition and fees and dormitory rentals and fees of the District and are callable with interest payable semiannually.

The District has pledged, as security for its revenue bonds and pledged revenue obligations, a portion of the District's tuition and fees and dormitory rentals and fees revenue. The District issued the revenue bonds and pledged revenue obligations in 2004 in the amount of \$10,500,000 and \$13,530,000, respectively. The debt was issued to provide financing for various capital projects and to refinance older higher-rate bonds and pledged revenue obligations are payable through fiscal year 2019. The District has committed to designate each year, from the tuition and fees and dormitory rentals and fees revenue, amounts sufficient to cover the principal and interest requirements on the District's debt. The total principal and interest remaining on the debt is \$11,145,000 and \$1,429,619, respectively, with annual requirements ranging from \$2,090,543 to \$2,100,250. Pledged revenue sources have averaged approximately \$5,780,000 over the prior 5 fiscal years. For the current year, principal and interest paid by the District was \$4,507,546, and total tuition and fees and dormitory rentals and fees and dormitory rentals and fees, net of scholarship allowances, was \$6,279,612.

Pledged revenue obligation requirements at June 30, 2013, were as follows:

	Original	Maturity	Interest	Outstanding
Description	Amount	Ranges	Rates	Principal
Pledged Revenue Obligations—Series 2004	\$13,530,000	7/1/13-18	3.25%-4.125%	\$6,225,000

The following schedule details debt service requirements to maturity for the District's pledged revenue obligations payable at June 30, 2013:

	Pledged Revenue Obligations			
	Principal	Interest		
Year Ending June 30,				
2014	\$ 940,000	\$229,075		
2015	980,000	190,675		
2016	1,020,000	151,950		
2017	1,050,000	111,825		
2018	1,095,000	68,925		
2019	1,140,000	23,513		
Total	<u>\$6,225,000</u>	<u>\$775,963</u>		

**Capital leases**—The District has acquired energy-savings equipment under the provisions of a long-term lease agreement classified as a capital lease for accounting purposes because it provides for a bargain purchase option or a transfer of ownership by the end of the lease term.

The assets acquired through capital leases are as follows:

Improvements other than buildings	\$3,087,228
Equipment	2,249,586
Less: accumulated depreciation	3,606,528
Carrying value	<u>\$1,730,286</u>

The following schedule details debt service requirements to maturity for the District's capital leases payable at June 30, 2013:

Year ending June 30	
2014	\$ 470,734
2015	471,703
2016	472,721
2017	473,786
2018	474,900
2019-23	2,392,957
Total minimum lease payments	4,756,801
Less amount representing interest	935,966
Present value of net minimum lease payments	<u>\$3,820,835</u>

#### Note 5 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates with other Arizona community college districts and more than 200 Arizona school districts in the Arizona School Risk Retention Trust, Inc. (Trust), a public-entity risk pool. The Trust insures the District against liabilities arising from general liability; professional liability; property, automobile, boiler and machinery liability; and commercial crime risks. The coverage limit for general liability is \$10 million with no deductible except for employer's liability which is \$500,000. The coverage limit for professional liability is \$10 million with no deductible. The coverage limit for property insurance is \$100 million with a \$1,000 deductible. The coverage limit for automobile liability is \$10 million with no deductible. The coverage limit for commercial crime is \$1.5 million with a \$100 deductible. The Trust's operating agreement includes a provision for the member to be charged an additional assessment in the event that total claims paid by the Trust exceed the members' contributions and reserves in any single year. The District will be charged for any such assessment in the following year.

The District also carries commercial insurance for other risks of loss, including workers' compensation, accidental death and dismemberment for students and employees, employee travel, and extended reporting for errors and omissions. Settled claims resulting from any of these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

**Insurance claims**—The District finances uninsured risks of loss for certain health benefits to eligible employees and dependents. The healthcare plan provides coverage for claims up to \$95,000 for each individual per year, not to exceed an aggregate stop loss of \$1 million. The District purchases commercial insurance for claims in excess of these limits. Settled claims have not exceeded the District's coverage for this plan in any of the past 3 fiscal years. An independent administrator provides claim and recordkeeping services for the plan.

The insurance claims payable liability of \$397,059 at June 30, 2013, is the estimated ultimate cost of settling claims that have been reported but not settled and claims that have been incurred but not reported. This estimate is based on historical data for health insurance claims reported during the year, prior-year claims of continuing duration, and claims incurred but not reported as of June 30, 2013. Changes in the District's claims payable for the years ended June 30, 2013 and June 30, 2012, were as follows:

	2013	2012
Claims payable, beginning of year	\$ 538,016	\$ 454,199
Current year claims and changes in estimates	3,274,396	3,765,459
Claim payments	<u>(3,415,353</u> )	<u>(3,681,642</u> )
Claims payable, end of year	<u>\$ 397,059</u>	<u>\$    538,016</u>

#### Note 6 - Operating Leases

The District leases classroom and office space under provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenses under the terms of the operating leases were \$881,902 for the year ended June 30, 2013. The operating leases have remaining noncancelable terms of 1 to 8 years and provide renewal options. The future minimum payments required under the operating leases at June 30, 2013, were as follows:

Year ending June 30		
2014	\$	658,498
2015		551,662
2016		349,701
2017		363,689
2018		378,237
2019-21	1	,227,932
Total minimum lease payments	<u>\$3</u>	3, <u>529,719</u>

#### Note 7 - Pension and Other Postemployment Benefits

**Plan descriptions**—The District contributes to a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium benefit plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan, all of which are administered by the Arizona State Retirement System. The Arizona State Retirement System (through its Retirement Fund) provides retirement (i.e., pension), death, and survivor benefits; the Health Benefit Supplement Fund provides health insurance premium benefits (i.e., a monthly subsidy); and the Long-Term Disability Fund provides long-term disability benefits. Benefits are established by state statute. The System is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The System issues a comprehensive annual financial report that includes financial statements and required supplementary information. The most recent report is available on its Web site at www.azasrs.gov, by writing the Arizona State Retirement System, 3300 N. Central Ave., P.O. Box 33910, Phoenix, AZ 85067-3910, or by calling (602) 240-2000 or 1-800-621-3778.

**Funding policy**—The Arizona State Legislature establishes and may amend active plan members' and the District's contribution rates. For the year ended June 30, 2013, active plan members were required by statute to contribute at the actuarially determined rate of 11.14 percent (10.9 percent for retirement and 0.24 percent for long-term disability) of the members' annual covered payroll and the District was required by statute to contribute at the actuarially determined rate of 11.14 percent (10.25 percent for retirement, 0.65 percent for health insurance premium benefit, and 0.24 percent for long-term disability) of the members' annual covered payroll.

The District's contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

Year ended June 30,	Retirement Fund	Health Benefit Supplement Fund	Long-Term Disability Fund
2013	\$2,107,487	\$134,520	\$46,114
2012	1,968,187	125,629	47,495
2011	1,856,466	123,764	50,736

#### Note 8 - Operating Expenses

The District's operating expenses are presented by functional classification in the Statement of Revenues, Expenses, and Changes in Net Position—Primary Government. The operating expenses can also be classified into the following:

Personal services	\$33,666,973
Contract services	4,796,414
Supplies and other services	7,058,963
Communications and utilities	2,412,068
Scholarships	10,171,075
Depreciation	4,524,884
Other	875,569
Total	<u>\$63,505,946</u>

#### Note 9 - Central Arizona College Foundation

**Nature of Activities**—The Central Arizona College Foundation (Foundation) was formed in 1968 as an Arizona not-for-profit corporation. The Foundation's mission and purpose is to support the programs and activities of Central Arizona College (College). The Foundation supports student scholarships, faculty development, and programs that enrich both campus and community life.

The major activities of the Foundation include providing scholarships to college students, sponsorship of community events, and college development activities. Resources to fund these activities are provided mainly from investment income, contributions, and grants.

**Basis of Accounting and Financial Statement Presentation**—The financial statements of the Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

The Foundation reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Temporarily restricted net assets are composed of assets that have been restricted by the donors and contain either time or purpose restrictions plus unspent accumulated investment income on the permanently restricted endowments.

**Promises to Give**—Unconditional promises to give are recognized as revenues in the period the promise is received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give that are to be collected within 1 year are recorded at net realizable value. Unconditional promises to give that are to be collected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using rates as determined by management applicable to the years in which the promises are received. Amortization of the discounts is included in contribution support.

**Fair Value Measurements and Investments**—A framework for measuring fair value has been established by Accounting Standards and provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under Accounting Standards are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement, and usually reflect the Foundation's own assumptions that market participants would use in pricing the assets (i.e., real estate valuations, broker quotes).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment income or loss (including realized and unrealized gains and losses) is included in the change in temporarily restricted net assets in the accompanying statement of activity, unless the income or loss is restricted by donor or law. The Foundation invests most of the endowments in an investment pool that is managed by an investment advisor to the Foundation. This is a commission based account and investment fees are assessed on transaction activity.

**Risks and Uncertainty**—The Foundation invests in various types of investments that are exposed to various risks, such as interest rate, and market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amount reported in the statement of financial position.

**Endowment Funds**—The Foundation's endowment funds consist of approximately 40 funds established for a variety of purposes. The endowment funds include donor-restricted endowment funds. Net assets associated with these endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation follows the Arizona's Management of Charitable Funds Act (MCFA) and its own governing documents. MCFA requires the preservation of endowment funds. When a donor's intent is not expressed, MCFA directs the Foundation to spend an amount that is prudent and consistent with the purposes of the fund, relevant economic factors, and the donor's intent that the fund continue in perpetuity.

The Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by MCFA.

In accordance with MCFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) the Foundation's other resources, and (7) the Foundation's investment policies.

Investment Return Objectives, Risk Parameters and Strategies. The Foundation does not have a formal investment policy for endowment assets, although the Board of Directors approves the investment strategy annually. Accordingly, the investment process seeks to achieve an aftercost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. The Foundation's primary objective is to obtain the best possible return on investments with the appropriate degree of risk and to meet the priorities of the Foundation and Central Arizona College over time. Endowment assets are invested in a well-diversified asset mix that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution, while growing the funds if possible.

Spending Policy. The Foundation does not have a formal spending policy for endowment funds, although it approves a spending budget annually. In establishing this practice, the Foundation considered the long-term expected return on its investment assets, the nature and duration of the individual endowment funds, many of which must be maintained in perpetuity because of donor restrictions, and the possible effects of inflation. The Foundation expects the current spending practice to allow its endowment funds to grow over time.

**Contributions**—Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Donated materials, services, and space are recorded at their estimated fair value upon receipt. In-kind donations during the year ended June 30, 2013, include contribution of the Foundation Executive Director salary and benefits of \$10,292, contribution of the Foundation Secretary salary and benefits of \$12,921, and facility space donations of \$1,800. Contributions of nonmonetary items that are converted to cash within a short period of time are recorded as contribution income in the statement of activities. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation services.
**Scholarship Expense and Scholarships Payable**—The College's Financial Aid Office is responsible for determining student eligibility and qualifications under the various scholarship funds and provides the Foundation with a detail of total scholarship funds awarded. Scholarships are expensed for financial statement purposes when the funds are committed by the College's Financial Aid Office.

**Functional Expenses**—Management and general expenses include direct office operation expenses that are not directly identifiable with any other specific function but provide for the Foundation's overall support and direction.

**Advertising**—Advertising costs are charged to operations as incurred. Advertising expense charged to operations was approximately \$776 for the year ended June 30, 2013.

**Income Taxes**—The Foundation is exempt from payment of income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. In addition, the Foundation has been classified as a Foundation that is not a private foundation under Section 509(a)(3).

The Foundation recognizes uncertain tax positions in the financial statements when it is more likely than not the positions will not be sustained upon examination by the tax authorities. At June 30, 2013, the Foundation had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Federal and state informational returns of the Foundation are subject to examination by the Internal Revenue Service or the State of Arizona for the years ending June 30, 2010 and 2009, generally for 3 to 4 years, respectively, after they were filed.

The Foundation recognizes interest and penalties associated with income taxes in operating expenses. During the year ended June 30, 2013, the Foundation did not have any income tax related interest and penalty expense.

**Use of Estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Date of Management's Review**—In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through September 3, 2013, the date the financial statements were available to be issued.

**Concentration of Credit Risk**—Financial instruments that subject the Foundation to potential concentrations of credit risk consist principally of cash and cash equivalent and investments. The Foundation maintains its cash in bank accounts, which at times may exceed federally insured limits. At June 30, 2013, the bank balances did not exceed the federally insured limits.

The Foundation also maintains cash in accounts with stock brokerage firms. The accounts contain cash and securities. Balances are insured up to \$500,000 (with a limit of \$250,000 for cash) by the Securities Investor Protection Corporation (SIPC). Balances over \$500,000 are insured by the brokerage firms. At June 30, 2013, balances held with the stock brokerage firms exceeded the federally insured limits by \$3,702,798, although they were insured by the brokerage firms. The Foundation has not experienced any losses in such amounts and believes it is not exposed to any significant credit risk on its cash balances.

Certificates of Deposit—Certificates of deposit consisted of the following at June 30, 2013:

Maturity Date	Interest Rate	Amount
3/31/2014	2.10%	<u>\$ 63,529</u>
Long-term		
4/6/2015	2.70%	64,260
3/31/2016	2.75%	64,039
3/31/2017	3.00%	63,945
4/1/2019	3.35%	63,662
4/1/2020	3.55%	63,536
12/21/2021	3.00%	63,000
4/5/2022	2.80%	58,882
Total long-te	erm	<u>\$441,324</u>

**Investments**—The following is a summary of the value of investments at June 30, 2013:

Unit trusts	\$ 104,239
Stocks	1,541,196
Mutual funds	2,043,443
	<u>\$3,688,878</u>

The following schedule summarizes the investment return for the year ended June 30, 2013:

Interest and dividend income	\$119,385
Net realized gains	89,010
Net unrealized gains	245,619
	<u>\$454,014</u>

Investment return is reported net of related investment expenses in the statement of activities. The amount of expense/commissions netted with income was \$25,369 for the year ended June 30, 2013.

**Fair Value of Financial Instruments**—Investments with readily determinable fair values are measured at fair value in the statement of financial position as determined by quoted market prices in active markets (Level 1) or measured based on prices for identical assets in nonactive markets (Level 2).

The following is a summary of these fair values at June 30, 2013:

	Level 1	Level 2	Total
Measured at fair value on a recurring basis			
Unit trusts	\$ 104,239		\$ 104,239
Stocks	1,541,196		1,541,196
Mutual funds	2,043,443		2,043,443
Total investments	<u>\$3,688,878</u>	\$	<u>\$3,688,878</u>

**Restricted Net Assets**—Permanently restricted net assets are restricted to investment in perpetuity, the income from which is expendable to support services and programs to Central Arizona College and the students of Central Arizona College as designated by the donors. At June 30, 2013, the Foundation held 37 permanently restricted net asset funds. Temporarily restricted net assets are expendable for the purposes designated by their source. At June 30, 2013, the Foundation held 38 temporarily restricted net asset funds.

The nature of these restrictions is as follows:

Permanently restricted net assets The portion of perpetual endowment funds that is required to be retained permanently either by explicit donor stipulation or by MCFA	\$3,380,646
Temporarily restricted net assets The investment income on perpetual endowment funds subject to a time restriction under MCFA	118,054
Promises to give	100,000
Other net assets temporarily purpose restricted: Scholarships (nonendowed)	<u>467,328</u> <u>\$685,382</u>

**Endowment Funds**—Endowment funds include funds restricted in perpetuity by the donors. Endowment net asset composition by type of fund as of June 30, 2013, is as follows:

**T** . . . .

			lotal
	Temporarily	Permanently	Endowment
	Restricted	Restricted	Funds
Permanently restricted funds	<u>\$118,054</u>	<u>\$3,380,646</u>	<u>\$3,498,700</u>

Changes in endowment funds are as follows:

Balance, June 30, 2012	Temporarily Restricted \$ 4,777	Permanently Restricted \$3,318,658	Total Endowment Funds \$3,323,435
Contributions Interest and dividend income Unrealized gains Amounts appropriated for expenditures	119,385 334,629 _(340,737)	61,988	61,988 119,385 334,629 <u>(340,737</u> )
Balance, June 30, 2013	<u>\$ 118,054</u>	<u>\$3,380,646</u>	<u>\$3,498,700</u>

**Concentrations**—Concentrations include contribution income. Each year, the Foundation typically receives contributions from donors that are considered significant in relation to total contribution income. These contributions are generally restricted for a specific purpose and are not used for operations. During the year ended June 30, 2013, significant contributions include amounts from two separate donors whose contributions netted to approximately 81 percent of total support.

**Related Party Transactions**—The staff members of the Foundation are employees of Central Arizona College. The Foundation reimburses the College for a portion of the payroll expense of the Foundation's executive director (position filled January 28, 2013) and the foundation secretary. Other college employees assist the Foundation, and the Foundation is not charged for their services. No amounts have been recorded for these nonreimbursed payroll costs as the services are deemed to be solely for carrying out the operations of the college activities. In addition, the president of the College is a voting member of the Foundation's Board of Directors. Other college employees, by virtue of their position, provide advisory services within the Foundation. As a result, Central Arizona College has significant input regarding the operations and goals of the Foundation. The current Foundation investment advisor is also a voting member of the foundation board.

# Pinal County Community College District (Central Arizona College) Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2013

### Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Pinal County Community College District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

### Note 2 - Catalog of Federal Domestic Assistance (CFDA) Numbers

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2013 Catalog of Federal Domestic Assistance.

DEBRA K. DAVENPORT, CPA AUDITOR GENERAL

#### STATE OF ARIZONA OFFICE OF THE AUDITOR GENERAL

MELANIE M. CHESNEY DEPUTY AUDITOR GENERAL

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance with *Government Auditing Standards* 

Members of the Arizona State Legislature

The Governing Board of Pinal County Community College District

We have audited the financial statements of the business-type activities and discretely presented component unit of Pinal County Community College District as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 27, 2013. Our report includes a reference to other auditors who audited the financial statements of the discretely presented component unit, as described in our report on the District's financial statements. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. However, the financial statements of the discretely presented component with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance associated with the discretely presented component unit.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention of governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance

Members of the Arizona State Legislature

The Governing Board of Pinal County Community College District

#### Report on Compliance for Each Major Federal Program

We have audited Pinal County Community College District's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget* (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013. The District's major federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Pinal County Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

#### Other Matters

The results of our auditing procedures disclosed an instance of noncompliance that is required to be reported in accordance with OMB Circular A-133 and that is described in the accompanying Schedule of Findings and Questioned Costs as item 2013-101. Our opinion on each major federal program is not modified with respect to this matter.

Pinal County Community College District's response to the noncompliance finding identified in our audit is presented on pages 41 through 42. The District's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on it.

#### Report on Internal Control over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2013-101 to be a material weakness.

Pinal County Community College District's response to the internal control over compliance finding identified in our audit is presented on pages 41 through 42. The District's response was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Debbie Davenport Auditor General

### Summary of Auditors' Results

#### Financial Statements

Type of auditors' report issued:		dified
Internal control over financial reporting:	Yes	No
Material weaknesses identified?		<u>X</u>
Significant deficiencies identified?		X (None reported)
Noncompliance material to the financial statements noted?		<u>X</u>
Federal Awards		
Internal control over major programs:		
Material weaknesses identified?	<u>X</u>	
Significant deficiencies identified?		X (None reported)
Type of auditors' report issued on compliance for major programs:	Unmc	odified
Any audit findings disclosed that are required to be reported in accordance with Circular A-133 (section .510[a])?	<u>X</u>	

Identification of major programs:

CFDA Number	Name of Federal Program or Cluster
17.259	WIA Youth Activities
	Student Financial Assistance Cluster:
84.007	Federal Supplemental Educational Opportunity Grants
84.033	Federal Work-Study Program
84.063	Federal Pell Grant Program
84.268	Federal Direct Student Loans
84.031	Higher Education—Institutional Aid
84.042	TRIO—Student Support Services

Dollar threshold used to distinguish between Type A and Type B programs:

	Yes	No
Auditee qualified as low-risk auditee?		<u>X</u>
Other Matters		
Auditee's Summary Schedule of Prior Audit Findings required to be reported in accordance with Circular A-133 (section .315[b])?	<u>X</u>	

**Financial Statement Findings** 

None reported.

Federal Award Findings and Questioned Costs

# 2013-101

CFDA No. and Name: Award Number and Years:	84.031 <b>Higher Education—Institutional Aid</b> P031S110058, P031C110162; October 1, 2011 through September 30, 2016
Federal Agency:	<b>U.S. Department of Education</b>
Compliance Requirement:	Reporting
Questioned Costs:	None

Criteria: The District is required under 34 Code of Federal Regulations (CFR) §74.51 to submit an annual performance report. The annual performance report should demonstrate whether substantial progress has been made toward meeting project objectives and the program performance measures, and also include financial data regarding the program's budget and current and prior period expenditures. Additionally, 34 CFR §75.118 requires the District to comply with these requirements in order to receive continued grant awards.

Condition and context: The two annual performance reports the District submitted contained incorrect financial data pertaining to the District's expenditures. Specifically, the current budget period expenditures presented on the cover sheet were incorrect on both reports. The report for the P031S110058 award under-reported these expenditures by \$229,000 and the report for the P031C110162 award over-reported these expenditures by \$592,000. The report for the P031S110058 award also under-reported the current period expenditures by \$14,000 on the budget summary table. Furthermore, for two of two performance measures tested for that award, the District was unable to provide supporting documents to substantiate the dollars reported as being spent on these specific activities. The District was able to provide support, however, for the performance data related to these activities.

Effect: The District did not comply with the program's reporting requirements. Noncompliance with these requirements could potentially result in a reduction or discontinuation of program awards in future periods.

Cause: The District did not perform an adequate review of the annual performance reports prior to submission, resulting in undetected errors in the reported financial data. Furthermore, the project director during the applicable reporting period for the P031S110058 award was no longer employed with the District at the time of our audit, and the District failed to maintain adequate supporting documentation during this transition in personnel.

Recommendation: The District should evaluate and improve its internal controls over annual performance reports and develop detailed procedures or guidelines to help ensure that the reports are complete and mathematically correct and are reviewed prior to submission. Additionally, the District should ensure adequate documentation is maintained to support data being submitted on its annual performance reports.

Debbie Davenport Auditor General 2910 North 44<sup>th</sup> Street, Suite 410 Phoenix, AZ 85018

Dear Ms. Davenport:

The accompanying Corrective Action Plan has been prepared as required by the standards applicable to the financial audits contained in *Government Auditing Standards* and by U.S. Office of Management and Budget Circular A-133. Specifically, we are providing you with the names of the contact persons responsible for corrective action, the corrective action planned, and the anticipated completion date for each audit finding included in the current year's Schedule of Findings and Questioned Costs.

Sincerely,

Chris Wodka Vice President of Finance and Administration

Federal Award Findings and Questioned Costs

2013-101 CFDA No. and Name: Award Number and Years:

84.031 Higher Education - Institutional Aid P031S110058, P031C110162; October 1, 2011 through September 30, 2016

Chris Wodka, Vice President of Finance and Administration Anticipated Completion Date: December, 2013

Corrective Action Undertaken: In November of 2013 the District strengthened some of its procedures pertaining to grant reporting to ensure that reports are complete and mathematically correct prior to submission. The District will continue to evaluate and improve existing procedures to ensure adequate documentation is maintained to support data being submitted on its performance reports.
