The Arizona Board of Regents

Dr. Robert N. Shelton, President
University of Arizona

Subject: Management Letter

In planning and conducting our financial statement audit of the University of Arizona and our single audit of the State of Arizona for the year ended June 30, 2006, we performed the following as required by *Government Auditing Standards* (GAS) and Office of Management and Budget (OMB) Circular A-133:

- Considered the University's internal controls over financial reporting,
- Tested its internal controls over major federal programs, and
- Tested its compliance with laws and regulations that could have a direct and material effect on the University's financial statements or the State's financial statements and major federal programs.

There are no audit findings that are required to be reported by GAS and OMB Circular A-133. However, we are conducting a review of the University's internal controls over information technology, and the results of that review will be issued at a later date.

This letter is intended solely for the information of the Arizona Board of Regents and the University and is not intended to be and should not be used by anyone other than the specified parties. However, this letter is a matter of public record, and its distribution is not limited.

Should you have any questions concerning its contents, please let us know.

Sincerely,

Debbie Davenport
Auditor General
