## INTRODUCTORY SECTION

The Introductory Section is intended to familiarize the reader with Yuma County's organization structure, nature and scope of provided services, and specifics of its operating environment. The information in this section should provide adequate background and sufficient context to assist the reader with the financial section of this CAFR.

The following is contained in the Introductory Section:
Letter of Transmittal
$\qquad$
$\qquad$
\{This page is intentionally left blank\}

Gil Villegas Jr. Chief Financial Officer

March 31, 2021
The Honorable Board of Supervisors
and Citizens of Yuma County
To the Board of Supervisors and the Citizens of Yuma County, the Financial Services Department respectfully submits Yuma County's Comprehensive Annual Financial Report (CAFR) for the fiscal year ending June 30, 2020.

## CAFR COMPOSITION

This report consists of management's representations concerning the finances of Yuma County (County) in the form of financial statements. The responsibility for the accuracy, completeness, and fairness of the presented data, including all disclosures and notes, rests with the management of Yuma County. To the best of our knowledge and belief, the data presented is accurate in all material respects. It is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain an understanding of the County's financial affairs have been included.
U.S. GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD\&A). This letter of transmittal is designed to complement the MD\&A and should be read in conjunction with it.

## OTHER REPORTING REQUIRMENTS

Yuma County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, the Single Audit Act Amendment of 1996, and certain bond covenants. Audit is in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Audit Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Information related to this single audit, including a schedule of expenditures of federal awards, a schedule of findings and questionable costs, and independent auditors' reports on compliance with applicable laws, regulations, contracts, and grants for each major program and on internal control over compliance are under a separate cover. The State of Arizona requires additional supplemental information in the form of a report entitled "Expenditure Limitation Report" to be completed. This report is also under a separate cover.

## THE REPORTING ENTITY

County Profile: Yuma County was founded in 1864 as one of the four original counties established by the first Territorial Legislature. It maintained its designated boundaries until 1983 when voters resolved to split Yuma County into La Paz County in the north and a "new" Yuma County in the south encompassing 5,522 square miles. Yuma County is located on the southwest corner of Arizona, bordered by California to the West and Mexico to the South.

In 1540, just 48 years after Columbus stumbled upon the New World and 67 years before the settlement of Jamestown, Hernando de Alarcon visited the site of what is now the city of Yuma. He was the first European to set foot in the area and to recognize the best natural crossing of the Colorado River.

From the 1850s through the 1870s, steamboats on the Colorado River transported passengers and goods to mines, ranches, and military outposts in the area, serving the ports of Yuma, Laguna, Castle Dome, Norton's Landing, Ehrenberg, Aubry, Ft. Mohave, and Hardyville. For many years, Yuma served as the gateway to the new western territory of California. In 1870, the Southern Pacific Railroad bridged the river, and Yuma became a hub for the railroad and was selected as the county seat.

## The Reporting Entity (Concluded)

Much of Yuma County is desert land accented by rugged mountains. The valley regions contain an abundance of arable land, which is irrigated by the Colorado River.

Local Economy: Agriculture, tourism, military and government are the County's principal industries. During the winter months, the population nearly doubles with part-time residents, commonly known as "snow birds". Although, the State of Arizona continues to recover from the current pandemic (COVID-19), Yuma County residents have done their part to continue moving our local economy resulting in better than expected sales tax revenues for current fiscal year as compared to the previous fiscal year. It is expected for revenues (sales tax related) to stabilize and increase moderately for the next few years, as we continue to mitigate the uncertainty with COVID-19. The County is also monitoring expenditures, implementing budgetary savings, and working with all levels of staffing to continue to provide the services desired or mandated with the available resources.

Organization: A five-member Board of Supervisors (the Board) carries out the governmental and administrative affairs of the County. Each member is elected from a designated district to serve a four-year concurrent term. The Board members collectively select the chair. The Board is responsible for establishing the policies of the County to provide guidance to the various County departments, and appointing a County Administrator who is responsible for the general administrative and overall operations of the various departments of the County. Additionally, the Board furnishes budget authority to all other County Elected Officials and the Court System.

Entity Defined: Yuma County includes in its financial statements all funds, agencies, trusts, boards, commissions, and authorities for which the Yuma County Board of Supervisors is financially accountable. In accordance to Governmental Accounting Standards Board (GASB) Statements No. 14 and No. 61, The Financial Reporting Entity: financially accountable includes, but is not limited to: selection of governing authority, designation of management, ability to significantly influence operations, financial interdependence, and accountability for fiscal matters. Various school districts and certain special districts within Yuma County are governed independently. The financial statements of these districts are not included in this report except to reflect amounts held in an agency / trust capacity by the County Treasurer.

Services Provided: Yuma County provides an ample range of governmental and community services. These services can be divided into two categorizations: mandated and optional. Mandated services are services the County is required to provide by either Federal or State legislative bodies. Optional services are services the County is not required to provide, but chooses to do so for the overall benefit of its citizens, as guided by the citizens.

Mandated: Superior and Justice Courts, Adult and Juvenile Probation/Detention, Law Enforcement, Public and Legal Defenders, Recording of Deeds, Indigent health and mental health care, Immunization and disease control, Sanitation inspections, Rabies and vector control, Treasury functions, Land use planning and zoning, Building code enforcement, Elections and Voter registration, School Superintendent, and Road maintenance.

Optional: Libraries, Parks, Solid waste collection, Improvement districts, New road construction, Cable TV franchise, AIDS / cardiovascular injury prevention programs, Flood control, Emergency management (other than for hazardous materials), Public housing, Economic development, and Job training.

## FINANCIAL INFORMATION

Accounting Policy: Yuma County maintains accounts in accordance with the principles of fund accounting to ensure limitations and restrictions on the County's available resources are observed and adhered to. Fund accounting classifies resources into funds with respect to the intended activities or objectives specified by those resources for accounting controls and financial reporting purposes. Each fund is an independent fiscal and accounting entity, and its operations are accounted for in a separate set of self-balancing accounts which are comprised of assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues, and expenditures or expenses.

There is no limit to the number of funds a government may establish and maintain for accounting and financial reporting. A generally practiced governmental accounting guideline is that a government should use the smallest number of individual funds as possible, consistent with its particular circumstances, and individual funds are closed when their intended purposes are no longer operating.

## The Financial Information (concluded)

A description of the fund categories used by the County follows:
Governmental Funds: These funds are used to account for all of Yuma County's expendable financial resources, except for those reported in the Internal Service funds. The measurement focus is on determination of financial position rather than determination of income. The modified accrual basis of accounting is used for these funds. The County's General, Special Revenue, Debt Service, and Capital Projects funds are included in this fund category.

General Fund: The General Fund is the primary operating fund. It accounts for all financial resources of Yuma County, except for those required, either by rule of statute or U.S. GAAP, to be accounted for elsewhere, or chosen to do so for internal tracking purposes.

Special Revenue Funds: Special Revenue Funds account for unique revenue sources legally restricted by statute, ordinance, or other specific requirements to finance specific functions or activities.

Debt Service Funds: These funds are used to account for the resources accumulated for the payment of interest, principal, and related costs on long-term debt, special assessments, and capital leases. This fund type is not used to account for the outstanding debt itself.

Capital Projects Funds: Yuma County uses Capital Projects Funds to account for the acquisition and construction of major capital activities, and establishes a separate fund for each individual construction project or revenue source. The majority of these funds compositions have imposed restrictions similar to the Special Revenue Funds, but due to their capital nature they are accounted for as Capital Projects Funds.

Proprietary Funds: These funds are used to account for the County's ongoing activities which can be viewed as similar to the private sector. Measurement focus is on determination of income, financial position, and changes in financial position. The full accrual basis of accounting is used for these funds.

Internal Service Funds: Yuma County uses Internal Service Funds to account for: IT Life Cycle Management fund to ensure the County maintains a four year cycle on computer systems; a Revolving fund used to cover costs, expenses, and salaries associated with improvements made to Improvement Districts; a Workers Compensation fund was established to operate on a self-funded basis, a Health Self - Insurance fund was established to account for the financing of a self-funded benefit plan, a Liability Self-Insurance fund was established to account for the departmental funded insurance liability plan, and a recently added Fleet Management fund. This fund was established to address the urgent need for a reliable and cost effective vehicle fleet. The fund will account for the maintenance and replacement of light use vehicles. Heavy equipment and specialized type of equipment are not included in this program.

Fiduciary Funds: These funds are used to account for assets held by the County in a trustee or agency capacity. Fiduciary funds account for assets held by the County Treasurer on behalf of others and are either Investment Trust Funds or Agency Funds which are custodial in nature and do not involve measurement of results of operations. The accrual basis of accounting is used for these funds.

Internal Control: In regard to accounting, internal controls are designed to provide reasonable (not absolute) assurance:
(1) Assets are safeguarded against loss from unauthorized use, theft, or disposition; and
(2) The reliability of financial records for preparing financial statements and maintaining accountability for assets.

Implemented internal control mechanisms should recognize the cost of maintaining control procedures and should not exceed the benefit derived as a result of their adherence. The evaluation of costs and benefits requires estimates and judgments by the County's management. It should also be recognized all internal control policies and procedures are inherently vulnerable to conspiracy, collusion, and deliberate management override.

## BUDGETARY CONTROLS

Yuma County complies with Arizona Revised Statutes (A.R.S.) by operating under a balanced budget and appropriating all available resources. The County stays within State regulated levy and expenditure limitations. With this principle, the measure of financial performance is monitored by the realization of estimated revenues and abiding by the appropriations during the budget year.

## Budgetary Controls (concluded)

Budgetary Basis: Yuma County prepares its budget using accounting principles consistent with its financial reporting methods. Revenues are recognized when they are both available and measurable. For this purpose the County considers revenues to be available if they are collected within 60 days after the fiscal year end. Open encumbrances lapse at fiscal yearend.

Budget Administration: Yuma County administration and the financial services department monitor the County's budget at the fund level for Special Revenue, Debt Service, and Internal Service Funds. The General Fund and Capital Project Funds are monitored at the department and project level, respectively. The budget is modified throughout the year as additional resources become available or anticipated resources dissipate, if permitted under A.R.S. 42-17105 and 42-17106. This methodology ensures all available resources are accounted for with appropriate budgetary controls, and only available resources are disbursed or encumbered.

## MAJOR INITIATIVES

Yuma County management is committed to continuing its efforts to reduce taxpayers' cost for providing the services desired by its constituents, meeting increasing operating costs for those services and statutorily required activities, and accomplishing these goals within the constraints placed upon the County through statutory limitations and revenues from outside sources. Due to the current Pandemic and the uncertainty it might bring to our economy management has taken the necessary precautions limiting spending to only essential and necessary activities. It is the management's intention to continue with this austere spending as reflected in the recommended and adopted budget for next fiscal year listing a number of self-imposed sequester items. The management staff within Yuma County exhibits a spirit of cooperation in devising ways to limit their own departmental spending. This commitment toward providing more cost effective services shows the strong character of Yuma County's leadership and will enable Yuma County to serve its constituents in a manner which is economically responsible given the current economic situation. Management strives to maintain Yuma County's cash reserve at an appropriate level to provide financial stability for the County and its constituents. Another major goal is to maintain a structural balance between recurring revenues and expenditures. It is the County's desire to use one-time revenues to provide for special projects. The Board of Supervisors continues its commitment to maintain a presence in the downtown area by the continued redevelopment of a historic building across the street from the current main administration building; this project alleviates the space needs in the areas of Adult Probation and Administration. Recruitment and retention of qualified and capable personnel has been another major initiative for this administration, every year the annual budget process begins with an assessment of the needs of our most valuable resource, the Yuma County's workforce.

## LONG-TERM FINANCIAL PLANNING

Total fund balance in the General Fund ( $42.4 \%$ of total General Fund expenditures and transfers out) currently exceeds the policy guidelines of $20.0 \%$ ( $15 \%$ emergency and $5 \%$ Stabilization) set by the Yuma County Board of Supervisors for budgetary and planning purposes. This level of fund balance has to do with a conservative expending philosophy implemented by management since the last recession made its presence in Yuma County. Also, better than expected revenues collections contributed to the increase in fund balance. Yuma County management continues to be financially prudent when seeking resources for new projects. The County plans to continue its conservative efforts in its spending for the next few years as it lives within the constraints of the current economic conditions. County management also continues to review and control the number of capital projects in an effort to direct funds to cover more pressing and mandated services. The majority of the existing major capital projects are expected to be completed with funds other than local sources, while any new projects will be thoroughly reviewed prior to any decisions being made.

## RELEVANT FINANCIAL POLICIES

Yuma County has had a policy of keeping recurring expenditures at or below recurring revenues and using one-time revenues for one-time projects. Additionally, the County attempts to maintain reserves at a minimum of $20 \%$ of total uses (expenditures and transfers out). This allows the County to fund one time projects on a cash basis and keep debt to a minimum. The County has traditionally had a conservative viewpoint toward taxation of its constituents and has strived to limit tax levies even during periods of reduced assessed values and economic uncertainty. It continues to maintain a level of taxation below the maximum level allowed when other counties within the State are taxing to the maximum level. With the imposition of the $2.0 \%$ increase limit in the property taxes levied on existing property plus new construction approved by voters on November 7, 2006 in a statewide referendum, limits the County to levying its property taxes at the level at that time with a maximum increase each year thereafter of $2.0 \%$.

## Relevant Financial Policies (concluded)

County management has asked for and received cooperation from all of departments concerning restricting expenditures and replacement of employees, except where necessary to mitigate the Pandemic uncertainty. This cooperative effort has resulted in a $21.34 \%$ reversion on all non-major governmental funds and a $6.91 \%$ reversion in the General Fund from actual to budgeted expenditures.

## CASH MANAGEMENT

The Yuma County Treasurer, an elected position, is responsible for cash management and investments for the County. Most cash assets of the County, other than impress accounts, are on deposit through this office. Cash which is temporarily idle during the year is invested on a short-term basis.

## INDEPENDENT AUDIT

Pursuant to Arizona Revised Statutes, the Office of the Auditor General has performed our required annual audit of Yuma County's financial statements for fiscal year ended June 30, 2020. The results of this audit are outlined in the Independent Auditors' Report which is included in the Financial Section.

## AWARDS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Yuma County for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2019. This was the nineteenth consecutive year the Yuma County has received this prestigious award. In order to be awarded a Certificate of Achievement, Yuma County published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

GFOA has also given an Award for Outstanding Achievement in Popular Annual Financial Reporting to Yuma County for its Popular Annual Financial Report for fiscal year ended June 30, 2019. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive this award, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability, and reader appeal.

In addition, Yuma County received the GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year 2019-2020. In order to qualify for the Distinguished Budget Presentation Award, Yuma County's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

## ACKNOWLEDGMENTS

The presentation of this report would not have been possible without the efficient, effective, dedicated, and supportive services of the entire staff of the Financial Services Department. Their bestowed efforts to enhance procedures, ensure accuracy, improve systems, and conduct extensive research have allowed for the completion of the annual audit and this report.

We would like to express our appreciation to all members of all other agencies assisting and contributing to the preparation of this report. Credit also must be given to the Board of Supervisors and the Administration for their unsurpassable support for maintaining and strengthening the utmost standards of professionalism in the management of Yuma County.

Respectfully submitted,

Gilberto Villegas, Jr.
Chief Financial Officer.

The Board of Supervisors of
Yuma County, Arizona

## Report on the financial statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Yuma County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

## Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and aggregate remaining fund information of the County as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

## Emphasis of matter

As discussed in Note 2 to the financial statements, the County restated beginning net position of its financial statements for the year ended June 30, 2020, to correct a misstatement in its previously issued financial statements. Our opinions are not modified with respect to this matter.

## Other matters

## Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 17 through 27, budgetary comparison schedules on pages 88 through 94, schedule of the County's proportionate share of the net pension liability-cost-sharing plans on page 95 , schedule of changes in the County's net pension liability and related ratios-agent plans on pages 96 through 97, schedule of County pension contributions on pages 98 through 99, and the infrastructure assets information on pages 102 through 103 be presented to supplement the basic financial. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary and other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are management's responsibility and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to comply with the authorized transportation purposes, insofar as they relate to accounting matters, for Highway User Revenue Fund monies it received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated State transportation revenues it received. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the authorized transportation purposes referred to above, insofar as they relate to accounting matters.

The communication related to compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

## Other reporting required by Government Auditing Standards

In accordance with Government Auditing Standards, we will issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

Lindsey A. Perry, CPA, CFE<br>Auditor General

March 31, 2021

## Management's Discussion and Analysis

As management of Yuma County, we offer readers of Yuma County's financial statements this narrative overview and analysis of the financial activities of Yuma County for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information we have furnished in our letter of transmittal, which can be found on pages 3 to 7 of this report.

## FINANCIAL HIGHLIGHTS

$\checkmark$ The assets and deferred outflows of Yuma County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by $\$ 341,799,536$ (net position). For the current fiscal year, Yuma County's total net position experienced an increase of $\$ 25,731,746$ or $8.1 \%$; which is a sign that our local economy continues to be active despite of the pandemic. The main contributing factor to this increase in net position was the better than expected tax revenue and grants collections.
$\checkmark$ Operating grants and contributions, accounted for the largest increase in program revenues, $\$ 6,900,929$ as compared to the previous fiscal year. The most significant source for this increase was due to the $\$ 2,852,825$ in AZCARES funds realized from the State's total allocation of $\$ 7,017,666$ to mitigate spreads of the COVID-19 Pandemic.
$\checkmark$ Main factors contributing to the $\$ 9,805,487$ or $6.5 \%$ total expenses increase in governmental activities, included public safety increase of $\$ 4,668,445$ or $11.4 \%$ and general government increase of $\$ 3,343,339$ or $7.0 \%$. Both increases were mostly related to an increase in operations and pension and OPEB expenses. The remainder \$1,793,703 was due to normal operational cost increases.
$\checkmark$ At the end of the fiscal year, Yuma County's governmental funds reported combined ending fund balances of $\$ 98,795,040$; an increase of $11.5 \%$ or $\$ 10,213,725$ in comparison with the prior fiscal year. Some of the factors responsible for the increase were: 1) another historic yearly increase in total revenues collections of $9.4 \%$ or $\$ 15,726,026$ as compared to the previous fiscal year and 2 ) a flat or nominal increase in expenditures of only $\$ 1,776,073$ or $1.0 \%$.
$\checkmark$ County's major revenue source, taxes, experienced a $\$ 5,140,383$ or $6.0 \%$ increase. Also, Intergovernmental revenues increased an unprecedented $14.0 \%$ or $\$ 9,488,659$ mainly from the increase in State shared sales tax of $9.0 \%$ or $\$ 2,054,529$ and the AZCAREs allocation from state. Regarding expenditures, the Education function had the most significant increase of $25.0 \%$ or $\$ 1,802,780$ as compared to the previous fiscal year.
$\checkmark$ Other than the General Fund, from the currently reported major funds, the Flood Control district reported the biggest increase as compared to the prior fiscal year in the amount of $\$ 3,253,784$ or $18.6 \%$, driven mostly by the additional revenues received during the year. On the other hand, the General Fund-funded Capital Improvements fund recorded the largest decrease in fund balance in the amount of $\$(794,967)$ or $(31.2) \%$, this was a planned decrease in Capital Improvements fund projects to attend other pressing needs and mitigate the COVID-19 uncertainty.
$\checkmark$ At the end of the fiscal year, total fund balance for the General fund was $\$ 35,473,944$ a $32.8 \%$ increase as compared to prior year. The fund balance accounts for $42.4 \%$ of total General Fund expenditures and transfers out. The unexpected, but welcomed, increase in total sales taxes, for the third consecutive year; along with management efforts to limit expenditures due to the uncertainty of the pandemic during the last quarter of the fiscal year, contributed to the increase. General fund expenditures decreased $\$(635,866)$, the reduction is mostly in public safety which is resulting from AZCAREs funding available in the amount of $\$ 2,536,730$ for the current fiscal year. Yuma County continues to position itself with a strong financial position, this to alleviate the uncertain economic times the pandemic might bring in future years. The $\$ 8,760,768$ fund balance increase reflects management commitment to fiscal responsibility and effective financial strategies.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are intended to serve as an introduction to Yuma County's basic financial statements.

Yuma County's basic financial statements consist of three components:

1) Government-wide financial statements,
2) Fund financial statements, and
3) Notes to financial statements.

This report also contains required and other supplementary information in addition to the basic financial statements and they intend to furnish additional detail to support the basic financial statements.

## Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of Yuma County's finances, in a manner similar to a private-sector business. This includes the government-wide statement of net position and the statement of activities listed below.

The statement of net position presents information on all of Yuma County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Yuma County is improving or deteriorating.

The statement of activities presents information showing how Yuma County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items which will only result in cash flows in future fiscal periods (examples are uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of Yuma County principally supported by taxes and intergovernmental revenue (governmental activities) from other functions which are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Yuma County include general government, public safety, highway and streets, sanitation, health, welfare, culture and recreation, education, and interest on long-term debt. The government-wide financial statements can be found on pages 29 to 31 of this report.

## Fund financial statements

A fund is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. Yuma County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Yuma County reports one hundred and twelve (112) governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund; Capital Improvements Fund; Jail District's General Operations Fund; the Library District's General Operations Fund; Flood Control District General Operations Fund; the Health Services District General Operations Fund, and the Arizona CAREs Grant fund, all of which are considered to be major funds. These financial statements can be found on pages 33 to 41 of this report. Data from the other one hundred and five (105) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements and schedules on pages 115 to 196.

Yuma County adopts an annual appropriated budget for all of its governmental funds. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

## Overview of the Financial Statements (concluded)

Proprietary funds are used to account for Yuma County's internal service funds, which is a device to accumulate and allocate costs internally among Yuma County's various functions. Yuma County uses internal service funds to account for the Information and Technology (IT) life cycle management, revolving fund for improvement districts, workers compensation insurance, health self-insurance, liability self-insurance fund, and fleet management program. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements. Internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements can be found on pages 42 to 44 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the primary government (Yuma County). Fiduciary funds are not reflected in the government-wide financial statements because their resources are not available to support Yuma County's own programs. The accounting used for fiduciary funds is similar to that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 45 to 46 of this report.

## Notes to financial statements

The notes provide additional information essential to a full understanding of the data provided in the governmentwide and fund financial statements. The notes to financial statements can be found on pages 47 to 86 of this report.

## Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Yuma County's progress in funding its obligations to provide pension benefits to its employees, as well as schedules illustrating the County's compliance with legally adopted budgets and an explanation of the County's application of the modified approach to the reporting of infrastructure assets. Required supplementary information can be found on pages 87 to 112 of this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds as well as budgetary comparison schedules for other major funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 113 to 208 of this report.

## GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Yuma County, assets and deferred outflows exceeded liabilities and deferred inflows by $\$ 341,799,536$ at the close of this fiscal year.

By far the largest portion of Yuma County's total net position is invested in capital assets, $\$ 349,801,077$ (land, buildings, improvements other than buildings, machinery and equipment, infrastructure, and construction in progress), net of the related debt issued to acquire those assets that is still outstanding, and accumulated depreciation. The County uses these capital assets to provide services on behalf of Yuma County's citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

In general, total assets increased $\$ 53,542,304$ or $11.2 \%$ from last fiscal year. The largest increase in assets was in cash, cash equivalents and investments in the amount of $\$ 16,293,956$ or $17.9 \%$ as compared to the prior year, followed by capital assets $\$ 7,004,022$ or $1.8 \%$ (as restated). County's Capital Assets-Infrastructure beginning balance was restated to due to a correction on the roads inventory the $\$ 27,575,489$ increase, resulting from an additional 32.59 center line miles of paved roads. The County is implementing a new maintenance system to improve road conditions in Yuma County. This speaks to the Board of Supervisors' resolve to improve local infrastructure by investing in County's road conditions and completing pending flood control related projects. On the other hand, Special assessment receivables had the largest decrease of $\$(197,835)$ or $(9.1) \%$ during the current fiscal year.

Total liabilities increased $5.7 \%$ or $\$ 10,956,768$ as compared to the previous fiscal year, this was mostly due to longterm liabilities, specifically, the net pension and other postemployment benefits (OPEB) liabilities, which increased by $\$ 8,039,822$; or $6.8 \%$. $\$ 3,785,567$ of total pension increase relates to the elected officials retirement pension plan, unfortunately this plan is a cost sharing plan regulated by the State of Arizona.

## Government-wide financial analysis (continued)

An additional portion of Yuma County's net position, Restricted, which amounts to $\$ 66,213,003$ or $19.4 \%$ of total net position, represents resources subject to external restrictions on how they may be used. Yuma County reported a negative balance in the Unrestricted category of net position $\$(74,214,544)$. Below is a brief summary of Yuma County's statements of net position current and previous fiscal years:

| $(74,214,544)$ | $(92,752,086)$ |
| \$341,799,536 | \$316,067,790 |

For the second consecutive year, Yuma County experienced a growth in net position. The larger than expected revenues, combined with a manageable increase in expenses, contributed to the $\$ 25,731,746$ or $8.1 \%$ increase in net position for current fiscal year. Key elements to the increase in net position are as follows:
> Fiscal year 2020 marks the sixth consecutive year where the total revenues report an increase. Total increase this year amounts to $\$ 14,075,876$ or $8.2 \%$. Almost half of the total revenue increase ( $49.0 \%$ ), as compared to the prior fiscal year, is accounted for in the Operating grants and contributions revenues in the amount of $\$ 6,900,929$. The increase came primarily from additional funding provided by the State to mitigate the pandemic spread a total $\$ 7,017,666$ was received but only $\$ 2,852,825$ was eligible for reimbursement during the current fiscal year and a one-time $(\$ 2,121,024)$ city of Yuma reimbursement for completion of a flood control related project.
> Local sales tax and State shared sales tax recorded a combined \$6,714,480 increase (\$4,659,951 and $\$ 2,054,529$ respectively) a true reflection that local and State economies continue to thrive despite the pandemic or perhaps indication residents are shifting expending patterns from vacations to local consumption, however, most likely the increase was due to the federal stimulus they received.
> Two expenditure functions recorded a decrease in the current fiscal year; Highways and street $\$(1,586,953)$ or (9.7)\% and interest on long-term debt $\$(1,152)$. Highways and streets reduced their road repairs project by $\$ 2,103,303$ due to work limitations during the pandemic.
> The most significant expense increases by functions were reported as follows: 1) Public safety $\$ 4,668,445$ or $11.4 \%$. $\$ 1,198,140$ or $26.5 \%$ was attributable to personnel and the remainder $\$ 3,470,305$ was due to increase in operational cost. 2) General government expense function followed with an increase of $\$ 3,343,339$ or $7.0 \%$ from prior year this is considered a normal operational increase. All other expense functions recorded a moderate increase.

## Government-wide financial analysis (concluded)

Government-Wide Expenses by Category

## GOVERNMENTAL FUNDS FINANCIAL ANALYSIS

As noted earlier, Yuma County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

## Governmental funds financial analysis

The focus of Yuma County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Yuma County's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources restricted, committed, assigned, and available for spending at the end of the fiscal year.

All governmental funds: At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of $\$ 98,795,040$, an increase of $\$ 10,213,725$ or $11.5 \%$ in comparison with the prior year. Fiscal year end 2020 fund balances are categorized as follows: $1.0 \%$ or $\$ 943,370$ Nonspendable; $67.0 \%$ or $\$ 66,213,003$ Restricted, meaning that amounts are subject to external enforceable legal restrictions; $6.4 \%$ or $\$ 6,286,763$ Committed to self-imposed constraints by the Board of Supervisors; $0.8 \%$ or $\$ 742,267$ Assigned or "ear- marked" by management for specific purposes; and $24.9 \%$ or $\$ 24,609,637$ Unassigned, which means funds are available for spending at the government's discretion.
Below is a year-to-year comparison of Yuma County's governmental funds revenues from all sources

## Governmental funds financial analysis (continued)

Following is additional detail explaining the key elements that contributed to the $\$ 15,726,026$ revenues increase in the current fiscal year as compared to the prior fiscal year:

- Intergovernmental revenues experienced the most significant increase in revenue collections during the current fiscal year, a total of $\$ 9,488,659$ or $14.0 \%$ as compared to the previous fiscal year. The additional funds in the amount of $\$ 2,848,048$ received from the State to help with the COVID-19 pandemic (Total Allocation of $\$ 7,017,666$ ) to be used to reimburse for Public Safety and Public Health salaries; Flood Control's one-time, $\$ 2,121,024$, city reimbursement for completed infrastructure; the State's shared sales tax increase of $\$ 2,054,529$ or $9.0 \%$; and the increase of $\$ 1,493,453$ in grant funding to the Workforce Investment Act fund, are the significant events that contributed to the intergovernmental revenues increase. On the other hand, State's Highway User Revenues experienced another decrease $\$(1,229,386)$ or $(9.2) \%$ as compared to the previous fiscal year, as the pandemic made it difficult to travel thus reducing gasoline tax collections. The remaining $\$ 2,200,991$ were due to increases in current and new operational Federal, State and local grants, as well as agency reimbursements.
- The County's largest source of revenue, taxes, also recorded an increase in the amount of $\$ 5,140,383$ or $6.0 \%$. This increase is divided into the following three (3) major taxes categories: 1) Property taxes: collections experienced a nominal increase of $\$ 208,136$ or $0.5 \%$ mostly due to limited property value increases as there was no increase to the total adopted tax rate. The General fund collections decreased $\$(80,093)$, Library district increased $\$ 160,926$, and the Flood control districts increased $\$ 9,474$, the remaining $\$ 117,829$ increase is attributable to Improvement districts. 2) Local sales taxes: collections increased in the amount of $\$ 4,659,951$ or $15.4 \%$, local construction and retail sales drove the increase. The General fund and Jail district had similar increases of $\$ 2,095,113$ and $\$ 2,094,467$ respectively. The Health district increased $\$ 470,343$, and the remaining $\$ 28$ are for expired tax collections resulting from adjustments. 3) Auto Lieu Tax: another major contributing factor to the total increase in taxes; increase for current fiscal year amounted to $\$ 267,507$ or $2.9 \%$. The remaining $\$ 4,789$ increase is due to a combination of other taxes line items increases and reductions.
- Fines and forfeits experienced the most significant decrease in revenues during the current fiscal year $\$(359,765)$ of $(9.8 \%)$ mostly in the General Fund. Due to the COVID pandemic during the fiscal year's last quarter, activity in the Justice of the peace and Superior Court was significantly reduced due to social distancing. Same applied to payments for fines and fees, the financial hardship COVID brought to our community was reflected in the revenue collections. Justice of the peace fines collections decreased $\$(207,567)$ and Superior court fines were reduced by $\$(57,120)$ as compared to the previous fiscal year, the remainder $\$(95,724)$ is a result from various special revenue fund activities.

Below is a year-to-year comparison of Yuma County's governmental funds expenditures by function:

## Governmental funds financial analysis (concluded)

Following are explanations for expenditures reporting significant changes as compared to the prior fiscal year:

- Overall, Yuma County agencies and departments did an exceptional job monitoring their expenditures. Largely due to the conservative spending implemented during the last four months of the fiscal year, this responding to a call from leadership to limit spending due to the uncertainty dealing with the COVID-19 pandemic. Elected official and department heads exercised an unprecedented degree of fiscal responsibility in preparation to the expected economic slowdown resulting from the pandemic.
- Total expenditures experienced a nominal increase of only $\$ 1,776,073$ or $1.0 \%$ during the current this fiscal year. This increase was mainly driven by the additional funding received for education which increased expending. $\$ 1,493,453$ of the total $\$ 1,802,780$ increase in Education, is attributable to the Workforce Investment Act program, the fund received additional monies to support their operations. Yuma County serves as a pass-through to this independent program. The additional $\$ 309,327$ increases in education was assigned to grants received by the County's School superintendent.
- Public safety recorded the second largest increase in expenditures, $\$ 958,245$ or $2.2 \%$ as compared to the previous fiscal year. The increase is mostly in personnel, with increases in pension costs and overtime, which are part of the normal operational costs.
- The most significant expenditure decrease as compared to the prior fiscal year was in the highways and streets function. The total decrease amounted to $\$(2,060,493)$ of $(13.9 \%)$. An early estimate showed HURF revenues were trending down due to the pandemic, in preparation to the eminent decrease, the Engineering and Public works department delayed some of their operational expenditures and capital purchases. The Engineering department reduced their operational expenditures by $\$(2,406,209)$ or $(39.9 \%)$ allowing Public works to continue with the road repairs.

The General Fund is the chief operating fund of Yuma County. At the end of the current fiscal year, total fund balance was $\$ 35,473,944$. The net change in fund balance was an increase of $\$ 8,760,768$ or $32.8 \%$. Better than expected revenues, prudent expending during these uncertain times, and the continued Board of Supervisors and Administration's commitment to position Yuma County in an excellent financial condition in preparation of uncertain future events, resulted in the historic General fund's fund balance increase. The $\$ 5,165,317$ or $5.9 \%$ increase in revenues over shadowed the $\$ 1,900,864$ increase in expenditures as compared to the previous year to record a positive fund balance increase for the fifth consecutive time in the last ten years. Management continues to develop and implement strategies to increase revenue sources and maintain and/or keep expenditures increase to a minimum without sacrificing the expected level of service; including the development of a long term financial plan.

Debt service funds had a combined fund balance in the amount of $\$ 1,400,127$ a nominal $\$ 41,751$ increase as compared to the prior fiscal year. The increase was due to investment income earned better than anticipated. Jail District, Gadsden, and B\&C Colonia debt service fund balances were intentionally decreased to provide relief to transfers in and utilize all available source to service the debt. Most debt service funds fund balances are committed to pay for future debt obligations of the outstanding Library General Obligation bonds, the general fund, Jail District Revenue bonds, and various Special Assessment bonds. Except for $\$ 160,804$, restricted fund balances represent the creditors required reserve for future payments.

The capital projects funds have a combined fund balance of $\$ 3,680,940$ a $\$(1,050,380)$ decrease from the prior fiscal year. The majority of the combined fund balance are committed to the completion of various building renovation projects ( $\$ 1,682,647$ Phase II historic building); acquisition and the upgrade of current technology (County's Enterprise Resource Planning system $\$ 905,000$ and equipment for the Information and technology department $\$ 590,000$ ); and other infrastructure repairs and acquisitions $(\$ 503,293)$.

## BUDGETARY HIGHLIGHTS

Overall, during fiscal year 2020 there were no significant variances between the adopted and final budget amounts for most of the funds. Yuma County has incorporated into practice to perform mid-year review/adjustment to funds with grants monies needing of adjustments to their budget. Most times these adjustments are grantor required. County uses the appropriated contingency line item to make such adjustments. All adjustments are according to policy and approved by the Board of Supervisors when required.
The General Fund's final budgeted expenditures experienced an overall $\$ 25,865$ increase from its original adopted budget. Throughout the year there were a number of budget adjustments done to the general fund departments, this is due to the new budgetary practice of budgeting for personnel increases and adjustments in the General Government department to be reallocated based on need at a latter day.

## Budgetary highlights (concluded)

Overall, the General Fund accounted for various budgetary adjustments within its departments during the current fiscal year, mostly due to re-appropriations to budgeted salaries increased and transfers out.

At the close of the current fiscal year, Yuma County General fund received a total of $\$ 3,865,497$ more revenues than budgeted. The two revenue categories that contributed the most to this increase were Taxes by $\$ 1,810,510$ and intergovernmental by $\$ 1,301,037$. Refer to Exhibit $\mathrm{H}-1$ on pages 108 and 109 for additional detail on specific General fund revenue collections.

Yuma County General fund had $\$ 8,086,237$ or $10.7 \%$ less expenditures than budgeted. This is a reflection of management's strategies to continue spending conservatively and only release the needed budgetary authority, especially in all the General fund departments. Also, the economic uncertainty about the COVID-19 pandemic had a significant impact on discretionary spending. Travel and training were significantly reduced.

## CAPITAL ASSETS

Yuma County's capital assets for its governmental activities at June 30, 2020 amounts to $\$ 399,962,707$ (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, machinery and equipment, infrastructure, and construction in progress. As stated above under "capital project funds", the County is currently engaged in a number of capital assets projects related to renovations of various County owned buildings. Net capital assets increased $\$ 34,579,511$ for the current fiscal year. Additional information on Yuma County's capital assets can be found in note 8 on pages 60-62 of this report. Also, refer to Exhibits N-1 through 3 on pages 205 through 208.

As provided by GASB Statement No. 34, Yuma County has elected to record its Asphalt Pavement Roads, Infrastructure Subsystem, using the "Modified Approach". Assets accounted for under the modified approach include approximately 609.19 center lane miles of paved roads the County is responsible for maintaining ( 32.59 center miles increase). In addition to the paved roads, Yuma County also maintains 1,500 miles of gravel roads. In which about 275 miles are maintained regularly, and 1,225 miles are maintained periodically.

The County manages its roads using the Pavement Management System, which measures the condition of the pavement and its ability to serve the traveling public. The Pavement Management System is composed of various factors evaluating distress and quality, which when combined provides a unit of measurement called "Overall Condition Index" (OCI). OCl uses a one hundred point scale (100 Excellent, 0 Needs immediate work) to characterize the condition of the paved roadway.

Yuma County has committed to an average OCI level of 65 for the overall subsystem. The most recent assessment indicates that an overall average rating of 67.03 was achieved for fiscal year 2020 . Refer to pages 102 through 103, Exhibit G, for a complete disclosure of the Modified Approach.

## LONG-TERM DEBT ADMINISTRATION

At the end of current fiscal year, Yuma County had total bonded debt outstanding of $\$ 49,186,610$, of which $\$ 4,217,218$ is payable within one year. The County is also responsible for rural loans amounting to $\$ 2,382,579$ of which only $\$ 152,367$ is due within one year and the rest is considered to be long-term. Total amounts are as follows:

| Long-term debt |  | Governmental Activities |  |  |
| :--- | :--- | :--- | ---: | :--- |
|  |  | 2020 |  | 2019 |
| Revenue bonds |  | $\$ 15,245,992$ |  | $\$ 17,385,992$ |
| General obligation bonds |  | $31,925,000$ |  | $33,625,000$ |
| Premiums |  | $2,015,618$ |  | $2,248,836$ |
| Subtotal bonded debt |  | $\$ 49,186,610$ |  | $\$ 53,259,828$ |
| Rural development loan |  | $2,382,579$ |  | $2,533,463$ |
| Total Long-term debt |  | $\$ 51,569,189$ |  | $\$ 55,793,291$ |

Revenue bonds are backed by pledged revenues from Jail District and General Fund; the general obligation bonds by property tax collections of the Yuma County Library District; the rural development loans for which the government is liable in the event of default by the property owners, are subject to a special assessment; and the unamortized premiums resulted from the defeasement of the 2007 Jail district revenue bond and 2006 and 2007 Library district General Obligation bonds. Additional information on the County's long-term debt can be found in notes 10-13 on pages 62-67 of this report.

## Long-Term Debt Administration (concluded)

On December 7, 2020 the Board of Supervisors approved the issuance of $\$ 35,070,000$ pledged revenues taxable pension obligation bonds. Proceeds are to fully fund the County's current unfunded pension liability for its Public Safety Personnel Retirement System and the Corrections Officer's Retirement Plan pension plans. County is refinancing its unfunded pension liability in order to save its constituents from required sharp increased contributions.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

Yuma County continues to adapt to changing circumstances and uncertain future economic scenarios, in particular the mitigation of the current coronavirus (COVID-19) pandemic and the continuation of State shifted costs for the operations of their agencies and programs. Although it might not seem clear on these financial statements, COVID19 is affecting not only the health but the economic sustainability of individuals and local governments. County management is committed to provide and protect the constituents of Yuma County and in order to do so must contemplate conservative financial measures. Also, other additional challenges for the fiscal year 2021 budget included additional contributions to adequately fund state retirement plans in particular the Elected Officials Retirement Plan and Public Safety Personnel Retirement System and increases to the Arizona Health Care Cost Containment System which added $\$ 961,000$ to the General fund this fiscal year.
The County expects the collection of its major revenue sources (local sales tax, state shared sales tax, and state shared auto in lieu of tax) to continue to increase, however, it will be hard to estimate this growth based on current observed economic activity in the national, state and local levels due to the uncertainty of the COVID-19 pandemic. Despite of the pandemic, the County continues to experience an important, increase in sales tax revenues which this year make up $16.1 \%$ of the County's total revenues.
Property tax levy amounts are capped by statute at a maximum $2.0 \%$ increase annually from the prior year's maximum allowable levy amount plus the additional value contributed by new construction as a result of a statewide voter action in November, 2006.

For budget year 2021, the Board of Supervisors adopted no increases to the total property tax rate. The General fund's levy (Primary) was set at $\$ 32,269,307$, still leaving on the table $\$ 2,447,023$. This is the difference between the maximum allowable and the amount levied by the Board. Given the current observed economic trends and despite of the current pandemic, management continues to anticipate a minimum growth rate unless outside sources and factors intercede. Decisions will have to be made as to the continuing effect of electing not to take advantage of the allowed maximum increase in property taxes as current spending levels within the County continue to increase due to outside forces and the normal increase in operational costs.

The most recent estimates reflect the population of Yuma County continuing to grow, 2.1\% for calendar year 2019, while the unemployment rate was reported to be $16.5 \%$ for the same period ( 0.5 percentage points decrease as compared to the prior year). Traditionally Yuma County has a very high rate of unemployment, typically in the range of $16.5 \%$ to $29.8 \%$ (last 10 years), due to seasonal agricultural requirements in the labor market. Calendar year 2019 marks the sixth (6) consecutive year Yuma County reports a decrease in unemployment. The County averages $18.3 \%$ unemployment rate (over the last 5 years) which appears to be dropping, an indication of prosperity within the unincorporated areas of Yuma County. Management observations indicate a minimal but sustained growth in the economic factors for the local Yuma County economy barring any unforeseen actions by outside forces exclusive of the agricultural segments.

The County continues its efforts to minimize long-term debt. However, the Board of Supervisors and Administration have acknowledged County's infrastructure can't be neglected any longer. The need to maintain and upgrade current facilities and infrastructure are eminent, as such, in the past five (5) years, they have decided to issue additional debt to attend the demanding infrastructure needs. There are no additional plans to issue more debt for infrastructure, however, a recent discovery in one of the historic buildings might need extensive repairs and reconstruction. The Board and Administration continue to evaluate funding a financial option for this building.

The County has, for the past eight years, worked with management to responsibly minimize the operating costs within all levels of government specially now with the pandemic. This year the County saw a reversion of $20.9 \%$ of actual expenditures as compared to budget from all its operational governmental units exclusive of contingencies. The Yuma County Administration is continuing its efforts to control the level of expenditures to remain within the revenues being received without significant impact to service demands. Its efforts include the looking into and implementation of a 10 year financial planning and performance measuring tool as part of its efforts to maintain the County in both structural and economic balance. The County saw a decrease of total expenditures from fiscal year 2019 of (0.9\%) or $\$(635,866)$.

## Economic Factors and Next Year's Budgets (concluded)

The County is planning, due to its aggressive management, to see the level of expenses grow close to the same pace as the sources. The County saw an important increase in taxes this fiscal year, however, it is very unlikely the County will be able to maintain these additional revenues; a major concern and challenge to management. However, due to recently adopted fund balance policy and the aforementioned aggressive, but fair, financial spending strategies, County will continue to position itself in a desirable positive financial status.

At the beginning of the current fiscal year, the Nation, State and County appeared to be in a sustainable economic recovery mode after the last recession which resulted from the financial and construction downturn. However, the effects of COVID-19 have drastically changed this picture at least at the national level.

On March 13, 2020, the Chairman of the Board of Supervisors declared an emergency in Yuma County allowing modifications on the operations to mitigate the spread of the coronavirus. The first case in Yuma County was reported on March 20, 2020. Since that time Administration has implemented various operational changes and/or modifications to reduce expenditures and address the health and well-being of our employees and the public. These modifications and the better than expected revenues, had a positive impact on the overall net position. Yuma County finished the year with a never seen increase in net position as explained above.

Yuma County continues to take a very conservative but active attitude towards its activities as it responds to the existing unknown economic conditions along with the requirements and policies established by its governing body to provide the services required by Yuma County residents.

## REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Yuma County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position
June 30, 2020

Fund balance - total governmental funds
\$ 98,795,040

Amounts reported for governmental activities in the Statement of Net Position are different because:
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

399,962,707
Some receivables are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the funds.

2,248,680
Deferred outflows and inflows of resources related to pension and OPEB and deferred charges on debt refunding are applicable to future reporting periods and, therefore, are notreported in the funds

| Deferred outflows related to pensions and other postemployment benefits | $\$ 24,905,278$ |
| :--- | ---: |
| Deferred charge on debt refundings | $2,345,988$ |
| Deferred inflows related to pensions and other postemployment benefits | $(11,843,192)$ |

$15,408,074$
Internal service funds are used by management to charge the costs of certain activities including insurance and maintenance and technology, to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources, of the internal service funds are included in governmental activities in the Statement of Net Position:

IT Life Cycle Management
$\$ \quad(26,033)$
Revolving Fund
Workers Compensation
Health Self-Insurance
Liability Self-Insurance
Fleet Managent
Total5,05857,488

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:

Revenue bonds payable
\$ $(12,432,753)$
Unamortized premiums
General obligation bonds payable
Rural development loans payable
Obligations under capital leases payable
(2,382,579)

Compensated absences payable
Claims and judgments payable
Net pension and other postemployment benefits liabilities
Total
Net position of governmental activities
$\$ 341,799,536$

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

Exhibit B-3

\{This page is intentionally left blank\}

Amounts reported for governmental activities in the Statement of Activities are different because:
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay
14,853,225
Depreciation expense
$(9,405,968)$
Certain capital assets adjustments and donations to the County are reported as revenue on the
Statement of Activities. However, revenue is not reported in the governmental funds as these adjustments and/or donations do not provide for current financial resources.
Capital donations
1,556,765
In the Statement of Activities, only the gain / loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the book value of the capital assets sold.

379,674
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the governmental funds.

405,295
County pension and other postemployment benefits (OPEB) contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension and OPEB liability is measured a year before the County's report date. Pension and OPEB expense, which is the change in the net pension and OPEB liability adjusted for charges in deferred outflows and inflows of resources related to pensions and OPEB, is reported in the Statement of Activities

County pension and OPEB contributions 11,298,305
Pension and OPEB expense
$(8,248,341)$
Collections of revenues in the governmental funds are less than revenues reported in the Statement of Activities

354,970
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases longterm liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are amortized in the Statement of Activities

Principal repaid
3,990,884
Amortization of bond premiums 233,218
Capital leases (net)
$(311,329)$
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the Statement of Activities, however, which is presented on the accrual basis of accounting, expenses are reported regardless of when the financial resources are available.
Increase in compensated absences payable
$(581,917)$
Decrease in claims and judgments payable
Internal service funds are used by management to charge the costs of certain activities such as technology, maintenance and insurance to individual funds. The net revenue (expenses) of the internal service funds is reported with governmental activities in the Statement of Activities.

| Revolving Fund | 27,717 |
| :--- | ---: |
| Workers Compensation | 40,199 |
| Health Self-Insurance | 760,968 |
| Liability Self-Insurance | 78,912 |
| Fleet Management | $(6,602)$ |
| nge in net position of governmental activities | $\$ \mathbf{2 5 , 7 3 1 , 7 4 6}$ |

## Note 1 -Summary of Significant Accounting Policies

Yuma County (the County)'s accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

## A. Reporting Entity

The County is a general purpose local government that a separately elected board of supervisors governs. The accompanying financial statements present the activities of the County (the primary government) and its component units

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County.

Each blended component unit discussed below has a June 30 year-end. The County has no discretely presented component units. The following table describes the County's component units:

| Component Unit | Description; Criteria for Inclusion | Reporting Method | For Separate Financial Statements |
| :---: | :---: | :---: | :---: |
| Yuma County Flood Control District | A tax-levying district that provides flood control systems; the County's Board of Supervisors serves as board of directors and county management has operational responsibility for the district. | Blended | Not Available |
| Yuma County Library District | A tax-levying district that provides and maintains library services for the County's residents; the County's Board of Supervisors serves as board of directors and county management has operational responsibility for the district. | Blended | Not Available |
| Yuma County Special Assessment (Improvement Districts) | Constructs or improves sidewalks, curbs and gutters, irrigation systems, and street lighting within the County; the County's Board of Supervisors serves as board of directors and management has operational responsibility for the districts. | Blended | Not Available |
| Yuma County Jail District | A tax-levying district that acquires, constructs operates, maintains, and finances county jails and jail systems; the County's Board of Supervisors serves as the governing board and management has operational responsibility for the district. | Blended | Yuma County Financial Services 198 Main Street Yuma, AZ 85364 |

Note 1 - Summary of Significant Accounting Policies (continued)

Yuma County is required by law to maintain its support of corrections facilities and services operated, maintained and performed by the Yuma County Jail District. The amount of this maintenance of effort for the year ended June 30, 2020 is $\$ 7,385,267$. Yuma County is also required to maintain support of the Health Services District. The amount of health services support for the year ended June 30, 2020 is $\$ 786,898$. The Health Services District also includes the Rabies Control Fund.

## B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

1. Government-wide statements - provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary activities. They also distinguish between the County's governmental and business-type activities and between the County and its discretely presented components units. Governmental activities generally are financed through taxes and intergovernmental revenues. The County has no business-type activities or discretely presented component units.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

- Charges to customers or applicants for goods, services, or privileges provided;
- Operating grants and contributions; and
- Capital grants and contributions, including special assessments

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the County levies or imposed, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.
2. Fund financial statements - provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

## Notes to financial statements

June 30, 2020

## Note 1 - Summary of Significant Accounting Policies (continued)

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges and insurance premiums, in which each party receives and gives up essentially equal values are operating revenues. Other revenues, such as investment income and revenues of ancillary activities result from transactions in which the parties do not exchange equal values and are reported as non-operating revenues. Operating expenses include the cost of services and administrative expenses. The County has no nonoperating expenses.

The County reports the following major governmental funds:
The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
The Capital Improvements Fund accounts for the majority of the County's Capital Projects. These projects are funded substantially by the General Fund.

The Jail District General Operations Fund is the primary operating fund of the Jail District. It accounts for all financial resources of the Jail District, except those required to be accounted for in another fund. The Jail District constructs, operates, maintains, and finances the County jails and jail systems. The primary sources of income comes from a voter approved .05 cent transaction privilege (sales) tax and the maintenance of effort, which is formula driven, from the General Fund as determined by State statute.
The Library District General Operations Fund is the primary operating fund of the Library District. It accounts for all financial resources of the Library District, except those required to be accounted for in another fund. The Library District provides and maintains library services for the County's residents. The library district's primary support is the levy of property taxes; the District has the authority to levy its own property taxes based on assessed values.
The Flood Control District General Operations Fund is the primary operating fund of the Flood Control District. It accounts for all financial resources of the Flood Control District, except those required to be accounted for in another fund. The Flood Control District constructs and maintains flood control systems throughout the County. The district is primarily supported from the levy of property taxes as approved by the Board of Supervisors.
The Health Services District General Operations Fund is the primary operating fund of the Health Services District. It accounts for all financial resources of the Health Services District, except those required to be accounted for in another fund. The Health Services District provides health programs and services for the County's residents. The Health Services District as a whole is supported by a predetermined required contribution from the General Fund and a . 01 cent transaction privilege (sales) tax. A significant support to the district comes from a number of federal and state grants aimed to aid in the implementation of the required health programs and services, however, all grant related revenue is recorded in their non-major grants fund.
The Arizona CAREs Grant Fund, was established to account for funding allocated to the County for public health and public safety personnel expenditures due to the Coronavirus Disease (COVID-19) public health emergency. It is funded by grant funds received from the State of Arizona through the U.S. Department of the Treasury's Coronavirus Relief Fund (CRF).

The County also reports the following fund types:
The Internal Service Funds account for health insurance for county employees; property and personal liability insurance; the maintenance and purchase of technology equipment and software provided to County departments or to other governments on a cost-reimbursement basis; and a Fleet Management fund.

The Fiduciary Funds consist of investment trust funds, which account for individual investment accounts that the County Treasurer holds in trust and invests on behalf of the other governmental entities; private-purpose trust funds, which account for assets the County's Public Fiduciary holds in trust for the benefit of various parties; and custodial funds, which account for other fiduciary activities, including the pooled assets the County Treasurer holds and invests on behalf of other governmental entities that are not held in trust and the County Treasurer's receipt and distribution of taxes for other governmental entities.

## Note 1 - Summary of Significant Accounting Policies (continued)

## C. Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net position resources available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they are both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after fiscal year-end. The County's major revenue sources that are susceptible to accrual are property taxes, special assessments, intergovernmental, charges for services, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of longterm debt and acquisitions under capital lease agreements are reported as other financing sources.

## D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's Local Government Investment Pool, and only those highly liquid investments with a maturity of 3 months or less when purchased. All investments are stated at fair value.

## E. Inventories and Prepaid Items

Inventories in the government-wide financial statements are recorded as assets when purchased and expensed when consumed. These inventories are stated at cost using the first-in, first-out method. The inventories in the governmental funds consist of expendable supplies held for consumption and are recorded as assets when purchased and expended when consumed. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and as nonspendable fund balance to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The County has adopted the consumption method of accounting for prepaid items. That is, the asset is recorded when the payments to vendors are made, and the expenditures are recorded in the appropriate accounting period.

## F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day in May.

## Note 1 - Summary of Significant Accounting Policies (continued)

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

## G. Capital Assets

Capital assets are reported at actual cost (or estimated historical cost if historical records are not available). Donated assets are reported at acquisition value.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

## Capitalization

## Threshold

Land \& Land improvements
Construction in progress
Infrastructure (paved roads)
Buildings
Improvements other than buildings
Machinery and equipment
Infrastructure (except paved roads)

| All |  |  |  |
| ---: | :---: | :---: | :---: |
| All |  | Depreciation |  |
| All |  | Estimated <br> Method |  |
|  | Useful Life |  |  |

The County uses the modified approach for reporting its paved roads subsystem and, therefore, no depreciation is recorded for these assets. Under the modified approach, the County has determined that the condition level for eligible infrastructure assets to be maintained is an average Overall Condition Index ( OCl ) of 65 . The Yuma County Public Works Department is responsible for determining the appropriate condition level of the eligible infrastructure. No amounts are capitalized in connection with improvements that lengthen the lives of such assets, unless the improvements also increase their efficiency and/or capacity. The Public Works Department maintains an inventory of these eligible infrastructure assets and performs periodic condition assessments to establish that the predetermined condition level is being maintained.

Complete condition assessments are determined in a consistent manner on a triennial basis. Annual estimates of the amounts that must be expended to preserve and maintain these infrastructure assets at the predetermined condition levels are computed by the Public Works Department.

## H. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted and unrestricted, which includes committed, assigned and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories and prepaid items, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations that the County's Board of Supervisors approved, which is the highest level of decision-making authority within the County. The committed fund balance constraints can only be removed or changed by Board action when adopting a resolution to establish, modify, or rescind the commitment.

Note 1 - Summary of Significant Accounting Policies (continued)
Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. The Board has authorized the County Administrator, who in turn has authorized department heads to assign resources for specific purposes for the fund assigned under their custody. Elected Officials are also authorized to make assignments as seen fit.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, the County will use restricted fund balances first. The County has not formally adopted a policy specifying the hierarchy in use of unrestricted fund balances; however, the County considers that the committed amounts will be used first, followed by assigned amounts, and then unassigned amounts.

## I. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

## J. Sales Tax Revenue

Sales tax or Transaction Privilege Tax revenues are collected by the State of Arizona and are generally remitted to the County Treasurer on a monthly basis. Sales tax revenue is recognized as revenues during the month it is collected at the underlying exchange transaction, regardless of when it is reported to and collected by the State of Arizona.

## K. Intergovernmental Grants and Aid

Grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. Reimbursement grants are recorded as intergovernmental receivables and revenues when the related expenditures are incurred. Reimbursements not received within 60 days subsequent to fiscal year-end are reported as unavailable revenues in the governmental funds' financial statements.

## L. Compensated Absences

In addition to the traditional Vacation/Sick Leave program, Yuma County Board of Supervisors adopted a new Accrued Leave program in the fiscal year beginning July 1, 2012. The Paid Time Off plan or PTO although applicable to all employees in Yuma County, was offered as a one-time option for those that wanted to continue in the traditional plan. As a result of this, all of the Courts' employees (Superior Court, Juvenile Court, and Adult Probation) elected to continue under the traditional plan.

The PTO Leave Program combined the traditional vacation and sick leave hours into one new accrual rate, and although the PTO plan offers more advantages to employees in their ability to accrue and use time, it also provides an opportunity for Yuma County to implement an attendance policy and make other modifications to the pertinent Personnel Rules.

On July 17, 2017, the Board of Supervisors approved an amendment to the allowed pay-off PTO hours upon separation. Under the current PTO plan employees are not restricted to a maximum of accumulated leave hours; however, upon termination of employment, eligible employees hired before October 2, 2017 are only compensated for up to 400 hours of accumulated PTO hours. Employees hired on or after October 2, 2017; upon separation, will be compensated for up to 280 hours of accumulated PTO hours.

Note 1 - Summary of Significant Accounting Policies (concluded)
The Traditional Vacation/Sick Leave Program allows employees to accumulate up to 240 hours of vacation depending on years of service, but they forfeit any unused vacation hours in excess of the maximum amount at calendar year-end, unless otherwise approved by the Board to temporarily carry excess vacation hours. Upon terminating employment, the County pays all unused and unforfeited vacation benefits to employees. Employees may also accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative, but are forfeited upon terminating employment. However, for employees who terminate with a minimum of five years continuous service, sick leave benefits do vest, and, therefore, are accrued. Upon termination, eligible employees are compensated for actual sick leave up to 1,000 hours at $\$ 3$ per hour.

Accordingly, both PTO up to 400 hours, and vacation benefits are accrued as a liability in the governmentwide financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured; for example, as a result of employee resignations and retirements by fiscal year-end. Also, vested accumulated sick hours are recorded and accrued as a liability in the governmentwide financial statements similar to the PTO and vacation benefits. A liability for sick hours is reported in the governmental funds' financial statements only when vested employees depart from the County.

## M. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in governmental activities. Bond premiums are amortized over the life of the bonds using the straightline method.

In the fund financial statements, governmental fund types recognize bond premiums during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources.

## N. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

## O. Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## P. Miscellaneous Disclosures

Pursuant to A.R.S. 35-391(B), the County shall disclose in its annual financial report the amount of any reward, discount, incentive, or other financial consideration received by the governmental entity resulting from the credit card payment. The County received $\$ 62,947$ in credit card rebates during calendar year 2019.

| Unassigned |  | 24,740,863 |  | - |  | - |  | - | - | - | $(131,226)$ |  | 24,609,637 |
| Total fund balances | \$ | 35,473,944 | \$ | 1,754,959 | \$ | 4,154,902 |  | 4,610,730 | \$ 20,717,434 | \$ 6,333,667 | \$ 25,749,404 | \$ | 98,795,040 |

## Note 4 - Stewardship, Compliance, and Accountability

Deficit fund balance or net position - At June 30, 2020, the following nonmajor funds reported deficits in fund balance or net position.

| Fund | Agency | Number | Amount |  |
| :---: | :---: | :---: | :---: | :---: |
| Governmental Funds: |  |  |  |  |
| Other Grants | Development Services | 2349 | \$ | 3,189 |
| Other Grants | Emergency Management | 2334 |  | 70,451 |
| HOME Grant | Housing | 2269 |  | 4,905 |
| No Child Left Behind | Juvenile Court | 2257 |  | 19,915 |
| Operation Stone Garden | Sheriff - Admin | 2348 |  | 155,749 |
| Inmate Health | Sheriff - Jail District | 2238 |  | 97 |
| Proprietary Funds: |  |  |  |  |
| Life Cycle Management | Information Technology Svcs | 6601 | \$ | 26,033 |
| Liability-Self Insurance | Administration | 6608 |  | 75,256 |
| Fleet Management | Public Works | 6609 |  | 25,928 |

These fund deficits resulted from either operations during the year or a carryover deficit from prior years but are expected to be corrected through normal operations in the next fiscal year. The Governmental Funds deficits are from grants related transactions working on a reimbursement basis, and often reimbursements are delayed more than 90 days.

The proprietary funds deficits in total net position mostly resulted from the timing on reimbursement from agencies and the recording of their proportionate pension liability. The deficiencies are to be addressed in the following years as the funds increase reserves and reimbursements are timely posted.

For the fiscal year ended June 30, 2020, expenditures exceeding final budget amounts at the department level within each fund are as follows:

| Fund | Agency | Number |  | Amount |
| :---: | :---: | :---: | :---: | :---: |
| Governmental Funds: |  |  |  |  |
| General Fund-department level |  |  |  |  |
|  | Public works-Solid waste |  | \$ | 92,518 |

The General fund department exceeded budget due to unusual and unplanned events. Public works - solid waste was due to the increase in transporting solid waste to the landfill.

## Note 5 - Deposits and Investments

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified State and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.
Credit risk- Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top 2 ratings by a nationally recognized rating agency.
2. Specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least 2 nationally recognized rating agencies.

## Note 5 - Deposits and Investments (continued)

3. Fixed income securities must carry 1 of the 2 highest ratings by Moody's investors service and Standard and Poor's rating service. If only 1 of the above-mentioned services rates the security, it must carry the highest rating of that service.
Custodial credit risk-Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

Concentration of credit risk- Statutes do not include any requirements for concentration of credit risk.
Interest rate risk-Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

Foreign currency risk- Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits - At June 30, 2020, the carrying amount of the County's deposits was $\$ 52,113,067$ and the bank balance was $\$ 54,189,278$. The County does not have a policy related to custodial credit risk.

Investments - The County had total investments of $\$ 145,749,632$ at June 30, 2020. The County categorizes certain investments measured at fair value within the fair value hierarchy established by generally accepted accounting principles as follows:

|  |  | Fair value measurement using |  |  |
| :--- | ---: | ---: | ---: | ---: | ---: |
|  |  |  | $\begin{array}{c}\text { Quoted prices in } \\ \text { active markets for } \\ \text { identical assets }\end{array}$ | $\begin{array}{c}\text { Significant other } \\ \text { ofservable } \\ \text { inputs } \\ \text { (Level 1) }\end{array}$ |
| (Level 2) |  |  |  |  |$]$

Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. Investments categorized as Level 2 are valued using comparable scales obtained from new issued market, secondary trading, and dealer quotes.

The County also had investments of $\$ 67,019,939$ in the State Treasurer's investment pools measured at fair value. Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the County held. The fair value of a participant's position in the pools approximates the value of that participant's pool shares. The State Board of Investment provides oversight for the State Treasurer's investment pools.

Note 5 - Deposits and Investments (continued)
Credit Risk - The County does not have a formal investment policy with respect to credit risk. As of June 30, 2020, credit risk for the County's investments was as follows:

| Investment Type | Rating | Rating Agency | Amount |
| :---: | :---: | :---: | :---: |
| U.S. agency securities | AAA | Moody's | \$ 33,778,448 |
| Corporate bonds- Apple Inc. | AA1 | Moody's | 5,658,457 |
| Corporate bonds- BNY Mellon | A1 | Moody's | 2,780,071 |
| Corporate bonds- Branch banking \& trust | A2 | Moody's | 2,824,028 |
| Corporate bonds- Novartis capital | AA- | Standard and Poor's | 3,112,920 |
| Corporate bonds- PNC bank | A2 | Moody's | 2,071,940 |
| Corporate bonds- Visa Inc. | AA3 | Moody's | 2,210,472 |
| State Treasurer's investment pool 5 | AAAf/S1+ | Standard and Poor's | 50,020,431 |
| State Treasurer's investment pool 7 | Unrated | Not applicable | 16,999,508 |
|  |  |  | \$119,456,275 |

Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in an outside party's possession.

The County does not have a formal investment policy with respect to custodial credit risk. At June 30, 2020 the following investments in money market funds were held by a trustee. These funds have a higher exposure to custodial credit risk than the County as a whole, since these amounts with the trustee are held by the counterparty and are not in the County's name.

| Department |  | Debt Service |
| :---: | :---: | ---: |
| Jail District | $\$ 1,102,603$ |  |
| Library District |  | $2,360,003$ |
| Yuma County |  | $2,734,681$ |
| Totals | $\$ 6,197,287$ |  |

The $\$ 1,102,603$ is held with BNY Mellon, and the $\$ 2,360,003$ is held with Zion's bank, and are cash equivalent investments that are uninsured not registered in the County's name and held by the counterparty's trust department or agent but not in the County's name. Investments are held to satisfy long-term debt payments issued for capital projects. The remainder $\$ 2,734,681$ are cash equivalents investments with US Bank and Zion's bank held for capital projects.

Concentration of credit risk - The County does not have a formal investment policy with respect to concentration of credit risk. The County had investments at June 30, 2020, of 5 percent or more of the County's total investments in the Federal Farm Credit Bank 9.05\%; Federal Home Loan Bank of 8.63\%; Commercial paper 6.86\%; and Federal Home Loan Mortgage Corporation of 5.49\%.

Interest rate risk - The County does not have a formal investment policy with respect to interest rate risk. As of June 30, 2020, the County had the following investments in debt securities:

| Investment Type | Amount | Weighted Average Maturity (In Years) |
| :---: | :---: | :---: |
| U.S. agency securities | \$ 33,778,448 | 1.38 |
| U.S. treasury notes | 10,066,970 | 0.57 |
| Corporate bonds | 18,657,888 | 1.44 |
| Money market funds | 10,029,100 | Not Applicable |
| Money market funds- trustee | 6,197,287 | Not Applicable |
| State Treasurer's investment pool 5 | 50,020,431 | 0.13 |
| State Treasurer's investment pool 7 | 16,999,508 | 0.12 |
| Total | \$ 145,749,632 |  |

## Note 5 - Deposits and Investments (concluded)

A reconciliation of cash, deposits, and investments to amounts shown on the statements of net position follows:

| Cash, deposits, and investments: |  |
| :--- | ---: |
| Cash on hand | 843,388 |
| Amount of deposits | \$2,113,067 |
| Amount of investments | $145,749,632$ |
| Total | $\$ 198,706,087$ |

| Statement of Net Position: | Governmental Activities | Investment Trust Funds | Agency Funds | Total |
| :---: | :---: | :---: | :---: | :---: |
| Cash, cash equivalents and investments | \$ 107,259,812 | \$ 77,146,220 | \$ 8,102,768 | \$ 192,508,800 |
| Investments held by trustee-restricted | 6,197,287 |  |  | 6,197,287 |
| Total | \$ 113,457,099 | \$ 77,146,220 | \$ 8,102,768 | \$ 198,706,087 |

## Note 6 -County Treasurer's Investment Pool

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County's monies under her stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments annually at June 30.
The County Treasurer's investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool's structure does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments.

The Treasurer allocates interest earnings to each of the pool's participants. At June 30, 2020 the bank balance of the County Treasurer's investment pool deposits was $\$ 47,750,740$. The deposits and investments the County holds are included in the County Treasurer's investment pool, except for $\$ 6,438,538$ of bank deposits and $\$ 6,197,287$ of investments in designated trustee banks. Therefore, the deposit and investment risks of the Treasurer's investment pool are substantially the same as the County's deposit and investment risks. See note 5 for disclosure of the County's deposit and investment risk.

Details of each major investment classification follow:

| Investment Type | Principal | Interest Rate | Maturities | Amount |
| :---: | :---: | :---: | :---: | :---: |
| U.S. Agency securities | \$ 33,300,000 | 1.13-3.10\% | 08/20-12/23 | \$ 33,778,448 |
| U.S. Treasury notes | 10,000,000 | 1.38-2.00\% | 09/20-05/21 | 10,066,970 |
| Corporate bonds | 18,125,000 | 1.55-3.55\% | 12/20-09/22 | 18,657,888 |
| Money market | 10,031,000 | 0.01\% | 08/20 | 10,029,100 |
| State Treasurer's investment pool | 67,019,939 | Not stated | N/A | 67,019,939 |

Yuma County
Notes to financial statements
June 30, 2020
Note 6 -County Treasurer's Investment Pool (concluded)
A condensed statement of the investment pool's net position and changes in net position follows:
Statement of Fiduciary Net Position
Assets \$ 173,137,050

| Total governmental activities long-term liabilities | \$ | 182,701,742 | \$ | 13,590,457 | \$ | 8,973,537 | \$ | 187,318,662 | \$ | 9,151,621 |

The County has an open line of credit utilized for its Procurement-Card program. Total monthly credit for this program amounted to $\$ 750,000$ for the current fiscal year. At year end $\$ 226,260$ was available.

## Note 11 - Bonds Payable

The County's bonded debt consists of five pledged revenue obligation bond series, and two general obligation series. Bond proceeds pay primarily for acquiring or constructing capital facilities. Bonds have been issued to advance-refund previously issued bonds.

The following bonds were outstanding at June 30, 2020:

| Description | Amount Authorized |  | Amount Issued |  | Maturity Ranges | Interest Rates | Outstanding Principal |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Yuma County-Revenue Bond, 2013 | \$ | 7,500,000 | \$ | 7,500,000 | 12/13-6/33 | 3.00\% | \$ 5,360,000 |
| Yuma County-Revenue Bond, 2017 |  | 2,417,000 |  | 2,417,000 | 6/18-6/27 | 2.37\% | 1,776,000 |
| Jail District-Revenue Bonds, 2011 Refunding |  | 8,000,000 |  | 8,000,000 | 7/12-7/21 | 2.00-5.00\% | 1,924,992 |
| Jail District-Revenue Bonds, 2017 |  | 2,209,000 |  | 2,209,000 | 7/18-7/27 | 2.38\% | 1,862,000 |
| Yuma County-Revenue Bond, 2018 |  | 5,301,000 |  | 5,301,000 | 9/18-6/28 | 3.01\% | 4,323,000 |
| Library District-General Obligation Bonds, 2015 Refunding |  | 26,300,000 |  | 26,300,000 | 6/15-7/31 | 2.25-5.00\% | 21,895,000 |
| Library District-General Obligation Bonds, 2016 Refunding |  | 11,150,000 |  | 11,150,000 | 1/17-7/34 | 2.00-4.00\% | 10,030,000 |
|  |  |  |  |  |  |  | \$ 47,170,992 |

Revenue Bonds-On June 25, 2013, the Yuma County Board of Supervisors authorized the issuance of $\$ 7,500,000$ in pledged revenues bonds to legally defease the one year old, Series 2012, revenue bonds ( $\$ 2,190,000$ ) and secure additional funds for the acquisition and remodeling of a historic building ( $\$ 5,310,000$ ) for additional administration office space. Series 2012 revenue bonds were completely paid at this time. The Series 2013 were issued at par with a 3.0 percent interest rate. Principal and interest payments are due semiannually maturing June 2033. The Revenue Bonds are generally callable at any time before maturity, without any penalties. The refunding portion of the bond issue represents 29 percent of total proceeds received.

## Notes to financial statements

June 30, 2020

## Note 11 - Bonds Payable (continued)

On October 16, 2017, Yuma County Board of Supervisors authorized the issuance of pledged revenue bonds with an interest rate of 2.37 percent, Yuma County Series 2017. The County realized proceeds of $\$ 2,355,000$ including a payment of $\$ 62,000$ in issuance costs. The bank qualified pledged revenue bond has a maturity date of June 15, 2027 and are callable anytime with 30 days' notice, without penalty. Interest payments are due semiannually on June 15 and December 15. Principal payments are due annually on December 15. The bond proceeds were used for upgrades to several buildings throughout Yuma County, as well as upgrade software and replace underground fuel tanks.

On October 16, 2017, Yuma County Board of Directors for the Jail District authorized the issuance of pledged revenue bonds with an interest rate of 2.38 percent, Jail District Series 2017. The Jail District realized net proceeds of $\$ 2,147,200$ after payment of $\$ 61,800$ in issuance costs. The bank qualified pledged revenue bond has a maturity date of July 1, 2027 and are callable anytime with 30 days' notice, without penalty. Principal and interest payments are due semiannually on January 1 and July 1. The bond proceeds were used to finance the acquisition, repair and replacement of old equipment within the adult detention center.

On September 6, 2018, Yuma County Board of Supervisors authorized the issuance of pledged revenue bonds with an interest rate of 3.01 percent, Yuma County Series 2018. The County realized net proceeds of $\$ 5,216,490$ after payment of $\$ 84,510$ in issuance costs. The bank qualified pledged revenue bond has a maturity date of June 15, 2028 and are callable anytime with 30 days' notice, without penalty. First principal and interest payment was scheduled for June 15, 2019 in the amount $\$ 506,000$ and $\$ 123,659$ respectively. Principal and interest payments are due semiannually on June 15 and December 15. The bond proceeds were used for upgrades to several buildings throughout Yuma County.

Refunded Revenue Bonds-On September 2011, the Yuma County Jail District refunded the remainder of its 2007 Revenue bonds issuance ( $\$ 8,000,000$ ). Series 2011 Refunding Bonds were non-callable, bank qualified with an interest rate of 2.00 to 5.00 percent payable semiannually, principal is due yearly, and is maturing July 2021. The Series 2007 Revenue Bonds have been legally defeased with the past payment sent on July 1, 2015.

Revenue bonds outstanding at June 30, 2020 were as follows:

| Description | Original Amount | Interest <br> Rates | Maturity Ranges | Outstanding Principal July 1,2019 | Issues / <br> (Retirements) |  | Outstanding Principal June 30, 2020 |  |

| 2022 |  | 500,000 |  | 115,494 |  | 615,494 |
| 2023 |  | 516,000 |  | 100,444 |  | 616,444 |
| 2024 |  | 531,000 |  | 84,912 |  | 615,912 |
| 2025 |  | 547,000 |  | 68,929 |  | 615,929 |
| 2026-2028 |  | 1,743,000 |  | 105,952 |  | 1,848,952 |
| Totals | \$ | 4,323,000 | \$ | 605,853 | \$ | 4,928,853 |

General Obligation Bonds-During the year ended June 30, 2006, the Yuma County Free Library District elected to issue general obligation bonds with interest rates of 4.00 to 5.50 percent and realized net proceeds of $\$ 10,050,000$, Series 2006. During the year ended June 30, 2008, the Yuma County Free Library District elected to issue general obligation bonds with interest rates of 4.00 to 5.00 percent and realized net proceeds of $\$ 43,715,000$, Series 2007 . The County utilized these funds to complete various Library projects and remodels throughout Yuma County.

Refunding General Obligation Bonds-On June 23, 2015, the Yuma County Free Library District elected to issue general obligation bonds with interest rates ranging from 2.25 to 5.00 percent, Series 2015. The County realized net proceeds of $\$ 26,300,000$. Bond Series 2015 has a maturity date of July 1, 2031 and are callable at par on or after July 1, 2025. The County utilized this issuance to partially advance the select refunding of callable general obligation bond Series 2006 and 2007. Bond proceeds as well as cash contributions of $\$ 3,700,000$ were used to advance refund Series 2006, which had an outstanding principal balance of $\$ 6,105,000$. Interest rates ranged from 4.00 to 5.00 percent.

On May 25, 2016, the Yuma County Free Library District elected to issue general obligation bonds with interest rates ranging from 2.00 to 4.00 percent, Series 2016. The general obligation bond Series 2016 has a maturity date of July 1, 2034 and are callable at par on or after July 1, 2025. The County realized net proceeds of $\$ 12,131,769$, including $\$ 1,063,955$ in Premiums, after payment of $\$ 82,167$ in underwriting fees and $\$ 166,850$ in issuance costs. The County utilized the issuance to refund the remaining callable general obligation bond Series 2006 and 2007, except for the outstanding payment of Series 2007 in the amount of $\$ 1,190,000$ due July 1, 2017. The proceeds were placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. As a result, the selected 2006 and 2007 Series general obligation bonds are considered legally defeased and the liability for those bonds has been removed from the statement of net position. The refunded general obligation bonds are payable from a voter-approved property tax.

## Note 11 - Bonds Payable (concluded)

General obligation bonds outstanding at June 30, 2020 were as follows:

| Description | Original Amount | Interest Rates | Maturity Ranges | Outstanding Principal July 1 ,2019 |  | ssues / irements) |  | utstanding Principal ne 30, 2020 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

## Note 12-Rural Development Loans

During the fiscal year ended June 30, 2005, the County acquired a loan to fund the completion of a sewer project taking place in the town of Gadsden. The loan is with the United States Department of Agriculture (USDA) through its Rural Utility Services office with a principal amount of $\$ 479,610$. The USDA payments are due semiannually on January 1 and July 1.

On May 20, 2010 the Yuma County Board of Supervisors approved two loans to assist in the construction and completion of the B \& C Colonia sewer project. The funds were borrowed as construction payments were made. The first loan was acquired through the Water Infrastructure Financing Authority (WIFA) in the amount of $\$ 1,437,915$. Interest payments for this loan are due semiannually on January 1 and July 1 and principal payments are due yearly on July 1. The Second loan was acquired with the United States Department of Agriculture (USDA) through its Rural Utility Services office in the amount of $\$ 2,000,000$. Interest payments are due semiannually on January 1 and July 1 and the first principal payment was due January 1, 2012 and annually thereafter.

The following Rural Development Loans were outstanding at June 30, 2020:

| Description | Original Amount | Interest <br> Rates | Maturity <br> Ranges |  | tstanding rincipal ly 1,2019 |  | ues / ements) | Outstanding Principal June 30, 2020 |  |

B \& C Colonia Improvement District No. 07-09 United States Department of Agriculture Loan

## Note 13 - Pledged Revenues

Pledged Revenues- The County has pledged certain future revenues to repay specific bonded and loan debt as follows:

| Type |
| :--- |
| Revenue bonds- County |
| Revenue bonds- Jail District |
| General Obligation bonds |
| Water Infrastructure Financing |
| Authority Rural loans |
| United States Department of |
| Agriculture Rural Utility loan |

| Pledged revenue |
| :--- |
| Sales taxes |
| Sales taxes and |
| maintenance of effort |
| Library district |
| property tax |
| Property owner |
| assessments |
| Property owner |
| assessments |

| Purpose | Amount Remaining | Term |
| :---: | :---: | :---: |
| Construction and acquisitions | \$13,389,823 | 6-33 |
| Construction | 4,089,285 | 7-27 |
| Construction | 42,019,307 | 7-34 |
| Water system improvements and sewer construction | 1,228,570 | 1-35 |
| Sewer construction | 1,637,478 | 1-35 |

Note 13 - Pledged Revenues (concluded)
The following chart shows the net revenues available and the relationship between the debt service payments and the pledged revenue for fiscal year 2020:

| Revenue | Net Revenue Available | Principal and Interest Paid | Percentage of available net pledged revenue | Total pledged Revenue Available | Percentage Pledged of Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Yuma County- General pledged revenues | \$1,609,912 | \$1,396,211 | 86.73\% | \$15,708,585 | 8.89\% |
| Jail district- Sales tax and maintenance of effort | 1,369,788 | 1,279,738 | 93.43\% | 23,234,715 | 5.51\% |
| Library district- Property tax | 3,305,900 | 3,020,006 | 91.35\% | 10,967,096 | 27.54\% |
| Property owner assessments | 1,069,063 | 217,821 | 20.37\% | 1,069,063 | 20.37\% |

Net revenues available are funds transferred from operation funds to meet yearly obligations, investment income earned in the debt service fund, and debt service fund reserves held for the purpose of satisfying the yearly debt requirements.

Property owners have the option of repaying the assessment on their property in installments or they may pay in full. For those property owners who pay in full, that revenue is retained in the fund to satisfy the future debt payments. Therefore, the collection of assessment revenue in any given year may be less than the debt payment obligation for that year. For further information on long-term debt, refer to Note 10. For additional information on pledged revenues refer to Table C-8 (page 249).

## Note 14 - Obligations Under Capital Leases

During the current fiscal year, the County acquired machinery and equipment (78 units of Body and In-Car Cameras) valued at $\$ 766,100$. During fiscal year 2018, the County acquired machinery and equipment (twenty-six vehicles) valued at $\$ 859,672$ and two motor-graders in the amount of $\$ 474,279$. During fiscal year 2017, the County acquired a mail balloting system valued at $\$ 549,869$. The long-term lease agreements are classified as capital leases for accounting purposes because it provides for a bargain purchase option or a transfer of ownership by the end of the lease term.
The following assets were acquired through capital leases:

## Governmental Activities

Machinery and Equipment
Less: accumulated depreciation
Carrying value

> \$ 2,649,920
$(672,969)$
\$ 1,976,951
The following schedule details minimal lease payments to maturity for the County's capital leases payable at June 30, 2020:

| Year ending June 30 | Governmental Activities |
| :---: | :---: |
| 2021 | \$ 308,639 |
| 2022 | 461,859 |
| 2023 | 461,860 |
| 2024 | 289,925 |
| 2025 | 195,437 |
| Total minimum lease payments | 1,717,720 |
| Less: amount representing interest | $(65,398)$ |
| Present value of minimum lease payments | \$ 1,652,322 |

## Notes to financial statements

June 30, 2020

## Note 15 - Compensated Absences and Claims and Judgements Payable

Compensated absences are to be paid from various funds in the same proportion that those funds pay payroll costs. Claims and judgements are generally paid from the fund that accounts for the activity that gave rise to the claim. The County's projected liability for compensated absences at June 30, 2020 is $\$ 7,952,320$. The Old compensation plan amounts to $\$ 1,705,080$ of which $57 \%$ is assignable to the General Fund and $43 \%$ to other nonmajor funds. The new compensation plan amounts to $\$ 6,247,240$ of which $55 \%$ is assignable to the General Fund, $19 \%$ to other major funds, and $26 \%$ to other nonmajor funds.

The County is a defendant in various legal proceedings incidental to the County's normal operations. In the opinion of the County Attorney, Risk Director, and County management, reasonably possible and probable losses not covered by insurance from these proceedings total $\$ 50,000$ at June 30, 2020. The total amount is probable to be incurred within one year and is assignable to the General Fund.

## Note 16 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For these risks of loss, the County joined and is covered by two public entity risk pools: the Arizona Counties Property and Casualty Insurance Pool and the Arizona Counties Workers' Compensation Pool.

The Arizona Counties Property and Casualty Pool - On July 1, 2014, the County joined the Arizona Counties Property and Casualty Insurance Pool to insure its real and personal property against loss and for its general liability exposures. Adjustments and payments of all claims arising from losses prior to July 1, 2014 remain the sole responsibility of the County.

The Arizona Counties Property and Casualty Pool is a public entity risk pool currently composed of 13 member counties. The pool provides member counties catastrophic loss coverage for risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; cyber security; and natural disasters; and provides risk management services. Such coverage includes all defense costs as well as the amount of any judgment or settlement. The County is responsible for paying a premium based on its exposure in relation to the exposure of the other participants and a deductible of $\$ 25,000$ per occurrence for property claims, a $\$ 1,500$ auto physical damage deductible and $\$ 50,000$ deductible for liability claims other than land use liability, which carries a $\$ 25,000$ deductible. The County is also responsible for any payments in excess of the maximum coverage of $\$ 300$ million per occurrence for property claims and $\$ 15$ million per occurrence for liability claims. However, lower limits apply to certain categories of losses. The pool also provides cyber security insurance with a $\$ 3,000,000$ limit per occurrence and $\$ 50,000$ deductible as well as property/casualty coverage for the County's drones, with liability limits of $\$ 1,000,000$ and property limits as per the scheduled value of each drone. The Pool also provides Healthcare Professional Liability Insurance for nursing staff at the Jail, with a $\$ 15$ million per claim (medical practitioner) limit, a $\$ 1$ million per claim, per member limit, a $\$ 3$ million member aggregate limit, and a $\$ 5$ million Public Official E\&O aggregate limit, all with a $\$ 50,000$ deductible. Commercial Crime coverage is also provided by the Pool, with a $\$ 1$ million per occurrence limit and $\$ 100,000$ deductible for employee dishonesty, forgery, alteration, inside/outside premises, computer fraud, and a $\$ 100,000$ per occurrence and $\$ 5,000$ deductible for money orders and counterfeit money. A county must participate in the pool at least 3 years after becoming a member; however, it may withdraw after the initial 3-year period.

The Arizona Counties Workers' Compensation Pool - On January 1, 2016, the County joined the Arizona Counties Workers' Compensation Pool for its workers' compensation insurance program and liability claims. Adjustment and payment of all claims arising from losses prior to January 1, 2016 is the responsibility of the pool, with the agreement that Yuma County will reimburse all those claim payments.

The Arizona Counties Workers' Compensation Pool is a public entity risk pool currently composed of 12 member counties. The pool provides member counties with workers' compensation coverage, as law requires, and risk-management services. The County is responsible for paying a premium based on an experiencerating formula that allocates pool expenditures and liabilities among the members.

## Note 16 - Risk Management (concluded)

Both the Arizona Counties Property and Casualty Pool and the Arizona Counties Worker's Compensation Pool receive independent audits annually and an audit by the Arizona Department of Insurance every 5 years. Both pools accrue liabilities for losses that have been incurred but not reported. These liabilities are determined annually based on an independent actuarial valuation. If a pool were to become insolvent, the County would be assessed an additional contribution.

The County continues to retain additional insurance coverage as described below:
Fiduciary Liability - The fiduciary liability exposure of the Yuma County Employee Benefit Trust is covered by a commercial insurance policy with a limit of $\$ 2,000,000$ per claim.

Tourist Auto Liability - The County purchases a tourist auto liability policy to cover County vehicles that are driven into Mexico. Policy limits are $\$ 500,000$ for property damage/liability, $\$ 10,000$ per person for medical, and $\$ 500,000$ for legal assistance.

For the previous mentioned liabilities, settled claims have not exceeded insurance coverage in any of the past (3) three years

Effective January 1, 2000, the Employee Benefit Fund (an internal service fund) accounts for the financing of the Yuma County Employee Benefit Trust (YCEBT) which is a self-funded benefit plan established to provide certain health benefits (comprehensive major medical) to eligible employees and their dependents. Under this program, the fund provides coverage up to a lifetime maximum of $\$ 2,000,000$ per individual. The uninsured risk of loss per individual is $\$ 150,000$ per plan year (January 1 through December 31) not to exceed an annual aggregate of $120 \%$ of projected claims paid per plan year countywide. The fund purchases commercial insurance (reinsurance) for claims in excess of this coverage. Settled claims have not exceeded this commercial insurance coverage in any of the past (3) three fiscal years.

The insurance claims payable liability of the Trust totaling $\$ 779,000$ at June 30,2020 , is the estimated ultimate cost of settling claims that have been reported but not settled and claims that have been incurred but not reported. This estimate is based on actuarial estimates for both medical and prescription claims. Changes in the fund's claims payable for the years ended June 30, 2019 and 2020 were as follows:

Claims payable, beginning of fiscal year Current-fiscal year claims and changes in estimates Claim payments

| $\mathbf{2 0 1 9}$ |
| :---: |
| $\$ 1,024,000$ |
| $7,460,242$ |
| $(7,652,242)$ |
| $\$ 832,000$ |

2020
\$ 832,000
7,211,221
$(7,264,221)$
\$ 779,000

## Note 17 - Pensions and other Postemployment Benefits

The County contributes to the plans described below. The plans are component units of the State of Arizona.
Other postemployment benefits provided as part of Yuma County employment include the Arizona State Retirement System (ASRS) sponsored cost-sharing, multi-employer defined benefit plan for the Long-term Disability and the Health Benefit Supplement Fund. County sheriff employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). PSPRS administers an agent and cost sharing multi-employer defined benefit health insurance premium benefit plans. County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP). The CORP administers an agent multiple employer defined benefit health insurance premium benefit (OPEB) plan for county detention officers (agent plans), and a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multipleemployer defined benefit health insurance premium benefit (OPEB) plan for AOC officers (cost-sharing plans). Elected officials and judges participate in the Elected Officials Retirement Plan (EORP), ASRS, or the Elected Officials Defined Contribution Retirement System (EODCRS).

## Note 17 - Pensions and other Postemployment Benefits (continued)

EORP administers a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for elected officials and judges who were members of the plan on December 31, 2013. Although ASRS, PSPRS, CORP, and EORP net OPEB assets and liabilities have been recorded at June 30, 2020, these plans have not been further disclosed due to the relative insignificance to the County's financial statements.

At June 30, 2020, the County reported the following aggregate amounts related to pensions for all plans to which it contributes:

| Statement of net position and statement of activities | Governmental Activ |
| :--- | ---: |
| Net pension liability | $\$ 127,464,416$ |
| Deferred outflows of resources related to pensions | $24,388,225$ |
| Deferred inflows of resources related to pensions | $11,109,696$ |
| Pension expense | $8,320,083$ |

The County's accrued payroll and employee benefits includes $\$ 91,950$ of outstanding pension contribution amounts payable to all plans for the year ended June 30, 2020. Also, the County reported $\$ 11,022,260$ of pension contributions as expenditures in the governmental funds related to all plans to which it contributes.

## A. Arizona State Retirement System

Plan Description-County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided- The ASRS provides retirement and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

ASRS Retirement Initial membership date:

|  | Before July 1, 2011 | On or after July 1, 2011 |
| :---: | :---: | :---: |
| Years of service and age required to receive benefit | Sum of years and age equals 80 | 30 years, age 55 |
|  | 10 years, age 62 | 25 years, age 60 |
|  | 5 years, age 50* | 10 years, age 62 |
|  | any years, age 65 | 5 years, age 50 * |
| Final average salary is based on | Highest 36 consecutive months of last 120 months | Highest 60 consecutive months of last 120 months |
| Benefit percent per year of service | 2.1\% to 2.3\% | 2.1\% to 2.3\% |
| *With actuarially reduced |  |  |

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Note 17 - Pensions and other Postemployment Benefits (continued)
Contributions- In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2020, statute required active ASRS members to contribute at the actuarially determined rate of 11.94 percent for retirement, of the members' annual covered payroll, and statute required the County to contribute at the actuarially determined rate of 11.45 percent for retirement, of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 10.29 percent for retirement, of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2020 was $\$ 5,071,276$.

During fiscal year 2020, the County paid for ASRS pension contributions as follows:

| General Fund | Other Major Funds |  | Other Funds |
| :---: | :---: | :---: | :---: |
|  |  | $18.46 \%$ | $27.73 \%$ |

Liability—At June 30, 2020, the County reported $\$ 58,623,728$ in liabilities for its proportionate share of the ASRS' net pension liability.

The net liabilities were measured as of June 30, 2019. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2018, to the measurement date of June 30, 2019. The County's proportion of the net liability was based on the County's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2019.

The County's proportion measured as of June 30, 2019, and the change from its proportions measured as of June 30, 2018, were:

| ASRS | Proportion | Increase (decrease) from |
| :--- | :---: | :---: |
| Pension | $0.40288 \%$ | $\frac{\text { June 30, 2018 }}{(.02494)}$ |

Expense-For the year ended June 30, 2020, the County recognized $\$ 5,253,408$ in pension expense for ASRS.

Deferred outflows/inflows of resources-At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| ASRS | Pension |  |
| :---: | :---: | :---: |
|  | Deferred outflows of resources | Deferred inflows of resources |
| Differences between expected and actual experience | \$1,059,053 | \$ 11,022 |
| Changes of assumptions or other inputs | 247,804 | 2,334,512 |
| Net difference between projected and actual earnings on plan investments | - | 1,317,659 |
| Changes in proportion and differences between county contributions and proportionate share contributions | 794,852 | 2,469,335 |
| County contributions subsequent to the measurement date | 5,071,276 | - |
| Total | \$ 7,172,985 | \$ 6,132,528 |

## Note 17 - Pensions and other Postemployment Benefits (continued)

The amounts reported as deferred outflows of resources related to ASRS pensions resulting from county contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as expenses as follows:

| Year ending June 30 |  | Pension |
| :---: | :---: | :---: |
| 2021 |  | $\$(1,414,208)$ |
| 2022 |  | $(2,716,470)$ |
| 2023 |  | $(253,046)$ |
| 2024 | 352,905 |  |
| 2025 | - |  |
| Thereafter |  | - |

Actuarial assumptions-The significant actuarial assumptions used to measure the total pension liability are as follows:

| ASRS |  |
| :--- | :--- |
| Actuarial valuation date | June 30, 2018 |
| Actuarial roll forward date | June 30, 2019 |
| Actuarial cost method | Entry age normal |
| Investment rate of return | $7.5 \%$ |
| Projected salary increases | $2.7 \%-7.2 \%$ |
| Inflation | $2.3 \%$ |
| Permanent benefit increase | Included |
| Mortality rates | 2017 SRA Scale U-MP |

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5 -year period ended June 30, 2016.

The long-term expected rate of return on ASRS plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| ASRS Asset Class | Target Allocation | Long-Term Expected Geometric Real Rate of Return |
| :---: | :---: | :---: |
| Equity | 50 \% | 6.09 \% |
| Credit | 20 | 5.36 |
| Interest rate sensitive bonds | 10 | 1.62 |
| Real estate | 20 | 5.85 |
| Total | 100 \% |  |

Discount Rate-The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 17 - Pensions and other Postemployment Benefits (continued)
Sensitivity of the County's proportionate share of the ASRS net pension liability to changes in the discount rate-The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower ( 6.5 percent) or 1 percentage point higher ( 8.5 percent) than the current rate:

| ASRS | $\mathbf{1 \%}$ <br> Decrease <br> $(\mathbf{6 . 5 \% )}$ | Current <br> Discount Rate <br> $(\mathbf{7 . 5 \% )}$ | $\mathbf{1 \%}$ Increase <br> $\mathbf{( 8 . 5 \% )}$ |
| :--- | :---: | :---: | :---: |
| County's proportionate share of the | $\$ 83,435,143$ | $\$ 58,623,728$ | $\$ 37,887,770$ |

Plan fiduciary net position-Detailed information about the plan's fiduciary net position is available in the separately issued ASRS financial report.

## B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

Plan Descriptions-County sheriff employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans. A ninemember board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost- sharing plans (PSPRS Tier 3 Risk Pool) which are not further disclosed because of their relative insignificance to the County's financial statements.

County detention officers, and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP) or the Public Safety Personnel. Defined Contribution Retirement Plan (PSPDCRP). The CORP administers an agent multipleemployer defined benefit pension plan for county detention officers (agent plan), which was closed to new members as of July 1, 2018, and a cost-sharing multiple-employer defined benefit pension plan for AOC officers (cost-sharing plan). Employees who were CORP members before July 1, 2018, participate in CORP, and AOC probation and surveillance officers who became members on or after July 1, 2018, participate in CORP or PSPDCRP. Detention officers and juvenile detention officers who became members on or after July 1, 2018, participate in PSPDCRP. The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPRS and CORP plans. The report is available on the PSPRS website at www.psprs.com.

Benefits provided- The PSPRS and CORP provide retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Note 17 - Pensions and other Postemployment Benefits (continued)

PSPRS

| Retirement and Disability | Before January 1, 2012 | On or after January 1, 2012 and before July 1, 2017 |
| :---: | :---: | :---: |
| Years of service and age required to receive benefit | 20 years of service, any age 15 years of service, age 62 | 25 years of service or 15 years of credited service, age 52.5 |
| Final average salary is based on | Highest 36 consecutive months of last 20 years | Highest 60 consecutive months of last 20 years |
| Benefit percent |  |  |
| Normal Retirement | 50\% less 2.0\% for each year of credited service less than 20 years OR plus 2.0\% to $2.5 \%$ for each year of credited service over 20 years. Not to exceed 80\% | $1.5 \%$ to $2.5 \%$ per year of credited service, not to exceed $80 \%$ |
| Accidental Disability Retirement | 50\% or normal retirem | nt, whichever is greater |
| Catastrophic Disability Retirement | $90 \%$ for the first 60 months then reduc whicheve | ed to either $62.5 \%$ or normal retirement, is greater |
| Ordinary Disability Retirement | Normal retirement calculated with actu credited service, whichever is greater, $m$ exceed 20 yea | years of credited service or 20 years of Itiplied by years of credited service (not to s) divided by 20 |
| Survivor Benefit |  |  |
| Retired Members | $80 \%$ to $100 \%$ of retired | member's pension benefit |
| Active Members | $80 \%$ to $100 \%$ of accidental disability retir compensation if death was the $r$ | ment benefit or $100 \%$ of average monthly sult of injuries received on the job |

## CORP

| Initial membership date: |  |  |  |
| :---: | :---: | :---: | :---: |
| Retirement and Disability | Before <br> January 1, 2012 | On or after January 1, 2012 and before July 1, 2018 | AOC probation and surveillance officers: On or after July 1, 2018 |
| Years of service and age required to receive benefit | Sum of years and age equals 80 <br> 20 years, any age <br> 10 years, age 62 | 25 years, age 52.5 10 years, age 62 | $\begin{aligned} & 10 \text { years, age } 52.5^{*} \\ & 10 \text { or more years, age } 55 \end{aligned}$ |
| Final average salary is based on | Highest 36 consecutive months of last 10 years | Highest 60 consecutive mo | of last 10 years |
| Benefit percent |  |  |  |
| Normal Retirement | 2.0\% to 2.5\% per year of credited service, not to exceed 80\% | 2.5\% per year of credited service, not to exceed 80\% | $1.25 \%$ to $2.25 \%$ per year of credited service, not to exceed $80 \%$ |
| Accidental Disability Retirement | $50 \%$ or normal retirement if more than 20 years of credited service | $50 \%$ or normal retirement if more than | years of credited service |
| Total and Permanent Disability Retirement | $50 \%$ or normal retirement if more than 25 years of credited service |  |  |
| Ordinary Disability Retirement | 2.5\% per year of credited service |  |  |

## Survivor Benefit

Retired Members
Active Members
$80 \%$ of retired member's pension benefit $40 \%$ of average monthly compensation or $100 \%$ of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.
*With actuarially reduced benefits.

## Note 17 - Pensions and other Postemployment Benefits (continued)

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees covered by benefit terms—At June 30, 2020, the following employees were covered by the agent plans' benefit terms:

|  | PSPRS Sheriff | CORP Detention |
| :---: | :---: | :---: |
| Inactive employees or beneficiaries currently receiving benefits | 39 | 31 |
| Inactive employees entitled to but not yet receiving benefits | 19 | 81 |
| Active employees | 67 | 111 |
| Total | 125 | 223 |

Contributions-State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability.

Contributions rates for the year ended June 30, 2020, are indicated below. Rates are a percentage of active members' annual covered payroll.

|  | Active member <br> - pension |  | County - <br> pension |
| :--- | :---: | :---: | :---: |
| PSPRS Sheriff | $7.65 \%-11.65 \%$ |  | $37.22 \%$ |
| CORP Detention | 8.41 |  | 16.72 |
| CORP AOC | 8.41 or 10.18 |  | 30.71 or 27.91 |

In addition, statute required the County to contribute at the actuarially determined rate indicated below of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the PSPRS or CORP would typically fill and employees participating in the PSPRS Tier 3 Risk Pool and PSPDCRP members in addition to the County's required contributions to the PSPRS Tier 3 Risk Pool and PSPDCRP.

|  | Pension |
| :--- | :---: |
| PSPRS Sheriff | $25.19 \%$ |
| CORP Detention | 9.46 |
| CORP AOC | 22.96 |

The County's contributions to the plans for the year ended June 30, 2020, were:

|  | Pension |
| :--- | ---: |
| PSPRS Sheriff | $\$ 1,936,032$ |
| CORP Detention | $1,032,819$ |
| CORP AOC | $1,751,020$ |

During fiscal year 2020, the County paid for PSPRS and CORP pension contributions as follows:

|  | General Fund | Other Major funds | Other Nonmajor funds |
| :---: | :---: | :---: | :---: |
| PSPRS Sheriff | 80.79\% | 2.47\% | 16.74\% |
| CORP Detention | - | 99.08 | 0.92 |
| CORP AOC | 51.35 | - | 48.65 |

Note 17 - Pensions and other Postemployment Benefits (continued)
Liability—At June 30, 2020, the County reported the following liabilities:

|  | Net Pension Liability |
| :--- | :---: |
| PSPRS Sheriff | $\$ 21,684,390$ |
| CORP Detention | $9,138,556$ |
| CORP AOC (County's proportionate share) | $20,465,510$ |

The net pension liabilities were measured as of June 30, 2019, and the total liability used to calculate the net liability was determined by an actuarial valuation as of that date. The total liabilities as of June 30, 2019, reflect changes of actuarial assumptions to decrease the investment rate of return from 7.4 percent to 7.3 percent and update the mortality rates.
Actuarial assumptions-The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS and CORP

| Actuarial valuation date | June 30, 2019 <br> Entry age normal |
| :---: | :---: |
| Actuarial cost method | $7.3 \%$ |
| Investment rate of return | $3.5 \%$ |
| Wage inflation | $2.5 \%$ |
| Price inflation | $1.75 \%$ |
| Cost-of-living adjustment | PubS-2010 Tables |
| Mortality rates | Not applicable |

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on PSPRS and CORP plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PSPRS and CORP
$\left.\begin{array}{lccc}\text { Asset Class } & & \begin{array}{c}\text { Target } \\ \text { Allocation }\end{array} & \end{array} \begin{array}{c}\text { Long-Term Expected } \\ \text { Geometric Real Rate of Return }\end{array}\right]$

Discount rate- At June 30, 2019, the discount rate used to measure the PSPRS and CORP total pension liability was 7.3 percent, which was a decrease of 0.1 from the discount rate used as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 17 - Pensions and other Postemployment Benefits (continued)

| \$ 24,092,222 | \$ 14,953,666 | \$ 9,138,556 |

Note 17 - Pensions and other Postemployment Benefits (continued)
The County's proportion of the CORP AOC net pension liabilities was based on the County's actual contributions to the plans relative to the total of all participating counties' actual contributions for the year ended June 30, 2019. The County's proportion measured as of June 30, 2019 was 4.850329 percent, which was a decrease of 0.227314 from its proportion measured as of June 30, 2018.

Sensitivity of the County's net pension liability to changes in the discount rate-The following table presents the County's net pension liabilities calculated using the discount rate of $7.3 \%$, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower ( $6.3 \%$ ) or 1 percentage point higher ( $8.3 \%$ ) than the current rate:

|  | $\mathbf{1 \%}$ <br> Decrease <br> $\mathbf{6 . 3 \%}$ | Current <br> Discount Rate <br> $\mathbf{7 . 3 \%}$ | $\mathbf{1 \%}$ <br> Increase <br> $\mathbf{8 . 3 \%}$ |
| :--- | :---: | :---: | :---: |
| PSPRS Sheriff | $\$ 27,497,026$ | $\$ 21,684,390$ | $\$ 16,947,493$ |
| Net pension liability <br> CORP Detention | $\$ 12,947,425$ | $\$ 9,138,556$ | $\$ 6,100,329$ |
| Net pension liability <br> CORP AOC | County's proportionate share <br> of the net pension liability | $\$ 26,292,738$ | $\$ 20,465,510$ |

Plan fiduciary net position—Detailed information about the plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

Expense-For the year ended June 30, 2020, the County recognized the following pension expense:

|  | Pension Expense |
| :--- | ---: |
| PSPRS Sheriff | $\$ 2,843,347$ |
| CORP Detention | $1,654,548$ |
| CORP AOC (County's proportionate share) | $2,422,588$ |

Deferred outflows/inflows of resources-At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| PSPRS Sheriff | Pension |  |
| :---: | :---: | :---: |
|  | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual experience. | \$1,067,177 | \$ 1,849,687 |
| Changes of assumptions and other inputs | 2,686,511 | - |
| Net difference between projected and actual earnings on plan investments | 340,041 | - |
| County contributions subsequent to the measurement date | 1,936,032 | - |
| Total | \$ 6,029,761 | \$ 1,849,687 |

Note 17 - Pensions and other Postemployment Benefits (continued)

| CORP Detention | Pension |  |
| :---: | :---: | :---: |
|  | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual experience. | \$ 46,134 | \$ 721,337 |
| Changes of assumptions and other inputs | 1,132,158 |  |
| Net difference between projected and actual earnings on plan investments | 204,735 | - |
| County contributions subsequent to the measurement date | 1,032,819 |  |
| Total | \$ 2,415,846 | \$ 721,337 |
| CORP AOC | Pension |  |
|  | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual experience. | \$ 1,462,306 | \$ 582,040 |
| Changes of assumptions and other inputs | 1,311,974 | - |
| Net difference between projected and actual earnings on plan investments | 384,773 | - |
| Changes in proportion and differences between county contributions and proportionate share of contributions (AOC Only) | - | 1,235,820 |
| County contributions subsequent to the measurement date | 1,751,020 | - |
| Total | \$ 4,910,073 | \$ 1,817,860 |

The amounts reported as deferred outflows of resources related to pensions resulting from county contributions subsequent to the measurement date will be recognized as an increase in the net asset or a reduction of the net liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:
Year ending

June 30 \begin{tabular}{cccc}

| PSPRS Sheriff |

Thereafter \& - \& - \& -
\end{tabular}

PSPDCRP plan-County sheriff employees, County detention officers, and AOC probation, surveillance, and juvenile detention officers who are not members of PSPRS or CORP participate in the PSPDCRP. The PSPDCRP is a defined contribution pension plan. The PSPRS Board of Trustees governs the PSPDCRP according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.1. Benefit terms, including contribution requirements, are established by State statute.

## Note 17 - Pensions and other Postemployment Benefits (continued)

For the year ended June 30, 2020, active PSPDCRP members were required by statute to contribute at least 9 percent (County sheriff employees) or 5 percent (County detention officers and AOC probation, surveillance, and juvenile detention officers) of the members' annual covered payroll, and the County was required by statute to contribute 9 percent or 5 percent, respectively, of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the earnings on those contributions. Employees vest in a portion of the County's contributions each year as set forth in statute. The plan retains non-vested County contributions when forfeited because of employment terminations. For the year ended June 30, 2020, the County recognized pension expense of $\$ 94,704$.

## C. Elected Officials Retirement Plan

Plan description-Elected officials and judges participate in the Elected Officials Retirement Plan (EORP), ASRS, or the Elected Officials Defined Contribution Retirement System (EODCRS). EORP administers a costsharing multiple-employer defined benefit pension plan for elected officials and judges who were members of the plan on December 31, 2013. The EORP pension plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the EORP plans. The report is available on PSPRS's website at www.psprs.com.

Benefits provided-The EORP provides retirement, disability and survivor benefits. State statute establishes benefit terms. Retirement, disability and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

EORP
Initial membership date:

| Retirement and Disability | Before January 1, 2012 | On or after January 1, 2012 |
| :---: | :---: | :---: |
| Years of service and age required to receive benefit | 20 years, any age 10 years, age 62 5 years, age 65 5 years, any age* any years and age if disabled | 10 years, age 62 5 years, age 65 any years and age if disabled |
| Final average salary is based on | Highest 36 consecutive months of last 10 years | Highest 60 consecutive months of last 10 years |
| Benefit percent Normal Retirement | 4\% per year of service, not to exceed $80 \%$ | $3 \%$ per year of service, not to exceed 75\% |
| Disability Retirement | $80 \%$ with 10 or more years of service $40 \%$ with 5 to 10 years of service $20 \%$ with less than 5 years of service | $75 \%$ with 10 or more years of service $37.5 \%$ with 5 to 10 years of service $18.75 \%$ with less than 5 years of service |
| Survivor Benefit Retired Members | 75\% of retired member's benefit | $50 \%$ of retired member's benefit |
| Active Members and Other Inactive Members | 75\% of disability retirement benefit | $50 \%$ of disability retirement benefit |

*With reduced benefits of $0.25 \%$ for each month early retirement precedes the member's normal retirement age, with a maximum reduction of $30 \%$.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. In addition, the Legislature may enact permanent one-time benefit increases after a Joint Legislative Budget Committee analysis of the increase's effects on the plan.

Contributions-State statutes establish active member and employer contribution requirements. Statute also appropriates $\$ 5$ million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a

Note 17 - Pensions and other Postemployment Benefits (continued)
portion of certain court fees for the EORP. For the year ended June 30, 2020, statute required active EORP members to contribute 7 or 13 percent of the members' annual covered payroll and the County to contribute at the actuarially determined rate of 61.43 percent of all active EORP members' annual covered payroll. Also, statute required the County to contribute 49.49 percent to EORP of the annual covered payroll of elected officials and judges who were ASRS members and 55.43 percent to EORP of the annual covered payroll of elected officials and judges who were EODCRS members, in addition to the County's required contributions to ASRS and EODCRS for these elected officials and judges.

The County's contributions to the pension plan for the year ended June 30, 2020, were $\$ 1,231,113$.
During fiscal year 2020, the County paid for EORP pension contributions as follows:

| General Fund | Other Major funds |  | Other Nonmajor funds |
| :---: | :---: | :---: | :---: |
| $96.25 \%$ |  | $1.27 \%$ |  |

Liability—At June 30, 2020, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the County were as follows:

| County's proportionate share of the EORP net <br> pension liability | $\$ 17,552,232$ |
| :--- | ---: |
| State's proportionate share of the EORP net |  |
| pension liability associated with the County |  |
| Total | $1,649,728$ |

The net liability was measured as of June 30,2019 , and the total liability used to calculate the net liability was determined by an actuarial valuation as of that date. The total liabilities as of June 30, 2019, reflect changes of actuarial assumptions to decrease the investment rate of return from 7.4 percent to 7.3 percent and update the mortality rates. The County's proportion of the net pension liability was based on the County's required contributions to the plan relative to the total of all participating employers' required contributions for the year ended June 30, 2019. The County's proportion measured as of June 30, 2019, was 2.646688 percent, which was an increase of 0.461981 from its proportion measured as of June 30, 2018.

Expense / (Income)—For the year ended June 30, 2020, the County recognized a negative pension expense for EORP of $\$(3,968,498)$, and a negative revenue of $\$(114,690)$ for the County's proportionate share of the State's appropriation to EORP and the designated court fees.

Deferred outflows/inflows of resources-At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| EORP | Pension <br> Deferred Outflow <br> of Resources |  |
| :--- | ---: | ---: |
| Deferred Inflow <br> of Resources |  |  |
| Differences between expected and actual experience | $\$ 391,331$ | $\$ 16,646$ |
| Changes of assumptions or other inputs | 55,181 | 498,789 |
| Net different between projected and actual investment <br> earnings on pension plan investments | 119,415 | - |
| Changes in proportion and differences between County <br> contributions and proportionate share of contributions <br> County contributions subsequent to the measurement <br> date | $2,062,520$ | 72,849 |
| Total | $1,231,113$ | - |

## Note 17 - Pensions and other Postemployment Benefits (continued)

The amounts reported as deferred outflows of resources related to EORP pensions resulting from county contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized as expenses as follows:

| Year ending June 30 | Pension |
| :---: | ---: |
| 2021 | $\$ 2,006,326$ |
| 2022 | $(30,453)$ |
| 2023 | 33,346 |
| 2024 | 30,944 |

Actuarial assumptions-The significant actuarial assumptions used to measure the total pension liability are as follows:

EORP
Actuarial valuation date Actuarial cost method Investment rate of return Wage inflation
Price inflation
Cost-of-living adjustment
Mortality rates
Healthcare cost trend rate

June 30, 2019
Entry age normal
7.3\%
3.75\%
2.5\%
1.75\%

PubG-2010 tables
Not applicable

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5 -year period ended June 30, 2016.

The long-term expected rate of return on EORP plan investments was determined to be 7.3 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.
The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| EORP | Target <br> Allocation | Long-Term <br> Expected Geometric <br> Real Rate of Return |
| :--- | :---: | :---: |
| Asset Class | $2 \%$ | $0.25 \%$ |
| Short term investments | $4 \%$ | $4.01 \%$ |
| Risk parity | $5 \%$ | $3.00 \%$ |
| Fixed income | $9 \%$ | $6.75 \%$ |
| Real assets | $12 \%$ | $4.01 \%$ |
| GTS | $16 \%$ | $5.36 \%$ |
| Private credit | $10 \%$ | $4.50 \%$ |
| Real estate | $12 \%$ | $8.40 \%$ |
| Private Equity | $14 \%$ | $5.00 \%$ |
| Non-U.S. equity | $\underline{16 \%}$ | $4.75 \%$ |
| U.S. equity | $\underline{100 \%}$ |  |

Discount rates—At June 30, 2019, the discount rate used to measure the EORP total pension liability was 7.3 percent, which was a decrease of 0.1 from the discount rate used as of June 30, 2018. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the actuarially determined rates, and State contributions will be made as currently required by statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 17 - Pensions and other Postemployment Benefits (concluded)
Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate-The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.3 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.3 percent) or 1 percentage point higher ( 8.3 percent) than the current rate:

| EORP | 1\% Decrease | Current Discount | 1\% Increase |
| :--- | :---: | :---: | :---: |
| Rate - Pension | $(6.3 \%)$ | $(7.3 \%)$ | $(8.3 \%)$ |
| County's proportionate share <br> of the net pension liability | $\$ 20,099,945$ | $\$ 17,552,232$ | $\$ 15,382,265$ |

Plan Fiduciary Net Position-Detailed information about the plan's fiduciary net position is available in the separately issued EORP financial report.

EODCRS plan - Elected officials and judges who are not members of EORP or ASRS participate in the EODCRS. The EODCRS is a defined contribution pension plan. The PSPRS Board of Trustees governs the EODCRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 3.1 and 3.2. Benefit terms, including contribution requirements, are established by State statute.

For the year ended June 30, 2020, active EODCRS members were required by statute to contribute 8 percent of the members' annual covered payroll, and the County was required by statute to contribute 6 percent of active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the County's contributions to the individual employee account and the earnings on those contributions. For the year ended June 30, 2020, the County recognized pension expense of $\$ 16,170$.

## Note 18 - Interfund Balances and Activity

Interfund transfers - Interfund transfers for the year ended June 30, 2020, were as follows:
Transfers From:

| Transfers To: | Transfers From: |  |  |  |  |  |  | Totals |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | General Fund | $\begin{gathered} \hline \text { Jail District } \\ \hline \text { General } \\ \text { Operations } \end{gathered}$ | Library Distirct General Operations |  | alth District <br> General <br> operations | Nonmajor Governmental Funds |  |  |
| General Fund | - | - | - |  |  | \$ | 366,295 | \$ 366,295 |
| Capital Improvements Fund | \$ 1,595,059 | - | - | \$ | 96,000 |  | - | 1,691,059 |
| Jail District, Operations | 7,385,267 | - | - |  | - |  | - | 7,385,267 |
| Health Services District | 786,898 | - | - |  | - |  |  | 786,898 |
| Nonmajor Governmental Funds | 1,721,820 | \$ 1,716,266 | \$ 3,020,006 |  | 773,000 |  | 137,773 | 7,368,865 |
| Totals | \$ 11,489,044 | \$ 1,716,266 | \$ 3,020,006 | \$ | 869,000 | \$ | 504,068 | \$ 17,598,384 |

The majority of the larger transfers listed, resulted from required debt service payments and reserves. The most significant transfers from the general fund were due to the required statutory subsidies (maintenance of effort); to the Jail and Health District's operations in the amounts of $\$ 7,385,267$ and $\$ 786,898$ respectively. Also, the general fund contributed to various funds to support their operations in the amount of $\$ 1,721,820$. The Library District's transfer of $\$ 3,020,006$ was to a debt service fund for payment of outstanding General Obligation Bonds. The Jail District's transfer of $\$ 1,716,266$ was to a debt service fund for payment of outstanding debt. The Health District transferred a total of $\$ 869,000$ as follows: $\$ 360,000$ to its animal control program; $\$ 360,000$ to its grant fund to support operations; $\$ 96,000$ for capital improvements; and the remaining $\$ 53,000$ to facilities managements for maintenance projects.

Note 18 - Interfund Balances and Activity (concluded)
All transfers are consistent with the funds' purposes, the County's policy, and as permitted by State Law.

Interfund receivables and payables - Interfund balances at June 30, 2020, were as follows:

| Payables To: | Payables From: |  |  |  |  |  |  |  |  |  |  |  |  |  | Totals |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | General Fund | Jail District General Operations |  | $\begin{gathered} \hline \text { Library Distirct } \\ \hline \text { General } \\ \text { Operations } \\ \hline \end{gathered}$ |  | $\begin{aligned} & \frac{\text { Flood District }}{\text { General }} \\ & \text { Operations } \\ & \hline \end{aligned}$ |  | $\begin{aligned} & \hline \text { Health District } \\ & \text { General } \\ & \text { Operations } \end{aligned}$ |  | Arizona <br> CAREs <br> Grant$\$ 2,536,730$ | Internal <br> Service <br> Fund |  | Nonmajor Governmental Funds |  |  |  |
| General Fund | \$4,680,923 | \$ | 30,328 | \$ | 2,969 | \$ | 92,348 | \$ | 478 |  | \$ | 26,033 | S | 423,079 | \$ | 7,792,888 |
| Jail District, Operations |  |  |  |  |  |  |  |  |  | 140,790 |  |  |  | 36,583 |  | 177,373 |
| Library District, Operations |  |  |  |  |  |  |  |  |  |  |  |  |  | 844 |  | 844 |
| Health Services District |  |  |  |  |  |  |  |  |  |  |  |  |  | 1,032,605 |  | 1,032,605 |
| Internal Service Funds | 162,848 |  |  |  |  |  |  |  |  |  |  |  |  | 60,331 |  | 223,179 |
| Nonmajor Governmental Funds | - |  |  |  |  |  |  |  |  | 175,305 |  | 41,825 |  | 923,144 |  | 1,140,274 |
| Totals | \$4,843,771 | \$ | 30,328 | \$ | 2,969 | \$ | 92,348 | \$ | 478 | \$ 2,852,825 |  | 67,858 |  | 2,476,586 |  | 0,367,163 |

The outstanding balances between funds mainly result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. These balances are all consistent with the various funds' purpose and the County's policy. All interfund balances are expected to be repaid within one year.

## Note 19 - Subsequent Events

On December 7, 2020 during the regular Board of Supervisors meeting, the Board of Supervisors approved Resolution 2020-52, authorizing the issuance of a pledged revenue obligations series 2020.

The Yuma County Series 2020 pledged revenue obligations were authorized in the amount of $\$ 35,070,000$. The taxable obligations are callable after ten (10) years. The Series 2020 carries a $2.38 \%$ average interest rate and is payable semiannually, principal is due yearly, and matures July 15, 2035. The County realized net proceeds of $\$ 34,379,254$ after payment of $\$ 690,746$ in issuance costs and underwriter's discount. The proceeds were immediately utilized to fully fund and refinance the County's current unfunded liabilities for its Public Safety Personnel Retirement System pension plan in the amount of $\$ 24,150,258$; and the Corrections Officer Retirement Plan in the amount of $\$ 10,228,996$.

Yuma County
Required Supplementary Information

## Notes to Budgetary Comparison Schedules

June 30, 2020

## Note 1 - Budgeting and Budgetary Control

Arizona Revised Statutes (A.R.S.) requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors' approval. With the exception of the General Fund, Health Services District General Operations fund, Fill the Gap fund, and Capital Improvements fund, each fund includes only one department.

## Note 2 - Budgetary Basis of Accounting

The County's budgets are prepared on a basis consistent with generally accepted accounting principles.

## Note 3 - Expenditures in excess of appropriations

For the year ended June 30, 2020, expenditures exceeded final budget amounts at the department level (the legal level of budgetary contro1) as follows:

Department /Fund
Public works- Solid waste:
General Fund

Excess
\$ 92,518

## Yuma County

## Required Supplementary Information

## Notes to Pension Plan Schedules

June 30, 2020

## Note 1 - Actuarially Determined Contribution Rates

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method
Amortization method
Remaining amortization period as of the 2018 actuarial valuation
Asset valuation method
Actuarial assumptions: Investment rate of return

Projected salary increases

Wage growth

Retirement age

Mortality

Entry age normal
Level percent-of-pay, closed
19 years
7-year smoothed market value; 80\%/120\% market corridor
In the 2017 actuarial valuation, the investment rate of return was decreased from $7.50 \%$ to $7.40 \%$. In the 2016 actuarial valuation, the investment rate of return was decreased from $7.85 \%$ to $7.50 \%$. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0\% to 7.85\%
In the 2017 actuarial valuation, projected salary increases were decreased from $4.00 \%-8.00 \%$ to $3.50 \%-7.50 \%$ for PSPRS and from $4.00 \%-7.25 \%$ to $3.50 \%-6.50 \%$ for CORP. In the 2014 actuarial valuation, projected salary increases were decreased from $4.50 \%-8.50 \%$ to $4.00 \%$ $8.00 \%$ for PSPRS and from $4.50 \%-7.75 \%$ to $4.00 \%-7.25 \%$ for CORP. In the 2013 actuarial valuation projected salaries increases were decreased from $5.00 \%-9.00 \%$ to $4.50 \%-8.50 \%$ for PSPRS and from $5.00 \%-8.25 \%$ to 4.50\%-7.75\% for CORP.

In the 2017 actuarial valuation, wage growth was decreased from 4.00\% to $3.50 \%$ for PSPRS and CORP. In the 2014 actuarial valuation, wage growth was decreased from $4.50 \%$ to $4.00 \%$ for PSPRS and CORP. In the 2013 actuarial valuation, wage growth was decreased from $5.00 \%$ to $4.50 \%$ for PSPRS and CORP.
Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
In the 2017 actuarial valuation, changed to RP-2014 tables, with 75.00\% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by $105 \%$ for both males and females)

## Note 2 - Factors that Affect Trends

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS, CORP, CORP-AOC and EORP changed benefits terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS and EORP also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS-,CORP-, and CORP-AOC-required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date.

## Yuma County

## Required Supplementary Information <br> Notes to Pension Plan Schedules

June 30, 2020

## Note 2 - Factors that Affect Trends (concluded)

These changes increased the PSPRS-,CORP-, and CORP-AOC-required contributions beginning in fiscal year 2019 for members who retired or will retire after law's effective date. EORP-required contributions are not based on actuarial valuations, and therefore, these changes did not affect them.

Also, the County refunded excess employee contributions to PSPRS and EORP members, PSPRS and EORP allowed the County to reduce its actual employer contributions for the refund amounts. As a result, the County's pension contributions were less than the actuarially or statutorily determined contributions for both PSPRS and EORP in 2018 and for EORP in 2019.

The fiscal year 2019 (measurement date 2018) pension liabilities for EORP and CORP reflect the replacement of the permanent benefit increase (PBI) for retirees based on investment returns with a cost of living adjustment based on inflation. Also, the EORP liability and required pension contributions for fiscal year 2019 reflect a statutory change that requires the employer contribution rate to be actuarially determined. This change increased the discount rate used to calculate the liability thereby, the total pension liability.

## Modified Approach for County's Paved Roads

In accordance with GASB Statement No. 34, Yuma County is required to account for and report infrastructure capital assets. The County defines infrastructure as long-lived capital assets that normally are stationary in nature and can be preserved for a significant greater number of years than most capital assets. Yuma County's major infrastructure network systems include the roads system, bridges and large culverts systems, storm drains and sewer systems, and traffic signals systems. Each major infrastructure network system can be divided into subsystems. For example, the roads system can be divided into county highway, subdivision, and public access asphalt pavements roads; and gravel roads. Network subsystem detail is not presented in these basic financial statements; however, the County maintains detailed information on these subsystems.

Yuma County has elected to use the "Modified Approach" as defined by GASB Statement No. 34 for infrastructure reporting for its Asphalt Pavements Road Subsystem only. Assets accounted for under the modified approach include approximately 609.19 center lane miles of paved roads that the County is responsible to maintain and preserve.

Under GASB Statement No. 34, eligible infrastructure capital assets are not required to be depreciated under the following requirements:
> Eligible infrastructure must be part of a network or network subsystem.
> The County manages the eligible infrastructure capital assets using an asset management system with the following characteristics: (1) it has an up-to-date inventory; (2) it performs condition assessment and summarizes the results using a measurement scale; and (3) it estimates the annual amount to maintain and preserve the subsystem at the established condition assessment level.
> The County must commit to a predetermined condition level, and the County's board of supervisors must have made that commitment in an open forum and documented the decision.
> The County documents that the eligible infrastructure capital assets are being preserved approximately at or above the established and disclosed condition assessment level.

In May 2003, the Yuma County Board of Supervisors adopted a resolution to maintain eligible asphalt pavements roads at an average overall condition index (OCI) level of 65. County-owned roads are classified based on land use, access and traffic utilization into the following three classifications: County highways, subdivisions, and public access roads.

To manage and preserve eligible roads, Yuma County utilizes a Pavement Management System. The County's Pavement Management System's purpose is to develop a cost effective rehabilitation program that preserves the County's roads investment and enhances public transportation and safety. Each road segment is evaluated using 8 different road distress factors: cracking, potholes, rutting, bleeding, adhesive failure, loss of fine aggregate, shoulder drop off, and polished aggregate. All of these factors are averaged to obtain a distress rating. Additionally, 6 pavement quality factors are rated: geometrics, ride, safety, service level, surface friction, and structure. These evaluations (distress and pavement quality) are combined to obtain an "Overall Condition Index" (OCI); this index is then assigned to each road and expressed in a continuous scale from 0 to 100, for which 0 is assigned to the least acceptable road condition and 100 is assigned the physical characteristics of a new road. The following conditions were defined:

|  | Condition |
| :--- | ---: |
| Excellent - OCl Range |  |
| Very good | $100-80$ |
| Above average - Good | $80-65$ |
| Average | $65-40$ |
| Below average - Poor | $40-20$ |
| Very poor - Needs immediate work | $20-0$ |

## Modified Approach for County's Paved Roads (Concluded)

Yuma County Department of Public Works, in preparation for compliance with GASB Statement No. 34, contracted IMS Infrastructure Management Services to complete a full evaluation off all County Roads completed in December 2019. The prior assessment study was completed on September 2017.

The County's adopted policy is to maintain and preserve eligible infrastructure roads at an average OCl rating of 65. As of June 30 2020, the County's eligible roads were rated at an OCI of 67.03 on average with the following detailed conditions:
Excellent - Vondition Very good
Above average - Good
Average
Below average - Poor
Very poor - Needs immediate work

| \% of Street | OCI Range |
| ---: | ---: |
| $22.74 \%$ | $100-80$ |
| $40.63 \%$ | $80-65$ |
| $35.83 \%$ | $65-40$ |
| $0.69 \%$ | $40-20$ |
| $0.11 \%$ | $20-0$ |

The County is continuously taking action to stop road deterioration through short-term maintenance activities such as pothole patching, sweeping, and sidewalk repairs. The County expended $\$ 2,252,687$ on maintenance for the fiscal year ended June 30, 2020. These expenditures were needed in order to increase the average OCI condition of 67.03 to a more acceptable level. The County has estimated that the amount of annual expenditures required for maintaining paved roads at the average OCl of 65 is a minimum of $\$ 2,004,510$ for the fiscal year ending June 30, 2021. This is a decrease of $\$ 529,710$ in expenditures over the prior year.

The 2020 estimated budget decreased by $\$ 17,710$. The 2020 actual expenditures were $\$ 281,533$ less than the estimated budget due to the cancelation of asphalt emulsion product no longer available. A schedule of estimated annual amounts calculated to maintain and preserve its streets at the current level compared to actual expenditures for road maintenance for the last 10 (ten) years is presented below:

| Fiscal Year | Maintenance Estimate | Actual Expenditures | OCI Rating |
| :---: | :---: | :---: | :---: |
| 2011-2012 | 1,672,691 | 1,318,980 | 74.71 |
| 2012-2013 | 856,254 | 999,615 | 74.67 |
| 2013-2014 | 700,466 | 728,598 | 69.45 |
| 2014-2015 | 966,238 | 1,101,765 | 70.58 |
| 2015-2016 | 1,041,077 | 1,249,642 | 71.12 |
| 2016-2017 | 1,218,286 | 1,309,855 | 70.65 |
| 2017-2018 | 2,211,490 | 1,841,910 | 69.84 |
| 2018-2019 | 2,551,930 | 2,024,978 | 68.40 |
| 2019-2020 | 2,534,220 | 2,252,687 | 67.03 |
| 2020-2021 | 2,004,510 | N/A | N/A |

## STATISTICAL SECTION

The Statistical Section should assist the user of the CAFR (Comprehensive Annual Financial Report) in understanding the environment in which Yuma County operates. This section discloses economic, financial, and demographic information that is interesting and relevant to assessing Yuma County's financial condition. A listing of the statistical topics is provided on the following pages.

Financial Trends 211
These schedules provide trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity
These schedules contain trend information to help the reader assess the County's most significant revenue source, the property tax.

Debt Capacity
These schedules contain trend information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Economic and Demographic Information 251
These schedules offer economic and demographic indicators to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Operational Information 259
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive financial reports for the relevant year

Arizona has two tax divisions - primary and secondary assessed values. General Fund Operating property taxes are restricted to being applied to the primary value. Special Districts are assessed based upon the secondary value for the designated district; Secondary (1) Library district and Secondary (2) Flood Control district.

Per the Arizona Constitution, Counties may issue general obligation bonds up to $6 \%$ of the jurisdiction's net secondary assessed valuation without voter approval. Voter approval is required before issuing over the 6\%. With voter approval counties may issue general obligation bonds up to $15 \%$ of the jurisdiction's net secondary assessed valuation.
(Arizona Constitution, Article 9, Section 8)

## Estimated Coverage

(1) The Jail District receives revenues from a voter approved .05 cent privilege tax applied to all sales within the county. Monies to meet the debt requirements have been pledged to pay the bonds. All bonds are scheduled to be fully paid by Fiscal Year 2015 when the tax is set to terminate unless the tax is extended by voter action.
(2) A Capital Sales Tax of .05 cents was approved by voters in 2000 for the purpose of construction of specific capital certificates of participation which had been previously issued. This tax was to continue until the total amount approved by the voters was collected. The tax was terminated in January, 2007 at which time the total amount approved was anticipated to be collected.
(3) The Library District, by voter action in 2005, approved issuance of $\$ 53,765,000$ in bonds to cover the construction of new library facilities, and the levying of a property tax to repay the bonds. Upon repayment of these bonds the property tax will be discontinued.
(4) Special Assessment Districts are formed under Arizona Revised Statutes to provide for infrastructure improvements construction and operation of these activities, irrigation, street lighting, sewer and water, roads, etc. These districts are established by the owners of the parcels for the specific benefit of on the members of the district to cover all costs for the operation of the district and the repayment of any debt incurred to provide for the improvements
