

Yuma County

Annual financial statement and compliance audits

The County’s fiscal year 2025 reported financial information is reliable. However, the County’s auditors reported deficiencies over financial reporting, summarized on the next page.¹

Audits’ purpose

To express opinions on the County’s financial statements and on compliance with certain federal requirements and, if applicable, to report findings over noncompliance with certain laws and regulations or other financial deficiencies.

FY 2025 largest primary revenue sources as a percentage of total revenues

- ▶ **Federal and State grants and programs, 38.1%**

Includes federal and State government grants and programs awarded as assistance to the County and its residents, including highway user tax revenues for authorized transportation purposes.

- ▶ **County property taxes, 19.9%**

Levied and collected from property owners based on the assessed value of real and personal property within the County.

FY 2025 largest primary expense purposes as a percentage of total expenses

- ▶ **General government, 35.9%**

Costs for general operation, oversight, and administration of County operations, including property assessments and taxes, budgeting and finance, and elections.

- ▶ **Public safety, 29.1%**

Costs for protecting the County's persons and property with the largest portion for County jail operations, County Sheriff's office services, probation services, and Flood Control District operations.

County's net position increased in FY 2025

County revenues were \$57.1 million greater than its expenses, increasing total net position to \$580.6 million at June 30, 2025. Net position includes all assets, such as buildings, vehicles, and cash and investments, less all liabilities, such as unpaid pension and other payroll obligations, long-term debt, and accounts payable. None of this net position is unrestricted, meaning some is not in spendable form, and the rest is restricted by external parties.

Auditor findings and recommendations

Summarized below are the findings and recommendations included in the County's [Single Audit Report](#) where there is further information and the County's responses.

The County needs to:

- ▶ Prioritize developing, documenting, and implementing policies and procedures over its information technology (IT) systems and data, including sensitive data, to effectively prevent, detect, and respond to unauthorized or inappropriate access or use, manipulation, damage, or loss. The County's auditors found that processes for managing and documenting risks and control procedures over IT systems and data were not sufficient, which may put County operations and IT systems and data at unintended and unnecessary risk of potential harm. Similar IT findings were initially reported in fiscal year 2018.
