

Arizona Auditor General

We replaced the FY 2027 [Preliminary Budget Forms](#) zip file on our website to update the following cells in the [budget27](#) file:

Data Entry

- J6 – added the formula: =TEXTSPLIT("AZ Dept of Juvenile Corrections (AZDJC), BocaVox (Maestro), Edupoint (Edupoint), Edupoint (Synergy), Hane Solutions (SchoolDex), InfiniteCampus (InfiniteCampus), JupiterEd (JupiterEd), MediaNet Solutions (e-IEP PRO), Mesa Distance Learning Program (MDLP), Pearson (Connexus), PowerSchool (PowerSchool), Strongmind (Strongmind), Tyler Technologies (Schoolmaster), Tyler Technologies (Tyler V10)",", ")
- F6 – updated the data validation source to: =\$J\$6:\$W\$6
- F10 – updated the data validation source to: Yes,No

Districts should either extract the updated budget27.xlsx file to the C:\CSFORMS or update the existing file by following the instructions below.

1. Unprotect the tab in the file.
2. Add the formula in J6 as shown above
3. Update the data validation sources in Data Entry, F6 and F10 to those shown above.
 1. Select cell F6 and F10, as applicable
 2. In the Data ribbon at the top, click the Data Validation drop-down list and select Data Validation.
 3. Copy and paste the corrected text above in the Source box, as applicable.
4. As an alternative to updating the formula and data validation sources in cells J6, F6, and F10 as described above, you may manually enter the applicable SIS Vendor your charter uses in cell F6 (must be spelled exactly as indicated in the list of vendors listed above) and manually enter Yes or No, describing whether your charter is exempt from the USFRCS.
5. After updating the formulas and the data validations, re-protect the modified page. If the sheets are not protected, the formula cells will be unlocked and subject to accidental changes.

If you have questions, please contact Michael Carnahan or Kyle Leone at asd@azauditor.gov or (602) 977-2796.
