We have issued the final fiscal year (FY) 2027 [charter school budget forms](#) in conjunction with the Arizona Department of Education (ADE). As the Fifty-seventh Legislature, Second Regular Session, has now concluded, these budget forms include additional enacted legislation. Changes from the previous year's budget forms have been highlighted light yellow. The most significant changes are described below.

### Data Entry

- Added lines for schools to account for the State aid supplement, onetime charter additional assistance (CAA) supplement, and onetime free or reduced-price lunch (FRPL) Group B weight supplement. (Laws 2026, Ch. 126, Sec. 31)

### BSA55

- Updated the charter additional assistance per student amounts. (Laws 2026, Ch. 135, Sec. 1)

### Project balances

- Added a line for schools to enter FY 2026 beginning project balance adjustments, if any.

The final forms include previously communicated formula corrections.

Schools that have already proposed their budgets may use these final forms to adopt their budgets. Schools that have not yet proposed their budgets should use these final forms to propose and adopt their budgets. Schools should use these final budget forms for budget revisions, as necessary, in accordance with Arizona Revised Statutes §15-185(B)(2). ADE will not accept budget revisions submitted on the preliminary budget forms. Schools must upload any revised forms through ADE's School Finance Budget System.
