

Community college financial statements and single audit reporting guidelines–2016

The Office of the Auditor General created these reporting guidelines following the Governmental Accounting Standards Board's, the Office of Management and Budget's, and the American Institute of Certified Public Accountants' authoritative literature. They include illustrative examples of financial statements, disclosures, and schedules, as well as the auditors' reports. The examples are neither authoritative nor required to be followed. Instead, they provide sample displays and disclosures to help ensure consistent and accurate presentation.

When district management uses these guidelines, management agrees to take responsibility for preparing and fairly presenting the District's basic financial statements, related note disclosures, and all accompanying information, including required supplementary information (RSI), supplementary information other than RSI, and other required disclosures. District management should ensure that its reports follow applicable authoritative guidance.

This font signifies an instruction or explanation that should not appear in the final report.

(Letterhead)

Independent auditors' report

Members of the Arizona State Legislature

The Governing Board of
_____ County Community College District

Report on the financial statements

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the _____ County Community College District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based solely on the other auditors' report. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The other auditors did not audit the discretely presented component unit's financial statements in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of _____ County Community College District as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of matter

Adoption of new accounting standard—Add an emphasis-of-matter paragraph for consistency here if the District adopted a new GASB accounting standard during fiscal year 2016 and the implementation of the new standard had a material effect on the District's financial statements/disclosures (i.e., GASB Statement No. 72, Fair Value Measurement and Application; GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68; GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments; GASB Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans; GASB Statement No. 79, Certain External Investment Pools and Pool Participants; and GASB Statement No. 82, Pension Issues). See AU-C §§708.07 and 708.A7 for additional guidance.

As discussed in Note __ to the financial statements, for the year ended June 30, 2016, the District adopted new accounting guidance, Governmental Accounting Standards Board Statement No. *(insert new accounting standards adopted)*. Our opinion is not modified with respect to this matter.

Correction of a material misstatement (error) in previously issued financial statements—Add an emphasis-of-matter paragraph here when beginning net position is restated to correct a material misstatement in the previously issued financial statements (AU-C §708.13).

As described in Note __ to the financial statements, the District restated beginning net position of its financial statements for the year ended June 30, 2016, to correct a misstatement(s) in its previously issued financial statements. Our opinion is not modified with respect to this matter.

Other matters

Required supplementary information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages __ through __, schedule of the District's proportionate share of the net pension liability on page __, and schedule of district pension contributions on page __ be presented to supplement the basic financial statements.¹ Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with

¹ If the District contributes to PSPRS and has included the District's PSPRS plan net pension liability in the financial statements, this sentence should be modified as follows: "U.S. generally accepted accounting principles require that the management's discussion and analysis on pages __ through __, schedule of the District's proportionate share of the net pension liability—cost-sharing pension plan on page __, schedule of district pension contributions on page __, schedule of changes in the District's net pension liability and related ratios—agent pension plan on page __, and schedule of agent OPEB plan's funding progress on page __ be presented to supplement the basic financial statements."

management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Add the following two paragraphs if the District includes a schedule of expenditures of federal awards with its financial statements.

Supplementary information—schedule of expenditures of federal awards

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards, as required by **Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards**, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards **is management's responsibility and** was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the schedule of expenditures of federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Add the following two paragraphs if the District issues a comprehensive annual financial report (CAFR).

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other reporting required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated **[date of report]**, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

OR

In accordance with *Government Auditing Standards*, we will issue our report on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Debbie Davenport
Auditor General

Date of auditors' report.

OR

Date of auditors' report, except for our report on the supplementary information—schedule of expenditures of federal awards for which the date is _____.

When reporting on the schedule of expenditures of federal awards (SEFA) in the auditors' report on the financial statements, the date of the report on the SEFA depends on when the auditors have completed the procedures relating to the SEFA. When those procedures are performed concurrently with the financial statements, the date on the SEFA would be the same as the auditors' report on the financial statements. However, when the procedures related to the SEFA are completed subsequent to the financial statement report date, the report on the schedule will carry a later date, resulting in a dual-dated report. See the AICPA Audit Guide, Government Auditing Standards and Single Audits, April 1, 2016, paragraphs 13.17 and 13.18.

When the discretely presented component unit's financial statements have not been audited, auditors should disclaim an opinion on those statements. When the discretely presented component unit's financial statements are not presented, auditors should issue an adverse opinion on the reporting entity's financial statements.

Illustrative auditors' reports, other than the preceding unmodified opinions on basic financial statements, are included in the AICPA Audit and Accounting Guide, State and Local Governments, as of March 1, 2016, Chapter 15, Appendix A.

Management's discussion and analysis

This should be printed on the District's letterhead or otherwise clearly noted that it is the District's document. The District's MD&A must comply with the provisions of GASB Statement 34, but cannot go beyond those provisions. Refer to GASB Statement 34, paragraphs 8-11 and GASB Statement 37, paragraph 4.

Our discussion and analysis of the District's financial performance provides an overview of the District's financial activities for the year ended June 30, 2016. Please read it in conjunction with the transmittal letter on page ___ and the District's basic financial statements, which begin on page ___. **Modify as needed.**

___ County Community College District in 2016

Using this annual report

Explain the reporting model—give a brief description of each financial statement, including how the statements relate to one another.

Analysis—

Discuss the District's current-year results in comparison with the prior year, emphasizing the current year. Explain the District's overall financial position from the statement of net position and results of operations from the statement of revenues, expenses, and changes in net position in a way that helps users assess whether conditions are better or worse than the previous year and why. MD&A should focus on the District. Determining whether to discuss matters related to a component unit is a matter of professional judgment and should be based on the component unit's significance and relationship with the District. If a component unit must be discussed, be sure the readers know that the discussion's focus has shifted. When appropriate, the District's MD&A should refer readers to the component unit's separately issued financial statements.

The analysis should focus on the reasons for significant changes rather than simply on the amounts or percentages of changes. The analysis should also take into account any important economic factors that significantly affected the District's operating results during the year. Use graphics where appropriate. Also where appropriate, incorporate the required elements listed in the next section. Also explain any restrictions, commitments, or other limitations that significantly affect the future use of resources.

Required elements—

The District should present the information needed to support the preceding analysis. Accordingly, MD&A must include comparative financial data derived from the financial statements comparing the current year to the prior year and must include the following elements:

- *Total assets, distinguishing between capital and other assets*
- *Total deferred outflows of resources*
- *Total liabilities, distinguishing between long-term liabilities and other liabilities*
- *Total deferred inflows of resources*
- *Total net position, distinguishing among net investment in capital assets, restricted amounts, and unrestricted amounts*
- *Operating revenues, by major source*
- *Total revenues*
- *Operating expenses, by function*
- *Total expenses*
- *Income before contributions to term and permanent endowments or permanent fund principal and special and extraordinary items*

Management's discussion and analysis

- *Contributions*
- *Special and extraordinary items*
- *Change in net position*
- *Ending net position*

Capital asset and debt administration—

Describe significant capital asset and long-term debt activity, including commitments for capital expenditures. Also discuss any changes in the District's credit ratings and debt limitations that may affect its ability to finance its plans.

Other—

Comment on any facts, decisions, or conditions known by the end of the auditors' fieldwork that could significantly impact the District's financial position or results of operations. Examples of these types of situations include acceptance or termination of major grant awards, claims adjudicated, natural disasters, significant increases in tuition rates, pollution remediation obligations, etc. These matters should include situations that occurred during the year and up through the auditors' opinion date.

Notes to financial statements
June 30, 2016

Note to preparers: In GASB Statement No. 38, the GASB emphasized that disclosure of immaterial information can be misleading and cited the following guidance in paragraph 6 of NCGA Interpretation 6:

The notes to financial statements should not be cluttered with unnecessary and immaterial disclosures. Attendant circumstances and materiality must be considered in assessing the propriety of the notes to the financial statements disclosures.

The 2012 GAAFR also emphasizes the importance of including only material disclosures and discourages negative disclosures such as "there are no subsequent events to report." See GAAFR, p. 346, for more information.

Note 1 - Summary of significant accounting policies

_____ County Community College District's accounting policies conform to generally accepted accounting principles applicable to public institutions engaged only in business-type activities adopted by the Governmental Accounting Standards Board (GASB).

Add and adapt the following paragraph if implementing GASB Statement Nos. 72, 73, or 76 had a material effect on the District's financial statements. Also, if GASB Statement No. 78 or 79 was applicable to the District and implementing the standard had a material effect on the District's financial statements, the District should address those standards in this paragraph as well.

For the year ended June 30, 2016, the District implemented the provisions of GASB Statement No. 72, *Fair Value Measurement and Application*; GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain provisions of GASB Statements 67 and 68*; and GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. GASB Statement No. 72 establish standards for measuring fair value and applying fair value to certain investments and disclosures related to all fair value measurements. GASB Statement No. 73 amended GASB Statement No. 68 requirements related to note disclosures for pension related required supplementary information and payables to defined benefit pension plans. GASB Statement No. 76 establishes the hierarchy of sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with generally accepted accounting principles. *Modify as necessary. GASB Statement No. 73 also includes provisions related to pension benefits provided through a pension plan that is not administered through a trust. Some of those provisions are effective for the year ended June 30, 2016, but many are not effective until the year ending June 30, 2017. If the District, provided pension benefits through a pension plan that is not administered through a trust, the District should implement the provisions effective for the year ended June 30, 2016, and modify the sentence above regarding GASB Statement No. 73 to address those provisions.*

Notes to financial statements
June 30, 2016

A. Reporting entity

The District is a special-purpose government **that a separately elected governing body governs**. It is legally separate and fiscally independent of other state and local governments. The accompanying financial statements present the activities of the District (the primary government) and its discretely presented component unit, the _____ Foundation.

The _____ Foundation is a legally separate, tax-exempt organization. It acts primarily as a fund-raising organization that receives gifts and bequests, administers those resources, and disburses payments to or on behalf of the District for scholarships, _____ *(modify as appropriate)*. Although the District does not control the timing or amount of receipts from the Foundation, the Foundation's restricted resources can be used only by or for the benefit of the District or its constituents. Consequently, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements.

For financial reporting purposes, the Foundation follows the Financial Accounting Standards Board statements for not-for-profit organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information included in the District's financial report. Accordingly, those financial statements have been reported on separate pages following the District's respective counterpart financial statements. For financial reporting purposes, only the Foundation's statements of financial position and activities are included in the District's financial statements as required by generally accepted accounting principles for public colleges and universities. The Foundation has a June 30 year-end.

During the year ended June 30, 2016, the Foundation distributed \$ _____ to the District for both restricted and unrestricted purposes. Complete financial statements for the Foundation are not available **OR** can be obtained from _____.

B. Basis of presentation and accounting

The financial statements include a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows.

A statement of net position provides information about the District's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at the end of the year. Assets and liabilities are classified as either current or noncurrent. Net position is classified according to external donor restrictions or availability of assets to satisfy the District's obligations. Net investment in capital assets represents the value of capital assets, net of accumulated depreciation, less any outstanding debt incurred to acquire or construct the assets. Nonexpendable restricted net position includes gifts that have been received for endowment purposes and federal contributions for the Federal Perkins Loan Program, the corpus of which cannot be expended. *Modify the preceding sentence as appropriate.* Expendable restricted net position represents grants, contracts, gifts, and other resources that have been externally restricted for specific

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

purposes. Unrestricted net position consists of all other resources, including those that have been designated by management to be used for other than general operating purposes.

A statement of revenues, expenses, and changes in net position provides information about the District's financial activities during the year. Revenues and expenses are classified as either operating or nonoperating, and all changes in net position are reported, including capital contributions and additions to endowments. Operating revenues and expenses generally result from exchange transactions. Accordingly, revenues, such as tuition and bookstore, food service, and dormitory charges, in which each party receives and gives up essentially equal values, are considered operating revenues. Other revenues, such as property taxes, state appropriations, and government grants, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

A statement of cash flows provides information about the District's sources and uses of cash and cash equivalents during the year. Increases and decreases in cash and cash equivalents are classified as either operating, noncapital financing, capital financing, or investing.

The financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. State appropriations are recognized as revenue in the year in which the appropriation is first made available for use. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

The District should disclose its policy for eliminating internal activity.

If both unrestricted and restricted net position are available prior to expenditure, the District should disclose its policy concerning which resources are used first.

C. Cash and investments

For the statement of cash flows, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's Local Government Investment Pool, and only those highly liquid investments with a maturity of 3 months or less when purchased. *Modify as appropriate.*

All investments are stated at fair value. *Modify if the District has any investments that are not stated at fair value. The District should describe any investments not reported at fair value and its policy for valuing them.*

Except as provided in GASB Statement No. 72, paragraph 69, the District should report all investments at fair value. Exceptions to reporting investments at fair value include:

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

- *Nonparticipating interest-earning investment contracts should be stated at cost.*
- *Money market investments and participating interest-earning investment contracts with a remaining maturity of 1 year or less at the time of purchase should be stated at amortized cost.*

See GASB Statement No. 72, paragraph 69, for additional exceptions.

D. Inventories

The bookstore inventory is stated at cost by specific identification. All other inventories are stated at the lower of cost (first-in, first-out method) or market.

E. Capital assets

Capital assets are reported at actual cost (or estimated historical cost if historical records are not available). Donated assets are reported at **acquisition value**.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

| | Capitalization threshold | Depreciation method | Estimated useful life |
|---|-----------------------------|------------------------|--------------------------|
| Land | | | |
| Land improvements | | | |
| Buildings | | | |
| Equipment | | | |
| Intangibles <i>(may list by major categories)</i> | | | |
| Library books | | | |
| Capitalized collections | | | |

F. Deferred outflows and inflows of resources

The statement of net position includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as a revenue in future periods.

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

G. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

H. Investment earnings

Investment earnings is composed of interest, dividends, and net changes in the fair value of applicable investments.

I. Scholarship allowances

A scholarship allowance is the difference between the stated charge for goods and services the District provides and the amount that the student or third parties making payments on the student's behalf pays. Accordingly, some types of student financial aid, such as Pell grants and scholarships the District awards, are considered scholarship allowances. These allowances are netted against tuition and fees revenues in the statement of revenues, expenses, and changes in net position.

J. Compensated absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave employees earned based on services already rendered.

Employees may accumulate up to ___ hours of vacation depending on years of service, but they forfeit any unused vacation hours in excess of the maximum amount at (fiscal/calendar) year-end. Upon terminating employment, the District pays all unused and unforfeited vacation benefits to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative, but employees forfeit them upon terminating employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, for employees who *describe the circumstances (for example, employees with a certain number of years of service and/or over a certain age)*, sick leave benefits do vest and, therefore, are accrued as a liability in the financial statements.

Note _ - Correction of a misstatement—Prior-period adjustment

A correction of a material misstatement (error) in previously issued financial statements should be reported as a prior-period adjustment. A prior-period adjustment is reported in the year a misstatement is discovered as a restatement of beginning net position for the effects. Misstatements

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

in financial statements may result from factors such as mathematical mistakes, mistakes in the application of accounting principles, classification errors, or oversight or misuse of facts that existed at the time the financial statements were prepared. The cumulative effect of a misstatement in previously issued financial statements that is not deemed material should be corrected prospectively in the current year's financial statements.

In addition, the following disclosures are required for a correction of a misstatement. See GASB Statement 62 for additional guidance.

- 1. The nature of the misstatement,*
- 2. The effect of the misstatement on beginning net position, and*
- 3. The effect of the misstatement with respect to the amount reported for changes in net position in the previous fiscal year.*

When a material misstatement is discovered subsequent to the issuance of the financial statements, management must take the following steps to ensure that anyone in receipt of the audited financial statements is informed of the situation, including that the audited financial statements are not to be relied upon. Management's steps may include the following, see AU-C §560:

- Notification to anyone who is known to be relying or who is likely to rely on the financial statements that the auditors' report and financial statements are not to be relied upon and that revised financial statements, together with a new auditors' report, will be issued.*
- Issuing, as soon as practicable, revised financial statements with appropriate disclosure of the misstatement.*
- Issuing the subsequent year's financial statements with the appropriate disclosure of the misstatement. This is usually appropriate when issuance of the subsequent year's financial statements is imminent.*

The auditor should include an emphasis-of-matter paragraph in the auditors' report when there is an adjustment to correct a material misstatement in previously issued financial statements, see AU-C §708.

Note _ - Change in accounting principle OR Change in accounting estimate OR Change in reporting entity

Change in accounting principle—For a change in accounting principle, including the implementation of a new accounting principle, the effects of the change should be reported as a restatement of beginning net position. In addition, the following disclosures are required for a change in accounting principle. see GASB Statement No. 62 for additional guidance.

- 1. A description of the new accounting principle,*
- 2. An explanation of why the new treatment is considered preferable (for changes other than the implementation of a new accounting principle), and*
- 3. The effect of the change on beginning net position.*

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Change in accounting estimate—A change in accounting estimate results from new information or subsequent developments and, accordingly, from better insight or improved judgment. Future events and their effects cannot be perceived with certainty; estimating, therefore, requires the exercise of judgment. Therefore, accounting estimates change as new events occur, as more experience is acquired, or as additional information is obtained.

The effects of a change in an accounting estimate should be accounted for in the period of change. The effect on the changes in net position of the current period should be disclosed for a change in estimate that affects several future periods, such as a change in service lives of depreciable assets. Disclosure of the effect on the changes in net position is not necessary for estimates made each period in the ordinary course of accounting for items such as uncollectible accounts or inventory obsolescence. See GASB Statement No. 62 for additional guidance.

Change in reporting entity—When there is a change in the organizations included in the reporting entity (e.g., addition or removal of a component unit), the effects of the change should be reported as a restatement of beginning net position. In addition, the following disclosures are required for the change in reporting entity, see GASB Statement No. 62 for additional guidance:

- 1. A description of the nature of the change,*
- 2. The reasons for the change, and*
- 3. The effects of the change in reporting entity on beginning net position.*

Note _ - Deposits and investments

Arizona Revised Statutes (A.R.S.) requires the District to deposit special tax levies for the District's maintenance or capital outlay with the County Treasurer. Although not statutorily required, the District has also chosen to deposit other public monies in its custody with the County Treasurer. A.R.S. requires collateral for deposits at 102 percent of all deposits not covered by federal depository insurance. A.R.S. does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the District's investments.

OR

Arizona Revised Statutes (A.R.S.) requires the District to deposit special tax levies for the District's maintenance or capital outlay with the County Treasurer. A.R.S. does not require the District to deposit other public monies in its custody with the County Treasurer; however, the District must act as a prudent person dealing with another's property when making investment decisions about those monies. A.R.S. requires collateral for deposits at 102 percent of all deposits not covered by federal depository insurance. A.R.S. does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk for the District's investments.

Deposits—At June 30, 2016, the carrying amount of the District's deposits was \$_____, and the bank balance was \$_____. *Describe the District's formal policy with respect to custodial credit risk or*

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

indicate that the District does not have a policy. If the District has any category 3 deposits at June 30, 2016, add the following recap and modify as necessary.

At June 30, 2016, \$ _____ of the District's bank balance was exposed to custodial credit risk as follows:

| | |
|---|----------|
| Uninsured and uncollateralized | \$ |
| Uninsured with collateral held by the pledging financial institution | |
| Uninsured with collateral held by the pledging financial institution's trust department or agent but not in the District's name | _____ |
| | \$ _____ |

According to GASB Implementation Guide No. 2016-1, questions 4.5 and 4.6, certificates of deposit that are not negotiable and have redemption terms that do not consider market rates should be treated as deposits, and negotiable certificates of deposit should be treated as investments for purposes of GASB Statement Nos. 3 and 40 disclosures.

Investments—The District's investments at June 30, 2016, categorized within the fair value hierarchy established by generally accepted accounting principles, were as follows:

Investments with significantly different risk profiles should not be aggregated into a single investment type for all investment disclosures, as applicable. See question 1.3.2 in the GASB Implementation Guide No. 2015-1.

| | Amount | Fair value measurement using | | |
|---|--------|--|---|---|
| | | Quoted prices in active markets for identical assets (Level 1) | Significant other observable inputs (Level 2) | Significant unobservable inputs (Level 3) |
| Investments by fair value level | | | | |
| U.S. Treasury securities | \$ | | | |
| U.S. agency securities | | | | |
| Local government bonds | | | | |
| Common stock | | | | |
| List additional investment types | | | | |
| Total investments by fair value level | _____ | \$ _____ | \$ _____ | \$ _____ |

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

| | |
|---|-----------------|
| External investment pools measured at fair value | |
| State Treasurer's investment pools | |
| County Treasurer's investment pool | _____ |
| Total external investment pools measured at fair value | _____ |
| Total investments measured at fair value | _____ |
| | |
| Investments measured at amortized cost | |
| Repurchase agreements | |
| <i>List additional investment types</i> | _____ |
| Total investments measured at amortized cost | _____ |
| Total investments | <u>\$ _____</u> |

Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. *For investments categorized as Level 2 or Level 3, describe the valuation technique used for each level by investment type. Also, if there was a change in any of the valuation techniques that had a significant impact on the result, disclose the change and the reason(s) for making it.* Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the District held. The fair value of a participant's position in the pools approximates the value of that participant's pool shares. The investment in the County Treasurer's pool is valued using the District's proportionate participation in the pool because the pool's structure does not provide for shares. The State Board of Investment provides oversight for the State Treasurer's investment pools. No comparable oversight is provided for the County Treasurer's investment pool.

Credit risk—*Briefly describe the District's formal investment policy with respect to credit risk or indicate that it does not have one.* At June 30, 2016, credit risk for the District's investments was as follows: *Modify as necessary.*

| Investment type | Rating | Rating agency | Amount |
|-------------------------------------|----------|---------------------|-----------------|
| U.S. agency securities | | | \$ |
| Repurchase agreements | | | |
| Local government bonds | | | |
| Local government bonds | | | |
| State Treasurer's investment pool 5 | AAAf/S1+ | Standard and Poor's | |
| State Treasurer's investment pool 7 | Unrated | Not applicable | |
| County Treasurer's investment pool | Unrated | Not applicable | |
| | | | <u>\$ _____</u> |

Disclose the credit quality ratings of investments in debt securities as described by nationally recognized statistical rating agencies as of June 30, 2016, by aggregating investment amounts by

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

investment type and rating categories. When multiple ratings exist and the District is aware of the different ratings, present the rating with the greatest degree of risk. U.S. government obligations and obligations the U.S. government explicitly guarantees do not require disclosure of credit risk. However, obligations of U.S. government-sponsored enterprises that the U.S. government implicitly guarantees are subject to credit risk disclosures. See question 1.9.7 in the GASB Implementation Guide No. 2015-1 for more information. Repurchase agreements are not subject to credit risk if the securities underlying the repurchase agreements are exempt from credit risk disclosures. See question 1.9.10 in the GASB Implementation Guide No. 2015-1. If credit risk disclosure is required and the investment is unrated, the disclosure should indicate that fact. See Illustrations 1-4 in GASB Statement No. 40 for additional examples of required disclosures.

Custodial credit risk—For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the District will not be able to recover the value of its investments or collateral securities that are in an outside party's possession. *Briefly describe the District's formal investment policy with respect to custodial credit risk or indicate that it does not have one. If the District had any category 3 investments at June 30, 2016, add the following and modify as necessary:* At June 30, 2016, the District had \$ _____ of *name of investment type* that was uninsured, not registered in the District's name, and held by the counterparty, and \$ _____ of *name of investment type* that was uninsured, not registered in the District's name, and held by the counterparty's trust department or agent but not in the District's name. *Disclose amounts by investment type and how the investments were held. See Illustration 1 in GASB Statement No. 40 for an example of required disclosure. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk. (GASB Statement No. 40, paragraph 9)*

Normally, the line item investments held by trustees is category 3 (see questions 1.16.4 and 1.16.5 of the GASB Implementation Guide No. 2015-1).

Concentration of credit risk—*If the County's investments held at year-end were exposed to concentration of credit risk, briefly describe the District's formal investment policy with respect to concentration of credit risk or indicate that it does not have one.* The District had investments at June 30, 2016, of 5 percent or more in _____ and _____. These investments were ____ percent and ____ percent, respectively, of the District's total investments. *Modify as necessary depending on the number of investments in any one issuer of 5 percent or more. See Illustration 2 in GASB Statement No. 40 for an example of required disclosure. Investments the U.S. government issues or explicitly guarantees and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. (GASB Statement No. 40, paragraph 12)*

Interest rate risk—*Briefly describe the District's formal investment policy with respect to interest rate risk or indicate that it does not have one. See Illustrations 1-5 in GASB Statement No. 40 for examples of required disclosure. List investments by investment type and amount using one of the following interest rate risk methods: segmented time distribution, specific identification, weighted average maturity, duration, or simulation model. Governments are encouraged to select the disclosure method that is most consistent with the method they use to identify and manage interest rate risk.*

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

The interest rate risk disclosure for a government's investments in mutual funds, external investment pools, or other pooled investments should be limited to investments in debt mutual funds, external debt investment pools, or other pooled debt investments that do not meet the requirements to be reported as a 2a7-like pool. (GASB Statement No. 59, paragraph 6)

At June 30, 2016, the District had the following investments in debt securities:

Segmented time distribution example

| Investment type | Amount | Investment maturities | | | |
|------------------------------------|-----------|-----------------------|-----------|------------|--------------------|
| | | Less than 1 Year | 1-5 Years | 6-10 Years | More than 10 Years |
| State Treasurer's investment pools | \$ | \$ | \$ | \$ | \$ |
| County Treasurer's investment pool | | | | | |
| U.S. Treasury securities | | | | | |
| U.S. agency securities | | | | | |
| Repurchase agreements | | | | | |
| Local government bonds | | | | | |
| | <u>\$</u> | <u>\$</u> | <u>\$</u> | <u>\$</u> | <u>\$</u> |

OR

Specific identification example

| Investment | Maturity | Amount |
|--|----------|-----------|
| State Treasurer's investment pool 5 | | \$ |
| State Treasurer's investment pool 7 | | |
| County Treasurer's investment pool | | |
| U.S. Treasury bills (<i>list each investment separately</i>) | | |
| Federal National Mortgage Association (<i>list each investment separately</i>) | | |
| | | <u>\$</u> |

OR

Weighted average maturity example

| Investment type | Amount | Weighted average maturity (Years) <i>or</i> (Months) |
|-------------------------------------|-----------|--|
| State Treasurer's investment pool 5 | \$ | |
| State Treasurer's investment pool 7 | | |
| County Treasurer's investment pool | | |
| U.S. Treasury securities | | |
| U.S. agency securities | | |
| Local government bonds | | |
| | <u>\$</u> | |

See Illustration 3 in GASB Statement No. 40 for an example of how to calculate weighted average maturity.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

OR

Duration—See Illustration 4 in GASB Statement No. 40.

OR

Simulation model—See Illustration 5 in GASB Statement No. 40.

The District must also disclose the terms of investments with fair values that are highly sensitive to changes in interest rates. See Illustration 7 in GASB Statement No. 40 for an example of this required disclosure. Further, if a method requires an assumption regarding timing of cash flows (for example, whether an investment is or is not assumed to be called), interest rate changes, or other factors that affect interest rate information, the District should disclose that assumption.

Foreign currency risk—*If the District's deposits or investments held at year-end were exposed to foreign currency risk, disclose the following: briefly describe the District's formal investment policy with respect to foreign currency risk or indicate that it does not have one. Also, the District should disclose the U.S. dollar balances of deposits or investments exposed to foreign currency risk organized by currency denomination and investment type. See Illustration 8 in GASB Statement No. 40 for an example of required disclosure.*

A reconciliation of cash, deposits, and investments to amounts shown on the statement of net position follows:

| | | | |
|----------------------------------|----------|----------------------------|----------|
| Cash, deposits, and investments: | | Statement of net position: | |
| Cash on hand | \$ | Cash and cash equivalents | \$ |
| Amount of deposits | | Current investments | |
| Amount of investments | | Restricted assets: | |
| | | Cash and cash equivalents | |
| | | Cash and investments | |
| | | held by trustee(s) | |
| | | Endowment investments | |
| Total | \$ _____ | Total | \$ _____ |

Note _ - Receivables

If the District had significant individual receivable accounts whose nature is obscured by aggregation, provide details about those accounts here. Also, describe any receivable balance not expected to be collected within 1 year. See GASB Statement No. 38, paragraph 13.

Note _ - Sale of future revenues

If the District sold future revenue streams, the District should disclose information about the specific revenues sold in the year of sale. See GASB Statement No. 48, paragraph 22, for the specific information that needs to be disclosed.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Note _ - Capital assets

Capital asset activity for the year ended June 30, 2016, was as follows:

| | Balance July 1, 2015 | Increases | Decreases | Balance June 30, 2016 |
|---|-------------------------|-----------|-----------|--------------------------|
| Capital assets not being depreciated: | | | | |
| Land | | | | |
| Land improvements | | | | |
| Construction in progress | | | | |
| Total capital assets not being depreciated | _____ | _____ | _____ | _____ |
| Capital assets being depreciated: | | | | |
| Buildings | | | | |
| Equipment | | | | |
| Intangibles <i>(may list by major categories)</i> | | | | |
| Library books | | | | |
| Capitalized collections | | | | |
| Total | _____ | _____ | _____ | _____ |
| Less accumulated depreciation for: | | | | |
| Buildings | | | | |
| Equipment | | | | |
| Intangibles <i>(may list by major categories)</i> | | | | |
| Library books | | | | |
| Capitalized collections | | | | |
| Total | _____ | _____ | _____ | _____ |
| Total capital assets being depreciated, net | _____ | _____ | _____ | _____ |
| Capital assets, net | _____ | _____ | _____ | _____ |

If the District has any collections (such as art or historical treasures) that are not capitalized, describe the collection and disclose why the assets are not capitalized. See GASB Statement No. 34, paragraph 118.

Note _ - Construction and other commitments

The District had major contractual commitments related to various capital projects at June 30, 2016, for the construction of *(list projects)*. At June 30, 2016, the District had spent \$_____ on these projects and had remaining contractual commitments with contractors of \$_____. These projects are being financed *(describe source of payment/financing and terms of the commitment)*.

If the District had other significant commitments, provide a description of the commitment, dollar amounts and basic terms of the commitment (including amounts spent to date and amounts remaining under the commitment), and source of payment.

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Note _ - Restricted assets

If the nature and purpose of restricted assets is obscured by aggregation or otherwise not sufficiently explained in the financial statements, provide that information here.

Note _ - Derivatives

Common types of derivative instruments governments use include interest rate and commodity swaps, interest rate locks, options (caps, floors, and collars), swaptions, forward contracts, and futures contracts. GASB Statement No. 53 specifies the disclosure requirements for derivative instruments. The disclosure should include a summary of the District's derivative instrument activity during the fiscal year and balances at year-end, paragraph 69. Additional disclosures are required for hedging derivative instruments, paragraphs 70-75; investment derivative instruments, paragraph 76; contingency features, paragraph 77; hybrid instruments, paragraph 78; and synthetic guaranteed investment contracts, paragraph 79. The District should also make the fair value disclosures required by GASB Statement No. 72, paragraphs 80 and 81. Place disclosure in the assets, deferred outflows of resources, liabilities, or deferred inflows of resources sections, as appropriate.

Note _ - Short-term liabilities

Payables—If the District had significant individual payable accounts whose nature is obscured by aggregation, provide details about those accounts here. See GASB Statement No. 38, paragraph 13.

Short-term debt—If the District had short-term debt (e.g., anticipation notes, lines of credit, and similar loans) activity during the year, even if no short-term debt is outstanding at year-end, the District should explain why the debt was issued and present a schedule of changes that discloses beginning and ending balances as well as increases and decreases. See GASB Statement No. 38, paragraph 12.

Note _ - Financial guarantees

If the District has extended nonexchange financial guarantees of another entity's obligations or issued obligations another entity guarantees as part of a nonexchange transaction, it should disclose the information required by GASB Statement No. 70, paragraphs 14-17, as applicable.

Note _ - Service concession arrangement for _____

The disclosure should include a general description of the arrangement, including management's objective for entering into it and, if applicable, the project's status during the construction period; the nature and amounts of assets, liabilities, and deferred inflows of resources that have been recognized in the financial statements; the nature and extent of rights retained by the transferor or granted to the governmental operator; and identification, duration, and significant contract terms of any guarantees or commitments. See GASB Statement No. 60, paragraphs 16 and 17, for more information.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Note _ - Long-term liabilities

The following schedule details the District's long-term liability and obligation activity for the year ended June 30, 2016:

| | Balance July 1, 2015 | Additions | Reductions | Balance June 30, 2016 | Due within 1 year |
|--|----------------------------|-----------|------------|-----------------------------|-------------------------|
| Bonds payable: | | | | | |
| General obligation bonds | | | | | |
| Revenue bonds | | | | | |
| Discounts/premiums | | | | | |
| Total bonds payable | _____ | _____ | _____ | _____ | _____ |
| Certificates of participation payable | | | | | |
| Installment purchase contracts payable | | | | | |
| Capital leases payable | | | | | |
| Net pension liability | | | | | |
| Insurance claims payable | | | | | |
| Compensated absences payable | | | | | |
| Pollution remediation obligations | | | | | |
| Total long-term liabilities | _____ | _____ | _____ | _____ | _____ |

Bonds—The District's bonded debt consists of various issues of general obligation and revenue bonds that are generally callable (noncallable) with interest payable semiannually (annually). Bond proceeds pay primarily for acquiring or constructing capital facilities. Bonds have also been issued to advance-refund previously issued bonds. The District repays general obligation bonds from voter-approved property taxes. Revenue bonds are repaid from tuition and fees and dormitory rentals and fees. *Modify as necessary. Include the following as applicable.* During the year, the District issued general obligation bonds totaling \$_____ to describe the purpose. In addition, revenue bonds totaling \$_____ were issued to describe the purpose.

Of the total general obligation bond and revenue bond amounts originally authorized, \$_____ and \$_____, respectively, remain unissued. *If all the authorized bonds were issued, delete the preceding sentence.* The following bonds were outstanding at June 30, 2016:

| Description | Original amount authorized | Amount issued | Maturity ranges | Interest rates | Outstanding principal |
|------------------------------------|----------------------------|---------------|-----------------|----------------|-----------------------|
| General obligation bonds | \$ | \$ | | | \$ |
| General obligation bonds—refunding | | | | | |

Notes to financial statements
June 30, 2016

If issuing a CAFR for the GFOA certificate program, it is recommended that the District disclose the information above for each debt issuance. The District should also describe the legal debt limit/margin and the applicability of federal arbitrage regulations.

If the terms of any bond indentures require sinking or maintenance fund contributions, disclose the requirements.

The following schedule details debt service requirements to maturity for the District's bonds payable at June 30, 2016:

| Year ending June 30 | General obligation bonds | | Revenue bonds | |
|------------------------|-----------------------------|----------|---------------|----------|
| | Principal | Interest | Principal | Interest |
| 2017 | | | | |
| 2018 | | | | |
| 2019 | | | | |
| 2020 | | | | |
| 2021 | | | | |
| 2022-26 | | | | |
| 2027-31 | | | | |
| 2032-36 | | | | |
| 2037-41 | | | | |
| 2042-46 | | | | |
| Total | ===== | ===== | ===== | ===== |

If the District has variable-rate debt, disclose interest requirements based on the rate effective at the end of the reporting year. In addition, the District should add a paragraph following the table that discloses the terms under which interest rates may change. See GASB Statement No. 38, paragraph 10.

Pledged revenues are those specific revenues that have been formally committed to directly collateralize or secure debt (e.g., bonds, certificates of participation, etc.) of a pledging government, or directly or indirectly collateralize or secure debt of a component unit. For each period in which secured debt remains outstanding, the District must disclose the following:

- a. Identification of the specific revenue pledged and the approximate pledge amount,*
- b. Identification of, and general purpose for, the debt the pledged revenue secures,*
- c. Commitment term,*
- d. Relationship of the pledged amount to the total for that specific revenue stream (i.e., percent of the specific revenue stream that has been pledged),*
- e. Comparison of the pledged revenues recognized during the period to the principal and interest requirements for the debt those revenues directly or indirectly collateralize.*

See GASB Statement No. 48, paragraph 21, for more information regarding the disclosure requirements for pledged revenues. Also, see Appendix D, Examples 1-3, in GASB Statement No. 48

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

for examples of required disclosure. For more complex situations, the District may want to present tables with the required disclosures.

During the year ended June 30, 2016, the District issued general obligation (revenue) bonds with an average interest rate of ___ percent to advance-refund older, higher-rate issues with an average interest rate of ___ percent. The District realized net proceeds of \$_____ after payment of \$_____ in underwriting fees, insurance, and other issuance costs, plus \$_____ of _____ sinking fund monies. The District used these proceeds to purchase securities that it placed in an irrevocable trust to provide resources for all future debt service payments on the refunded debt. The refunded debt is considered defeased, and related liabilities are not included in the District's financial statements. Details of the refunding transactions are as follows:

| | Bond category |
|------------------------------------|--------------------------|
| Amount of refunding bonds issued | |
| Amount of bonds refunded | |
| Reduction in debt service payments | |
| Economic gain(loss) | |

Complete the above schedule and applicable portions of the preceding paragraph for the fiscal year in which a bond refunding occurs. For all periods following an advance refunding that end with refunded bonds still outstanding, complete the next paragraph.

In prior years, the District defeased certain general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for these defeased bonds are not included in the District's financial statements. At June 30, 2016, the following outstanding bonds were considered defeased:

| Description | Amount (Principal balance of defeased bonds outstanding at June 30, 2016.) |
|--------------------------|---|
| General obligation bonds | |
| Revenue bonds | |

If the refunded (old) debt is variable-rate debt, it cannot be considered defeased because of the uncertainty of the future debt service requirements. It is possible to defease old fixed-rate debt with new variable-rate debt, but additional disclosures should be made. See footnote 4 of GASB Statement No. 7 for additional details.

Certificates of participation—The District has issued certificates of participation that are generally callable (noncallable) with interest payable semiannually (annually) to purchase or construct *describe the assets*. During the year, the District issued certificates totaling \$_____ to *describe the purpose*.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Of the total amount(s) originally authorized, \$_____ remains unissued. *If all the authorized certificates were issued, delete the preceding sentence.* The following certificates were outstanding at June 30, 2016:

| Description <i>List by COP issue</i> | Original amount authorized | Amount issued | Maturity ranges | Interest rates | Outstanding principal |
|---|----------------------------|---------------|-----------------|----------------|-----------------------|
|---|----------------------------|---------------|-----------------|----------------|-----------------------|

Describe other significant features of certificates of participation issues. Also, if the District advance-refunded any certificates of participation during the fiscal year, modify the wording in the second-to-last paragraph of the bonds payable note accordingly.

In all periods following an advance refunding for which certificates of participation defeased in substance remain outstanding, the amount of those certificates of participation, if any, outstanding at fiscal year-end should be disclosed. Modify the wording of the last paragraph of the bonds payable note accordingly.

The following schedule details debt service requirements to maturity for the District's certificates of participation payable at June 30, 2016:

| Year ending June 30 | Principal | Interest |
|------------------------|-----------|----------|
| 2017 | | |
| 2018 | | |
| 2019 | | |
| 2020 | | |
| 2021 | | |
| 2022-26 | | |
| 2027-31 | | |

Pollution remediation obligations—*If the District has recognized pollution remediation liabilities or recoveries of pollution remediation outlays or has pollution remediation liabilities that are not yet recognized because they are not reasonably estimable, it should follow the disclosure requirements of GASB Statement No. 49, paragraphs 25 and 26.*

_____ County Community College District
 (_____ College) *Use at District's discretion*
 Notes to financial statements
 June 30, 2016

Note _ - Termination benefits

If the District reports employee termination benefits in its financial statements, it should disclose in the notes a description of the termination benefit arrangements, the cost of the termination benefits, and significant methods and assumptions used to determine termination benefit liabilities as GASB Statement No. 47, paragraphs 18-21, require.

Note _ - Risk management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all such risks of loss, including workers' compensation, employees' health, and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years. *Modify as appropriate.*

Provide similar disclosures for all other district risk-financing activities when it assumes the risks of loss, including its participation in a risk pool or being self-insured for health, dental, and other benefits to its employees. See GASB Codification §§C50.145 and Po20 for disclosure requirements.

Note _ - Operating leases

The District leases *describe assets by major classes* under the provisions of various long-term lease agreements classified as operating leases for accounting purposes. Rental expenses under the terms of the operating leases were \$_____ for the year ended June 30, 2016. The operating leases have remaining noncancelable terms of ___ years (from __ to __ years) and provide renewal options. The following future minimum payments were required under the operating leases at June 30, 2016:

| Year ending June 30 | _____ |
|------------------------------|-------|
| 2017 | _____ |
| 2018 | _____ |
| 2019 | _____ |
| 2020 | _____ |
| 2021 | _____ |
| 2022-26 | _____ |
| 2027-31 | _____ |
| Total minimum lease payments | _____ |

Note _ - Pension and other postemployment benefits

With the implementation of GASB Statement No. 68, there are differences between the disclosures required for pensions and OPEB. Accordingly, the disclosures below include some information for pensions that is not included for OPEB and vice versa.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Pima and Pinal Community College Districts—Refer to the Office of the Auditor General's Reporting Guidelines for Counties for the agent retirement plan disclosures and RSI related to the Public Safety Personnel Retirement System (PSPRS) if the District's PSPRS plan is significant to the District's financial statements and note disclosures.

If the District provides its own retirees' healthcare benefits, the District should also follow the accounting and disclosure requirements of GASB Statement No. 45 or, if applicable, GASB Statement No. 43. For additional disclosure guidance for district-provided retiree healthcare benefits, see end of note.

Plan description—District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS is a component unit of the State of Arizona. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its [website](http://www.azasrs.gov) at www.azasrs.gov.

Benefits provided—The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

| | Retirement | |
|--|---|---|
| | Initial membership date: | |
| | Before July 1, 2011 | On or after July 1, 2011 |
| Years of service and age required to receive benefit | Sum of years and age equals 80 10 years, age 62 5 years, age 50* any years, age 65 | 30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* any years, age 65 |
| Final average salary is based on | Highest 36 consecutive months of last 120 months | Highest 60 consecutive months of last 120 months |
| Benefit percent per year of service | 2.1% to 2.3% | 2.1% to 2.3% |

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, [the retirement benefit option chosen determines the survivor](#)

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions—In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2016, statute required active ASRS members to contribute at the actuarially determined rate of 11.47 percent (11.35 percent for retirement and 0.12 percent for long-term disability) of the members' annual covered payroll, and statute required the District to contribute at the actuarially determined rate of 11.47 percent (10.85 percent for retirement, 0.50 percent for health insurance premium benefit, and 0.12 percent for long-term disability) of the active members' annual covered payroll. *If the District also made alternative contributions for retired members who returned to work, add the following sentence:* In addition, the District was required by statute to contribute at the actuarially determined rate of 9.36 percent (9.17 percent for retirement, 0.13 percent for health insurance premium benefit, and 0.06 percent for long-term disability) of annual covered payroll of retired members who worked for the District in positions that an employee who contributes to the ASRS would typically fill. The District's contributions to the pension plan for the year ended June 30, 2016, were \$ _____. **Source: district records.** The District's OPEB contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows: **Source: district records**

| Year ended June 30 | Health Benefit Supplement Fund | Long-Term Disability Fund |
|--------------------|--------------------------------|---------------------------|
| 2016 | \$ _____ | \$ _____ |
| 2015 | \$ _____ | \$ _____ |
| 2014 | \$ _____ | \$ _____ |

Pension liability—At June 30, 2016, the District reported a liability of \$ _____. **Source: ASRS schedule of pension amounts by employer** for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2014, to the measurement date of June 30, 2015. The District's proportion of the net pension liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2015. The District's proportion measured as of June 30, 2015, was _____ percent. **Source: ASRS schedule of employer allocations,** which was an (increase/decrease) of _____. **Source: Calculation of difference between percentage from ASRS schedules of employer allocations for current and prior measurement date** from its proportion measured as of June 30, 2014.

If changes expected to have a significant effect on the measurement of the District's proportionate share of the collective net pension liability occurred between the measurement date and the reporting date, the District should provide a brief description of the nature of the changes and the amount of the expected resultant change in the District's proportionate share of the collective net pension liability, if known.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2016, the District recognized pension expense for ASRS of \$_____. *Source: ASRS schedule of pension amounts by employer*. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources: *Source: ASRS schedule of pension amounts by employer*

| | Deferred outflows of resources | Deferred inflows of resources |
|---|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ | \$ |
| Net difference between projected and actual earnings on pension plan investments | | |
| Changes in proportion and differences between district contributions and proportionate share of contributions | | |
| District contributions subsequent to the measurement date <i>Source: district records</i> | | |
| Total | <u>\$</u> | <u>\$</u> |

The \$_____ reported as deferred outflows of resources related to ASRS pensions resulting from district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

| Year ending June 30 | |
|---------------------|------------------------------|
| 2017 | \$ <i>ASRS FY2016 amount</i> |
| 2018 | <i>ASRS FY2017 amount</i> |
| 2019 | <i>ASRS FY2018 amount</i> |
| 2020 | <i>ASRS FY2019 amount</i> |

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

| | |
|-----------------------------|-------------------|
| Actuarial valuation date | June 30, 2014 |
| Actuarial roll forward date | June 30, 2015 |
| Actuarial cost method | Entry age normal |
| Investment rate of return | 8% |
| Projected salary increases | 3–6.75% |
| Inflation | 3% |
| Permanent benefit increase | Included |
| Mortality rates | 1994 GAM Scale BB |

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.79 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset class | Target allocation | Long-term expected real rate of return |
|--------------|-------------------|--|
| Equity | 58% | 6.79% |
| Fixed income | 25% | 3.70% |
| Real estate | 10% | 4.25% |
| Multi-asset | 5% | 3.41% |
| Commodities | 2% | 3.93% |
| Total | 100% | |

Discount rate—The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.79 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the District's proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate: **Source: ASRS schedule of pension amounts by employer**

| | 1% Decrease (7%) | Current discount rate (8%) | 1% Increase (9%) |
|---|---------------------|----------------------------------|---------------------|
| District's proportionate share of the net pension liability | \$ | \$ | \$ |

Pension plan fiduciary net position—Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Pension contributions payable—The District's accrued payroll and employee benefits included \$ _____ of outstanding pension contribution amounts payable to ASRS for the year ended June 30, 2016. *Pension contributions payable should not include contributions to the ASRS health benefit supplement fund and long-term disability fund. If the District reported other payables to ASRS for pensions as of June 30, 2016, the District should disclose the payable amount, significant terms related to the payable, and a description of what gave rise to the payable.*

District-provided OPEB benefit disclosures:

If the District also participates in other healthcare retirement plans or allows its retirees to participate in its employees' healthcare plans (i.e., implicit rate subsidy), it needs to add the following disclosures for those other plan(s):

- a. Plan description;*
- b. Funding policy;*
- c. Annual OPEB cost and the dollar amount of contributions made;*
- d. For the current year and each of the 2 preceding years, annual OPEB cost, percentage of annual OPEB cost contributed during that year, and net OPEB obligation at the end of the year;*
- e. Information about the plan's funded status as of the most recent actuarial valuation date; and*
- f. Disclosure of information about actuarial methods and assumptions used in valuations on which reported information about the ARC, annual OPEB cost, and the funded status and funding progress of OPEB plan(s) are based.*

Also, the District will need to add a required supplementary information section for the most recent actuarial valuation and the two preceding valuations.

See GASB Statement No. 45, paragraphs 24-26, for a more complete explanation of the disclosure requirements. See GASB Statement No. 45, paragraphs 11-21, for an explanation of how to account for the implicit rate subsidy.

Note _ - Operating expenses

The District's operating expenses are presented by functional classification in the statement of revenues, expenses, and changes in net position—primary government. The operating expenses can also be classified into the following:

| | |
|------------------------------|-------|
| Personal services | |
| Contract services | |
| Supplies and other services | |
| Communications and utilities | |
| Scholarships | |
| Depreciation | |
| Other | |
| Total | _____ |
| | _____ |

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

Note _ - Donor-restricted endowments

If the District's governing board can authorize expenditures of net appreciation on investments of donor-restricted endowments, disclose the amounts available for authorization for expenditure and how those amounts are reported in net position. Also disclose the state law regarding the ability to spend net appreciation and the policy for authorizing and spending investment income, such as a spending-rate or total-return policy. See GASB Statement 34, paragraph 121, for more information.

Note _ - Segment information

For any activities that meet the definition of a segment, disclose the type of goods or services the segment provides and present a condensed statement of net position; statement of revenues, expenses, and changes in net position; and statement of cash flows. See GASB Statement No. 34, paragraph 122 (as amended by GASB Statement No. 37, paragraph 17), for segment definition and disclosure requirements.

Note _ - Other disclosures

If the District had related organizations (GASB Cod. §2600, paragraph 128); joint ventures or jointly governed organizations (GASB Cod. §J50); related-party transactions (GASB Cod. §2250); commitments (GASB Cod. §2300); significant contingencies (GASB Cod. §§1500 and C50); or significant subsequent events (GASB Cod. §§2250, 2300, and C50), disclose the details here.

Note _ - Discretely presented component unit disclosures

The District must include those disclosures of the discretely presented component unit that are essential to the fair presentation of the District's basic financial statements. Determining which discretely presented component unit disclosures are essential to fair presentation is a matter of professional judgment and a consideration of the nature and significance of the component unit's relationship to the District. See GASB Statement No. 61, paragraph 11, for disclosure requirements.

*The District should segregate discretely presented component unit disclosures from disclosures relating to the District. The District can accomplish this by presenting component unit information after the district information for each relevant disclosure or by presenting the component unit's disclosures after the District's disclosures. **GASB Implementation Guide No. 2015-1**, question 4.39.6.*

In addition, the District is required to display major discretely presented component unit financial statements separately in the District's financial statements. Determination that a component unit is "major" should be based on the nature and significance of its relationship to the primary government. (GASB Statement No. 61, paragraph 7, and GASB Cod. §2600.108). The reporting requirements may be satisfied by:

- presenting each major component unit in a separate column in the District's statements of net position and activities,*
- including combining statements of major component units after the District's statements, or*

_____ County Community College District
(_____ College) *Use at District's discretion*
Notes to financial statements
June 30, 2016

- *presenting condensed financial statements in the notes. If the District presents condensed financial statements, it must include all the requirements in GASB Statement No. 34, paragraph 127.*

Nonmajor component units should be aggregated in a single column. A combining statement for the nonmajor component units is not required but may be presented as supplementary information. (GASB Statement No. 34, paragraph 126, Footnote 50, and GASB Statement No. 61, paragraph 7)

Further, the notes to the financial statements should disclose, for each major component unit, the nature and amount of significant transactions with the primary government and other component units.

_____ County Community College District
 (_____ College) *Use at District's discretion*
 Required supplementary information
 Schedule of the District's proportionate share of the net pension
 liability
 June 30, 2016

GASB Statement No. 82 amends GASB Statement No. 68 to require the payroll amounts disclosed in the pension RSI schedules to be covered payroll rather than covered-employee payroll. Covered payroll means the payroll on which contributions to a pension plan are based. Covered-employee payroll means total compensation of employees who are provided with pensions through the pension plan. Covered-employee payroll may include compensation on which the District does not make contributions.

GASB Statement No. 82 is not effective until the fiscal year ending June 30, 2017; however, the standard encourages earlier application. Accordingly, the District may report covered payroll rather than covered-employee payroll in the pension RSI schedules for the year ended June 30, 2016. The following guidelines have been revised to implement GASB Statement No. 82 early. If the District chooses not to implement the new standard early, it should refer to the June 30, 2015, Reporting Guidelines for information on reporting covered-employee payroll in the pension RSI schedules.

The District should restate the payroll amounts and related ratios for all years presented, if practicable. If restatement for prior years presented is not practicable, the District should present the reason for not restating prior years in notes to the applicable schedule.

Payroll amounts presented in the schedule below should be for the fiscal year ended on the measurement date of the net pension liability. For example, the payroll reported in the fiscal year 2016 column (the District's fiscal year-end) should be the payroll for fiscal year 2015 (the measurement date of the net pension liability).

Arizona State Retirement System

| | Reporting fiscal year (Measurement date) | | |

Required supplementary information
Notes to pension plan schedules
June 30, 2016

Note 1 – Change in accounting principle

For the year ended June 30, 2016, the District implemented the provisions of GASB Statement No. 82, *Pension Issues*. The statement changed the measure of payroll that is required to be presented in required supplementary information from covered-employee payroll to covered payroll. Accordingly, payroll amounts presented in the pension plan schedules and related ratios for prior periods have been restated.

Note 2 – Factors that affect trends

Disclose information about the factors that significantly affect trends in the amounts reported in the schedules including, for example, changes in benefit provisions, changes in the size or composition of the population covered by the benefit terms, or the use of different assumptions. Information about investment-related factors that significantly affect trends in the amounts reported should be limited to those factors over which the pension plan or the District have influence—for example, changes in investment policies. Information about external economic factors—for example, changes in market prices—should not be presented. (GASB Statement No. 73, paragraph 117)

(Letterhead)

Independent auditors' report on internal control over financial reporting and on compliance and other matters based on an audit of basic financial statements performed in accordance with *Government Auditing Standards*

Members of the Arizona State Legislature

The Governing Board of
_____ County Community College District

***Use the following scope paragraph when a component unit auditor did not audit the component unit under *Government Auditing Standards*.*¹**

We have audited the financial statements of the business-type activities and discretely presented component unit of _____ County Community College District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated _____. Our report includes a reference to other auditors who audited the financial statements of the _____ Foundation, the discretely presented component unit, as described in our report on the District's financial statements. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. However, the financial statements of the _____ Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the _____ Foundation.

OR

Use the following scope paragraph when there are no component units included in the District's financial statements.

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of _____ County Community College District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated _____.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the

¹ When a component auditor did not perform the audit under *Government Auditing Standards*, the component auditor will not issue the report *Government Auditing Standards* requires (that is, the report on internal control over financial reporting and on compliance and other matters). Instead, the component auditor will issue the communication required by AU-C section 265 if there are significant deficiencies or material weaknesses that were identified. In this circumstance, the group auditor **is precluded** from including the component auditor's significant deficiencies and material weaknesses in the report on internal control over financial reporting and on compliance and other matters. See the AICPA Audit Guide, *Government Auditing Standards and Single Audits*, April 1, 2016, paragraphs 4.76 and 4.81 and footnote 45 to paragraph 4.81, for additional guidance.

Yellow Book report

circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Use the following paragraph when there are (1) no material weaknesses or significant deficiencies to report or (2) either material weaknesses or significant deficiencies are reported, but not both.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Use the following paragraph when there are no material weaknesses or significant deficiencies to report.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

OR

Use the following paragraph when either material weaknesses or significant deficiencies are reported, but not both.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. **Use the following sentence when no material weaknesses are reported:** Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs **OR** schedule of findings and recommendations as items **list related finding reference numbers**, that we consider to be **material weaknesses OR** significant deficiencies.

OR

Use the following three paragraphs when material weaknesses and significant deficiencies are reported.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs **OR** schedule of findings and recommendations, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's basic financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs **OR** schedule of findings and recommendations as items **list related finding reference numbers** to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs **OR** schedule of findings and recommendations as items **list related finding reference numbers** to be significant deficiencies.

Compliance and other matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. **OR** The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and that are described in the accompanying schedule of findings and questioned costs **OR** schedule of findings and recommendations as items **list related finding reference numbers**. **See Government Auditing Standards, Chapter 4, for reporting criteria.**

In the rare instance when a separate letter to management to communicate other matters is being issued, add the following: We also noted certain additional matters that we will report (reported) to the District's management in a separate letter at a future date (dated _____).

Use the following heading and paragraph if any internal control or compliance findings are reported.

_____ County Community College District's response to findings

_____ County Community College District's responses to the findings identified in our audit are presented on pages ___ through ___. The District's responses were not subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with

Yellow Book report

Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Jay Zsorey, CPA
Financial Audit Director

Date of auditors' report; must be the same as the basic financial statements opinion date.

(Letterhead)

**Independent auditors' report on compliance for each major federal program;
report on internal control over compliance; and report on schedule of
expenditures of federal awards required by **the Uniform Guidance****

Members of the Arizona State Legislature

The Governing Board of
_____ County Community College District

Report on compliance for each major federal program

We have audited _____ County Community College District's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, **2016**. The District's major federal programs are identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's responsibility

Management is responsible for compliance with **federal statutes, regulations, and the terms and conditions of its federal awards** applicable to its federal programs.

Auditors' responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and **the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)**. Those standards and **the Uniform Guidance** require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Use the following heading and paragraph when issuing an unmodified opinion on compliance.

Opinion on each major federal program

In our opinion, _____ County Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, **2016**.

Uniform Guidance report

Use the following three paragraphs and their headings when issuing a qualified opinion on compliance.

Basis for qualified opinion on (identify major federal program)²

As described in the accompanying schedule of findings and questioned costs, the District did not comply with requirements regarding **identify the major federal program and associated finding number(s) matched to the type(s) of compliance requirements**. Compliance with such requirements is necessary, in our opinion, for the District to comply with the requirements applicable to that program.

Qualified opinion on (identify major federal program)

In our opinion, except for the noncompliance described in the basis for qualified opinion paragraph, _____ County Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on **identify the major federal program** for the year ended June 30, 2016.

Unmodified opinion on each of the other major federal programs³

In our opinion, _____ County Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2016.

Use the following heading and paragraph when compliance findings are reported that did not result in a qualified opinion on the program.

Other matters

The results of our auditing procedures disclosed (other) instances of noncompliance that are required to be reported in accordance with the Uniform Guidance and that are described in the accompanying schedule of findings and questioned costs as items **list related finding reference numbers**. Our opinion on each major federal program is not modified with respect to these matters.

Report on internal control over compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

² The auditor may consider adding a table to more clearly communicate the basis for the qualified opinion(s) such as follows:

| Program (or Cluster) name | CFDA number(s) | Compliance requirement | Finding number |
|---------------------------|----------------|------------------------|----------------|
|---------------------------|----------------|------------------------|----------------|

³ There is nothing to preclude the auditor from including the names of the federal programs for which the auditor is providing an unmodified opinion in the heading or in the opinion paragraph itself.

Uniform Guidance report

Use the following paragraph when there are (1) no material weaknesses or significant deficiencies to report or (2) either material weaknesses or significant deficiencies are reported, but not both.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Use the following paragraph when there are no material weaknesses or significant deficiencies to report.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

OR

Use the following paragraph when either material weaknesses or significant deficiencies are reported, but not both.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. **Use the following sentence when no material weaknesses are reported:** We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. We (However, we) identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items **list related finding reference numbers**, that we consider to be **material weaknesses OR** significant deficiencies.

OR

Use the following three paragraphs when material weaknesses and significant deficiencies are reported.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

Uniform Guidance report

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items ***list related finding reference numbers*** to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items ***list related finding reference numbers*** to be significant deficiencies.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of **the Uniform Guidance**. Accordingly, this report is not suitable for any other purpose.

Use the following heading and paragraph if any compliance or internal control findings are reported.

County Community College District's response to findings

_____ County Community College District's responses to **the findings** identified in our audit are presented on pages ___ through ___. The District's responses were not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on them.

Use the following heading and paragraph when the District's SEFA is not included with the basic financial statements.

Report on schedule of expenditures of federal awards required by **the Uniform Guidance**

We have audited the financial statements of the business-type activities and discretely presented component unit⁴ of _____ County Community College District as of and for the year ended June 30, **2016**, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated _____, that contained an unmodified opinion(s) on those financial statements. Our report also included a reference to our reliance on other auditors. ***Modify as necessary and describe any additional departures from the standard report.*** Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by **the Uniform Guidance** and is not a required part of the basic financial statements. Such information is the responsibility of the District's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare

⁴ Modify as appropriate to conform with the auditors' report issued for the financial statements.

Uniform Guidance report

the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Jay Zsorey, CPA
Financial Audit Director

Date of auditors' report.

The auditors' Uniform Guidance report carries the same date as that of the financial statement report when the procedures to satisfy the federal compliance audit requirements are completed at the same time. However, when some of the audit procedures performed to satisfy the federal compliance audit requirements are completed subsequent to the procedures performed for the financial statement audit, the Uniform Guidance report should be dated no earlier than the date federal compliance test work is completed. See the AICPA Audit Guide, Government Auditing Standards and Single Audits, April 1, 2016, paragraph 13.28.

OR

Date of auditors' report, except for our report on the schedule of expenditures of federal awards for which the date is _____.

When the schedule of expenditures of federal awards (SEFA) is presented with the Uniform Guidance report, the report date will depend on when the auditor has completed the procedures relating to the federal compliance audit and the SEFA. The report date pertaining to the federal compliance audit would be the date the federal compliance audit test work is completed and the report date for the SEFA would be the date when the procedures relating to the SEFA are completed, which may result in a dual dated report. See the AICPA Audit Guide, Government Auditing Standards and Single Audits, April 1, 2016, paragraph 13.19.

*Unmodified, Qualified, Adverse, Disclaimer*⁵ _____

Internal control over financial reporting

Material weaknesses identified? **Yes/No**

Significant deficiencies identified? **Yes/None reported**

Noncompliance material to the financial statements noted? **Yes/No**

Federal awards

Internal control over major programs

Material weaknesses identified? **Yes/No**

Significant deficiencies identified? **Yes/None reported**

Type of auditors' report issued on compliance for major programs
*Unmodified, Qualified, Adverse, Disclaimer*⁶ _____

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? **Yes/No**

⁵ As explained in the AICPA Audit and Accounting Guide, *State and Local Governments*, the auditor generally expresses or disclaims an opinion on a government's basic financial statements by providing an opinion or disclaimer of opinion on each opinion unit required to be presented in those financial statements. Therefore, there could be multiple responses to this question for audits of a government's basic financial statements. For example, if the auditors' report was unmodified for the District's business-type activities and adverse for the discretely presented component unit, the response to this question could be as follows: "Unmodified opinion for the business-type activities and adverse opinion for the discretely presented component unit."

⁶ If the audit report for one or more major programs is other than unmodified, indicate the type of report issued for each program. For example, if the audit report on major program compliance for an auditee having five major programs includes an unmodified opinion for three of the programs, a qualified opinion for one program, and a disclaimer of opinion for one program, the response to this question could be as follows: "Unmodified for all major programs except for [name of program], which was qualified and [name of program], which was a disclaimer."

Recommendation— *(In the recommendation, describe the suggested corrective action.)*

In planning and performing the District's fiscal year 2016 single audit, the auditors should consider the effective date of the new Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The administrative requirements and cost principles included in the Uniform Guidance are required to be implemented by nonfederal entities beginning December 26, 2014, for all new federal awards and funding increments (additional funding to existing awards) with modified award terms and conditions that are awarded after that date. The terms and conditions of the federal awards should identify whether the funding increment is subject to the Uniform Guidance requirements or whether it will continue to be governed by the federal award's original terms and conditions. Accordingly, in the criteria and recommendation sections of the findings references should be made to the new Uniform Guidance when applicable.

Add the following as applicable.

This finding is similar to prior-year finding(s) 201X-1XX.

Schedule of expenditures of federal awards
Year ended June 30, 2016

The schedule of expenditures of federal awards at a minimum **must** include the following:

1. Individual federal programs by federal agency. For clusters of federal programs, provide the cluster name, list the individual federal programs within the cluster, and provide the applicable federal agency name. **For R&D, total federal awards expended must be shown either by individual federal award or by federal agency and major subdivision within the federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.**
2. For federal awards received as a subrecipient, the name of the pass-through grantor entity and identifying number the pass-through entity assigned.
3. Total federal awards expended for each individual federal program and the associated CFDA number or other identifying number when the CFDA number is not available. Also, for a federal program cluster, provide the total for the cluster. **Note that under the Uniform Guidance, all noncash awards must be presented on the schedule's face.**
4. Amount of federal awards expended for loan or loan guarantee programs. **For the basis for determining federal awards expended for these programs, see Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, §200.502.**
5. Total amount provided to subrecipients from each federal program. **Note that under the Uniform Guidance, amounts provided to subrecipients must go on the face of the schedule.**

See paragraph 7.21 in the AICPA Audit Guide, Government Auditing Standards and Single Audits, dated April 1, 2016, for more information.

American Recovery and Reinvestment Act (ARRA) monies—Requirement removed for separately identifying expenditures of ARRA monies on the SEFA because of the limited continued availability of ARRA funding.

_____ County Community College District
 (_____ College) *Use at District's discretion*
Notes to schedule of expenditures of federal awards
Year ended June 30, 2016

Note 1 - Basis of presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of _____ County Community College District for the year ended June 30, 2016. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Note 2 - Summary of significant accounting policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. *Modify if presenting all or certain expenditures on another basis of accounting.* Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 3 - Catalog of Federal Domestic Assistance (CFDA) numbers

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2016 *Catalog of Federal Domestic Assistance*. When no CFDA number had been assigned to a program, the two-digit federal agency identifier and the federal contract number were used. When there was no federal contract number, the two-digit federal agency identifier and the word "unknown" were used.

Note 4 - Indirect cost rate

The District elected (did not elect) to use the 10 percent de minimis indirect cost rate as covered in 2 CFR §200.414. *Uniform Guidance, §200.510(6), requires the District to disclose whether or not it elected to use the 10 percent de minimis cost rate that §200.414(f) allows for nonfederal entities that have never received a negotiated indirect cost rate.*

Note 5 - Loans outstanding

The expenditures reported on the schedule of expenditures of federal awards for certain programs included the following loan balances outstanding at June 30, 2016:

| Program title | CFDA number | Amount outstanding |
|--|-------------|--------------------|
| Federal Perkins Loan Program—Federal Capital Contributions | 84.038 | |
| Health Professions Student Loans | 93.342 | |
| Nursing Student Loans | 93.364 | |

Sample letter for auditee submitting corrective action plan to us—optional.

Date

Debbie Davenport
Auditor General
2910 N. 44th St., Ste. 410
Phoenix, AZ 85018

Dear Ms. Davenport:

We have prepared the accompanying corrective action plan as required by the standards applicable to financial audits contained in *Government Auditing Standards* and by the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Specifically, for each finding we are providing you with the names of the contact people responsible for corrective action, the corrective action planned, and the anticipated completion date.

Sincerely,

District representative's name

Phoenix, AZ 85018

Dear Ms. Davenport:

We have prepared the accompanying summary schedule of prior audit findings as required by the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Specifically, we are reporting the status of audit findings included in the prior audit's schedule of findings and questioned costs. This schedule also includes the status of audit findings reported in the prior audit's summary schedule of prior audit findings that were not corrected.

Sincerely,

District representative's name
Title

(_____ College) *Use at District's discretion*
Summary schedule of prior audit findings
Year ended June 30, 2016

For each finding in this schedule:

- *If the status is fully corrected, no further explanation is necessary.*
- *If the status is partially corrected, the District should describe the reasons for the finding's recurrence, the partial action taken, and the remaining planned action.*
- *If the status is not corrected, the District should describe the reasons for the finding's recurrence and the planned action.*
- *If the District took corrective action that was significantly different from the corrective action it previously reported in a corrective action plan or in a federal agency's or pass-through entity's management decision, the District should explain the action taken and why it was different.*
- *If the District believes the finding is no longer valid or does not warrant further action, it should describe the reasons for this position. A valid reason for considering an audit finding as not warranting further action is that all of the following have occurred:*
 - *Two years have passed since the District submitted the audit report in which the finding occurred to the Federal Audit Clearinghouse;*
 - *A federal agency or pass-through entity is not currently following up with the auditee on the audit finding; and*
 - *A federal agency or pass-through entity did not issue a management decision.*

Status of financial statement findings

Subject heading

Finding no.: *Use itemized number from prior report*

Status: *Choose one of the following:* Fully corrected, Partially corrected, Not corrected, Significantly different corrective action, or No longer valid.

Explanation, if required.
