The Auditor General’s Office created these reporting guidelines following the U.S. Government Accountability Office’s, U.S. Office of Management and Budget’s, and the American Institute of Certified Public Accountants’ authoritative literature. They include illustrative examples of schedules and disclosures as well as the auditors’ reports. The examples are neither authoritative nor required to be followed. Instead, they provide sample displays and disclosures to help ensure consistent and accurate presentation.

When county management uses these guidelines, management agrees to take responsibility for ensuring that its schedules, disclosures, and responses follow applicable authoritative guidance.

Independent auditors’ report on internal control over financial reporting and on compliance and other matters based on an audit of basic financial statements performed in accordance with Government Auditing Standards

Members of the Arizona State Legislature

The Board of Supervisors of __________ County, Arizona

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of __________ County as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated __________.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

1 Auditor’s contracted with the Auditor General’s Office should address to “The Auditor General of the State of Arizona.”

2 Modify as appropriate to conform with the auditors’ report issued for the financial statements.

3 The group auditor who refers to the work of other auditors in the report on an entity’s financial statements also should acknowledge the involvement of the other auditors in the Government Auditing Standards report on internal control over financial reporting and on compliance and other matters issued for that entity. The group auditor must use either the reference or inclusion options. The Office has chosen the inclusion option to include the results of the other auditors’ audit(s) in the group auditors’ Government Auditing Standards report on internal control over financial reporting and on compliance and other matters. However, contract auditors may use either the reference or inclusion options for reporting the results of other auditors. For additional guidance, see the AICPA Audit Guide, Government Auditing Standards and Single Audits, as of April 1, 2020, paragraphs 4.81 through 4.87 and the scope paragraph of example 4-6.

4 When a component auditor did not perform the audit under Government Auditing Standards, the component auditor will not issue the report Government Auditing Standards requires (that is, the report on internal control over financial reporting and on compliance and other matters). Instead, the component auditor will issue the communication AU-C §265 requires if there are significant deficiencies or material weaknesses that were identified. In this circumstance, the group auditor may be precluded from including the component auditor’s significant deficiencies and material weaknesses in the report on internal control over financial reporting and on compliance and other matters. See the AICPA Audit Guide, Government Auditing Standards and Single Audits, April 1, 2020, paragraphs 4.80 and 4.85, and footnote 49 to paragraph 4.85 for additional guidance.
Use the following paragraph when there are (1) no material weaknesses or significant deficiencies to report or (2) either material weaknesses or significant deficiencies are reported, but not both.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County’s basic financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Use the following paragraph when there are no material weaknesses or significant deficiencies to report.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we (and the other auditors) did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

OR

Use the following paragraph when either material weaknesses or significant deficiencies are reported, but not both.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Use the following sentence when no material weaknesses are reported: Given these limitations, during our audit we (and the other auditors) did not identify any deficiencies in internal control that we consider to be material weaknesses. We (and the other auditors) did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs OR schedule of findings and recommendations as items list related finding reference numbers, that we consider to be material weaknesses OR significant deficiencies.

OR

Use the following 3 paragraphs when material weaknesses and significant deficiencies are reported.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs OR schedule of findings and recommendations, we (and the other auditors) did identify certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in
internal control such that there is a reasonable possibility that a material misstatement of the County’s basic financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs OR schedule of findings and recommendations as items list related finding reference numbers to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs OR schedule of findings and recommendations as items list related finding reference numbers to be significant deficiencies.

**Compliance and other matters**

As part of obtaining reasonable assurance about whether the County’s basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests (and those of the other auditors) disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. OR The results of our tests (and those of the other auditors) disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and that are described in the accompanying schedule of findings and questioned costs OR schedule of findings and recommendations as items list related finding reference numbers. See Government Auditing Standards, Chapter 6, for reporting criteria.

In the rare instance when a separate letter to management to communicate other matters is being issued, add the following: We also noted certain additional matters that we will report (reported) to the County’s management in a separate letter at a future date (dated __________).

Use the following heading and paragraph if any internal control or compliance findings are reported.

**County response to findings**

The County’s responses to the findings identified in our audit are presented in its corrective action plan at the end of this report. The County is responsible for preparing a corrective action plan to address each finding. The County’s responses and corrective action plan were not subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on them.

**Purpose of this report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County’s internal control or on compliance. This report is an integral part of an audit performed in accordance with
Yellow Book report

Government Auditing Standards in considering the County’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

___________ County, Arizona

Report on compliance for each major federal program

We have audited __________ County’s compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020. (, except for the list major federal program names and related Assistance Listings numbers of those programs audited by the other auditors major federal programs administered by the County’s list department, function, or activity of the County that administered those federal programs. Those major federal programs were audited by other auditors whose report(s) has (have) been furnished to us, and our opinion, insofar as it relates to those major federal programs’ compliance with the types of compliance requirements described in the OMB Compliance Supplement, is based solely on the report(s) of the other auditors.) The County’s major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors’ responsibility

Our responsibility is to express an opinion on compliance for each of the County’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit (and the report(s) of the other auditors) provide(s) a reasonable basis for our opinion on compliance for each major federal program OR our qualified and unmodified opinions on

compliance for major federal programs. However, our audit does not provide a legal determination of the County’s compliance.

Use the following heading and paragraph when issuing an unmodified opinion on compliance.

Opinion on each major federal program

In our opinion, (based on our audit and the report(s) of the other auditors,) the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

OR

Use the following 3 paragraphs and their headings when issuing a qualified opinion on compliance.

Basis for qualified opinion on (identify major federal program)\(^6\)

As described in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding identify the major federal program and associated finding number(s) matched to the type(s) of compliance requirements. Compliance with such requirements is necessary, in our opinion, (based on our audit and the report(s) of the other auditors,) for the County to comply with the requirements applicable to that program.

Qualified opinion on (identify major federal program)

In our opinion, (based on our audit and the report(s) of the other auditors,) except for the noncompliance described in the basis for qualified opinion paragraph, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on identify the major federal program for the year ended June 30, 2020.

Unmodified opinion on each of the other major federal programs\(^7\)

In our opinion, (based on our audit and the report(s) of the other auditors,) the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2020.

Use the following heading and paragraph when compliance findings are reported that did not result in a qualified opinion on the program.

Other matters

The results of our auditing procedures disclosed (other) instances of noncompliance that are required to be reported in accordance with the Uniform Guidance and that are described in the accompanying schedule

---

\(^6\) The auditor may consider adding a table to more clearly communicate the basis for the qualified opinion(s) such as follows:

of findings and questioned costs as items list related finding reference numbers. Our opinion on each major federal program is not modified with respect to these matters.

Report on internal control over compliance

The County’s management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control over compliance.

Use the following paragraph when there are (1) no material weaknesses or significant deficiencies to report or (2) either material weaknesses or significant deficiencies are reported, but not both.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Use the following paragraph when there are no material weaknesses or significant deficiencies to report.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We (and the report(s) of the other auditors) did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

OR

Use the following paragraph when either material weaknesses or significant deficiencies are reported, but not both.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Use the following sentence when no material weaknesses are reported: We (and the report(s) of the other auditors) did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. We (However, we) (and the report(s) of the other auditors) did identify certain deficiencies in internal control over
compliance, described in the accompanying schedule of findings and questioned costs as items list related finding reference numbers, that we consider to be material weaknesses OR significant deficiencies.

OR

Use the following 3 paragraphs when material weaknesses and significant deficiencies are reported.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items list related finding reference numbers to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items list finding reference numbers to be significant deficiencies.

Use the following paragraph in all reports

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Use the following heading and paragraph if any compliance or internal control findings are reported.

County response to findings

The County’s responses to the findings identified in our audit are presented in its corrective action plan at the end of this report. The County is responsible for preparing a corrective action plan to address each finding. The County’s responses and corrective action plan were not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on them.
Use the following heading and paragraph when the County’s SEFA is not included with the basic financial statements.

Report on schedule of expenditures of federal awards required by the Uniform Guidance

We have audited the financial statements of the County’s governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements. We issued our report thereon dated __________, that contained unmodified opinions on those financial statements. **Modify as necessary.** 8 (Our report also included a reference to our reliance on other auditors.) **Modify as necessary and describe any additional departures from the standard report.** 8 Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the County’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of the County’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards (by us and the other auditors). 9 In our opinion, (based on our audit, the procedures performed as described previously, and the report(s) of the other auditors,) 9 the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

10 As explained in the AICPA Audit and Accounting Guide, State and Local Governments, the auditor generally expresses or disclaims an opinion on a government’s basic financial statements by providing an opinion or disclaimer of opinion on each opinion unit required to be presented in those financial statements. Therefore, there could be multiple responses to this question for audits of a government’s basic financial statements. For example, if the auditors’ report was unmodified for the District’s business-type activities and adverse for the discretely presented component unit, the response to this question could be as follows: “Unmodified opinion for the business-type activities and adverse opinion for the discretely presented component unit.”

11 If the audit report for 1 or more major programs is other than unmodified, indicate the type of report issued for each program. For example, if the audit report on major program compliance for an audittee having 5 major programs includes an unmodified opinion for 3 of the programs, a qualified opinion for 1 program, and a disclaimer of opinion for 1 program, the response to this question could be as follows: “Unmodified for all major programs except for [name of program], which was qualified and [name of program], which was a disclaimer.”
Identification of major programs Major programs should generally be identified in the same order as reported on the schedule of expenditures of federal awards (SEFA). In the case of a program cluster, only the cluster name as shown on the SEFA is required.

*With the exception of program clusters, programs should be listed in Assistance Listings number order. In addition, when there are multiple listings for the same Assistance Listings number, a total for the Assistance Listings number needs to be presented. Also, for a program cluster provide the total for the cluster.*

Schedule of expenditures of federal awards
Year ended June 30, 2020

The schedule of expenditures of federal awards at a minimum must include the following:
1. Individual federal programs by federal agency. For clusters of federal programs, provide the cluster name, list the individual federal programs within the cluster, and provide the applicable federal agency name.
2. For federal awards received as a subrecipient, the name of the pass-through grantor entity and identifying number the pass-through entity assigned.
3. Total federal awards expended for each individual federal program and the associated Assistance Listings number or other identifying number when the Assistance Listings number is not available. Also, for a federal program cluster, provide the total for the cluster. Note that under the Uniform Guidance, all noncash awards must be presented on the schedule’s face.
4. Amount of federal awards expended for loan or loan guarantee programs. For the basis for determining federal awards expended for these programs, see Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, §200.502.
5. Total amount provided to subrecipients from each federal program. Note that under the Uniform Guidance, amounts provided to subrecipients must go on the face of the schedule.

See paragraph 7.08 in the AICPA Audit Guide, Government Auditing Standards and Single Audits, dated April 1, 2020, for more information.

Note that the SEFA schedule and related notes can be automatically generated after completing the Federal Audit Clearing House's Internet Data Entry System (IDES) SF-SAC (i.e., the data collection form).
Note 1 - Basis of presentation

The accompanying schedule of expenditures of federal awards (schedule) includes ______________ County’s federal grant activity for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Note 2 - Summary of significant accounting policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Modify if presenting all or certain expenditures on another basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 3 - Federal Assistance Listings number

The program titles and Federal Assistance Listings numbers were obtained from the federal or pass-through grantor or the 2020 Federal Assistance Listings. When no Federal Assistance Listings number had been assigned to a program, the 2-digit federal agency identifier and the federal contract number were used. When there was no federal contract number, the 2-digit federal agency identifier and the word “unknown” were used.

Note 4 - Indirect cost rate

The County elected (did not elect) to use the 10 percent de minimis indirect cost rate as covered in 2 CFR §200.414. Uniform Guidance, §200.510(6), requires the County to disclose whether or not it elected to use the 10 percent de minimis cost rate that §200.414(f) allows for nonfederal entities that have never received a negotiated indirect cost rate.

If the County does not agree with an audit finding or believes corrective action is not required, then its corrective action plan must include an explanation and specific reasons why it does not agree with the finding or believes corrective action is not required. Uniform Guidance §200.511(c)

When the audited entity’s comments are inconsistent or in conflict with the findings, conclusions, or recommendations in the draft report, the auditors should evaluate the validity of the audited entity’s comments. If the auditors disagree with the comments, they should explain in the report their reasons for disagreement. Conversely, the auditors should modify their report as necessary if they find the comments valid and supported by sufficient, appropriate evidence. Government Auditing Standards, paragraph 6.59
