Auditor General

The **Auditor General** is appointed by the Joint Legislative Audit Committee, a bipartisan committee composed of five senators and five representatives. Her mission is to provide independent and impartial information and specific recommendations to improve the operations of state and local government entities. To this end, she provides financial audits and accounting services to the State and political subdivisions, investigates possible misuse of public monies, and conducts performance audits of school districts, state agencies, and the programs they administer.

Members of the Arizona State Legislature

Susan Gerard, Director  
Department of Health Services

We have audited the accompanying Schedules of Revenues, Expenditures, and Encumbrances for the Department of Health Services, Division of Behavioral Health Services, Title XIX and XXI Contract, for the year ended June 30, 2006. These schedules are the responsibility of the Department's management and its Division of Behavioral Health Services' management. Our responsibility is to express an opinion on these schedules based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall schedule presentations. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Schedules of Revenues, Expenditures, and Encumbrances were prepared for the purpose of complying with contract requirements between the Arizona Health Care Cost Containment System (AHCCCS) and the Department of Health Services, Division of Behavioral Health Services, as discussed in Note 2, and are not intended to be a presentation in conformity with U.S. generally accepted accounting principles.

In our opinion, the Schedules of Revenues, Expenditures, and Encumbrances referred to above present fairly, in all material respects, the revenues, expenditures, and encumbrances of the Department of Health Services, Division of Behavioral Health Services, Title XIX and XXI Contract, on the basis of accounting described in Note 2.

This report is intended solely for the information and use of the Department of Health Services and is not intended to be and should not be used by anyone other than the specified party. However, this report is a matter of public record, and its distribution is not limited.

Department of Health Services  
Division of Behavioral Health Services  
Title XIX and XXI Contract  
Notes to Schedules  
Year Ended June 30, 2006

Note 1 - Reporting Entity

The Department of Health Services, Division of Behavioral Health Services, is a contractor with the Arizona Health Care Cost Containment System (AHCCCS) to provide behavioral health services to eligible enrollees of the AHCCCS program who are participating in the federal Title XIX and XXI programs. The Division of Behavioral Health Services is responsible for administering the contract. Fiscal responsibility for the Division remains with the Department of Health Services and, ultimately, with the State of Arizona. Each schedule includes only that portion of the Department of Health Services, Division of Behavioral Health Services' operations that are attributable to the applicable Title XIX and Title XXI contract with AHCCCS.

Note 2 - Basis of Accounting

Annually, the Division is required to obtain an audit of contract revenues, expenditures, and encumbrances. For purposes of complying with the contract and to present revenues, expenditures, and encumbrances on a basis consistent with the State's accounting system, the Division has defined revenues, expenditures, and encumbrances as follows:

*Revenues*—The Division receives monthly capitation payments from AHCCCS that are comprised of state matching monies and federal grant monies. AHCCCS capitation payments are recognized as revenues when received.

*Expenditures*—The Division uses monies received from AHCCCS to pay contracted service providers and administrative costs the Division incurs for administering the contract. Expenditures are recognized when goods or services are received and paid from revenues recognized during the year ended June 30, 2006. Expenditures paid from excess revenues of prior periods are reported to AHCCCS in separate unaudited schedules prepared by the Division.

*Encumbrances*—Encumbrances are recognized when goods or services have been ordered but have not been received as of June 30.
