ADMINISTRATIVE SERVICES SANTA CRUZ COUNTY

Jennifer K. St. John, CPA
Director

March 28, 2016

The Honorable Board of Supervisors
Santa Cruz County, Arizona

I am pleased to submit, in accordance with state statutes, Santa Cruz County's (County) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2015. This report has been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed in pronouncements of the Governmental Accounting Standards Board. County management is responsible for both the accuracy of the data and the completeness and fairness of the presentation, including all representations and disclosures. To the best of our knowledge and belief, this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

This report includes all funds of the County. The County provides a full range of services, including law enforcement and public safety; healthcare; sanitation; welfare programs; construction and maintenance of highways, streets, and related infrastructure; recreational services and cultural activities; and education.

Profile of Santa Cruz County

Santa Cruz County is situated in the southern part of Arizona with its southern boundary bordering Mexico. The County was split from Pima County by the 20th Territorial Assembly in 1899. The County encompasses approximately 1,250 square miles and has roughly 50,500 people. The neighboring community of Nogales, Sonora, Mexico has grown to an estimated population of 450,000.

Santa Cruz County is divided into three supervisorial districts. Each district elects a member to the Board of Supervisors to serve a 4-year term. The Chair is selected by the Board from among its members. The Board establishes the policies that govern the various County departments. The Board-appointed County Manager oversees the County's general administrative operations.

Economic Condition and Outlook

Santa Cruz County serves as a gateway for international trade and is a major link in the CANAMEX Trade Corridor, which is a western transportation corridor connecting Canada, the United States, and Mexico. The County's location at the U.S. and Mexican border provides excellent opportunities for shipping and distribution, retail trade, manufacturing, and tourism. The County has been a trading center for northern Mexico since the 1880s. Over 35,000 visitors come from northwest Mexico daily to shop in Santa Cruz County.

The County is home to some of the largest produce distributors in the United States. At peak season, over 1,350 trucks pass through the County's state-of-the-art commercial port, Mariposa Port of Entry, daily carrying approximately 33.5 percent of the winter produce consumed in the U.S. in a normal year. Santa Cruz County's produce industry is anchored by over 250 brokers, distributors, and warehouses. Rail traffic has remained steady as consumers continue to purchase new vehicles manufactured in Mexico. Bulk commodities needed worldwide continue to be exported to Mexico for distribution elsewhere.

The County will continue to operate in a fiscally responsible manner that respects our heritage and our environment, while exploring new economic opportunities and providing the services demanded of a rapidly growing border community.

Major Initiatives

The U.S. Department of Homeland Security wrapped up work on a \$200 million expansion of the Mariposa Port of Entry to more than double the number of traffic lanes for commercial trucks and personal vehicles. The new 216,000 square foot facility will be able to handle up to 4,000 trucks daily and process up to \$35 million of goods annually. Construction of this project began in fiscal year 2010 and wrapped up in October of 2014.

The County geographic information system (GIS) project has continued with data development, rectification, and quality assurance tasks. Monthly updates of the roadway centerline data continue in support of public safety emergency response software. A user's group meets monthly to disseminate information about GIS within the County and to encourage its use. Interactive maps are now available on the County website.

The U.S. Army Corps of Engineers (the Corps) completed the Chula Vista Wash improvements replacing the bridge that was demolished during the original construction project and installing bank protection. The County is extending the bank protection further upstream, installing a pedestrian path along Old Tucson Road and repaving the road for \$1.5 million.

Sixty percent design and environmental clearances for the signalization project at the Rio Rico Drive/Pendleton Drive intersection are complete. This upgrade is being funded with a combination of federal and local dollars and is scheduled for construction in 2018. Additional right-of-way acquisition is on-going.

Overweight truck fees collected and distributed to the County are being used to repave and rejuvenate critical roads in the Rio Rico South Industrial Park and Old Tucson Road/Bravo Lane industrial area. Approximately \$1.4 million has been spent thus far. Local contractors are being used for this project.

The County installed first-of-its-kind ballfield lighting for the two fields at Robert Damon Recreational Complex. This project cost just under \$300,000 to complete.

Financial Management and Information

County management is responsible for establishing and maintaining an internal control structure designed to ensure that the County's assets are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management. We believe that the County's internal control structure adequately safeguards assets and provides reasonable assurance of the proper recording and integrity of financial statements and underlying financial transactions.

Independent Audit: State statutes require that the County issue annual financial statements, which shall be audited by the State of Arizona, Office of the Auditor General or its designee. The State Auditor's report on the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining funds are included as the first component of the financial section of this report.

Single Audit: As a recipient of federal and state financial assistance, the County is required to have an annual audit under the Office of Management and Budget (OMB) Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations*. OMB requirements also address the establishment and maintenance of an adequate internal control structure to ensure compliance with applicable laws and regulations related to those programs. Tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as determining that the County has materially complied with applicable laws and regulations.

Budgeting Controls: The County also maintains budgetary controls, which are designed to help ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Supervisors. Budgetary control generally is maintained at the departmental level for all funds. Management further controls budgets by not allowing personnel savings to be reprogrammed to operating supplies and services within a department.

The Reporting Entity: The financial reporting entity includes all the funds of the primary government, Santa Cruz County, as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the funds of the Santa Cruz County Flood Control District and the Santa Cruz County Jail District, whose Board of Directors is the County's Board of Supervisors, are blended and reported as special revenue funds of the primary government.

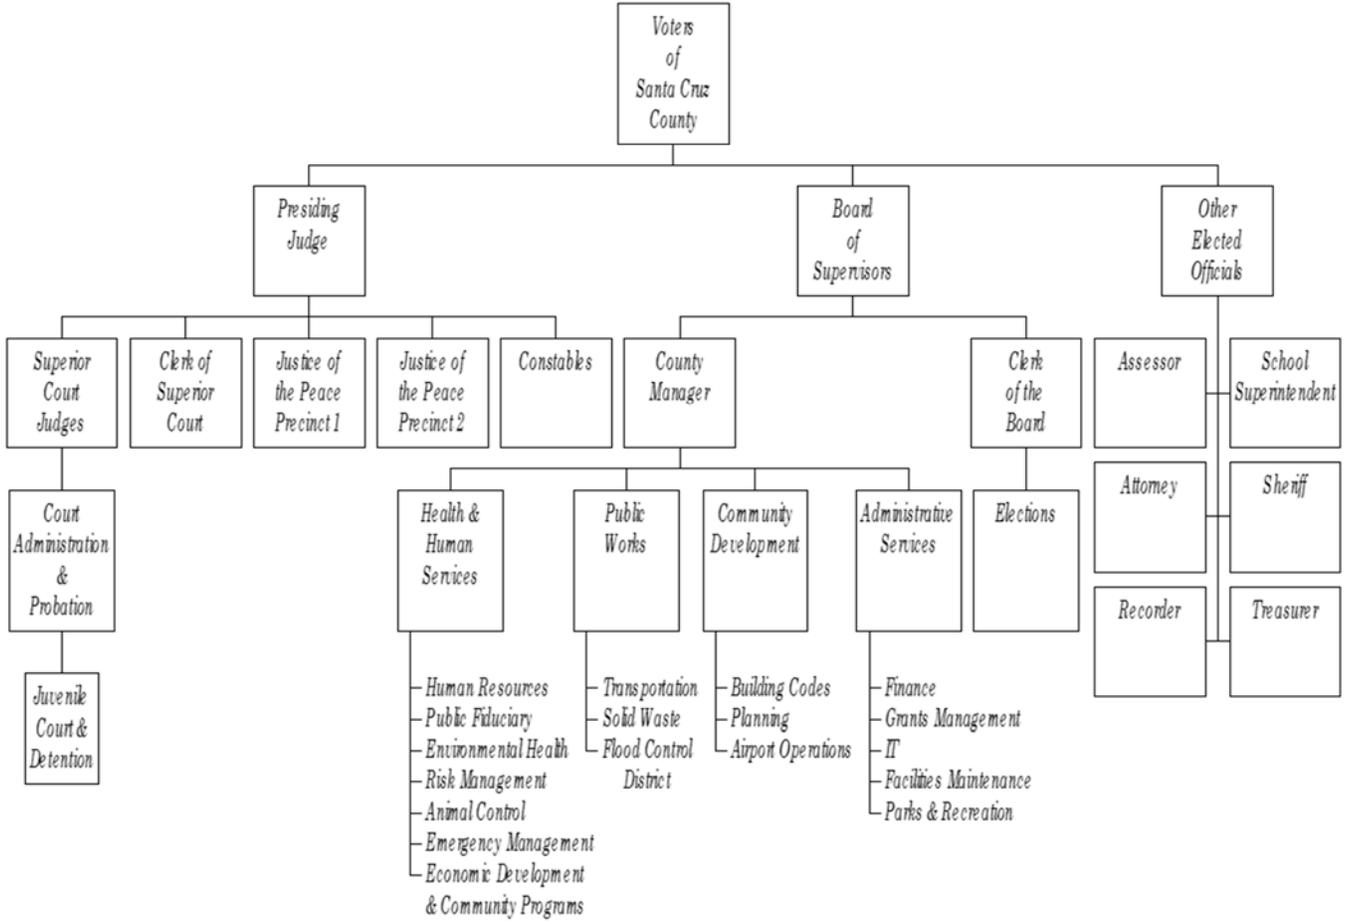

Acknowledgements

The preparation of this report could not be accomplished without the efficient and dedicated services of the finance department. I would also like to thank every county department who assisted in and contributed to the preparation of this report. In addition, the staff of the Auditor General's Office provided excellent support and technical advice. I also wish to express my sincere appreciation to the Board of Supervisors and County Manager for their interest and support in planning and conducting the financial operations of the County in a responsible manner.

Respectfully submitted,

Jennifer K. St. John, CPA
County Manager/Administrative Services Director

Independent Auditors' Report

Members of the Arizona State Legislature

The Board of Supervisors of
Santa Cruz County, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and aggregate remaining fund information of Santa Cruz County as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and aggregate remaining fund information of Santa Cruz County as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in Note 1 to the financial statements, for the year ended June 30, 2015, the County adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the Management's Discussion and Analysis on pages 5 through 14, Budgetary Comparison Schedules on pages 74 through 80, Schedule of the County's Proportionate Share of the Net Pension Liability—Cost-Sharing Pension Plans on page 81, Schedule of Changes in the County's Net Pension Liability and Related Ratios—Agent Pension Plans on pages 82 through 83, Schedule of County Pension Contributions on pages 84 through 85, and the Schedule of Agent OPEB Plans' Funding Progress on page 87 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Compliance Over the Use of Highway User Revenue Fund and Other Dedicated State Transportation Revenue Monies

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to use highway user revenue fund monies the County received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues the County received solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the use of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2016, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Debbie Davenport
Auditor General

March 30, 2016

Santa Cruz County Management's Discussion and Analysis

This discussion and analysis is intended to be an easily readable analysis of Santa Cruz County's (County) financial activities based on currently known facts, decisions, or conditions. This analysis focuses on current year activities and should be read in conjunction with the transmittal letter that begins on page v and with the County's basic financial statements following this section.

For the year ended June 30, 2015, the County implemented the provisions of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The implementation of these GASB Statements had a significant effect on the financial statement amounts. The County's total net position as of July 1, 2014, has been restated from \$92.4 million as previously reported in the fiscal year 2014 CAFR to \$63.7 million for the prior period adjustments of the beginning net pension liability and County pension contributions made in FY 2014. Other financial areas that were significantly affected are explained below.

Financial Highlights

- At June 30, 2015, the assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources by \$58,922,106 (net position). Of this amount, \$74.6 million is the net investment in capital assets (e.g., land, buildings, improvements, construction equipment and vehicles, furniture and equipment, infrastructure and construction in progress); \$7.7 million is restricted for specific purposes (restricted net position); and \$(23.4) million is the unrestricted net position deficit balance that is primarily a result of the implementation of GASB 68.
- The County's total net position as reported in the Statement of Activities decreased by \$4,821,910.
- At June 30, 2015, total assets were \$156,655,518 compared to \$159,536,258 at June 30, 2014. This is a \$2,880,740 or 1.8 percent decrease over the prior fiscal year.
- At June 30, 2015, total liabilities were \$100,933,119 compared to \$67,091,970 at June 30, 2014. This is a \$33,841,149 or 50.4 percent increase over the prior fiscal year.
- At June 30, 2015, the County reported total deferred outflows of resources related to pensions of \$7,249,050 and deferred inflows of resources related to pensions of \$4,049,343.
- At June 30, 2015, the governmental funds reported combined fund balances of \$20,105,887 or a decrease in fund balance of \$2,490,893, in comparison with the prior year.
- At June 30, 2015, \$9,756,398 or 48.5 percent of governmental fund balances were restricted, \$204,195 or 1.0 percent were assigned, \$10,043,583 or 50 percent were unassigned, and \$101,711 or 0.5 percent were nonspendable. Restricted fund balances have externally imposed restrictions on their usage by creditors, such as through debt covenants, grantors, contributors, or laws and regulations; or by constitutional provisions or enabling legislation. The assigned and unassigned fund balances are considered unrestricted. The unrestricted fund balances are available for spending at the County's discretion. However, the assigned fund balances are designated by management. The nonspendable

Santa Cruz County Management's Discussion and Analysis

fund balances include amounts that cannot be spent because they are not in spendable form, such as prepaid items.

- At June 30, 2015, unassigned fund balance for the general fund was \$11,124,579, approximately 55.7 percent of total general fund expenditures. In accordance with Arizona Revised Statutes §42-17151, this entire amount is budgeted to be spent in the next fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to private-sector businesses.

The *Statement of Net Position* presents information on all County assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the County include general government, public safety, highways and streets, health, welfare and sanitation, education and economic opportunity, and recreation. The County has one business-type activity, which is the County Landfill.

Component units are included in our basic financial statements and consist of legally separate entities for which the County is financially accountable and that have substantially the same board as the County or provide services entirely to the County. The blended component units included in the County's basic financial statements are the Santa Cruz County Flood Control District and the Santa Cruz County Jail District.

The government-wide financial statements can be found on pages 16-17 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three classifications: *governmental funds*, *proprietary funds*, and *fiduciary funds*.

Santa Cruz County Management's Discussion and Analysis

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a county's near-term financing requirements. Governmental funds include the general, special revenue, debt service, and capital projects funds.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The County reports five major governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Jail District, Criminal Justice Enhancement, Flood Control, and Road funds. Data from the other governmental funds (nonmajor) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 18-24 of this report.

Proprietary funds are maintained two ways. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses its enterprise fund to account for the landfills operated by the County. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County has no internal service funds. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The County's landfill operation is considered to be a major fund and is presented in the proprietary fund financial statements.

The proprietary fund financial statements can be found on pages 25-27 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

The fiduciary funds financial statements can be found on pages 28-29 of this report.

Notes to financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31-71 of this report.

Required supplementary information presents budgetary comparison schedules for the General, Jail District, Criminal Justice Enhancement, Flood Control and Road funds of the County. It also includes pension plan schedules and a schedule of agent OPEB plans' funding progress that present the County's

Santa Cruz County Management's Discussion and Analysis

progress in funding its obligation to provide pension and other postemployment benefits to its employees. Required supplementary information can be found on pages 74-88 of this report.

Government-wide Financial Analysis

Statement of Net Position

Net position may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Position of the County as of June 30, 2015, compared to the prior year.

Statement of Net Position
June 30, 2015 and 2014 (In Thousands)

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014

Net Position						
Net investment in capital assets	70,340	70,668	4,274	3,660	74,614	74,328
Restricted net position	7,711	9,515	-	-	7,711	9,515
Unrestricted net position (deficit)	<u>(22,125)</u>	<u>9,783</u>	<u>(1,278)</u>	<u>(1,182)</u>	<u>(23,403)</u>	<u>8,601</u>
Total net position	<u>\$ 55,926</u>	<u>\$ 89,966</u>	<u>\$ 2,996</u>	<u>\$ 2,478</u>	<u>\$ 58,922</u>	<u>\$ 92,444</u>

At June 30, 2015, the County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by almost \$59 million (net position).

The largest portion (\$74.6 million or 126.6 percent) of the County's net position reflects the investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, and construction in progress), less accumulated depreciation and related debt still outstanding used to acquire those assets. The County uses these assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of

Santa Cruz County Management's Discussion and Analysis

related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, because the capital assets themselves will not be used to liquidate these liabilities.

Restricted net position (\$7.7 million or 13.1 percent) represents resources that are subject to external restrictions on how they may be used.

The remaining deficit balance (\$23.4 million or negative 39.7 percent) was a decrease of just over \$32.0 million from the prior year's unrestricted net position of \$8.6 million due largely to the County's implementation of GASB Statement Nos. 68 and 71, as mentioned above.

As a result of the County's implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, the County reported the deferred outflows of resources of \$7.2 million and deferred inflows of resources of \$4.0 million related to pensions.

The following provides an explanation of governmental activities assets and liabilities that changed significantly over the prior year:

- Capital assets – the \$2.7 million decrease was due largely to several major projects being completed within the Public Works department and thereby reducing the construction in progress balance. There was a corresponding increase in the completed assets but not as much in fiscal year 2015 as there was in prior year.
- Long-term liabilities – the \$32.3 million increase was due largely to the addition of \$34.4 million in net pension liability as a result of the County's implementation of GASB Statement Nos. 68 and 71 and a net increase of \$267 thousand in compensated absences payable. The remaining difference is a decrease of \$2.4 million in regularly scheduled debt service payments.

The following provides an explanation of business-type activities assets and liabilities that changed significantly over the prior year:

- Capital assets – the \$1.3 million net increase in capital assets was mainly due to the acquisitions of \$1.3 million of construction equipment and vehicles and the landfill improvements of \$191 thousand. The remaining difference is an increase of \$179 thousand in accumulated depreciation for fiscal year 2015.
- Long-term liabilities – the \$542 thousand net increase was due to the additions of \$530 thousand in net pension liability and \$768 thousand of a new capital lease for construction equipment and the reductions of \$658 thousand for landfill closure and postclosure care costs and \$93 thousand for capital lease payments. The remaining difference is a net decrease of \$5 thousand in compensated absences payable.

Santa Cruz County Management's Discussion and Analysis

Changes in Net position

The following table indicates the changes in net position for governmental and business-type activities:

Santa Cruz County Management's Discussion and Analysis

Overall the County's revenues increased by \$1.2 million or 2.5 percent primarily due to the additional \$1.1 million of 2014 and 2015 state share lottery funds received in fiscal year 2015.

The County's program expenses increased by \$3.1 million or 6.3 percent due largely to the addition of \$3.8 million of pension expense as a result of the County's implementation of GASB Statement Nos. 68 and 71.

Governmental activities – the change in net position for fiscal year 2015 was approximately \$5.9 million decrease in net position, which represents an increase of \$2.7 million from fiscal year 2014.

Business-type activities – Landfill revenues increased by about \$190 thousand or 10.5 percent from fiscal year 2014 due to a new revenue generated during the fiscal year by selling sludge. Expenditures decreased by approximately \$623 thousand from fiscal year 2014 due to a significant decrease in the landfill closure and postclosure care costs. Additional information on the County's closure and postclosure care costs can be found in Note 8 of the Notes to Financial Statements on pages 44-47 of this report.

Financial Analysis of the County's Funds

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – Governmental activities are contained in the general, special revenue, debt service, and capital projects funds. The focus of the County's governmental funds is to provide information of near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2015, the County's governmental funds reported combined fund balances of \$20,105,887, a decrease of \$2,490,893 in comparison with the prior year. This decrease is largely due to increased expenditures within the Road fund that were made to finish several large public works projects and a decrease in federal and state grants resulting in the County having to use its fund balance to continue grants programs and services expected by its citizens. Of the combined fund balances, \$10,043,583 constitutes unassigned fund balance, which is available to meet the County's current and future needs.

The General Fund is the County's primary operating fund. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$11,124,579. Unassigned fund balance represents 55.7 percent of total General Fund expenditures. This ratio indicates a strong fund balance position in comparison to expenditures.

The intergovernmental revenues in the General Fund increased by \$1.4 million or 20.1 percent due mainly to the additional \$1.1 million of 2014 and 2015 state share lottery funds received in fiscal year 2015.

The public safety expenditures in the Jail District Fund decreased by \$974 thousand due primarily to the declining federal inmate population.

Santa Cruz County Management's Discussion and Analysis

The fines and forfeitures revenue and general governmental expenditures in the Criminal Justice Enhancement Fund decreased by \$120 thousand and \$310 thousand, respectively, due largely to a decline in the seizure of assets under the Anti-Racketeering program, resulting in a corresponding decline of money available to spend within the Anti-Racketeering fund.

The highways and streets expenditures in the Road fund increased by \$1.6 million due primarily to additional projects completed within the Public Works department this fiscal year.

General Fund Budgetary Highlights

General Fund actual expenditures were approximately \$8.7 million under the adopted budget and actual revenues were more than estimated revenues by \$1.6 million. The County conservatively estimated revenues and collected prior year's property taxes and intergovernmental revenues in excess of what was anticipated and budgeted. The County Attorney department exceeded its budget by \$133,544 due largely to the increase in salaries that the County gave its employees in October 2014. Salary increases are budgeted for in the Board of Supervisors budget, not the individual departmental budgets. Further, indigent costs for legal fees, autopsies, and advertising came in higher than expected in fiscal year 2015. The Justice Court #2 and Parks exceeded their budget by \$624 and \$36,456, respectively, due to a mandated but unbudgeted training and the installation of the ball field lights that exceeded the original budgeted amount.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets as of June 30, 2015, amounted to \$129.4 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, construction equipment and vehicles, furniture and equipment, construction in progress, and infrastructure. Major capital asset events during the current fiscal year included the following:

- Buildings decreased by \$1.8 million, due to the accumulated depreciation added in fiscal year 2015.
- Construction equipment and vehicles increased by \$1.7 million primarily due to the new purchased equipment of \$2.3 million and the accumulated depreciation of \$665 thousand added during the fiscal year.
- Furniture and equipment decreased by \$1.1 million largely due to the accumulated depreciation of \$1.3 million added during the fiscal year and the new purchased equipment of \$171 thousand.
- Construction in progress decreased by \$1.4 million due largely to several completed projects within the Public Works department.

Santa Cruz County Management's Discussion and Analysis

Capital Assets (Net of Depreciation) (In Thousands)

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014

Totals	<u>\$124,411</u>	<u>\$127,106</u>	<u>\$4,949</u>	<u>\$3,660</u>	<u>\$129,360</u>	<u>\$130,766</u>

Additional information on the County's capital assets can be found in Note 7 of the Notes to Financial Statements on pages 43-44 of this report.

Long-Term Debt

At June 30, 2015, the County had total long-term debt outstanding of \$97,230,756. This amount includes long-term notes of \$56.6 million, net pension liabilities of \$34.9 million, compensated absences payable of \$2.3 million, landfill closure and postclosure care costs payable of \$1.9 million and capital leases payable of \$1.4 million. The net pension liabilities existed as a result of the County's implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Additional information on the County's long-term debt can be found in Note 8 of the Notes to Financial Statements on pages 44-47 of this report.

Economic Factors and Next Year's Budget

- The County has experienced a gradual recovery in the local economy and continued statewide economic growth that will result in the County's local and state shared revenues increasing slightly in the upcoming year.
- The structural imbalance of the State's budget has led to legislative budget proposals involving cost shifts to the County ranging from \$309,000 to \$2,000,000 over the past eight years. Although the State has seen an improved economy, these cost shifts are still in effect and are negatively impacting the County due to the much more gradual increase in revenues.

Santa Cruz County Management's Discussion and Analysis

- The produce industry continues to have a significant role in the region's economy; unfortunately, it is an extremely unpredictable industry. The opening of the expanded Mariposa Port of Entry will improve the flow of goods into the country, if the Customs and Border Protection budget is fully funded and the port is properly staffed. The increase of outmigration of produce firms to Texas to improve distribution to the North and East coast continue to drain our largest private employment base. There will be a continued need for facilities in the region to supply the West coast but further reductions in the number of produce importers will impact employment and the local economy.
- The national focus on border security and immigration in Arizona continues. While the violence has decreased in Nogales, Sonora, Mexico there has not been a corresponding increase in tourism and border crossings. Declines overall in tourism remain a nagging problem due primarily to fears of drug violence perpetrated by the media.
- Property tax levy amounts will decrease next fiscal year due to the continued decrease in assessed valuations. Construction of new homes remains non-existent due to a surplus of vacant homes. While there have been significant improvements in the economy in urban counties within the State, rural areas typically lag 1-2 years behind.

Request for Information

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Santa Cruz County Finance Department, 2150 N. Congress Drive, Room 118, Nogales, AZ 85621.

Santa Cruz County
 Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and
 Changes in Fund Balances to the Government-wide Statement of Activities
 Year Ended June 30, 2015

Net change in fund balances—total governmental funds \$ (2,490,893)

Amounts reported for governmental activities in the Statement of
 Activities are different because:

Governmental funds report capital outlays as expenditures. However,
 in the Statement of Activities, the cost of those assets is allocated
 over their estimated useful lives and reported as depreciation expense.

Capital outlays	\$ 2,474,193	
Less: current-year depreciation	<u>(5,168,307)</u>	(2,694,114)

In the Statement of Activities, only the gain/loss on the sale/disposal of capital assets is
 reported, whereas in the governmental funds, the proceeds from the sale increase
 financial resources. Thus, the change in net position differs from the change in fund
 balance by the book value of the capital assets sold

(1,102)

Debt proceeds provide current financial resources to governmental
 funds, but incurring debt increases long-term liabilities in the
 Statement of Net Position. Repayment of debt principal is an
 expenditure in the governmental funds, but the repayment reduces
 long-term liabilities in the Statement of Net Position

Principal repaid		2,420,598
------------------	--	-----------

Under the modified accrual basis of accounting used in the
 governmental funds, expenditures are not recognized for transactions
 that are not normally paid with expendable available resources. In the
 Statement of Activities, however, which is presented on the accrual
 basis of accounting, expenses and liabilities are reported regardless
 of when the financial resources are available.

Increase in compensated absences payable		(266,906)
--	--	-----------

County pension contributions are reported as expenditures in the governmental funds
 when made. However, they are reported as deferred outflows of resources in the
 Statement of Net Position because the reported net pension liability is measured a
 year before the County's report date. Pension expense, which is the change in the
 net pension liability adjusted for changes in deferred outflows and inflows of
 resources related to pensions, is reported in the Statement of Activities.

County pension contributions	1,983,642	
Pension expense	<u>(5,772,674)</u>	(3,789,032)

Collections of revenues in the governmental funds exceeded revenues
 reported in the Statement of Activities

Property tax revenues	(148,683)	
Intergovernmental	(150,295)	
Miscellaneous revenue	<u>(664)</u>	(299,642)

Some revenues reported in the Statement of Activities do not represent
 the collection of current financial resources and therefore are not
 reported as revenues in the governmental funds.

Intergovernmental	1,186,908	
Miscellaneous revenue	<u>3,307</u>	<u>1,190,215</u>

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Note 1 – Summary of Significant Accounting Policies

Santa Cruz County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2015, the County implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, and GASB Statement No. 69, *Government Combinations and Disposals of Governmental Operations*. GASB Statement Nos. 68 and 71 establish standards for measuring and recognizing net pension (assets and) liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures related to pension benefits provided through defined benefit pension plans. In addition, Statement No. 68 requires disclosure of information related to pension benefits. GASB Statement No. 69 establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The implementation of GASB Statement No. 69 had no impact on the County's fiscal year 2015 financial statements, and the implementation of GASB Statement Nos. 68 and 71 had a significant effect on the financial statement amounts; therefore, additional note disclosures were required.

A. Reporting Entity

The County is a general purpose local government that is governed by a separately elected board of supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended component unit discussed below has a June 30 year-end. The County has no discretely presented component units.

The Santa Cruz County Flood Control District is a legally separate tax-levying entity pursuant to A.R.S. §48-3602 that provides flood control facilities and regulates floodplains and drainage to prevent flooding of property within Santa Cruz County. The Santa Cruz County Jail District is a legally separate tax-levying entity pursuant to A.R.S. §48-4002 that acquires, constructs, operates, maintains, and finances the County jail, jail system, and juvenile detention facility. The Santa Cruz County Board of Supervisors serves as the Board of Directors of the Flood Control and Jail Districts and significantly influences the programs, projects, activities, and level of services provided by the Districts. The Board also establishes

Santa Cruz County
Notes to Financial Statements
June 30, 2015

policy, appoints management, exercises budgetary control and sets the tax rate for the Flood Control District. In addition, the Board exercises budgetary control for the Jail District. Further, the Districts provide services almost entirely for the benefit of the County; therefore, the Flood Control and Jail Districts are considered blended component units of the County. Separate financial statements for the Districts are not available.

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

Government-wide statements—Provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary activities. They also distinguish between the County's governmental and business-type activities. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to various programs or functions. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund financial statements—Provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate

Santa Cruz County
Notes to Financial Statements
June 30, 2015

column. All remaining governmental funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are operating revenues. Other revenues, such as grants and contributions, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues along with investment earnings and revenues ancillary activities generate. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

The *Jail District Fund* accounts for all financial resources of the Jail District and is funded by excise taxes, maintenance of effort payments from the County's General Fund, and federal reimbursements.

The *Criminal Justice Enhancement Fund* accounts for various public safety and criminal justice programs that provide crime prevention, criminal apprehension, and prosecution and is funded by fines, proceeds from the sale of seized assets, and federal and state grants.

The *Flood Control Fund* accounts for flood control facilities and regulates floodplains and drainage to prevent flooding of property in Santa Cruz County and is funded by secondary property taxes.

The *Road Fund* accounts for specific revenue sources such as highway user revenues and vehicle license taxes that are restricted for road construction, maintenance and operations, and pavement preservation.

The County also reports the following major enterprise fund:

The *Landfill Fund* accounts for sanitation fee revenues and expenses related to the operation of the Rio Rico and Sonoita Landfills as well as the Tubac Transfer station.

The County also reports the following fund types:

The *investment trust funds* account for pooled and nonpooled assets the County Treasurer holds and invests on behalf of other governmental entities.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

The *agency funds* account for assets the County holds as an agent for the State, cities, towns, and other parties.

C. Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net position resources available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources that are susceptible to accrual are property taxes, excise taxes, intergovernmental, charges for services, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, compensated absences, and landfill closure and postclosure care costs, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's Local Government Investment Pool, and only those highly liquid investments with a maturity of 3 months or less when purchased.

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest-earning investment contracts with a remaining maturity of 1 year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

E. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

F. Capital Assets

Capital assets are reported at actual cost (or estimated historical cost if historical records are not available). Donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	\$10,000	N/A	N/A
Construction in progress	10,000	N/A	N/A
Buildings	10,000	Straight line	15-40 years
Improvements other than buildings	10,000	Straight line	7-40 years
Construction equipment and vehicles	5,000	Straight line	5-7 years
Furniture and equipment	5,000	Straight line	5-7 years
Infrastructure	10,000	Straight line	20-65 years

G. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a revenue in future periods.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. Fund Balance Classifications

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as prepaid items, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations that the County's Board of Supervisors approved, which is the highest level of decision-making authority within the County. Only the Board can remove or change the constraints placed on committed fund balances.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. The Board of Supervisors has authorized the Administrative Services Director to assign resources for a specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the County's policy to use restricted fund balance first. It is the County's policy to use committed amounts first when disbursing unrestricted fund balances, followed by assigned amounts, and lastly unassigned amounts.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

The County does not have a minimum fund balance policy in place.

J. Investment Earnings

Investment earnings is composed of interest, dividends, and net changes in the fair value of applicable investments.

K. Compensated Absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave employees earned based on services already rendered.

Employees may accumulate up to 320 hours of vacation depending on years of service, but they forfeit any unused vacation hours in excess of the maximum amount at calendar year-end. Upon terminating employment, the County pays all unused and unforfeited vacation benefits to employees. Accordingly, vacation benefits are accrued as a liability in the government-wide and proprietary funds' financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year end.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but employees forfeit them upon terminating employment. However, for employees who terminate with a minimum of 5 years of continuous service and have accumulated sick leave hours in excess of 240 hours, sick leave benefits do vest and, therefore, are accrued as a liability in the government-wide and proprietary funds' financial statements. Such eligible terminating employees are compensated for actual sick leave at a percentage in proportion to years of service provided. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

Note 2 – Change in Accounting Principle

Net position as of July 1, 2014, has been restated as follows for the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Santa Cruz County

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Note 4 – Stewardship, Compliance, and Accountability

Deficit fund balances—At June 30, 2015, the following nonmajor funds reported deficits in fund balance:

Fund	Deficit
Governmental funds:	
Other governmental	
WIA	\$171,200
Health Services	93,488
Homeland Security	74,484
Other Capital Projects	170,879

Note 5 – Deposits and Investments

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in the United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

Credit risk

Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Bonds, debentures, notes and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.
3. Fixed income securities must carry one of the two highest ratings by Moody's investors service and Standard and Poor's (S&P) rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk

Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

Foreign currency risk

Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits—At June 30, 2015, the carrying amount of the County's deposits was \$21,565,552, and the bank balance was \$21,996,543. The County does not have a formal policy related to custodial credit risk for deposits.

At June 30, 2015, \$41,400 of the County's bank balance was exposed to custodial credit risk as it was uninsured and uncollateralized.

Investments—The County's investments at June 30, 2015, were as follows:

Investment Type	Fair Value
State Treasurer's investment pool 5	\$14,086,788
State Treasurer's investment pool 7	3,031
Money market mutual fund	7,171,167
Corporate bonds	4,635,366
Corporate notes	<u>7,742,585</u>
	<u>\$33,638,937</u>

The State Board of Investment provides oversight for the State Treasurer's pools. The fair value of a participant's position in the pool approximates the value of that participant's pool shares, and the participant's shares are not identified with specific investments.

Credit Risk—The County does not have a formal investment policy with respect to credit risk. At June 30, 2015, credit risk for the County's investments was as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Investment Type	Rating	Rating Agency	Amount
State Treasurer's investment pool 5	AAAf/S1+	S&P	\$14,086,788
State Treasurer's investment pool 7	Unrated	N/A	3,031

Corporate notes	Aa3	Moody's	507,590
Corporate notes	Baa1	Moody's	2,096,687
			<u>\$33,638,937</u>

Custodial credit risk—For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in an outside party's possession. The County does not have a formal investment policy with respect to custodial credit risk. At June 30, 2015, the County had \$4,635,366 in corporate bonds and \$7,742,585 in corporate notes that were uninsured, not registered in the County's name, and held by the counterparty.

Interest rate risk—The County does not have a formal investment policy with respect to interest rate risk. At June 30, 2015, the County had the following investments in debt securities:

Investment Type	Amount	Weighted Average Maturity (In Years)
State Treasurer's investment pool 5	\$14,086,788	0.16
State Treasurer's investment pool 7	3,031	0.05
Money market mutual fund	7,171,167	0.00
Corporate bonds	4,635,366	1.56
Corporate notes	7,742,585	1.46
	<u>\$33,638,937</u>

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Long-term loans payable—The County's long-term loans payable include a loan agreement with U. S. Bank National Association, the 2012 series. The purpose of the 2012 series loan is to finance the construction of bridges and other flood control projects that provide vehicle access to flood-prone areas within the County. The loan calls for an annual principal payment and semi-annual interest payments.

In addition, the County's long-term loans payable includes two other loan agreements with the Greater Arizona Development Authority (GADA), the 2008-1 project and the 2008-2 project. The purpose of the 2008-1 project loan is to provide funds for the construction of the court and judicial facility, and the purpose of the 2008-2 loan is to provide funds for the construction of the County's Jail District detention facility. Both loans call for annual principal payments and semi-annual interest payments.

For the 2008-1 and 2012 project loans, the County has pledged a portion of its future excise tax and state shared revenues to repay the loans obtained from GADA for funding the 2008-1 project and the private bank for funding the flood control projects. For fiscal year 2015, the County received excise tax revenues of \$2,504,647 and state shared revenues net of other statutory claims of \$2,421,394 and the total principal and interest payments were \$315,000 and \$679,925 for the 2008-1 loan and \$365,000 and \$323,172 for the 2012 loan. At June 30, 2015, future debt service requirements through final maturity at August 1, 2038, and June 15, 2026, respectively, totaled \$33,540,006 consisting of total principal and interest remaining to be paid on the 2008-1 and 2012 loans of \$21,365,000 and \$12,175,006, respectively. Future principal and interest payments are expected to require 30 percent of pledged excise tax and state shared revenues.

For the 2008-2 project loan, the County's debt service obligations to repay the loan obtained from GADA for funding the 2008-2 project are secured by a lien on (1) collections from the County's Jail District excise tax and (2) the maintenance of effort payments from the County's General Fund. For fiscal year 2015, the County received Jail District excise tax revenues of \$2,503,979 and made maintenance of effort payments of \$3,460,225, and the principal and interest payments were \$1,480,000 and \$1,766,507, respectively. At June 30, 2015, future debt service requirements through final maturity at August 1, 2031, totaled \$51,959,775 consisting of \$35,185,000 for principal and \$16,774,775 for interest. Future principal and interest payments are expected to require less than 54 percent of pledged County's Jail District excise tax revenue and the maintenance of effort payments from the County's General Fund.

Long-term loans payable at June 30, 2015, were as follows:

Description	Interest Rates	Maturities	Outstanding Principal July 1, 2014	Retirements	Outstanding Principal June 30, 2015
2008-1 project	4.00%-5.25%	2016-2038	\$13,585,000	\$ 315,000	\$13,270,000
2008-2 project	4.00%-5.25%	2016-2031	36,665,000	1,480,000	35,185,000
2012 series	3.82%	2016-2026	<u>8,460,000</u>	<u>365,000</u>	<u>8,095,000</u>
			<u>\$58,710,000</u>	<u>\$2,160,000</u>	<u>\$56,550,000</u>

Santa Cruz County

2018	2,435,000	2,498,234
2019	2,535,000	2,396,938
2020	2,645,000	2,288,363
2021-2025	15,125,000	9,527,169
2026-2030	19,760,000	5,203,011
2031-2035	6,760,000	1,471,050
2036-2038	<u>2,705,000</u>	<u>289,013</u>
Total	<u>\$56,550,000</u>	<u>\$28,949,781</u>

Obligations under capital leases—The County has acquired a building, kitchen, phone and construction equipment, and computer software and hardware under the provisions of various long-term lease agreements classified as capital leases for accounting purposes because they provide for a transfer of ownership by the end of the lease term.

The assets acquired through capital leases are as follows:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
Building	\$1,025,840	
Construction equipment		\$767,656
Furniture and equipment	1,022,784	
Less: accumulated depreciation	<u>914,256</u>	<u>29,745</u>
Carrying value	<u>\$1,134,368</u>	<u>\$737,911</u>

The following schedule details debt service requirements to maturity for the County's obligations under capital leases at June 30, 2015:

<u>Year Ending June 30</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
2016	\$213,684	\$ 92,692
2017	155,108	92,692
2018	60,263	92,692
2019	60,264	92,692
2020	60,263	92,692
2021-2025	301,320	312,290
2026	<u>60,263</u>	<u>-</u>
Total minimum lease payments	911,165	775,750
Less amount representing interest	<u>162,846</u>	<u>100,786</u>
Present value of net minimum lease payments	<u>\$748,319</u>	<u>\$674,964</u>

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Landfill closure and postclosure care costs—State and federal laws and regulations require the County to place a final cover on its two landfill sites when they stop accepting waste and to perform certain maintenance and monitoring functions at the sites for 30 years after closure. Although closure and postclosure care costs will not be paid until near or after the date that the landfills stop accepting waste, the County reports a portion of these closure and postclosure care costs in each period that the County operates the landfills. These costs will be paid from the Enterprise Fund.

The amount recognized each year is based on landfill capacity used at the end of each fiscal year. The \$1,902,489 reported as landfill closure and postclosure care liability at June 30, 2015, represents the cumulative amount reported to date based on the use of 51 percent and 43 percent of the estimated capacity of the Rio Rico Sanitary Landfill and Sonoita Elgin Landfill, respectively. The County will recognize the remaining estimated cost of closure and postclosure care of \$2,046,316 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in fiscal year 2015 and the actual cost may be lower or higher each year due to deflation or inflation, changes in technology, changes in materials or changes in regulations. The County expects to close Rio Rico Sanitary Landfill in 2038 and Sonoita Elgin Landfill in 2133.

According to state and federal laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, postclosure, and corrective action when needed. The County is in compliance with these requirements.

Compensated absences and claims and judgments—Compensated absences are paid from various funds in the same proportion that those funds pay payroll costs. Claims and judgments are generally paid from the fund that accounts for the activity that gave rise to the claim. During fiscal year 2015, the County paid for compensated absences as follows: 49 percent from the General Fund, 16 percent from the Jail District Fund, 6 percent from the Criminal Justice Enhancement Fund, 2 percent from the Flood Control Fund, 6 percent from the Road Fund, 18 percent from the Other Governmental Funds, and 2 percent from the Enterprise Fund.

Note 9 – Construction Commitments

At June 30, 2015, the County had major contractual commitments related to various capital projects for the construction of bridges and other flood control projects that provide vehicles access to flood-prone areas within the County. As of June 30, 2015, the County has spent \$1,262,900 on these projects and reported the total amount in construction in progress. An estimated cost to complete these projects is approximately \$2,320,000. These projects are predominantly financed by future excise tax and state shared revenues.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Note 10 – Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For these risks of loss, the County joined and is covered by three public entity risk pools: the Arizona Counties Property and Casualty Pool, the Arizona Counties Workers' Compensation Pool, and the Arizona Local Government Employee Benefit Trust. The County carries commercial insurance for all such risks of loss relating to the ownership of Nogales International Airport, and settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

The Arizona Counties Property and Casualty Pool is a public entity risk pool currently composed of 12 member counties. The pool provides member counties catastrophic loss coverage for risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters; and provides risk management services. Such coverage includes all defense costs as well as the amount of any judgment or settlement. The County is responsible for paying a premium based on its exposure in relation to the exposure of the other participants, and a deductible of \$5,000 per occurrence for property claims and \$5,000 per occurrence for liability claims. The County is also responsible for any payments in excess of the maximum coverage of \$300 million per occurrence for property claims and \$15 million per occurrence for liability claims. However, lower limits apply to certain categories of losses. A county must participate in the pool at least 3 years after becoming a member; however, it may withdraw after the initial 3-year period.

The Arizona Counties Workers' Compensation Pool is a public entity risk pool currently composed of 11 member counties. The pool provides member counties with workers' compensation coverage, as law requires, and risk management services. The County is responsible for paying a premium based on an experience-rating formula that allocates pool expenditures and liabilities among the members.

The Arizona Local Government Employee Benefit Trust is a public entity risk pool currently composed of six member counties. The pool provides member counties with health, prescription, dental, vision, life, short-term disability, and accidental death benefits for the counties' employees and their dependents. The County is responsible for paying a premium based on enrolled employees and dependents and requires its employees to contribute a portion of that premium. If it withdraws from the Trust, the County is responsible for any claims' run-out costs, including claims reported but not settled, claims incurred but not reported, and administrative costs. If the Trust were to terminate, the County would be responsible for its proportional share of any Trust deficit.

The Arizona Counties Property and Casualty Pool, the Arizona Counties Workers' Compensation Pool, and the Arizona Local Government Employee Benefit Trust receive independent audits annually and an audit by the Arizona Department of Insurance every 5 years. All pools accrue liabilities for losses that have been incurred but not reported. These

Santa Cruz County
Notes to Financial Statements
June 30, 2015

liabilities are determined annually based on an independent actuarial valuation. If a pool were to become insolvent, the County would be assessed an additional contribution.

Note 11 – Pensions and Other Postemployment Benefits

The County contributes to the plans described below. The plans are component units of the State of Arizona.

At June 30, 2015, the County reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net pension liabilities	\$34,413,198	\$530,332	\$34,943,530
Deferred outflows of resources	7,185,504	63,546	7,249,050
Deferred inflows of resources	3,935,451	113,892	4,049,343
Pension expense	5,772,674	25,701	5,798,375

The County's accrued payroll and employee benefits includes \$61,756 of outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2015. Also, the County reported \$1,983,642 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

A. Arizona State Retirement System

Plan description—County employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its Web site at www.azasrs.gov.

Benefits provided—The ASRS provides retirement, a health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

ASRS	Retirement	
	Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years age 62 5 years age 50* any years age 65	30 years age 55 25 years age 60 10 years age 62 5 years age 50* any years age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

* With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Contributions—In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2015, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.6 percent (11.48 percent for retirement and 0.12 percent for long-term disability) of the members' annual covered payroll, and the County was required by statute to contribute at the actuarially determined rate of 11.6 percent (10.89 percent for retirement, 0.59 percent for health insurance premium benefit, and 0.12 percent for long-term disability) of the active members' annual covered payroll. In addition, the County was required by statute to contribute at the actuarially determined rate of 9.57 percent (9.31 percent for retirement, 0.20 percent for health insurance premium benefit and 0.06 percent for long-term disability) of annual covered payroll of retired members who worked for the County in positions that would typically be filled by an employee who contributes to the ASRS. The County's contributions to the pension plan for the year ended June 30, 2015, were \$997,087. The County's contributions for the current and 2 preceding years for OPEB, all of which were equal to the required contributions, were as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

ASRS		Health Benefit Supplement Fund	Long-Term Disability Fund
Year ended June 30			
2015		\$53,141	\$10,786
2014		51,842	20,737
2013		58,331	21,538

During fiscal year 2015, the County paid for ASRS pension and OPEB contributions as follows: 51 percent from the General Fund, 7 percent from the Jail District Fund, 7 percent from the Criminal Justice Enhancement Fund, 4 percent from the Flood Control District Fund, 9 percent from the Road Fund, 3 percent from the Landfill Fund, and 19 percent from other governmental funds.

Pension liability—At June 30, 2015, the County reported a liability of \$14,450,456 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2014. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2013, to the measurement date of June 30, 2014. The County's proportion of the net pension liability was based on the County's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2014. The County's proportion measured as of June 30, 2014, was 0.097661 percent, which was a decrease of 0.004966 from its proportion measured as of June 30, 2013.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2015, the County recognized pension expense for ASRS of \$700,306. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ASRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 734,414	
Net difference between projected and actual earnings on pension plan investments		\$2,526,939
Changes in proportion and differences between county contributions and proportionate share of contributions		576,404
County contributions subsequent to the measurement date	<u>997,087</u>	
Total	<u>\$1,731,501</u>	<u>\$3,103,343</u>

The \$997,087 reported as deferred outflows of resources related to ASRS pensions resulting from county contributions subsequent to the measurement date will be recognized as a

Santa Cruz County
Notes to Financial Statements
June 30, 2015

reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

Year ending June 30	
2016	\$(563,035)
2017	(563,035)
2018	(611,125)
2019	(631,734)

Actuarial Assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS	
Actuarial valuation date	June 30, 2013
Actuarial roll forward date	June 30, 2014
Actuarial cost method	Entry age normal
Investment rate of return	8%
Projected salary increases	3–6.75%
Inflation	3%
Permanent benefit increase	Included
Mortality rates	1994 GAM Scale BB

Actuarial assumptions used in the June 30, 2013, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.79 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ASRS		Long-Term
Asset Class	Target Allocation	Expected Real Rate of Return
Equity	63%	7.03%
Fixed income	25%	3.20%
Real estate	8%	4.75%
Commodities	<u>4%</u>	4.50%
Total	<u>100%</u>	

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Discount Rate—The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.79 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the ASRS net pension liability to changes in the discount rate—The following table presents the County’s proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the County’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate:

ASRS	1% Decrease (7%)	Current Discount Rate (8%)	1% Increase (9%)
County’s proportionate share of the net pension liability	\$18,264,635	\$14,450,456	\$12,381,072

Pension plan fiduciary net position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System and Corrections Officer Retirement Plan

Plan descriptions—County sheriff employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A seven-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

County detention officers and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP). The CORP administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan for county detention officers (agent plans), and a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for AOC officers (cost-sharing plans). The

Santa Cruz County
Notes to Financial Statements
June 30, 2015

PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS and CORP issue publicly available financial reports that include their financial statements and required supplementary information. The reports are available on the PSPRS Web site at www.psprs.com.

Benefits provided—The PSPRS and CORP provide retirement, a health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years any age 15 years age 62	25 years age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years
Benefit percent		
Normal Retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	2.5% per year of credited service, not to exceed 80%
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
Survivor Benefit		
Retired Members	80% to 100% of retired member's pension benefit	
Active Members	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	

Santa Cruz County
Notes to Financial Statements
June 30, 2015

CORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	Sum of years and age equals 80 20 years any age 10 years age 62	25 years age 52.5 10 years age 62
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years
Benefit percent		
Normal Retirement	2.0% to 2.5% per year of credited service, not to exceed 80%	
Accidental Disability Retirement	50% or normal retirement if more than 20 years of credited service	50% or normal retirement if more than 25 years of credited service
Total and Permanent Disability Retirement	50% or normal retirement if more than 25 years of credited service	
Ordinary Disability Retirement	2.5% per year of credited service or normal retirement, whichever is greater	
Survivor Benefit		
Retired Members	80% of retired member's pension benefit	
Active Members	40% of average monthly compensation or 100% of average monthly compensation if death was the result of injuries received on the job. If there is no surviving spouse or eligible children, the beneficiary is entitled to 2 times the member's contributions.	

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees covered by benefit terms—At June 30, 2015, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Sheriff	CORP Detention
Inactive employees or beneficiaries currently receiving benefits	17	3
Inactive employees entitled to but not yet receiving benefits	14	15
Active employees	<u>30</u>	<u>38</u>
Total	<u>61</u>	<u>56</u>

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Contributions and annual OPEB cost—State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2015, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS Sheriff	CORP Detention	CORP AOC
Active members—Pension	11.05%	8.41%	8.41%
County			
Pension	28.49%	6.91%	14.88%
Health insurance premium benefit	1.62%	0.65%	1.24%

For the agent plans, the County's contributions to the pension plan and annual OPEB cost and contributions for the health insurance premium benefit for the year ended June 30, 2015, were:

	PSPRS Sheriff	CORP Detention
Pension		
Contributions made	\$499,255	\$68,453
Health Insurance Premium Benefit		
Annual OPEB cost	\$28,389	\$6,439
Contributions made	\$28,389	\$6,439

Contributions to the CORP AOC pension plan for the year ended June 30, 2015, were \$231,381. The County's contributions for the current and 2 preceding years for the CORP AOC OPEB, all of which were equal to the required contributions, were as follows:

CORP AOC	
Year ended June 30	Health Insurance Fund
2015	\$19,282
2014	17,313
2013	19,511

During fiscal year 2015, the County paid for PSPRS and CORP pension and OPEB contributions as follows: 45 percent from the General Fund, 26 percent from the Jail District Fund, 7 percent from the Criminal Justice Enhancement Fund, and 22 percent from other governmental funds.

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Pension liability—At June 30, 2015, the County reported the following net pension liabilities:

	Net Pension Liability
PSPRS Sheriff	\$8,734,304
CORP Detention	222,745
CORP AOC (County's proportionate share)	3,453,182

The net pension liabilities were measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liabilities as of June 30, 2014, reflect the following changes of benefit terms and actuarial assumptions.

- In February 2014, the Arizona Supreme Court affirmed a Superior Court ruling that a 2011 law that changed the mechanism for funding permanent benefit increases was unconstitutional. As a result, the plans changed benefit terms to reflect the prior mechanism for funding permanent benefit increases and revised actuarial assumptions to explicitly value future permanent benefit increases.
- The wage growth actuarial assumption was decreased from 4.5 percent to 4.0 percent.

Pension actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS and CORP—Pension	
Actuarial valuation date	June 30, 2014
Actuarial cost method	Entry age normal
Discount rate	7.85%
Projected salary increases	4.0%–8.0% for PSPRS and 4.0%–7.25% for CORP
Inflation	4.0%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table (adjusted by 105% for both males and females)

Actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

The long-term expected rate of return on PSPRS and CORP pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

PSPRS and CORP		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Short term investments	2%	3.25%
Absolute return	4%	6.75%
Risk parity	4%	6.04%
Fixed income	7%	4.75%
Real assets	8%	5.96%
GTAA	10%	5.73%
Private equity	11%	9.50%
Real estate	11%	6.50%
Credit opportunities	13%	8.00%
Non-U.S. equity	14%	8.63%
U.S. equity	<u>16%</u>	7.60%
Total	<u>100%</u>	

Pension discount rates—The following discount rates were used to measure the total pension liabilities:

	PSPRS	CORP	CORP
	Sheriff	Detention	AOC
Discount rates	7.85%	7.85%	7.85%

The projection of cash flows used to determine the PSPRS and CORP discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments for these plans to determine the total pension liability.

Santa Cruz County

Santa Cruz County
Notes to Financial Statements
June 30, 2015

The County's proportion of the CORP AOC net pension liability as of June 30, 2013 and 2014, was based on the County's actual contributions to the plan relative to the total of all participating counties' actual contributions for the year ended June 30, 2014. The County's proportion measured as of June 30, 2013 and 2014, was 1.538899 percent.

Sensitivity of the County's net pension liability to changes in the discount rate—The following table presents the County's net pension liabilities calculated using the discount rates noted above, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
PSPRS Sheriff			
Rate	6.85%	7.85%	8.85%
Net pension liability	\$10,502,760	\$8,734,304	\$7,266,963
CORP Detention			
Rate	6.85%	7.85%	8.85%
Net pension liability	\$584,650	\$222,745	\$(68,972)
CORP AOC			
Rate	6.85%	7.85%	8.85%
County's proportionate share of the net pension liability	\$4,559,846	\$3,453,182	\$2,533,692

Pension plan fiduciary net position—Detailed information about the pension plans' fiduciary net position is available in the separately issued PSPRS and CORP financial reports.

Pension expense—For the year ended June 30, 2015, the County recognized the following pension expense:

	Pension Expense
PSPRS Sheriff	\$1,361,465
CORP Detention	144,087
CORP AOC (County's proportionate share)	462,078

Pension deferred outflows/inflows of resources—At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

PSPRS Sheriff	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		\$119,043
Changes of assumptions or other inputs	\$1,357,036	
Net difference between projected and actual earnings on pension plan investments		244,331
County contributions subsequent to the measurement date	<u>499,255</u>	
Total	<u>\$1,856,291</u>	<u>\$363,374</u>

CORP Detention	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience		\$148,393
Changes of assumptions or other inputs	\$243,202	
Net difference between projected and actual earnings on pension plan investments		89,820
County contributions subsequent to the measurement date	<u>68,453</u>	
Total	<u>\$311,655</u>	<u>\$238,213</u>

CORP AOC	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$163,913	
Changes of assumptions or other inputs	507,328	
Net difference between projected and actual earnings on pension plan investments		\$191,168
County contributions subsequent to the measurement date	<u>231,381</u>	
Total	<u>\$902,622</u>	<u>\$191,168</u>

The amounts reported as deferred outflows of resources related to pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Year ending June 30	PSPRS Sheriff	CORP Detention	CORP AOC
2016	\$ 290,171	\$ (4,295)	\$98,780
2017	290,171	(4,295)	98,780
2018	290,171	(4,295)	98,780
2019	123,149	(4,295)	98,780
2020		18,161	84,953
Thereafter		4,006	

Agent plan OPEB actuarial assumptions—The health insurance premium benefit contribution requirements for the year ended June 30, 2015, were established by the June 30, 2013, actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the reported amounts' value and assumptions about the probability of events in the future. Amounts determined regarding the plans' funded status and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress for the health insurance premium benefit presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on (1) the plans as the County and plans' members understand them and include the types of benefits in force at the valuation date, and (2) the pattern of sharing benefit costs between the County and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all PSPRS and CORP plans and related benefits (unless noted), and the following actuarial methods and assumptions were used to establish the fiscal year 2015 contribution requirements:

PSPRS and CORP—OPEB Contribution Requirements

Actuarial valuation date	June 30, 2013
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	23 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 20% corridor
Actuarial assumptions:	
Investment rate of return	7.85%
Projected salary increases	4.5%–8.5% for PSPRS and 4.5%–7.75% for CORP
Wage growth	4.5% for PSPRS and CORP

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Agent plan OPEB trend information—Annual OPEB cost information for the health insurance premium benefit for the current and 2 preceding years follows for each of the agent plans:

Year Ended June 30	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
PSPRS Sheriff			
2015	\$28,389	100%	\$ 0
2014	24,796	100	0
2013	28,303	32.6	(19,066)
CORP Detention			
2015	\$ 6,439	100%	\$ 0
2014	8,287	100	0
2013	11,996	-	(11,996)

Agent plan OPEB funded status—The health insurance premium benefit plans' funded status as of the most recent valuation date, June 30, 2015, along with the actuarial assumptions and methods used in those valuations follow.

	PSPRS Sheriff	CORP Detention
Actuarial value of assets (a)	\$453,219	\$213,138
Actuarial accrued liability (b)	\$415,252	\$116,565
Unfunded actuarial accrued liability (funding excess)		
(b) – (a)	\$ (37,967)	\$ (96,573)
Funded ratio (a)/(b)	109.14%	182.85%
Annual covered payroll (c)	\$1,879,141	\$945,419
Unfunded actuarial accrued liability (funding excess) as a percentage of covered payroll		
(b) – (a) / (c)	(2.02)%	(10.2)%

The actuarial methods and assumptions used are the same for all the PSPRS and CORP health insurance premium benefit plans (unless noted), and for the most recent valuation date are as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

PSPRS and CORP—OPEB Funded Status

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percent of pay closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	21 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market
Actuarial assumptions:	
Investment rate of return	7.85%
Projected salary increases	4%–8% for PSPRS and 4%–7.25% for CORP
Wage growth	4% for PSPRS and CORP

C. Elected Officials Retirement Plan

Plan description—Elected officials and judges participate in the Elected Officials Retirement Plan (EORP). EORP administers a cost-sharing multiple-employer defined benefit pension plan and a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan for elected officials and judges who were members of the plan on December 31, 2013. This plan was closed to new members as of January 1, 2014. The PSPRS Board of Trustees governs the EORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 3. The EORP issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on PSPRS’s Web site at www.psprs.com.

Benefits provided—The EORP provides retirement, a health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average yearly compensation, and service credit as follows:

EORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years any age 10 years age 62 5 years age 65 5 years any age* any years and age if disabled	10 years age 62 5 years age 65 any years and age if disabled
Final average salary is based on	Highest 36 consecutive months of last 10 years	Highest 60 consecutive months of last 10 years

Santa Cruz County
Notes to Financial Statements
June 30, 2015

EORP	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Benefit percent		
Normal Retirement	4% per year of service, not to exceed 80%	3% per year of service, not to exceed 75%
Disability Retirement	80% with 10 or more years of service 40% with 5 to 10 years of service 20% with less than 5 years of service	75% with 10 or more years of service 37.5% with 5 to 10 years of service 18.75% with less than 5 years of service
Survivor Benefit		
Retired Members	75% of retired member's benefit	50% of retired member's benefit
Active Members and Other Inactive Members	75% of disability retirement benefit	50% of disability retirement benefit

* With reduced benefits of 0.25% for each month early retirement precedes the member's normal retirement age, with a maximum reduction of 30%.

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning.

Contributions—State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability and designates a portion of certain court fees for the EORP. For the year ended June 30, 2015, active EORP members were required by statute to contribute 13 percent of the members' annual covered payroll, and the County was required to contribute 23.5 percent of active EORP members' annual covered payroll. The County's contributions to the pension plan for the year ended June 30, 2015, were \$224,059. No OPEB contributions were required or made for the year ended June 30, 2015. The County's OPEB contributions for the current and 2 preceding years, all of which were equal to the required contributions, were as follows:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

EORP	Health Insurance Fund
Year ended June 30	
2015	\$ -
2014	17,428
2013	19,591

During fiscal year 2015, the County paid for EORP pension contributions as follows: 100 percent from the General Fund.

Pension liability—At June 30, 2015, the County reported a liability for its proportionate share of the EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

County's proportionate share of the EORP net pension liability	\$ 8,082,843
State's proportionate share of the EORP net pension liability associated with the County	<u>2,478,274</u>
Total	<u>\$10,561,117</u>

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. In February 2014, the Arizona Supreme Court affirmed a Superior Court ruling that a 2011 law that changed the mechanism for funding permanent benefit increases was unconstitutional. As a result, for the June 30, 2014, actuarial valuation, the plan changed benefit terms to reflect the prior mechanism for funding permanent benefit increases and revised actuarial assumptions to explicitly value future permanent benefit increases.

The County's proportion of the net pension liability as of June 30, 2013 and 2014, was based on the County's actual contributions to the plan relative to the total of all participating employers' actual contributions for the year ended June 30, 2014. The County's proportion measured as of June 30, 2013 and 2014, was 1.2053653 percent.

Pension expense and deferred outflows/inflows of resources—For the year ended June 30, 2015, the County recognized pension expense for EORP of \$3,130,438 and revenue of \$734,589 for the County's proportionate share of the State's appropriation to EORP. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Santa Cruz County
Notes to Financial Statements
June 30, 2015

EORP	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 35,516	
Changes of assumptions or other inputs	2,187,406	
Net difference between projected and actual earnings on pension plan investments		\$153,244
County contributions subsequent to the measurement date	<u>224,059</u>	
Total	<u>\$2,446,981</u>	<u>\$153,244</u>

The \$224,059 reported as deferred outflows of resources related to EORP pensions resulting from county contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to EORP pensions will be recognized in pension expense as follows:

Year ending June 30	
2016	\$1,241,879
2017	904,421
2018	(38,311)
2019	(38,311)

Actuarial assumptions—The significant actuarial assumptions used to measure the total pension liability are as follows:

EORP	
Actuarial valuation date	June 30, 2014
Actuarial cost method	Entry age normal
Investment rate of return	7.85%
Projected salary increases	4.25%
Inflation	4.0%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table projected to 2025 with projection scale AA

Actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

The long-term expected rate of return on EORP pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates

Santa Cruz County
Notes to Financial Statements
June 30, 2015

of geometric real rates of return for each major asset class are summarized in the following table:

EORP Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Short term investments	2%	3.25%
Absolute return	4%	6.75%
Risk parity	4%	6.04%
Fixed income	7%	4.75%
Real assets	8%	5.96%
GTAA	10%	5.73%
Private equity	11%	9.50%
Real estate	11%	6.50%
Credit opportunities	13%	8.00%
Non-U.S. equity	14%	8.63%
U.S. equity	<u>16%</u>	7.60%
Total	<u>100%</u>	

Discount rate—At June 30 2014, the discount rate used to measure the EORP total pension liability was 5.67 percent, which was a decrease of 2.18 from the discount rate used as of June 30, 2013. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the statutorily set rates, and state contributions will be made as currently required by statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current plan members. Therefore, to determine the total pension liability for the plan, the long-term expected rate of return on pension plan investments of 7.85 percent was applied to periods of projected benefit payments through the year ended June 30, 2030. A municipal bond rate of 4.29 percent obtained from the 20-year Bond Buyer Index, as published by the Federal Reserve as of June 30, 2014, was applied to periods of projected benefit payments after June 30, 2030.

Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate—The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 5.67 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.67 percent) or 1 percentage point higher (6.67 percent) than the current rate:

EORP	1% Decrease (4.67%)	Current Discount Rate (5.67%)	1% Increase (6.67%)
County's proportionate share of the net pension liability	\$9,436,043	\$8,082,843	\$6,940,278

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Pension Plan Fiduciary Net Position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued EORP financial report.

Note 12 – Interfund Balances and Activity

Interfund receivables and payables—Interfund balances at June 30, 2015, were as follows:

Payable from	Payable to General Fund
Jail District Fund	\$ 162,601
Criminal Justice Enhancement Fund	304,750
Nonmajor Governmental Funds	<u>647,991</u>
Total	<u>\$1,115,342</u>

The interfund balances resulted from time lags between the dates that interfund goods and services are provided or reimbursable expenditures occur and the dates payments are made.

Interfund transfers—Interfund transfers for the year ended June 30, 2015, were as follows:

	Transfers to						Total
	General Fund	Jail District Fund	Criminal Justice Enhancement Fund	Road Fund	Nonmajor Governmental Funds	Landfill	
Transfers from							
General Fund		\$3,460,225	\$ 30,005	\$1,970	\$1,574,076		\$5,066,276
Criminal Justice Enhancement Fund	\$1,658				54		1,712
Flood Control Fund						\$1,801	1,801
Road Fund					6,258		6,258
Nonmajor Governmental Funds			<u>98,270</u>	<u>7,500</u>	<u>7,071</u>	<u>337</u>	<u>113,178</u>
Total	<u>\$1,658</u>	<u>\$3,460,225</u>	<u>\$128,275</u>	<u>\$9,470</u>	<u>\$1,587,459</u>	<u>\$2,138</u>	<u>\$5,189,225</u>

The principal purpose of interfund transfers was to provide grant matches or to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Note 13 – County Treasurer’s Investment Pool

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County’s monies under her stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or

Santa Cruz County
Notes to Financial Statements
June 30, 2015

program. In addition, the Treasurer determines the fair value of those pooled investments annually at June 30.

The County Treasurer's investment pool is not registered with the Securities and Exchange Commission as an investment company, and there is no regulatory oversight of its operations. The pool's structure does not provide for shares, and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments. The Treasurer allocates interest earnings to each of the pool's participants.

All deposits and investments of the County's primary government are included in the County Treasurer's investment pool, except for \$1,816,142 of deposits, \$11,662,138 of investments in the State Treasurer's investment pools and \$3,227,553 of investments held by trustee. Therefore, the deposit and investment risks of the Treasurer's investment pool are substantially the same as the County's deposit and investment risks. See Note 5 for disclosure of the County's deposit and investment risks.

Details of each major investment classification follow:

<u>Investment Type</u>	<u>Principal</u>	<u>Interest Rate(s)</u>	<u>Maturities</u>	<u>Fair Value</u>
State Treasurer's investment pool 5	\$2,427,681	None stated	None stated	\$2,427,681
Corporate bonds	4,500,000	1.13-5.55%	5/10/16-4/27/17	4,635,366
Corporate notes	7,500,000	1.65-6.75%	6/1/16-6/27/17	7,742,585
Money Market Mutual Funds	3,943,614	None stated	None stated	3,943,614

A condensed statement of the investment pool's net position and changes in net position follows:

July 1, 2014	<u>39,248,658</u>
June 30, 2015	<u>\$ 38,498,656</u>

Santa Cruz County
Notes to Financial Statements
June 30, 2015

Note 14 – Subsequent Event

On March 9, 2016, Santa Cruz County issued \$9,495,000 of Pledged Revenue Refunding Obligations, Series 2016, with interest rates between 2 percent and 4 percent and a final maturity date of July 1, 2038. The County has pledged a portion of its general county and state sales tax revenues toward the future payment of debt related to these obligations. The net proceeds will be used for refunding \$8,810,000 aggregate principal amount of the 2008-1 loan agreement with Greater Arizona Development Authority plus accrued interest to the redemption date, which is August 1, 2018.

Santa Cruz County
 Required Supplementary Information
 Notes to Budgetary Comparison Schedules
 June 30, 2015

Note 1 – Budgeting and Budgetary Control

A.R.S. requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors' approval.

Note 2 – Expenditures in Excess of Appropriations

For the year ended June 30, 2015, expenditures exceeded final budget amounts at the department level (the legal level of budgetary control) as follows:

Fund/Department	Excess
County Attorney - General Fund	\$133,544
Justice Court #2 - General Fund	624
Parks - General Fund	36,456
Juvenile Detention - Jail District Fund	412,468
Sheriff's Office – Jail District Fund	157,533
Environmental Health – Jail District Fund	71,911
Sheriff's Office – Criminal Justice Enhancement Fund	75,973
Other Agencies – Criminal Justice Enhancement Fund	88,146
Road Fund	209,638
School Superintendent – Juvenile Services Fund	295,688
Animal Control Fund	127,659

The excesses were primarily the result of unexpected expenditures or expenditures made as a result of unanticipated revenues, or both. When departments exceed their annual budget, the County closely monitors departmental spending and discusses the overage with the departments in subsequent budget meetings with the County Manager and Finance.

Note 1 – Actuarially Determined Contribution Rates

Actuarial determined contribution rates for PSPRS and CORP are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period as of the 2013 actuarial valuation	23 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 20% corridor
Actuarial assumptions: Investment rate of return	In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%
Projected salary increases	In the 2013 actuarial valuation, projected salary increases were decreased from 5.0%–9.0% to 4.5%–8.5% for PSPRS and from 5.0%–8.25% to 4.5%–7.75% for CORP
Wage growth	In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS and CORP
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	RP-2000 mortality table (adjusted by 105% for both males and females)

Note 1 – Factors That Affect the Identification of Trends

Beginning in fiscal year 2014, PSPRS and CORP established separate funds for pension benefits and health insurance premium benefits. Previously, the plans recorded both pension and health insurance premium contributions in the same Pension Fund. During fiscal year 2014, the plans transferred prior-year health insurance premium benefit contributions that exceeded benefit payments from each plan's Pension Fund to the new Health Insurance Fund.

REVENUE CAPACITY:

Revenue capacity information is intended to assist users' understanding and assessment of the factors affecting a government's ability to generate own-source revenues. Intergovernmental Agreements and Property Taxes are the largest revenue sources for Santa Cruz County. Intergovernmental contributors include Federal and State Government Entities, Local Municipalities, and School Districts. Property Taxes are based on the annual assessment of property by Santa Cruz County's Assessor or the Arizona Department of Revenue.

Santa Cruz County
 Computation of Direct and Overlapping Debt
 Governmental Activities, Debt Outstanding
 June 30, 2015
 (Amounts in Thousands)

<u>Governmental Unit</u>	Net Debt Outstanding	Percent Applicable to Santa Cruz	Amount Applicable to Santa Cruz
Other Debt			
Santa Cruz County – Governmental Capital Lease	748	100	748
Santa Cruz County – Governmental Loans Payable	56,550	100	56,550

NOTE: Overlapping governments are those that coincide with the geographic boundaries of the County. All overlapping governments are 100% within the County's boundaries. This schedule estimates the portion of the outstanding debt borne by the residents and businesses of Santa Cruz County. When considering the County's ability to issue and repay long-term debt, the process should recognize the entire debt burden by the residents and businesses therein. However, this does not imply that every taxpayer is a resident of each government and therefore is responsible for the repayment of debt of each overlapping government.

* The County did not have any outstanding debt with pledged revenues during the fiscal year.

(1) Includes excise tax revenues and state shared revenues, net of statutory claims.

(2) Includes Jail District excise tax revenues plus beginning fund balance and transfers in. Fund Balance represents unexpended pledged revenues and transfers in represents maintenance of effort payments made by the County.

DEMOGRAPHIC AND ECONOMIC INFORMATION:

Demographic and economic information provides users an understanding of certain aspects of the environment and conditions in which a government operates. It provides comparative financial statement data over time and across governments.

This information helps readers assess a government's condition by providing knowledge on community expansion, population, changes in personal income, and unemployment. This data is useful to readers who assess economic condition.

OPERATING INFORMATION:

Operating information provides contextual information about a government's operations and resources. Examples of operating information include basic information on the capital resources used during government operations; and service information that helps evaluate the entity's size. This allows users to understand and assess a government's economic condition when using financial information.
