Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance with *Government Auditing Standards*

The Auditor General of the State of Arizona

The Governing Board of
Yavapai County Community College District

We have audited the financial statements of the business-type activities and discretely presented component unit of Yavapai County Community College District as of and for the year ended June 30, 2005, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 1, 2005. Our report was modified as to consistency because of the implementation of Governmental Accounting Standards Board Statement No. 40 and was modified due to our reliance on the report of the other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the discretely presented component unit were not audited by the other auditors in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the basic financial statements and not to provide an opinion on internal control over financial reporting. Our consideration of internal control over financial reporting would not necessarily disclose all matters in internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an

opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Governing Board, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

A handwritten signature in black ink that reads "Miller, Allen & Co., P.C." in a cursive script.

**Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control over Compliance in
Accordance with OMB Circular A-133**

The Auditor General of the State of Arizona

The Governing Board of
Yavapai County Community College District

We have audited the compliance of Yavapai County Community College District with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The District's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, Yavapai County Community College District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to

federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of internal control over compliance would not necessarily disclose all matters in internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the business-type activities and discretely presented component unit of Yavapai County Community College District as of and for the year ended June 30, 2005, and have issued our report thereon dated November 1, 2005. Our report was modified as to consistency because of the implementation of Governmental Accounting Standards Board Statement No. 40 and was modified due to our reliance on the report of the other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Governing Board, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

**Yavapai County Community College District
(Yavapai College)
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2005**

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Yavapai County Community College District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 2 - Catalog of Federal Domestic Assistance (CFDA) Numbers

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2005 *Catalog of Federal Domestic Assistance*.

Note 3 - Loans Outstanding

The expenditures reported on the Schedule of Expenditures of Federal Awards for the Federal Perkins Loan Program – Federal Capital Contributions (CFDA number 84.038) included loan balances outstanding at June 30, 2005, of \$455,836.
